There is as much difference between the oxcart and the dogcart as between ordinary ready-made and our clothing. Ours has the style, the cut, and the effect of expensive clothing.

In fact we have the material from which expensive suits are made. We have the lines on which expensive suits are cut, and we make the clothing fit customers, and we make the price fit the customer's pocket. We have all grades of quality excepting poor quality.

For instance, our single-breasted sacque suits in black and grey mixtures at $10.00 and $12.00, in sizes 36 to 44, have the appearance of made-to-order garments at $18.00 and $20.00.

FALCONER TAKEN TO JAIL

Farmer Scrimger Charged That Prisoner Took Fourteen Hundred Dollars From Him

TO INVEST IN LOAN CO. STOCK.

He Was Brought Before Magistrate Blake, Remanded, and Sent to Berlin Jail.

Galt, Ont., Sept. 21.—A. W. Falconer, who was arrested on the 15th inst., charged by Mrs. Robert Rae, a widow living in Beverley Township, with misappropriating $400 entrusted to him for investment in Dominion Permanent Loan Company's stock, and who has been out on bail and was to appear for trial on Saturday to answer the charge, was re-arrested at his residence here this afternoon on a charge of theft, involving $1400, preferred by a farmer named Scrimger, living near Galt, who claims that the prisoner got this sum from him for investment in loan company stock, but instead of so doing appropriated it to his own use. Falconer was brought before Magistrate Blake this evening, who remanded him until Saturday. Falconer was taken to Berlin Jail to-night.

ROE IN A PECK OF TROUBLE.

His Plans for the Dewey Parade Have Caused the Grand Army to Get Hot.

New York, Sept. 21.—Unless the plans of General Charles F. Roe, chairman of the Land Parade Committee of the Dewey celebration, are changed the G.A.R. organization will not be represented in the parade. Joseph W. Kay, department commander of the New York Grand Army of the Republic, to-day sent a letter to Gen. Roe declining the invitation for a number of reasons. These are in brief that the G.A.R. forces have been placed at the end of the procession instead of at the head of the column; that Gen. Roe has taken no cognizance of Commander-in-Chief Albert Shaw; has sent him no invitation to any of the functions and that the invitation for the G.A.R. organizations to participate in the parade has been extended second handed through Col. H. H. Adams, and that Gen. O. O. Howard has been placed in command of the G.A.R. forces on the day of the parade, contrary to the regulations of that organization.

COLE IS CHARGED WITH MURDER

Sherbrooke Man in Serious Trouble at Wilmington, Del., Over a Woman.

Wilmington, Del., Sept. 21.—Montylee A. Cole of Sherbrooke, Que., was to-day indicted by the grand jury for murder in the first degree for the killing of William A. Montague on May 17 last. Cole, who, it is said, is of a prominent Canadian family, was a dental student at the University of Pennsylvania, and Montague was an iron broker at Wyoming, Del. They were both paying attention to a woman named Edna Wilson of this city, and had quarrelled over her. Cole, seeing Montague come out of a saloon here with the woman on the night of May 17, struck him a murderous blow with a baseball bat. The man died five days later without having regained consciousness. The Wilson woman was arrested as a witness, and she and Cole have since the murder occupied cells in the new Castle County Jail. Cole will be arraigned to-morrow.

Nugget Worth $1158.

Victoria, B.C., Sept. 21.—The Klondike Sun, just to hand, reports the finding on claim 34 of Eldorado of the biggest nugget yet recorded for the Klondike. It weighs 32 ounces and 8½ grains, and is worth $1158.

Dalley's summer remedy is safe and effectual for the cure of diarrhoea, dysentery and all summer complaints. It never fails.

Frohman Buys "Hearts Are Trump."

London, Sept. 21.—Mr. Charles Frohman has purchased the American rights of the new Drury-lane drama, "Hearts Are Trumps."

Cucumbers and melons are "forbidden fruit" to many persons so constituted that the least indulgence is followed by attacks of cholera, dysentery, griping, etc. Those persons are not aware that they can indulge to their heart's content if they have on hand a bottle of Dr. J. D. Kellogg's Dysentery Cordial, a medicine that will give immediate relief and is a sure cure for the worst cases. ed

HAMILTON NEWS

FOUR HEARTS MADE HAPPY

Christ Church Cathedral at Hamilton Was the Scene of a Double Wedding Yesterday.

