LONDON, June 17.—Insurrectionary placards were posted all over Paris during last night.

A branch of the International Society of Working men disavows all complicity with the burnings and massacres which characterized the rule of the Commune in Paris. They assert that they war only against Monopoly and Despotism. They further state that they will nominate some of the Bonapartist Candidates who advocate free trade.

General Faidherbe has been nominated as a Republican candidate.

The French Republican army is being rapidly reorganized.

The entry into Berlin was a grand affair. At the head of the column were borne the eighty eagles captured from the French Army. Then followed the generals not actually in the war; Aides-de-Camp of officers in the field; Commanders actually engaged in the campaign; Prince Bismarck, General Von Roon and Count Von Moltke. Then the Emperor who rode upon a magnificent bay horse, followed closely by the Empress and Crown Prince, and after them came the other Princes of the Empire. The main body of the procession consisted of detachments representing every branch of the service.

NEW YORK, June 17.—The reorganization of the French army is progressing with all possible speed.

The Bonaparist candidates are making vast efforts and spending a great deal of money to effect their election to the Assembly. They have raised the watchword of Free Trade.

Gen. Von Roon is made Count of the Empire, and Von Moltke First Marshall of the Imperial army.

DUBLIN, June 18.—A gang of men supposed to be Fenians broke in the militia armory at Mallow on Saturday night, and carried off 120 rifles. The sentinel fired upon the men as they were leaving, but all escaped; five persons have been arrested on suspicion.

Violent anti-papal demonstrations were made to-night. Large crowds smashed illuminated windows; special constables were called out, who made several arrests.

LONDON, June 19.—In the event of Mr. Thornton's promotion which is talked of, Lord Alfred Paget is named as his possible successor as Minister to the United States.

The Russian Duke Alexis will leave for America in August next. He will be accompanied by a squadron containing two hundred officers mostly distinguished persons, and three thousand sailors and marines, picked men.

The Paris Official Journal abuses a portion of the English press for hostility to France. It stigmatizes their misrepresentations as cold blooded and cowardly, and charges the writers with being bribed during and since the war.

NEW YORK, June 19th.—Advices from Buenos Ayres state that twenty thousand persons have fallen victims to the yellow fever. Its ravages continue unabated.

EDITOR'S NOTES, &c.

We have delayed acknowledging the receipt of various Books, Magazines, Pamphlets, &c., for two or three weeks, with the vain hope that we should find time and space to give a properly extended notice of each; we find, however, that we must now be satisfied with merely naming some of these.

We received from the Rev. Dr. Jobson, of the London Wesleyan Book Room—

(1.) "The Methodist Scholars' Tune Book," (which we very much wish should be introduced in all our Sabbath Schools.)

(2.) "*The Christian Servant*—A Memoir of Mary Holroyd,"—an admirable little Book.

(3.) The Monthly Family Packet of Wesleyan Magazines, for May. We know of no other set which can be compared with this for a Christian Family. It contains *The Wesleyan Methodist Magazine, The Christian Miscellany, The Sunday-School Magazine, Early Days*, and *The Wesleyan Juvenile Offering.*

From W. W. Whitney, of Toledo, Ohio, THE NEW SILVER SONG, said to be "A choice collection of new Sabbath School Music," By W. A. Ogden.

We received in due season, also, our usual list of Magazines for June: *Harpers' New Dominion, Old and New, Ladies' Repository, Guide to Holiness, The Phrenological Journal, The American Sunday School Worker, Peters' Musical Monthly, &c., &c.*, all most excellent of their several kinds.

MUSIC RECEIVED FROM O. DITSON & CO.—"*The Two Roses*,"—Song—Music by Werner.

"*Farewell, Farewell is often heard, or Good-bye*,"—Song and Chorus, by J. R. Thomas.

"*Benedic Amina, Praise the Lord*," in B Flat, by F. H. Smith.

"*Tete a Tete*," —Waltz—by L. H. Cooke.

"*Minnehaha, (Laughing Water*,") for Piano, by J. M. Wehli.

