WHISKARD'S

TWO BUSY DEPARTMENTAL STORES.

Results Are what we work for. One of the results of our low prices is that numbers of new customers are visiting us daily, and are surprised at the variety of our stock and the superlative values we give them at the low prices we sell for. Our spring stock will compare favorably with any in the city in quality, and it is conceded that we lead in low prices. No old stock, but all new, fresh goods, and up-to-date. Best of all, bought for spot cash which enables us to sell at our phenomenally low prices.

Millinery.

Our department is certainly the brightest spot in all London. Here are found those artistic and dainty creations, put together by skilled artistes, and made to add 100 per cent to the appearance of the wearer, at a cost easily 25 per cent less than ordinary affairs in the millinery line can be procured for elsewhere.

Untrimmed Hats, new shapes, Sailors in all colors.

Trimmed Bonnets and Hats, beautiful, stylish.

Ribbons and Flowers.

Japanese Silks.

We have just opened a consignment of New Striped Silks for ladies' waists, in delightful effects, and are offering them at such a low figure that we advise you to call early.

Corded Kaiki, in stripes on blue, green, pink and brown grounds. These goods are cheap at 40c per yard; Whiskard's price is 25c per yard.

The Ultima Thule of low prices, combined with superiority of goods, are always secured at Whiskard's.

Dress Goods.

Great doings at our Dress Goods counter, and it costs you very little to share in these doings.

Black and White Plaid Goods, double fold, only 25c yard.

Beautiful Plaid Goods, for children's dresses, at 10c yard.

Cashmere, cream, 45 inches wide, 25c per yard.

Plain Gray Dress Goods, all-wool, worth 40c, our price 25c.

Miscellany.

We are in close touch with the market everywhere, and have an assortment far beyond your expectations. We can please every taste and satisfy every wish. Everything new, choice, and at prices that cannot be questioned.

150 dozen Children's Quilted Bibs, 5c each.

Moss-green Velveteen, new shipment just received.

Ladies' Skirting, embroidery flounces, 50c per yard.

Ladies' Aprons, lawn, fancy striped, 15c per yard.

Flannelette, fancy stripes, extra wide width, 10c per yard.

Special line of Chenille Table Covers, fringed, 45c each.

Fancy Table Covers, worth 50c, selling for 25c.

There is no reason why we should not sell cheap—we buy our goods cheap. No matter what you want, we have it. No matter how good an article you want, we have it, and at a low price.

These are red-hot facts, and the public are aware of it, which accounts for the big business we are doing at our two busy departmental stores.

AN $8,000 NUGGET.

Charlotte, N. C., April 15.—A few days ago while working in Reidge gold mine, near Concord, in Carabus county, workmen found a gold nugget weighing 27 pounds. The nugget is circular in shape, but is solid. The owners have refused $8,000 for it. This find is the second of the kind in this mine.

THE MICHIGAN MASONIC HOME.

Grand Rapids, Mich, April 15.—The Michigan Masonic Home will not be closed after all. At the Morton House, Monday night, Past Grand Masters McGrath, of Detroit; Webber, of Saginaw; Bowring, of Grand Rapids, Grand Master Carton, of Flint; Gen. O. L. Spalding, of St. Johns, and the trustees held a meeting to devise means to keep the home open, and agreed upon a plan which they will make public later.

The Drink Disease.