BRIDES WERE THE MISSES MARTIN

Both Will Reside in British Columbia in Future—General News of the Ambitious City.

Hamilton, Sept. 21.—(Special.)—This afternoon at Christ Church Cathedral there was a double wedding, the brides being two daughters of Edward Martin, Q.C. The eldest, Miss Amy, was married to Philip DuMoulin, son of the Bishop of Niagara, who is manager of the Bank of Montreal at New Denver, B.C. The youngest, Miss O'D., was married to Philip Luxton, barrister, of Victoria, B.C.

As the bridal party proceeded down the aisle, the cathedral choir, led by William F. Robinson, sang "The Voice That Breathed O'er Eden." Miss Amy Martin came in, leaning on her father's arm, while Miss O'D. was escorted and given away by her brother, D'Arcy Martin. They were met at the chancel by the grooms and their attendants. The ceremony was performed by His Lordship the Bishop of Niagara, assisted by Rev. Canon Bland and Rev. Canon Sutherland. It was a fine service, the choir giving full choral responses, and chanting the Psalm, "Blessed Are All They That Fear the Lord," and at the close they sang "O, Perfect Love, All Human Thoughts Transcending."

The bridesmaids were ten little girls—Misses Enid Hendrie, Marjorie Braithwaite, Meta and Helen Bankier, Hilda Burton, Isabel Scott, Vera Martin, Beryl Wood, Edith Baldwin (Toronto), Margaret Hay (Toronto).

The best men were S. DuMoulin and Fred Martin.

The ushers were: Messrs. Fritz and T Barnwell Martin, Charles McInnes, J Sitwell (British Columbia), John Mason and Shirley Denison (Toronto), Edward DuMoulin and J D Gaunsby (British Columbia). The entrance of Mrs. Martin, mother of the brides, escorted by her two gallant little grandsons, Masters Edward Martin and Martin Baldwin, heralded the coming of the brides—Miss Amy Martin, on the arm of her father, Mr. Edward Martin, Q.C., and Miss O'D. Martin, led by her brother, Mr. D'Arcy Martin.

The brides' costumes were rich in the extreme. True to the traditions of the Martin house they came from the Emerald Isle, and were of handsome Irish poplin, trimmed with the most exquisite of Limerick lace. The lace was draped upon the bodice in the form of a berthe, while the skirts opened over petticoats of the same, cascaded with lace. Dainty sprays of orange blossoms and white heather gave finishing touches to the elegant simplicity of the gowns. Their superb trains were of satin brocade, draped from the left shoulder; but the most striking features were the exquisite Limerick lace veils worn by these youthful brides, which fell in graceful folds from their wreaths of orange blossoms.

Mrs. Edward Martin, mother of the brides, was becomingly gowned in black satin, embroidered in gold thread; train of black Lyons velvet draped from the left shoulder; bodice and skirt trimmed with old point lace, black chiffon and gold braid, and bonnet to match. She carried a magnificent bouquet of mauve orchids.

Mrs. DuMoulin wore a heavy black satin skirt and bodice, trimmed with old white lace and bow knots of jet; black velvet bonnet, embroidered with silver, with torch of rose pointe.

Among the invited guests were the following Torontonians: Sir George and Lady Burton, Mrs. Clara Fergusson, Mr. and Mrs. B. B. Osler, Mr. Aemilius Irving, Mr. and Mrs. Aemilius Jarvis, Mrs. W. A. Baldwin, Miss Bessie Baldwin, Messrs. Charlie and Jack Baldwin, Miss Fanny Graham, Mr. and Mrs. Grayson Smith, William Jennings, Bessie Jones, Dr. Jones (Trinity College), Mr. and Mrs. McMurrich, Mr. and Mrs. G. Gyon, Mrs. Geddes, Miss Emma Cayley, Mr. Harry Martin, the Hon. Justice and Mrs. Moss, Miss Emily Moss, the Misses Provost and Mrs. Welch, the Dean and Mrs. Rigby, Miss Strachan, Mr. Jack Worrell, Mr. R. Wadsworth, Mr. Roy Wood.

After the wedding a reception was held at Ballynahinch, the residence of the brides' parents.

Police Points.

Jake Burgess, who was arrested for shooting on the street, was liberated this morning. His revolver was confiscated.

C. Eliery, brother of the manager of the Banda Rossa, reports he was assaulted and robbed at the corner of Ferrick and James-streets last night. The corner is a resort for a bad crowd.