2. EDITOR'S ABSENCE.—We shall have to be absent from our office whilst this and the following number of our paper are passing through the press.

This fact will, we trust, be accepted as our apology by any of our correspondents whose communications may not seem to receive suitable immediate attention.

3. CONFERENCE AT ST. JOHN.—We hope that this will be remembered by all our readers in their daily addresses at the Throne of Grace.

We expect to be able to engage some one of the members of the Conference to report all that may seem of general interest in the proceedings for our columns.

4. Mr. Samuel Blois, Superintendent of Nine Mile River Sabbath School, wishes to gratefully acknowledge, on behalf of said school, the receipt of a valuable parcel of Books and Papers from Mrs. Sweet, of Halifax.

5. VICTORIA UNIVERSITY, *Cobourg, Ont.*—We cut out of the "Toronto Guardian" of the 17th ult., an extended notice of the closing exercises of the last year, intending to publish it at length, but it was crowded out; and we believe that no notice of those exercises has been given by us. We regret this unintentional omission. We rejoice to know that this important institution is flourishing finely. The "Guardian" says:

Our readers will peruse with interest the account of the Convocation and closing exercises of Victoria College, in another column. It was evidently the successful close of a successful session. The graduating class was encouragingly large, as was also the attendance in all departments during the past session. We are glad to notice in the calendar of the University just published, that special provision is made in the course of study prescribed for theological students who are candidates for our ministry. The Conference preliminary course for candidates may be pursued at the University, and students are prepared in one year for the preliminary examinations. Classes are also formed each session in Wesley's Sermons and Watson's Institutes, by Prof. Burwash. In addition to these are occasional classes in Homiletics and in the Discipline of the Wesleyan Methodist Church. We hope before long that the theological department will be rendered still more complete, in its adaptation to the work of imparting a thorough theological training to candidates for our ministry.

6. THE LADIES' ACADEMY FANCY FAIR.—The Fancy Fair to be opened on Tuesday next on the grounds of Robert Reed, Esq., Saint John is attracting much attention. The object contemplated is one which awakens the interest and sympathy of thousands throughout these Provinces. The cause of Female Education, involving as it does the most sacred interests of society and civilization, appeals directly to every man of culture and every lover of his race, it is not, therefore, a matter to excite any surprise that scores of ladies and gentlemen who are not connected in any way, with the particular Institution whose interests are sought to be promoted, or, with the Denomination under whose control that Institution is managed, have been laboring enthusiastically to make the Fancy Fair a complete success. The beauty of Mr. Reed's grounds has been already described in our columns. No more suitable place could well be imagined for a festive gathering in the open air. In addition to the many other attractions a finely decorated Bazaar building has been erected for this special occasion.

Some idea of what this unique Building will be may be obtained from the article which is copied below from a St. John paper.

We anticipate a large gathering of visitors from all parts of the Provinces and from the United States. The old Sackville students of both sexes will, of course, be there in force. Along the winding walks, amid the fragrant flowers, the ear charmed with Music, the eye delighted with beautiful objects of Nature and of art,—under what more delightful circumstances could old friends meet, and grasp again each others hands, and interchange the stories of life's experience!

We are glad to be authorized to say that through the kindness of Geo. Taylor, Esq., Sup't of the N. S. Railway and V. Smith, Esq., of the W. & A. Railway—return Tickets may be obtained in Halifax on the 24th good for return until the 30th inst.

INTER-PROVINCIAL BAZAAR.