There is scarcely a drinking man in existence who does not frequently and earnestly wish that he could free himself from the habit. His business may be going to ruin; his friends may be leaving him; he has to endure the reproachful words and looks of parents, wife or children. He recognizes the fact that he is destroying their happiness as well as his own, and in his sober moments he perhaps curses himself for his selfish cruelty. In an agony of remorse he vows that he will stop drinking; and in some cases, where the will is exceptionally strong, or the disease has not made too much progress, this is sufficient, although, unfortunately, such cases are extremely rare. When the drink disease is once developed, nothing but proper treatment can free its victim from the craving for drink which will periodically recur, and which must be satisfied at any cost. Home, wife, family, business count for nothing; all must go to enable the unhappy sufferer to obtain the stimulant which in his peculiar position has become as much a necessity to his system as food and sleep are to that of a healthy man. To such as these, the treatment at the Lakehurst Institute, Oakville, may be recommended as a safe and certain cure. There are hundreds of bright, happy, prosperous men who have been cured by this treatment, and there are hundreds of parents, wives and children who thank God that their loved ones have been induced to take it. For full information address The Manager, Lakehurst Institute, Oakville. xt

THE PUBLIC SCHOOLS.

Anglicans Want More Religious Instruction in Them—Bible as a Textbook.

Toronto, April 15.—A conference of the committees of the Church of England Synods in the Province of Ontario was held here yesterday, Bishop Sweatman, of Toronto, presiding, asking for an amendment to the Ontario school law regarding religious instruction in public schools. The following resolutions were adopted, after considerable discussion: "Moved by Rural Dean Armitage, seconded by Rev. Prof. Clark, that this conference concurs in the action taken by the Synod of Toronto, asking for the amendment of the school law of the Province of Ontario, in order to make provision for religious instructions being given for one-half hour daily during school hours by the ministers of the various Christian churches, or their representatives, to the children of their own communion." "Moved by Hon. S. H. Blake, seconded by Rev. Dr. Langtry, that a committee be appointed in connection with such other synods or bodies as will join them to wait on the Minister of Education and urge further provision for religious instruction in the public schools in the Province of Ontario by giving half an hour daily during the school hours for such instruction, and by the introduction of the Bible as a text book in such schools, to be read and memorized and made a subject of examination, the committee to report to the several diocesan committees."

A MINISTER TORTURED!

REV. WM. TUCKER WAS IN AGONY MANY YEARS,

Says He Felt as Though He Had Been Stabbed by a Thousand Knives—Feared He Would Lose His Mind—His Recovery Looked Upon as a Miracle.

From the New Era, Greensburg, Ind.

It was publicly talked all over Decatur and Ripley counties for some time before the New Era sent a reporter to Pierceville to fully investigate the Tucker matter. The Tuckers are prominent people and are well-to-do farmers. The Rev. William Tucker, subject of all the talk, was pleased to allow us an interview. This is his story as he told the reporter:

"I was born and reared on a farm, but entered the ministry at an early age. I was always subject to rheumatism, even when quite young. Pains, sharp and acute, would shoot across my body, causing me much suffering. The doctors pronounced it then a spinal disease. The pains kept getting worse all the time from day to day as the years rolled round, and I experienced many years' suffering.

"Although I much regretted to, I was finally compelled to retire from my work in the religious cause. The pains would first start from my spine and limbs, but afterward began shooting from all parts of the body, and it seemed as though a thousand knives were sticking me. After these pains would first come on, my entire body would suddenly grow cold, I would be numb all over, and all my muscles would be asleep. I would then turn suddenly blind. I often lay in this condition for hours, and generally I was conscious and knew what was going on, but the suffering was intense and unbearable. No words can describe it.

I consulted several physicians at Greensburg, but they said my case was hopeless, as the disease was incurable. I went to other cities for treatment. A prominent doctor of Toledo, Ohio, dismissed me as incurable, and I gave up in despair. I tried many patent medicines, but none of them did the least good. Finally I saw in the New Era an article about Dr. Williams' Pink Pills. I tried them as a last resort. They soon helped me, and I kept on taking them. I have taken over a dozen boxes now, and I feel perfectly well in every respect and feel that I am cured. I could never sleep soundly before, as the pains would come suddenly on me in the night, and I would become numb. Many a time I've walked the floor in agony the entire night. I can sleep perfectly sound now, and my appetite is better than ever before, and I weigh more than for many years. I feel that I owe my life to Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills contain all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are sold in boxes (never in loose form, by the dozen or hundred) at 50 cents a box, or six boxes for $2 50, and may be had of all druggists or directly by mail from Dr. Williams' Medicine Company, Brockville, Ont.