The suit brought by Harry Breay against Dr. Ten Eyck to recover a setter known as Forest Jean, has been dismissed by Judge Monck.

John Ford, a one-armed man from Toronto, was fined $2 for disorderliness.

Minor Matters.

The Ladies' Benevolent Society of St. Patrick's Church has presented Rev. Chancellor Craven, who has been transferred to Galt, with a secretary-bookcase.

Louis D. Jones, late proprietor of the St. Nicholas Hotel, and Miss Fannie Nichol, Gore-street, were married last night.

There was a small fire at the Sun Oil Co.'s barreling works this afternoon.

Charles Mayer, a newsboy, Inchbury-street, was badly injured this afternoon by getting one of his legs in the wheel of a wagon he was trying to get into while in motion.

There was a fire in the roof of the office of the Paterson Biscuit Company, York-street, this evening.

L. A. Wardell, Dundas, had his bicycle stolen from the doorway of The Spectator building this evening. It was a Stearns, No. 8021.

Through Route to the Orient.

The trend of events is making America every year more and more the westward overland route betwixt Europe and the far Orient, and turning our own stream of trade and traffic more vigorously, running from the East to the Pacific coast. The New York Central Lines are naturally receiving the lion's body of the new patronage. The wonderful comfort and speed of their trains, the directness of their connections, and their regularity and reliability are the factors that determine this. Nothing so impresses the traveler from abroad as the superiority of our railway travel, and the New York Central is largely entitled to the credit of this good opinion, for that is the trans-continental line they see most of.—Outing, April, 1899.

Our illustrated Catalogue, a booklet of 32 pages, 4x8, gives synopsis of contents of each of twenty-five books; this Catalogue sent free to any address on receipt of a postage stamp, by George H. Daniels, General Passenger Agent, Grand Central Station, New York.

The Growing Time.

Some months ago Messrs. Frank Broderick & Co. started a thoroughly high-class tailoring establishment at 109 West Kingstreet. They made a specialty of always having on hand the latest importations in suitings, trouserings and overcoatings. Their efforts to merit appreciation have been rewarded, and the firm now has a fixed place among Toronto's fashionable tailors. They invite inspection of their magnificent assortment of imported woollens for fall and winter wear.

DUNDURN PURCHASE BYLAW

After Some Discussion the Measure Went Through and the Park is Now City Property.

BALL GROUNDS MAY BE LEASED

But the City Has No Right to Collect a Toll at the Gate From Society Demonstrations.

Hamilton, Sept. 21.—(Special.)—A special meeting of the City Council was held this evening for the purpose of passing the third reading of the Dundurn purchase bylaw. Ald. Board moved its third reading.

Ald. Stewart asked why there was so much rush in getting the bylaw through.

Ald. Board replied that he would not be able to be present at next Monday's Council meeting, and, as he desired to move the third reading, the Council was called for to-night. The bylaw was then given its third reading, signed, sealed and enrolled.

Ald. Board moved a resolution agreed on at the special meeting of the Parks Committee this afternoon, offering to purchase right of way into the Dundurn from Inchbury-street at $8 per foot; if this was refused, the City Solicitor to be instructed to expropriate the land required.

Ald. Neilligan protested against any further expenditure, when the North End Park was so badly neglected.

Ald. McAndrew moved an amendment to delay the consideration of the matter until Mr. Tuckett's offer re Victoria Park was disposed of, but he afterwards withdrew it.

Ald. Hobson expressed himself against the expropriation part of the motion and moved that it be expunged.

The amendment was voted down, and the motion to purchase was carried.

Ald. McAndrew raised an important point. He asked what was proposed to be done in regard to societies holding demonstrations in the park.

The City Solicitor explained that the Council had power under the statute to lease for not more than three years any part of the park that was not required specially. The city would not have the right to secure a revenue from the park proper, but it might lease the baseball grounds.

WOOLEN TRADE ADVANCING.

An Advance in Price of the Raw Article in London, Which Pleases the Manufacturers.

London, Sept. 21.—The advance in the price of wool yesterday was not unexpected, and not unwelcome. The manufacturers in several branches awaited the advance as an excuse for issuing circulars announcing a rise in prices. These are not the only indications of activity in the industry. The mills in the west country are mostly fully employed. Conservative men say there is not only greater activity noticed, but that it is the beginning of another big movement in wool, consequent upon the increase in value. Some of the biggest concerns in the United States have been buying largely for immediate use of their mills, which are now very busy, and it is expected that business will speedily expand.

