TEXAS REPUBLICANS ENDORSE CANDIDACY OF COL. ROOSEVELT

Fort Worth, Tex., Mar. 5.—By a vote of 27 to 10 the candidacy of Col. Roosevelt was endorsed today by the Texas state Republican executive committee.

What does Dr. I. D. Brom of Peoria mean by this poem?
I know a funny fellow
Who flew into a rage;
Now wouldn't it be better
To wait and take the stage?
Our reply:
We know a funny poet,
His heart is full of hope;
Now wouldn't he write better
If he should change his dope?

The things we never get worry us more than the things we lose.

Miriam Smithers writes in to find out if it has ever been settled whether c-a-t-s-u-p spells ketchup.

ONE KILLED IN EXPLOSION

Premature Explosion of Dynamite Blast in Road Work Near Montreal Has Fatal Ending.

Montreal, Mar. 6.—One man is dead and a second lies at the general hospital fatally injured, as the result of an explosion of dynamite on the Cote St. Michael road near Rosemount. The two men were laying drains in a ditch beside the road and had prepared a number of holes to receive the blasts.

All the holes were charged, save one and the men were tamping down the last blast when it suddenly exploded. Both men were leaning over the ditch when the disaster occurred. Joseph Valen, the foreman, son of the junior member of the firm of Picard and Valen for which the men were working, was practically torn to pieces and expired on his way to the hospital. Adrien Molleur, his companion, was so terribly mutilated that he cannot recover.

The two men were working alone and the news of the accident was first brought to the city by a mounted patrol man who was not far away and galloped to the spot on hearing the explosion.

SEYBOLD BROTHERS RESPONSIBLE FOR THE GURNEY MURDER

Young Woman's Death Caused By Blow on Head, Inflicted By One of the Pair Finds Jury.

Montreal, March 6.—"We find that Margaret McCallum Bow Burney came to her death as the result of a hemorrhage of the brain on Saturday last. The hemorrhage was caused by a blow from a mallet, which was delivered by one of the brothers Seybold. We find that the other brother was an accessory, inasmuch as he made no attempt to stop the attack, and we recommend that both be sent for trial at the criminal courts."

This was the finding of the coroner's jury today in the Coupal Lane case. The body of a woman, the head and face frightfully battered was found in a house there Monday. Two brothers, Frederick and Henry Seybold, occupied the house with the woman. Each accuses the other of the murder.

METHODISTS HEAR DISCOURSE ON UNION

Hampton, Mar. 4.—At the morning service in the Methodist church yesterday Rev. Dr. Evans preached a very instructive sermon from the text "Neither pray I for these alone, but for them also which shall believe on Me through their word, that they may all be one." John XVII. 21, 22. This sermon he made the foundation for an illuminating address on the question of church union, explaining the phraseology of the basis as agreed on by the executive committee and the unity involved. He said historical necessities were responsible for the existence of the several denominations of Christians, at present existing, and now historical necessities demand a union of forces to meet conditions which existed especially in the far west of this Dominion.

He rehearsed the inception and progress of the idea of union of the Presbyterian, Congregational and Methodist churches.

The vote of the quarterly board of the church will be taken on Wednesday evening, and of the church members and adherents as soon as possible during the present month.

AN APPEAL TO CITIZENS

To the Citizens of St. John.

The Citizens' Committee who were appointed by the provincial legislature to prepare the charter bringing into force the commission form of government, as decided by a large majority vote at the last civic election, have prepared the bill and will present it to the legislature when it opens, the 7th inst.

The completed bill, it will be noticed, is almost identically the same as the draft bill published some time ago with the amendments made by the committee at that time, and also published, and as practically no criticisms of the draft bill have reached the members of the committee, they assume that it has met with the very general approval of the citizens as a whole.

