Racing at St. Louis.

ST. LOUIS, Feb. 27.—Favorable weather drew a fair-sized crowd to the racetrack this afternoon. Two favorites, three second choices and an outsider were the lucky ones. A large sum of money went on Beeton to win the fifth race. Wallace had the mount and, although he held second place until the stretch was reached, in the last furlong Beeton quit.

Petition Won Easily.

HAMILTON, Feb. 27.—The ice races opened today. About 1200 people witnessed the events. 2.44 class, trot or pace—Petition sold a hot favorite and proved herself worthy of the confidence by taking three heats without much effort. Sir Harry took second money in each heat, and Bryson got third place in each of the three heats. Best time 2.26¾.

Slow local—Four heats were finished. Jupiter was favorite in the betting, but was pushed hard by George F. for first place. In the four heats trotted Jupiter won two and George F. two, with Lady Fulton well up. Best time 2.40¼.

Garrison to Ride Ajax in the Brooklyn.

Garrison will ride the Ruppert Stables' Ajax in the Brooklyn Handicap. This announcement will make the Dandy Dinmont 4-year-old a prime favorite for the big event among turfmen everywhere, with the others of his age, Clifford and Sir Walter, the dangerous ones. Lamplighter's poor showing at Chicago with Clifford and Yo Tambien has lost him many friends, but if Jimmy McCormick sends the 5-year-old to the post the brown horse should run a great race. He comes to hand readily, and there is no doubt he would have won the race last year but for the size of the field. He got into a pocket and had to run around his horses in the homestretch.

Turf Talk.

Appomattox will be here in May and should have a cinch on the Stanley Produce Stakes unless the Dwyers choose to send Declare over.

O'Connell, the jockey, pulled Outcry at New Orleans on Saturday and the judges suspended him. Outcry is fast enough to win in any company.

Mr. Denny Higgins of Prescott is in the city. He says there will be racing in Jersey early this spring. He will send his string to Guttenberg next month.

Petition, the horse that has been doing the Canadian ice races, and is here for the 2.44 class race to-day, is said to be the horse Gratz with a mark of 2.19¾.—Hamilton Spectator.

W. D. Grand held a special sale Monday of matched pairs and single harness horses at his New York Horse Exchange. Fifty-three head were disposed of for $9407, an average of $177.

Bookmakers must have a bonanza booking at San Francisco. Last Saturday only one favorite won, and Ravine was 12 to 1, Lonnie B. 12 to 1, while Wild Oats and Francesca, the other winners, were 6 and 8 to 1.

James Flood, one of the multi-millionaires of California, proposes to join the string of Pacific Coast capitalists who maintain racing stables. He has already selected his racing colors, silver jacket and cap. Claus Spreckles, W. O'B. Macdonough, S. G. Reed of Oregon, "Lucky" Baldwin and Flood will make a wealthy quintet of owners. They will represent about $75,000,000 of capital.

With both Robert J. and Directum good in 1894, there should be considerable record-breaking. Those that have seen both these horses perform believe that they are equal to a mile just a shade below 2.04. It may be that it will keep them busy to take off a very thin shaving; still, even a quarter of a second brings them nearer to the 2.00 mark that so many have been booked for in the last 20 years.

It is almost certain, says The New York Tribune, that the jockey club will become a national affair and take in all of the racing associations throughout the country on the lines of the National Trotting Association. Such a movement is sure to strengthen the turf all over the country and to do much to place racing at the head of all American sports. The jockey club should bear constantly in mind that 1-2-3 betting is a great source of fraud on the turf, and its motto should be that 1-2-3 betting must go.

Hanlan and Gaudaur Will Row Them.

After all the chances are that Hanlan and Gaudaur will occupy the same boat for a double-scull race with Sullivan and Harding on the Thames. Hanlan was no doubt guilty of carelessness in not meeting Gaudaur here last week, but has atoned therefor by going up to Orillia. He left for the champion's home yesterday and came to an agreement last night with his partner that is to be. Although the Englishmen object to allowing any expenses it is likely the Canadians will go over anyway. Hanlan will take along his nephew, Ed Durnan, to row in the singles with Harding. The English scullers will make a match for September for $1000 or $25,000 a side, and will agree to William J. Innes as stakeholder; they object to Fox. Sullivan is a native of New Zealand, but has settled down in England.