TECHNICAL SCHOOL BOARD.

Three New Teachers Were Appointed and an Old Teacher Dismissed—300 Registered.

A very important meeting of the Technical School Board was held last night in the board room. On recommendation of the Management Committee, three teachers were appointed and an old one dismissed.

The dismissal of Mr. Ballington for carelessness in allowing the pupils to see the examination paper was not considered justifiable by some of the board, but an amendment that he be only censured was defeated.

The following teachers were appointed: Miss Milligan, silver medallist in the domestic science department last year, will assist Mrs. Joy in that department in place of Miss Hallam.

Mr. J. McGowan, an old teacher of the school, who has recently been teaching in Philadelphia, will have charge of electricity and physics in place of Mr. Long, and Mr. Charles M. Peake will be teacher of machine construction in place of Mr. Elliott. Mr. Peake is a graduate of the School of Science, and his efficiency in this department is well known.

The school will open on Oct. 2, and a very large attendance is expected. Over 300 pupils have already registered.

GIRL CUT HER THROAT

Because a Palmist Told Her She Would Be Disappointed in Love.

Middletown, N.Y., Sept. 21.—Villa Ada Jones, a girl 16 years of age, cut her throat here to-day because she had been told by a palmist that she would be disappointed in love. The girl may recover, but probably will not fully recover the use of her voice again.

A COMMON TROUBLE.

Thousands Suffer From It Without Knowing Its Real Character.

No trouble is more common or more misunderstood than nervous dyspepsia. People having it think that their nerves are to blame, are surprised that they are not cured by nerve medicines and spring remedies; the real seat of mischief is lost sight of; the stomach is the organ to be looked after.

Nervous dyspeptics often do not have any pain whatever in the stomach, nor perhaps any of the usual symptoms of stomach weakness. Nervous dyspepsia shows itself not in the stomach so much as in nearly every other organ; in some cases the heart palpitates and is irregular; in others, the kidneys are affected; in others, the bowels are troubled, with loss of flesh and appetite, with the accumulation of gas, sour risings and heartburn.

Mr. A. W. Sharper of No. 61 Prospect-street, Indianapolis, Ind., writes as follows: "A motive of pure gratitude prompts me to write these few lines regarding the new and valuable medicine, Stuart's Dyspepsia Tablets. I have been a sufferer from nervous dyspepsia for the last four years; have used various patent medicines and other remedies without any favorable result. They sometimes gave temporary relief until the effects of the medicine wore off. I attributed this to my sedentary habits, being a bookkeeper, with little physical exercise, but I am glad to state that the tablets have overcome all these obstacles, for I have gained in flesh, sleep better and am better in every way. The above is written not for notoriety, but is based on actual facts." Respectfully yours,

A. W. Sharper,
61 Prospect-street, Indianapolis, Ind.

It is safe to say that Stuart's Dyspepsia Tablets will cure any stomach weakness or disease except cancer of the stomach. They cure sour stomach, gas, loss of flesh and appetite, sleeplessness, plapitation, heartburn, constipation and headaches.

Send for valuable little book on stomach diseases, by addressing Stuart Company, Marshall, Mich.

NORTH YORK FAIR IS OVER

As Predicted, There Was a Great Attendance on the Closing Day at Newmarket.

THE ENERGETIC MANAGEMENT

Did Good Work—Q.O.R. Band There—List of the Prize Winners in Detail.

The third and final day of the North York Fair closed yesterday at Newmarket. As forecast in yesterday's issue, the crowd was again large, the day being a most pleasant one. The exhibits of horses, cattle, sheep and pigs were exceptionally large, and the judging lasted nearly all day. The lighter classes of horses were much in evidence, and some beautiful specimens of drivers were shown. The Queen's Own Band occupied the band stand during the day and gave the satisfaction that usually follows its efforts.

Energetic Management.

The management this year have been particularly energetic, and the large surplus that must ensue from the receipts will, no doubt, prove some reward for the efforts made. Mr. William Keith is secretary and the many arduous duties involved in this important office were most cheerfully complied with by him. Mr. E. Jackson occupies the position of treasurer and has done so for many years, and Mr. Ab Wilson is president. Yesterday closed the forty-first consecutive fair, and none probably have given more satisfaction than the one just completed.