CUBA'S ARMY.

Philadelphia, April 15.—First Lieut. Abelardo Peraza, of the staff of Gen. Lacret, of the Cuban insurgent army, is in the city, convalescing from a wound received in the war. In an interview yesterday he denied that Gen. Gomez is in a serious condition. "Gomez," says the lieutenant, "has now under him an army of 12,000 men, most of them well armed. Counting the divisions under Maceo and other generals, its total strength is about 30,000. What is mostly lacking is ammunition. The Spanish reports are generally false."

Mr. W. S. Hately, of Chicago, arrived in Brantford Friday on a visit to friends. She changed cars at Harrisburg, leaving $500 in jewelry in a bag under her pillow in the sleeper. The conductor found it, and the property was returned to her.

The cases of lumpjaw which were reported as being among some cattle at Elmstead, Essex county, have been examined by Dr. Golden, and he states that the cases are not very bad, and that those existing are isolated from any other animals.

License Inspector Pacaud is engaged in paying his annual visit to each hotel and saloon in the north riding of Essex county, for the purpose of examining into the sanitary condition of each, and also to see if the house is kept up to the standard in other respects.

John Kerr, a well-known character, tried to commit suicide in the Ingersoll lock-up Saturday night. He divested himself of his clothing, and taking his suspenders, out of which he made a perfect noose, tied them to the iron door, but fortunately there was not enough material to complete the job. He had been arrested for stealing a hide, and is a confirmed thief.

A fight took place on the farm of J. Bomier, Sandwich West, Monday, which might have terminated fatally. It appears that the quarrel was between Bomier and Adolph Beneteau, whose farms adjoin, and the cause of it was a line fence between the two farms. Beneteau, it is alleged, grabbed an axe and struck Bomier in the head with it. The blow was a slanting one, or else Beneteau would probably have had a graver charge than assault to answer for. The injured man laid an information against Beneteau.

Alex. H. Wright, of Cuba, formerly of Stratford, is visiting at the latter place. He lives about 140 miles from Havana, and his plantation has been the scene of a number of battles and skirmishes between the Spaniards and the insurgents. During his absence to Canada last year his plantation was destroyed. Until the rebellion is over business will be at a standstill. Mr. Wright seems to sympathize with the Spaniards in their efforts to put down the insurgents. He does not think much of the native Cubans, and says that if they get control of the country the English-speaking residents will not have much of a chance.

Lizzie, a 10-year-old daughter of Mr. Chris. Greigenhahn, Brantford, lost her life Monday. She, with several girls about the same age, were playing about a wooden building, which had been torn down with the exception of the front part. Suddenly the heavy framework fell. All escaped except little Lizzie, who was crushed under the falling mass. One girl narrowly escaped by fortunately falling into the gutter on the side of the road, before the framework struck her on the head. Her legs were fast and she had to be pulled out. It took a number of willing hands quite a while before they could raise up the heavy framework to release Lizzie. She was taken to the General Hospital unconscious and a physician summoned. He found that one of her legs was broken and that she had received internal injuries. After a time she regained consciousness for a short space, but died about 9:30 o'clock. The father is a molder at Crowe's foundry. An inquest will be held.

BRITAIN'S POPULAR QUEEN.

Her Latest Cabinet Photo Given Away.

The popular craze of the day is now directed toward the new and elegant cabinet photo of Her Majesty the Queen, worth fully 40 to 50 cents each, that Wells & Richardson Co. are sending out as part premiums to thousands in Canada and the United States.