Robert Reed, Esq., who never does things by halves is making extensive preparations for the Bazaar which is to be held on his grounds at Mount Pleasant, during the last week in June. It is, as all our readers are aware, in aid of the Sackville Academy, and will be inter-Provincial in its character, the ladies of St. John, Halifax, Fredericton, Amherst, etc., viwing with each other in furnishing evidences of taste and skill to supply the tables. Mr. Reed is determined to make the gathering one of the greatest out door *fetes* ever held in the Lower Provinces. His splendid grounds, (which overlook the two Provinces, and take in, almost at one view, ocean, river and lake, upland, dale, plains and mountains, the bustling city and the quiet farm) are admirably adapted for a public gathering. Winding paths, broad walks, hill and vale, so mix and intermingle that every lover of the beautiful will find something to awaken his attention and gladden his eye. Aside from these natural advantages, Mr. Reed is making special preparations for this particular gathering. The pavilion already in existence, will be used exclusively for refreshments; and a separate structure—a Bazaar—is being erected for the sale of fancy goods. This building is a novelty in its way, and as regards this Province, is unique. It has been designated by Mr. Stead and represents the oriental style of architecture. A table runs nearly the whole length of this building, and this table is divided by the internal supports of the structure, so as to form divisions, at which St. John, Halifax, etc, will be represented by the ladies and their handiwork, it will be a source of great attraction. Then, on the closing day there is to be a display of fireworks, not simply rockets, Roman candles, and the usual stock that makes up a fireworks exhibition, but of choice and new designs, selected by Mr. R. himself. A platform thirty feet high is to be erected from which these can be seen either from any part of the grounds, or, we might say, any part of the city. Then, of course, at night the grounds will be brilliantly illuminated, and a powerful Drummond light from the front of the residence will bring out the whole place. Our readers may be sure that St John has never before seen such a display as this is likely to prove.—*St. Joun Globe.*

☞ A blunder unfortunately occurred in original poetry, by Rev. R. Barry Mack, published in our paper of 7th inst,—we will correct and republish next week.

If Johnsons Anodyne Liniment is half as valuable as people say it is, no family should be without it. Certainly no person be he Lawyer, Doctor, Minister, or of any other profession, should start on a journey without it. No Sailor, Fisherman, or Woodsman, should be without it. In fact it is needed wherever there is any Ache, Sprian, Cut, Bruise, Cough, or Cold.

7-30 GOLD LOAN.

OF THE

Northern Pacific Railroad,

Rapid Progress of the Work!

The building of the Northern Pacific Railroad (begun July last) is being pushed forward with great energy from both extremities of the line. Several thousand men are employed in Minnesota and on the Pacific coast. The grade is nearly completed 266 miles westward from Lake Superior; trains are running over 130 miles of finished road, and track-laying is rapidly progressing towards the eastern border of Dakota. Inclnding its purchase of the St. Paul and Pacific Road, the Nothren Pacific Company now has 413 miles of completed road and by September next this will be increased to at least 560.

A GOOD INVESTMENT. Jay Cook & Co. are now selling, and unhesitatingly recommend as a profitable and perfectly safe investment, the First Montgage Land Grant Gold Bonds of the Northern Pacific Railroad Company. They have 30 years to run, bear Seven and Three-Tenths per cent, gold interest (more than 8 per cent, currency), and are secured by first and only mortgage on the ENTIRE ROAD AND ITS EQUIPMENTS, and also as fast as the Road is completed, on.

23,000 ACRES OF LAND to every mile of track, or 500 Acres for each $1,000 Bond. They are exempt from U. S. Tax; Principle and Interest are payable in Gold; Denominations; Coupons, $100 to $1,000; Registered, $1,000 to $10,000.

LANDS FOR BONDS. Northern Pacific 7-30's are at all times receivable at TEN PER CENT ABOVE PAR, in exchange for the Company's Lands, at the lowest cash price. This renders them practically interest bearing land warrants.

SINKING FUND. The proceeds of all sales of Lands are required to be devoted to the re-purchase and cancellation of the first Montgage Bonds of the Company. The Land Grant of the Road exceeds Fifty Million Acres. This immense sinking fund will undoubtedly cancel the principal of the Company's bonded debt before it falls due. With their ample security and high rate of interest, there is no investment, accessible to the people, which is more profitable or safe.