An Orillia despatch says that Hanlan and Gaudaur had a long conference and decided to cable a demand that Harding and Sullivan post a forfeit of £500 with The London Sportsman, assuming that the race is to be for £25,000, although it is evident that the Thames scullers never intended to row for this large stake.

1,000,000 Whitefish for Lake Ontario.

LOCKPORT, Feb. 27.—The Niagara County Anglers' Club held a meeting to discuss plans for the spring campaign. President Jerome E. Emerson was in the chair. Arrangements were made for the planting by the club of 1,000,000 whitefish fry in Lake Ontario at Wilson Harbor. Secretary A. H. Stevens has been notified that the fry are ready for shipment. The majority of members seem to favor the locating of a club house here.

ANOTHER CUP FOR CALEDONIAN.

Hamilton Victorias Beaten by 3 Shots on Soft Ice.

President Ald. W. G. Reid and his jolly Victorias of Hamilton visited the city yesterday and played a three-rink match in Mutual-street for the silver cup presented by the worthy alderman in '83. The ice was far from fit and even the sedate stones gave out a discontented snarl as they rushed through the watery surface. It was a most exciting match, at least the finish was. When 22 ends were curled the score stood 57 all. Two Hamilton rinks were up, but President Rennie's quartet balanced the majority and an extra head was necessary. Rennie counted 3. Prentice 1 and Reid 1, leaving the local men victorious by 3 points. The donor good-naturedly asserted that he wasn't at all anxious to take the trophy back, but his men would have it next year, he vowed. They were truly jolly curlers that sat around the board in the Caledonians' rooms after the match, when the prize was formally presented. Both clubs were royally roasted and responded for by the able presidents. The score was:

A city trophy match was played yesterday between Toronto and the Granites, resulting in favor of the latter by 21 shots. The Torontos were down on their own ice 11 shots and at the Granite rink 10 points. The score in Church-street was:

Imperial Defeats Toronto.

With the ice in horrible condition the Imperial seven beat the Bank of Toronto at the Victoria Rink last evening by 10 to 6. It was a hard game, although with almost an entire absence of rough play. The Imperials had the best of the game and gave Carlyle some lively work. Rankin of the Toronto, although heavily handicapped with the soft ice, managed to score each of the six goals for his team. The Dominion and Imperial banks have now each won four games, and will play off the final on Thursday evening, ice permitting, when a great game may be anticipated. Summary:

First half—1, Imperial, Langtry; 2, Imperial, Nasmith; 3, Imperial, Creelman; 4, Toronto, Rankin; 5, Toronto, Rankin; 6, Toronto, Rankin; 7, Imperial, Creelman.

Second half—8, Imperial, Langtry; 9, Imperial, Whiteley; 10, Toronto, Rankin; 11, Imperial, Creelman; 12, Imperial, Whiteley; 13, Imperial, Langtry; 14, Imperial, Langtry; 15, Toronto, Rankin; 16, Toronto, Rankin. Teams:

Imperial (10): Goal, Paterson; point, Brown; cover, Paterson; forwards, Creelman, Nasmith, Whiteley, Langtry.

Toronto (6): Goal, Carlyle; point, Wood; cover, Reid; forwards, Crawford, Rankin, Parsons, Warden.

Referee—George Higinbotham, Granites.

Osgoode v. Queen's To-night.

The reserved seats for to-night's hockey match were all marked off in 15 minutes yesterday. The rush was as keen as for Irving coupons, but only a very few were sold. One side of the gallery alone, 400 chairs, is reserved and holders of these tickets are requested to be in their places at 8, when the match begins. As the rink will accommodate 3000 there will be plenty of room for everybody. Osgoode's players took their last practice yesterday afternoon, which was most satisfactory, and they are perfectly confident of victory. Queen's will be here this afternoon with their army of rioters and their accustomed confidence. The teams and referee will be as given yesterday.