Every portion of the program arranged was carried out with the exception of a hippodrome performance. The contract for this show was made with Prof. R. N. Sutherland of Russell and he did not fill the engagement. The directors yesterday decided to enter suit for non-fulfilment of contract against the professor.

PUBLIC AMUSEMENTS.

Willie Collier at the Grand.

Mr. Willie Collier, after working all last season in Du Souchet's play, "The Man from Mexico," is going to offer this season something from his own loom. Theatregoers are to have him as author-actor in his own comedy, which is to be presented at the Grand Opera House next week. The play is called "Mr. Smooth," a name that in itself incorporates a plot. It is almost superfluous to tell that Mr. Smooth gets into trouble, and it can equally be assumed that he gets out of it, and that his troubles are meat and food to the audience until the curtain falls. In point of fact, "Mr. Smooth," so far as any outline of the story has been given out, assumes to be somebody else, and, as the guest of a family of wealth, manages to keep the real Mr. Smooth at bay until the final fall of the curtain, before which he makes open confession, in the meantime having successfully negotiated a love transaction, and is forgiven all around. It is said that Mr. Collier in constructing a play for himself has done well in "Mr. Smooth"; he has measured for himself the extent to which he is willing to go into sentiment; he has drawn sharply the line that keeps him from going too far into the domain of mere farce, and he has reserved the greater part of the play for true comedy. This is an encouraging promise for Mr. Collier's future. This week "The Little Minister" is drawing the crowds to the Grand. A matinee will be given to-morrow.

Three Magicians Coming.

Those who fail to see Belle Archer and her splendid company in Hoyt's "A Contented Woman" will miss one of the best things of the season at the Toronto Opera House. To-morrow's matinee should bring out every theatre-going feminine in the city. Following Miss Archer the attraction next week will be "The Great Triple Alliance." The days when an exponent of magical mystery could go out with a few tables, a bag of tricks and an assistant, one or two trunks of paraphernalia and a stock of old jokes as an accompaniment and secure crowded houses, have passed away with the death or retirement of these professors of the mystic art. A new treatment of necromancy has been devised and its application will be seen in the performance given here by "The Great Triple Alliance," composed of Servais Le Roy, Imro Fox and Frederick Powell, the three greatest exponents of diablerie and necromancy now before the public. Their performance could be strictly termed necromancy up-to-date. Messrs. Le Roy, Fox and Powell in the performance which they have devised, have called into aid the best elements of the drama and spectacle, wonderful mechanical inventions, combined with the most surprises of diablerie, thus bringing the mystic art upon a plane of the highest theatrical productions. The sale of seats is now in progress, and matinees will be given as usual on Tuesday, Thursday and Saturday.

Lights o'London.

"Lights o' London" will hold the boards at the Princess Theatre for but two days more—to-day and to-morrow afternoon and evening—and next week the Cummings Stock Company will present "Dr. Bill," the comedy that the late John Stetson made much of his fortune with. There is no doubt but what "Dr. Bill" has more fun and laughter to give to its audiences than any comedy known to the stage. There is not a dull moment in the play, from the time it starts until it stops, and while the curtain is up the fun is certainly fast and furious. An attractive feature of the performance will no doubt be found in Miss Florence Stone's appearance as "The Kangaroo Girl," in which character Miss Stone is to introduce an unique dance. "Dr. Bill" is to be preceded by "An Exchange of Courtesies," a one-act play from the pen of Mr. Ralph Cummings, who, with this playlet, makes his debut as an author. It is said that this is not Mr. Cummings' first attempt at play writing, but this one is said to be by far the most promising one. The story is a very pretty Southern romance, and this will be its first production on any stage. The advance sale of seats opens a tthe box office this morning.

Shea's Theatre.

Just four more chances this week to hear the quaint speeches in the Sidman's country life scene, to witness the wonderful balancing feats of the Kins-Ners, the lithe contortions of the Pantzer trio, the funny comedy skit of Fox and Allen, the weird and interesting scenes by the Hawaiian queens, and the other just as novel features. If the crowds keep coming as they are twice a day at present it will not be many weeks before it will be a common sight to see the sign hung out, "Standing Room Only," for Shea's Theatre is becoming a most popular amusement resort.

Festival Subscribers.

The subscribers' list for reserved seats at the Torrington Musical Festival, Oct. 24 and 25, is filling up with a rapidity that surpasses the most sanguine expectations of the festival committee. As the seats will be chosen in order of subscription it will be well for those who fully intend to attend and who are in a habit of being tardy to give the matter immediate attention. All subscription orders should be sent to the Honorable Secretary of the Festival Committee, 9 Pembroke-street. Tel. 8128.

