MAJOR DAINGERFIELD WON

Brooklyn Derby, 1 1-2 Mile Feature Event at Gravesend, for Odds-on Favorite.

ARTIVIS WON TREMONT STAKES

Favorites and Second Choices Divide the Races Over Fast Track at Fort Erie.

New York, June 12.—F. Z. McLewee's black colt Major Dangerfield, by Handspring—Mon Droit, with Odom up, won the Brooklyn Derby for 3-year-olds, at Gravesend to-day. He was heavily played, closing at 1 to 2, with King Hanover second choice at 5 to 2, while Homestead was well supported at 5 to 1, and Emshee, the despised outsider, at 20 to 1. They were sent away to a good start. King Hanover was first away, and set the pace under a strong pull. Coming past the stand Emshee was leading by a lengths, with Major Dangerfield second and full of running. Turning into the backstretch, Odom gave Major Dangerfield his head, and he bounded forward and passed the leader. Steadily increasing his lead to the wire, he won easily by eight lengths from Homestead, who ran into second place on the far turn. King Hanover was third ten lengths back, with Emshee 15 lengths in the rear of King Hanover. The time, 2.37 for 1½ miles, was fair, considering the track conditions.

Ten high-class 2-year-olds faced the starter for the Tremont Stakes to-day, with Artvis favorite and also the winner. Fire Eater was played heavily to win this event, but third was the best he could do. Artvis broke about fourth, and at once went to the front, followed by Whorler. These two raced together to the stretch, where Whorler fell back beaten, and Whitechapel, who came from away back, challenged at the eighth pole, and, in a furious drive, Artvis won by a few inches. The weather was warm and the track heavy. Summary:

Advance Guard Second Choice.

The Suburban Handicap will be run at Sheepshead Bay on Saturday of this week, and the field of starters is not likely to be much more than half as large as in the Brooklyn Handicap. A dozen seem to be possible starters, but this number is pretty sure to be cut down to 10 or less. Eighteen started in the Brooklyn, and the three placed horses in that race—Reina, Advance Guard and Pentecost—will go to the post in the Suburban. Twelve added pounds in weight is pretty sure to tell Reina's chances. Advance Guard will take on four pounds for his last victory, while Pentecost, with one pound less than he carried in the Gravesend race, should be a most dangerous proposition. Gold Heels, who shares with Blues the post of honor with 124 pounds, is the favorite in the betting, with Herbert, another 5-year-old, second choice. The probable starters, ages, weights, jockeys and latest betting will be found appended:

Starters.	Wt.	Jockeys.	Odds.
Gold Heels, 5	124	Wonderly	4—1
Blues, 4	124	Shaw	6—1
Herbert, 5	121	Odom	10—1
Artvis, 4	118	Bullman	6—1
Rechampton, 4	117	Brennan	20—1
Reina, 4	114	O'Connor	25—1
Water Cure, 5	111	McCue	30—1
Blue Girl, 3	104	Burns	20—1
Trigger, 4	102	Buchanan	75—1
Monograph, 4	100	Shea	20—1
Pentecost, 3	99	Redfern	15—1

Bet Two Million a Day.

Chesapeake Beach, Md., June 12.—"Surely racing must be the sport of kings, or else it would not continue to have a constantly increasing army of devotees," said Mr. Joseph F. Ullman, the veteran bookmaker, in conversation last evening at the New Willard.

"This fact proved by the fact that every day of the year, between the hours of 2 and 5 p.m., at the Morris Park, Sheepshead Bay and Brooklyn tracks, the public risks between $2,000,000 and $3,000,000 in turf speculation.

"The present satisfactory turf situation has been largely the result of the efforts of two men—William C. Whitney and August Belmont. They have spent their time and given unsparingly of their means to make the sport clean and worthy the patronage of the people, and in this they have succeeded grandly."