Athenæum Cycle Club's Annual.

The annual meeting of the Athenæum Bicycle Club was held last evening in the club room, Church-street. All the reports were satisfactory, and the membership reported 125. The officers were elected as follows:

President, A T Johnston; vice-president, J H Eddis; captain, Tom Johnston; secretary, W N Irwin; statistical secretary, John Young; treasurer, J Firstbrook; first lieutenant, W H Horne; second lieutenant, J F McLean; racing board, J P Langley, J J Higgins, G Brown, A Byron. Votes of thanks were given the retiring officers.

Sporting Miscellany.

The Granites will play their return curling match in Peterboro early next week.

Manager Crotty of the proposed Texas regatta writes that the big event will certainly eventuate at Austin about the middle of June.

The final contest for the G. B. Smith medal took place at Richmond Hill on Monday, when J. Palmer's rink defeated W. D. Atkinson's by 22 to 15.

A meeting of the lady associates of the Toronto Athletic Club took place yesterday. The lady instructor will be appointed shortly. Another meeting will be held March 2, when arrangements for an entertainment will be made.

Regarding the challenge from Messrs. Chester and Smith in yesterday's World for a match game of quoits for $100 a side two well-known pitchers of the North End are anxious to meet the challengers. By calling at the Davenport House any time from date they will be accommodated. The old game of quoits promises to have a boom in the North End at the opening of the season at Jackman's grounds.

Suburban Notes.

A basket party was held in Boston's Hall, East Toronto, on Monday evening. It is an annual affair given by the railway employes. There were about 120 couples present from Weston, Toronto Junction and the city. Dancing was the order of the evening, a very enjoyable time being spent.

William Kerr, C.P.R. conductor, Vine-street, Toronto Junction, had two fingers on his right hand so badly injured while coupling cars that they had to be amputated yesterday.

The funeral of the late William McKenzie, a prominent Orangeman and C.P.R. employe, Toronto Junction, took place Monday. Hon. N. Clarke Wallace attended.

A house of ill-repute at 170 Ontario-street, Toronto Junction, was "pulled" on Monday night. The inmates gave their names as Mrs. Fallon and Nellie Pollows, and at the Police Court yesterday morning were given 24 hours to leave town. Three frequenters were also arrested, but were let off with a lecture.

The High Court has sustained the judgment unseating Councillor Boon. The doughty councillor is again a candidate.

Dr. Gillespie of Toronto Junction intends going to New York for a time. Dr. Perfect will attend to his practice while absent. It is said Dr. Gillespie also intends resigning his seat in the council, so that it and the one vacated by Councillor Boon can be filled at the same time.

Cooper Will Probably Die.

Mr. Thomas Cooper of Sherbourne-place, whose sad condition of destitution and poverty was reported in The World a few days ago and who was removed to the General Hospital, is not expected to recover. The child was taken care of by the Children's Aid Society and sent to the Hospital, but was afterwards taken to the Girls' Home. When the mother recovered from her drunken stupor she started in search of her child and adopted a novel method of finding her. She would go to the door of a charitable institution and would ask whoever answered the bell, "How is Annie Cooper to-day?" By this means she eventually found her daughter in the Girls' Home, and demanded possession of her child, but was refused by the authorities of the home.

CHANGES IN B. B. RULES.

Meeting of the National League In New York—Many Amendments.

[By the Associated Press.]

NEW YORK, Feb. 27.—The annual spring meeting of the National Baseball League began here yesterday afternoon.

The playing rules were taken up and adopted as far as the Committee on Rules suggested as follows:

Old rules, 2 to 11, were stricken out and a new series adopted. The new rules make the formation of the diamond almost accurate to the one-thousandth of an inch, with the result that in the future a civil engineer will be required to lay out the diamond. This hitherto has been done by someone who knew "a little" about the game.