The Little Minister.

It is such good, bright, pure plays like "The Little Minister," now running at the Grand Opera House, that has a tendency to make a theatre popular. It is all the more possibly can be claimed for it, and is well worth a visit. There will be a special matinee on Saturday.

THAT CANADIAN REGIMENT.

The Hamilton Spectator Gives Some Timely Advice to the Department of Militia.

Hamilton Spectator: We think Canada ought to raise a regiment of infantry and offer it to the War Office for service in Africa, afterwards to remain a permanent organization to be recruited in Canada. But the regiment should be raised in a proper manner, the proper men appointed as officers and the proper men chosen to fill the ranks. If the officers are to be appointed because of their political pull the scheme ought to be dropped at once. It would be simply murder to send a regiment of Canadians to fight the Boers under such officers as Hon. Mr. Borden is likely to choose from among his political friends. And if the rank and file is to be filled in the same way, or without due attention to the qualifications of the men, all the more reason why the regiment should not be raised. Nor is the political pull the only danger to be avoided in the organization of a regiment for foreign service. Already one militia officer is in the field as self-appointed commander of the proposed regiment, and he offers captaincies and other commissioned offices to men who are able to recruit a stated number of men. The gallant officer who thus volunteers to be colonel of the regiment may or may not be a good officer. The fact that he is a lieutenant-colonel now is no sort of evidence that he is fit to command a regiment. It is but just to say that we know nothing whatever about his military knowledge and general qualifications; but we do not think that the officers of a representative Canadian regiment for service in the Imperial army should be selfappointed or commissioned because of their ability to attract recruits. There is too much at stake. The eye of the whole British army would be upon the new colonial organization, and it must, if the regiment be raised, be able to acquit itself with credit. We have great faith in Canadian soldiers; but everybody who wears a uniform and carries a militia commission in his pocket is not a soldier.

We would suggest that the regiment be raised much the same as the First Ontario Rifles were raised in 1870 for the Red River service. Let each battalion of militia furnish a contingent of candidates—two or three times the number actually required—and let the selection be made from these by independent officers. The officers should be appointed on the recommendation of the Commander-in-Chief, who, by this time, ought to be sufficiently acquainted with Canadian militia officers to make a good selection. If Lieut.-Col. Hughes is as well qualified as any other willing to take the job, let him be appointed; but if there is a better man available, let that man be put at the head of the Canadian regiment.

JAMAICANS BARRED FROM CUBA.

They Are Not Allowed to Land if They Have Not Had Yellow Fever.

Kingston, Jamaica, Sept. 21.—As a sequel to the recent difficulty of the steamer Adula in regard to landing immigrants at Santiago de Cuba comes the official promulgation here of a regulation requiring colored men from Jamaica, desiring to land in Cuba, to produce certificates, showing that they have had yellow fever. This practically amounts to their exclusion, and is causing considerable excitement, because yellow fever among the blacks is unknown here.

The Demon Dyspepsia—In olden times it was a popular belief that demons moved invisibly through the ambient air seeking to enter into men and trouble them. At the present day the demon, dyspepsia, is at large in the same way, seeking habitation in those who by careless or unwise living invite him. And once he enters a man it is difficult to dislodge him. He that finds himself so possessed should know that a valiant friend to do battle for him with the unseen foe is Parmelee's Vegetable Pills, which are ever ready for the trial. 24

One Dose

Tells the story. When your head aches, and you feel bilious, constipated, and out of tune, with your stomach sour and no appetite, just buy a package of

Hood's Pills

And take a dose, from 1 to 4 pills. You will be surprised at how easily they will do their work, cure your headache and biliousness, rouse the liver and make you feel happy again. 25 cents. Sold by all medicine dealers.

CHILDREN
Can Buy
DIAMONDS

In the matter of diamonds the average purchaser feels that he is entirely at sea.

With our mode of doing business a child is just as safe in buying as the most expert connoisseur.

We tell you exactly what a stone is, so far as quality is concerned—its perfections or imperfections, should it happen to have any, are alike made known to you.

Our inflexible rule is absolutely and strictly "ONE PRICE WITH ALL GOODS, MARKED IN PLAIN FIGURES"; this we recognize as being the only fair principle upon which a business should be conducted.