But, in case there may be some who have criticisms to offer, amendments or additions to suggest and who may not be able conveniently to bring their views personally before the legislature, the committee invite all such criticisms or suggested amendments or additions to be sent to the chairman of the Citizens' Committee, who undertakes that all these communications, which, of course, must be signed, will be placed before the committee of the House of Assembly when the bill is being considered.

On behalf of the Citizens' Committee,

W. H. BARNABY,
Chairman.

Dr. I. D. Brom, the sweet singer of Peoria, is knocking his own business. Here's his latest contribution:
When your heart is full of frolic
You can't succumb to the colic.
But listen here, Doc—
When your tummy's full of colic,
Goodness me! How can you frolic?

Experienced mothers say Zam-Buk is best for children's injuries and skin troubles, because:

It is herbal—no poisonous mineral coloring.

It is antiseptic—prevents cuts and burns taking the wrong way.

It is soothing—ends pain quickly.

It heals every time.

Just as good for grown-ups.

Sold at all stores and druggists.

Zam-Buk

GOVERNMENT HAS COUNSEL

I. F. Hollmuth of Toronto Appointed to Present Provincial Side of Argument on Marriage Law.

Special to The Standard.

Ottawa, March 6.—The government has appointed I. F. Hollmuth, K. C., of Toronto as English speaking counsel to present the provincial side of the argument in the reference to the Supreme Court respecting the power of parliament to enact a federal marriage law such as the Lancaster Bill.

Mr. Hollmuth's selection completes the list of counsel to be engaged at the hearing. He is associated with P. D. Migneault of Montreal.

The contention that the enactment of a federal marriage law lies within the legislative power of the Dominion parliament will be argued by Wallace Nesbit, K. C., of Toronto and Eugene Lafleur, K. C., of Montreal.

It will be recalled that when the Lancaster Bill was before the House the opinion of Mr. Hollmuth was cited to the effect that a law such as that proposed, was ultra vires of the Dominion parliament and within the exclusive legislative jurisdiction of the provinces.

It is intended to submit the questions involved in the reference to the Supreme Court next Monday. This will be done either by the Minister of Justice personally, or by his deputy, E. L. Newcombe, K. C.

Argument upon the merits will take place subsequently at whatever date the court may fix, but it will likely be delayed for a few weeks to permit the preparation of argument.

The Minister of Justice has received a request from Bishop Farthing of Montreal that he be permitted to nominate counsel to watch the case. His Lordship has been advised that the government has no objection, but the status of such counsel will be a matter for the court to determine.

FEELING AGAINST AMERICANS BREAKS OUT IN NICARAGUA

First Public Expression of Resentment of Secretary of State Knox's Trip Leads to Arrest of Fifty.

Managua, Nicaragua, March 6.—An extraordinary outburst of anti-American feeling led to the arrest last night of fifty of the government ring leaders who are being held in detention until United States Secretary of State Knox has departed.

This is the first indication publicly expressed of opposition to the Central American trip of the Secretary of State.

The persons arrested include the whole of the editorial staff of the Diraio De Nicaragua, and of the Diario Moderno, which had published a number of letters and placed headlines over them suggesting that dynamite should be used against the Secretary of State.

All despatches leaving this city are subjected to keen censorship.

Some one who has given more attention to studying law than to studying spelling, finds solace for misspelled words in a saying of an old newspaper man whose copy the compositors had to watch carefully for bad spelling, says the Indianapolis News.

One day two young women went to his office to write a letter.

"Please, Mr. Blank, how do you spell autocratic?" asked one of the girls.

"Spell it any way you please," he replied. "Do like Noah Webster. He never asked anybody how to spell a word and we have to like the way he spelled them."

Even Worse.

"My wife talks from morning to night."

"Huh! My wife talks from one morning to the next."

ADVOCATES EXTENSION

President of Southern New England Line Favors Electrification of Railways and Operation of Steamships.

Boston, March 5.—Railroad control of steamship lines and electrification of railroads wherever the density of population warrants it were advocated by President E. H. Fitzhugh, of the Southern New England Railway Corporation before the legislative committee on railroads today.