Section 2 of rule 12 was amended to read as follows: "For each championship game two balls shall be furnished by the home club to the umpire for use. When the ball in play is batted to foul ground out of sight of the umpire the other ball should be immediately brought into play. As often as one of the two in use shall be lost a new one must be substituted, so that the umpire shall at all times after the game begins have two balls for use. The moment the umpire delivers an alternate ball to the pitcher it comes into play, and shall not be exchanged until it passes out of sight to foul grounds. At no time shall the ball be intentionally discolored by rubbing it with the soil or otherwise."

The word "interior" was substituted for the word "yarn" in the second line of section 4, rule 12.

Rule 20 was changed to read as follows:

A tie-game—if the score be a tie at the end of nine innings" play—shall be continued until one side has scored more runs than the other in an equal number of innings, provided that if the side last at bat scores the winning run before the third man is out, the game shall terminate.

Rule 36 was amended as follows: "A fair hit is a ball batted by the batsman standing in his position, that first touches any part of the person of a player or umpire or falls within foul lines that (whether it touches foul or fair lines) bounds or rolls within foul lines between home and first base or home and third base without interference by a player."

Rule 38 was changed as follows: "A sacrifice hunt is a ball batted by the batsman standing in his position that falls within fair grounds before reaching the lines between first and second bases and second and third bases, as defined in rule 36, that is made for the obvious purpose of advancing a runner occupying a base, which results in putting out the batsman, or would so result if handled without error." The creation of the above new rule necessitated the renumbering of the playing rules, old rule No. 38 becoming No. 39, and so on up to rule No 68, which will be known as rule 69, and all references to rule numbers in the revision apply to the new numbers.

Two new sections, Nos. 4 and 5, were added to rule 41, as follows:

Section 4. A strike is a foul hit other than a foul tip made by the batsman while attempting a bunt sacrifice hit as defined in rule 38, that falls or rolls upon foul ground between home base and first base, or home base and third base.

Section 5. A strike is a ball struck at if the ball touches any part of the batsman's person.

A new section 8 was added to rule 43. It reads as follows:

"The batsman is out if while attempting a third strike the ball touches any part of the batsman's person, in which event base-runners occupying bases shall return as provided in section 5, rule 47."

A new section, No. 9, was added to rule 43. It reads as follows:

"If he hits a fly ball that can be handled by an infielder while first base is occupied with only one out."

Section 4, of rule 44, is changed to read: If while he be a batsman, without making an attempt to strike, his person, excepting hands or forearm, which makes it a dead ball, or clothing, be hit by a ball from the pitcher, unless in the opinion of the umpire—he intentionally permits himself to be hit.

The last change adopted was the addition of a new section 5 to rule 47, which reads: "If while attempting a strike the ball touches any part of the batsman's person."

It will be seen that the new section, No. 9, to rule 43, does away with the "trapped" ball play, which McFee and Pfeffer can use to great advantage.

City Voters' Lists.

The following is the result of the revision before the Assessment Commissioner. The figures are subject to correction after a scrutiny of the affidavits and examination of the printed lists to ascertain if the names are already on:

CONSCIENCE TROUBLED HIM,

And He Made Restitution After a Lapse of Fourteen Years.

George Augustus Sala tells a good story of a man who was indebted to his grocer a certain sum of money and left town without paying up. Years afterwards the party to whom the money was owing received a remarkable communication from the delinquent enclosing the amount.

Mr. Frank W. Spink of this city called as The World office last night and related this instance of the honesty of two cousins, Irishmen, one of whom still resides in Toronto. Fourteen years ago one of the cousins, while in poor circumstances, contracted a board bill amounting to a considerable sum and left the city without paying the same, his landlady never dreaming of ever receiving her money. What was her surprise and delight, however, yesterday, after the lapse of all these long years, to receive not only the amount in full, but interest on the same to date. Her one-time boarder had sent the money from Cork, Ireland, to his cousin here, who lives in Chestnut-street, who called at the boarding-house in question in Queen-street east and paid it over. Such a remarkable instance of honesty in these degenerate days is certainly worth recording.

Richard Rosecrans, a padlar, fell in Bay-street yesterday and fractured two ribs. He was taken to the hospital.

A fire in a building at 289½ Church-street, owned by George Kerr and occupied by O. Rosenberg, occasioned $300 damage yesterday.