Mr. Ullman loves to recall the old days of 1887, when he won at Ivy City with the speedy Raceland the Capitol and Arlington Hotel stakes. "I bought Raceland," said he, "as a yearling for $225, and, after winning over $100,000 with him as a 2-year-old, sold him to August Belmont for $17,500, the highest price ever paid for a gelding up to that time; his career lasted for eight years, and during that time his average winnings in stakes and purses were $25,000 per annum."

A CLASH OF RACING DATES

Ontario Jockey Club Announce a Fall Meeting on Days Claimed By the Toronto Hunt.

SECRETARY HOUSTON INTERVIEWED

Says O.J.C. Committee is Split on Giving an Autumn Meeting—Two Fall Meetings Assured.

That Toronto will have as much racing as patrons here desire is evidenced from announcements, as given below; but it is hoped that a clash of dates may be avoided. The fact that this city sends a train load to Hamilton on each of five days, at $1.60 per man, with $1 admission, all for the chance of seeing the races, etc., shows how deep-rooted the game is here. What we want, is 15 days in the spring and as many in the fall, and who runs the show matters little to the public, so long as it is done according to the rules. The Hunt Club has handled the autumn races hitherto satisfactorily, excepting that something akin to syndicate booking prevailed in 1899, and why President Hendrie's association should so strenuously approve Fort Erie methods will come somewhat as a surprise.

At a committee meeting of the O.J.C., held yesterday, it was decided by the board to give an autumn meeting, between the dates of Sept. 22 and Oct. 4. The exact racing days will be announced shortly.

Mr. Stewart Houston, secretary of the Toronto Hunt Races, was spoken to in regard to the matter, and said: 'In May, some weeks before the O. J. C. meeting, the committee of the Toronto Hunt decided to hold an Autumn Meeting and requested the O. J. C. to confer the lacrosse course. The dates proposed were September 27 and October 4. The O. J. C. committee intimated that they would not consider the lease of their course until after their May Meeting. The board of the Toronto Hunt decided to hold a race meeting in any event on the two dates mentioned, and having intimated that they proposed to hold a meeting on these dates naturally consider that the Toronto Hunt has the prior claim to these dates. The situation now is that the Toronto Hunt will hold a race meeting on the two dates mentioned at all events, probably on its own course, as it has recently acquired a large tract of territory near the club-house, a portion of which has already been leveled and prepared for a polo field. It is to be remembered that the Toronto Hunt took hold of the autumn racing in Toronto in 1894, when it had been abandoned by the O. J. C. It has always paid a liberal rental to the O. J. C.; in fact, the amount of the rental has sometimes been in excess of the Hunt's profit, and in all cases the amount has been very closely approximate. The Toronto Hunt committee naturally feel aggrieved, after they have built up the autumn racing, that the O. J. C. should deprive them of the results of their long efforts.

Irrespective of this fact, however, the dates in question by priority of claim belong to the Hunt Club, and its committee are determined to hold a race meeting on those two dates in any event. I may add that I understand that the older members of the O. J. C. committee, who are most cognizant of the history of the Toronto dates stated. The proposal of the O. J. C. giving an Autumn Meeting on the dates stated. The proposal of thet O. J. C. committee to offer the Toronto Hunt the course for three days later on in the season, probably when the frost is in the ground, and after the public have becomet weary of racing, is not considered seriously by the members of the Hunt committee.

Gossip of the Turf.

In the future, any jockey who breaks thru the barrier at Gravesend in a false attempt at a start, will be suspended by the stewards for a week. This decision was recently reached after a conference between the officials and Mr. Fitzgerald.

J. R. Shearman's colt Gold Cure was all but left at the post Tuesday at Gravesend. Dangman, fresh from his Canadian triumphs, rode him. Now that this boy is at last in good hands, and has left the healthy stimulus of filling few winners, he may develop into a good lightweight jockey, remarks an Eastern writer.

