Complete List of Successful Students at the Grade Examinations and Also Those Who Were Trying for Teachers Certificates and Entrance to the University.

The following is a list of the successful candidates at the grade examination which was held at the various schools throughout the province during the last week of June.

On account of the large number of candidates this year it was deemed advisable to have the papers read at different centres in the province under the supervision of the inspectors of schools. The names are published according to examination centres and the names of Regina candidates will be found under the other centre. The diplomas of successful candidates and the marks of those who have been unsuccessful will be sent out as soon as possible.

Indigestion Ends.

You can eat anything your stomach craves without fear of a case of Indigestion or Dyspepsia or that food will ferment or sour on your stomach if you will occasionally take a little Diapepsin after eating.

Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which causes Belching, Dizziness, a feeling of fulness after eating, Nausea, Indigestion (like a lump of lead in the stomach), Biliousness, Heartburn, Water brash, Pain in stomach and intestines or other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapepsin really does all the work of a healthy stomach. It digests your meals when your stomach can't. Each triangule will digest all the food you can eat and leave nothing to ferment or sour.

Get a large 50-cent case of Pape's Diapepsin from your druggist and start taking today and by tomorrow you will actually brag about your healthy, strong stomach, for you can eat anything and everything you want without the slightest discomfort or misery, and every article of impurity and Gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.