Mr. Fitzhugh, submitting to questioning by members of the committee, explained various details of the plans of the Grand Trunk Railway in seeking through the Southern New England to extend its lines to Boston and Worcester. Asked as to the railroad's reason for desiring permission to control steamship lines, Mr. Fitzhugh said: "I am a believer in permitting a railroad to develop transportation in any line, so long as it helps the community."

He said that he was a strong advocate of electrification. The Southern New England, he said would be willing to electrify its lines in and near Boston, if other roads would do the same.

Mr. Fitzhugh said that the Southern New England proposed to prepare its roadbed for double tracks in Massachusetts, although the volume of business might not warrant the construction of more than a single track at the outset.

City Solicitor E. H. Vaughan and Alderman H. H. O'Rourke of Worcester spoke in favor of granting the road's petition for permission to enter that city, and City Councillor John J. Attridge of Boston advocated the admission of the Grand Trunk to Boston.

THE FREE SUGAR BILL WILL PUT CONSUMER AT MERCY OF TRUST

In Opinion of Republicans Expressed in Minority Report—Charge Democrats with Collusion with Combine.

Washington, D. C., Mar. 6.—Proposing to rename the Democratic free sugar bill, "An act to surrender revenue, destroy competition and create monopoly," the Republicans of the ways and means committee of the house today submitted a minority report on the Underwood bill which will be the next of the tariff bills to be considered by the house.

The report is submitted by Representative Fordney, of Michigan. It charges that there is a union between the sugar trust and the Democratic party and that the free sugar measure is designed to catch the votes of the consumer and will in time deliver the consumer to the mercy of the trust.

GOVERNMENT CASE AGAINST PACKERS CLOSED YESTERDAY

Thirteen Weeks Occupied in Procedure of Court Makes Longest Criminal Trial in History Federal Tribunals.

Chicago, Ill., Mar. 6.—After 13 weeks and one day occupied in the selection of a jury and the examination of witnesses, the government today closed its case in the trial of the ten Chicago meat packers charged with conspiracy, in maintaining a combination in restraint of trade. The case is said to be the longest criminal trial in the history of the federal courts.

NOT ALL.

Not all is vile;
A baby's smile
From flattery is free;
A mother's prayer
To God to care
For him who roves the sea
Is pure and sweet and free from guile—
Not all is vile.

A quiet nook
A worthy book,
An honest word of cheer;
A little lie
That saves a sigh
Or keeps away a tear.

A friendly smile
And courage while
The goal is far away;
The will to see
The best to see
No churl, at work or play;
To sentence hate to long exile—
Not all is vile.

DID YOU KNOW.

In the early times the barber was also a surgeon. This resulted in the design of the barber's pole. The gilt ball on top represented the brass basin which held the lather; the pole itself represented the staff which the customer held in his hand during the operation of blood letting; the red and white stripes represented the two bandages used, one before and the other after the operation.

Heredity.

Give me a kiss! pleads the suitor of the lovely daughter of the eminent philanthropist.

I will, she replies thoughtfully, on condition that you raise three more within five minutes.

For Early Spring Wear

Just Imagine It.

Miss Smart—"Well, I maintain that women can do anything that men can."

Mr. Kewt—"Oh, no. The auctioneer's business is one women cannot go into."

"Nonsense. She'd make every bit as good an auctioneer as a man."

"Just imagine an unmarried lady getting up before a crowd and exclaiming: " 'Now, gentlemen, all I want is an offer!' "

He Felt Safe.

"You're getting such a big brave boy now, you don't mind the dark."

"No, mummy, 'cause I've two angels at my head and a hot water bottle at my feet."

Where to Put It.

"Pocket your pride," he urged.

"You forget that I am a woman," she said bitterly.

"Then put it in your stocking," he suggested.

WHERE IGNORANCE IS—ETC.