EXCHANGING U.S. FIVE-TWENTIES. The success of the New Government 5 per cent. Loan will compel the early surrender of United States 6 per cents. Many holders of Five-Twenties are now exchanging them for Northern Pacific Seven-Thirties, thus realizing a handsome profit, and greatly increasing their yearly income.

OTHER SECURITIES. All marketable Stocks and Bonds will be received at their highest current price in exchange for Northern Pacific Seven-Thirties. THE objects contemplated in the formation of this Society are three-fold, viz, First—To secure to Stockholders a profitable return on their gradually accumulating capital, by its safe investment on real estate. Second—To afford to borrowers facilities for obtaining legitimate loans on the security of their property, and to enable them to repay such loans by periodical instalments spread over a period of ten years. Third—To provide all the advantages of a thoroughly secured Savings Bank system of business, and paying a higher rate of interest than is paid by those institutions.

Shares may be taken up at any time, and matured either by monthly investments or in one amount.

Money is received on deposit, bearing interest at six per cent. per annum, compounded half yearly.

Monthly investments bear interest at six per cent, compounded monthly at maturity. Paid up shares bear interest at seven per cent, per annum, compounded half yearly at maturity.

The attention of the industrious classes of tradesmen, and of professional gentlemen, is respectfully invited to these arrangements. The wealthy classes will find in this Society a thoroughly safe and convenient mode of investing in shares, and one that will relieve them from much anxiety in seeking after safe channels through which to make their investments.

This Society confers all the advantages of the Savings Bank, pays a higher rate of interest, with more accommodating terms and equal security.

Registration of Letters containing Money, Cheques, or Articles of Value.

NOTICE TO THE PUBLIC.

The Post Office Department having gone to a great deal of trouble and expense to ensure, as far as possible the safe transmission of money by Mail, it is much to be regretted that the public will still continue to send through the Post Office letters containing money cheques, or valuable papers without availing themselves of the money order system, or having their letters registered *the charge for which is now only two cents.* The safest mode of remitting is by *money orders*, but in places where there are no money order offices, the *Registration system* should be taken advantage of.

When an unregistered letter, stated to contain money, goes astray, suspicion rests not only upon the Post Office Employees by whom the letter has been handled, but upon the sender, and receiver also for it has been known that parties owing money when pressed for payment, in hope of either evading the debt altogether, or gaining more time in which to pay it have stated that their admittance had been duly forwarded through the Post Office when on investigation it was found that no remittance has ever been made at all.

A careless or dishonest man may receive an unregistered letter containing money, and forget, or *intentionally* omit to acknowledge its contents; in either case, however, the Post Office is blamed, when, in reality, in many instances, no blame should have been attached to it.

In connection with the foregoing remarks I annex an extract from a report of the Post Master General of Canada.

"If the consequence of this procedure were limited the mere risk of the loss of the money so sent, the senders of the money in unregistered letters might unreasonably urge that if they chose to encounter the risk, they should be free to do so; but higher considerations are involved in the question, and the chance of loss to the careless remitter is really but the smallest part of the evil associated with the practice.

'The point of most importance to this country is the cruel temptations which the enclosure of money in unregistered letters throws in the way of the numerous body of persons employed in this branch of the public service.

"Against actual dishonesty on the part of the Post Office employees a registered letter is uncomparably more secure than an unregistered one, for an unregistered letter leaves no trace behind it whilst passing in the great stream of ordinary correspondence, though its presence as a mony letter and the nature of its contents are, to any person accustomed to handle letters as manifest as though the letter had been singled out and marked by the registered stamp.

"Moreover, the safety of an unregistered letter is dependent on the integrity of a Post Office clerk during the whole time it remains in his custody, frequently for hours and even days, whilst a registered letter will almost invariably have to be acknowledged at the moment of its passing into an Officer's hands, and cannot therefore be suppressed without leaving him individually accountable for its disposal."

These remarks are so true and forcible, that I would earnestly reccommend their attentive persual, especially by those who are in the habit of sending money &c, by mail, in *unregistered letters*; and I would further suggest that letters containing money should invariably be sealed with *letter sealing wax.*