The well-known manufacturers of Diamond Dyes recently made arrangements with the publishers of Our Home, by which they were enabled to make the following offer:

"An elegant full cabinet photo (from a recent copy taken by royal command), of Her Majesty Queen Victoria; a four-page pamphlet giving dates of births, marriages and deaths, and other items of interesting and useful information relating to the royal family, that but few people have access to; six Diamond Dye Dolls, with six extra dresses, and a card of 45 samples of dyed cloth, showing colors of Diamond Dyes, sent free to every man, women and child who will send in 25 cents, in money or stamps for one year's subscription to Our Home, a paper that thousands declare to be worth a dollar."

Wells & Richardson Co. regret very much that they were compelled to keep so many waiting from three to five days before orders could be filled and mailed. The rush of new subscribers has been, and still is, extraordinary—in fact so heavy that the artist has not been able to keep up with the demand.

Arrangements are being perfected in the direction of a larger mailing staff and increased supply of photos, so that new subscribers to Our Home will receive prompt attention.

Bear in mind that the whole cost of Our Home, photo and other premiums, is only 25 cents. Address Wells & Richardson Co., Montreal, P. Q.

DIED AT DANNEMORA.

Joseph Zlamel Electrocuted for Killing His Sweetheart.

Dannemora, N. Y., April 15.—Joseph Zlamel was electrocuted at Dannemora at 11:43 a.m. yesterday. The crime for which Zlamel paid the penalty of his life was the murder of Theresa Kamera, his sweetheart, at Johnstown, on Aug. 30, 1895. Both were Slavs, and neither could speak English. On the night of Aug. 30, Zlamel, who was jealous of the Kamera girl, cut her throat with a razor in their boarding-house. He then went into another room with his hands and clothing covered with blood and told a story of being attacked by an unknown man, who cut the girl's throat. He was accused of the crime, and the next morning the razor was found in a street near the house. He was convicted at the February term of the Supreme Court. The defense at the trial was insanity.

THE GRAYS ACQUITTED.

Peterboro, Ont., April 15.—The trial of the Grays, husband and wife, on the charge of arson, came to an abrupt conclusion yesterday afternoon, when, after the examination of a half-dozen of the most important crown witnesses, Justice Rose asked if the crown wanted to press the charge, as he failed to see any evidence of guilt whatever. Crown Prosecutor Clute acceded to the request of his lordship, who directed the jury to bring in a verdict of not guilty. The prisoners were then discharged. The Grays, it will be remembered, had already been acquitted of the murder of the old man, David Scollie, on which charge they were brought back from Florida, whither they removed after the burning of their residence at Otonabee, in which Scollie lost his life.

THE METHODIST MISSIONARIES IN JAPAN.

Toronto, April 15.—News has been received at the Methodist Mission rooms that out of the six missionaries who desired to be recalled from Japan, four—Messrs. McKenzie, Elliott, McArthur and Coates—have signified their wish to remain, having read a report of the general board's proceedings. The other minister, Mr. Crummy, is returning home on account of ill-health, while Mr. Dulop, the sixth, is considering a request to enter the Presbyterian Church in Japan. All these cases will be considered by the executive committee at a meeting on Thursday next. Dr. Sutherland has received a letter from China, saying that F. C. Hart, D.D., would leave for Canada on March 21. He has suffered a great deal from malaria and from the excitement of riot. "Matters," the letter says, "are quiet, and the missionaries have returned to their work." It is reported that the officials at Chentu are acting promptly, and in a letter the writer says: "The riots seemed to have cleared the air, and the work of the Methodists is being pushed forward."

An old-fashioned way of getting there. Slow and safe, but hard work. Most women have got beyond this kind of traveling—found something better. Now, why can't you look at that other old-fashioned proceeding in the same light—washing things with soap and hard rubbing. That's slow enough and tiresome enough, everybody knows, and it's not as safe as washing with Pearline. It's really destructive, in fact, the wear of that constant rubbing. Break away from these antiquated ideas. Use modern methods. Pearline saves at every point. 457