John Lewis, a blind man, whose wife supports him, was sent to jail for 30 days by the Police Magistrate yesterday for ill-treating the woman.

An alarm from box 165 at 3.35 p.m. yesterday gave the reels a run to an unoccupied house in Dundas-street. Damage $10. Cause incendiary.

Stephen Shipman of 151 Ontario street is suing the Toronto Railway Co. for $5000 for injuries alleged to have been sustained by falling into a pit at the East End stables.

A silly rumor was started yesterday to the effect that the firemen intended going on strike owing to the reduction in their wages. The report was wholly untrue.

F. F. Cole, the Yonge-street broker, yesterday obtained judgment for $726 against James W. Duncan of Montreal for the latter's failure to carry out a contract for the purchase of a car of buckwheat.

The recruit class for the spring drill, 48th Highlanders, will be formed at headquarters, old Upper Canada College, on Friday evening next, and will drill on every succeeding Monday, Wednesday and Friday evening at the same hour and place until further orders.

The Cottage Meeting soup kitchen will be ready to start to-day at 163 Adelaide-street west. Soup will be given out between 12 and 2 to those who apply for it, not to be eaten on the premises, but taken to their homes. Some bread will also be given with the soup. To help in the work among the poor Mr. Harry Goulding has handed Mr. Dixon a cheque for $200.

To the already many departments of the Musee will be added an "annex theatre," which is to be run in connection with the lecture hall entertainment, that is the performance in the annex will start at 1.30 o'clock, after which the lecture hall performance will take place, and directly after that the performance in the large theatre will begin. Thus it will give to the patrons of the Musee a continuous show both afternoon and evening.

The General Elections

for the Dominion are now being talked of and all parties are preparing for this event. The quality of the Students' Mixture Tobacco remains unchanged and is everywhere meeting the most unequaled approval. It makes a pleasant smoke. Try it.

METHODIST MINISTERS' SONS.

Their First Annual Dinner Last Evening Voted An Overwhelming Success—Those Who Were Present.

Shall we call those noble who disgrace
Their lineage, proud of an illustrious race?
Seek not to shine by borrow'd light alone,
But with your fathers' glories blend your own.

The spacious dining-halls of Webb's were the scene of a unique gathering last night on the occasion of the first annual banquet of the Methodist ministers' sons of Toronto. There were over 150 present, most of them under 30 years of age, and many were the stories that were told of life in the parsonage. There are 205 sons of Methodist preachers in Toronto, made up as follows: One judge, one bishop, one County Crown Attorney, one P. S. Inspector, one member Parliament, three Queen's Counsels, four graduates in dentistry, 12 in medicine, 40 in arts and law, three bankers, five insurance agents, six clergymen, three organists, one librarian, one Government employe, 60 students at the various schools. The Methodist Church was responded to by Bishop Carman, who wound up an eloquent and what he termed a negative speech by a feeling reference to the death of Rev. W. J. Maxwell.

The toast of Canada was replied to by Dr. G. S. Ryerson, M.L.A., and Mr. W. Sanford Evans, who both delivered addresses.

Right Rev. Bishop Campbell responded to "Our Fathers" with the best speech of the evening. Our fathers were always spiritual, practical, appreciative, liberal-minded and pious then was the pith of his speech.

To the toast, The Professions, Rev. J. E. Starr responded for The Church, Mr. W. H. P. Clements for Law, Dr. Richardson for Medicine and Mr. W. P. Gundy for Finance and Commerce. An original poem was given by Mr. E. H. Stafford, M.D., that had for its subject "The Backwoods Preacher."

A motion was made by Rev. R. N. Burns and seconded by Prof. Willmott that the organization be a permanent one and that the banquet be an annual affair. This was carried, and Hon. Justice Rose, M.A., was elected honorary president; Prof. Coleman, president; Geo. H. Locke, secretary, and E. E. Starr, treasurer. Five-minute reminiscent speeches were given by Mr. E. Gardiner, Dr. McCallum and Dr. Adams, and the gathering dispersed by singing "God Save the Queen."