Otto Wonderly was to have ridden Gold Heels in the Suburban. Matt Allen after a long talk with him in the paddocks yesterday, persuaded that jockey to give up his claim, and George Odom, upon whom Allen, on behalf of Gen. F. C. McLewee and James Brady, has secured second call, will have the mount on the present first choice for the race. Wonderly may secure the mount on one of the lightweights.—Brooklyn Eagle.

Fort Erie has announced conditions for an over-night handicap to be run on Thursday night, and to be known as the Connecution Handicap. The conditions call for 3-year-olds at 1⅛ miles, with $700 added.

Green B. Morris has engaged Sam Doggett to ride Old England in the American Derby. Clarence H. Mackay has also secured permission from August Belmont for Bullman to have the mount on Heno in the same event. H. M. Ziegler's Hermis arrived in Chicago yesterday, having been shipped from Sheepshead Bay on Tuesday morning. Hermis is now regarded as the "dark horse" of them all in the Derby calculations.

have advanced so much this last month that Seven Richmond-street East will have to add another chain, making ten in all, and the most up-to-date barber shop in Canada. Our numerous moneyed men speak now of something new on the market, which they hope will pay 25 per cent. So after all it pays to patronize this large shaving parlor. Ten barbers, shoe-shining, bath rooms, all under one roof; controlled and managed by J. R. Beamish.

SCHOLES A WONDERFUL OARSMAN

Titus' Estimate of His Conqueror—Henley Competitors.

From The N.Y. Herald: C. S. Titus of the Union Boat Club, the champion American single sculler, sailed for London yesterday on the steamship Manitou of the Atlantic Transport Line. He will compete for the Diamond Sculls at the Henley Regatta, which will be held on July 9, 10 and 11.

A great crowd of men prominent in rowing and yachting circles, gathered at the pier to wish him good luck. Titus has been defeated but once during his career, that being on Memorial Day by Louis Scholes, the Canadian oarsman.

"Scholes is the only man I am afraid of," said Titus. "I had expected him to sail with me. He is a wonderful oarsman, and altho I am chagrined at my defeat, I bear him no ill-will. I know that I shall have many other able competitors, such as Fox, of the Coldstream Guards, the present holder of the Diamond Sculls; Blackstaff and a man from Australia, who is, I hear, a wonder."

Titus took with him a new boat, built by Ruddock. It is 29 feet long, 10¼ inches beam, 5¼ inches deep, and weighs fully rigged 24½ pounds. The shell is built of cedar wood throughout. This will be sent home immediately after the race.

Louis Scholes, who will carry the colors of the Don Rowing Club of Toronto, in the Diamond Sculls, sailed yesterday on the Germanic. The sculler's father accompanied him.

The Argonaut crew of Toronto was also on the Germanic. This crew goes to try for the Grand Challenge Cup at Henley. Last year the champions won the American championship from the Vespers in the races at Philadelphia.

LACROSSE GAMES ON SATURDAY.

Torontos vs. Nationals, at Island, Tecumsehs at Orangeville.

The Torontos had their final practice last night in preparation for their game with the Nationals on Saturday at the Island and every man is in the best of condition. The sale of reserved seats to date indicates a large crowd, and as this is the chief sporting event on Saturday and the first appearance of the Torontos since their return from England, there should be many spectators at the Island that day. The game will start at 3.30. No referee has been given out at a late hour last night and the league will be asked to appoint one. The Nationals are sending up a strong team and there should be a battle royal. The defence of the Torontos is said to be strong, with L'Heureux in goal, Joe Valois at point and Alphonse Blanchard.

The Torontos will line-up as follows, their weights and ages being: Goal, Farley, 23 years, 154 lbs.; point, Gray, 22 years, 152 lbs.; cover, McBride, 23 years, 175 lbs.; defence, McKinnon, 28 years, 163 lbs.; Lambe, 21 years, 170 lbs.; Iler, 23 years, 165 lbs.; centre, Mara, 23 years, 170 lbs.; Fitzgerald, Pringle, 24 years, 148 lbs.; Murray, 21 years, 165 lbs.; Querrie, 23 years, 180 lbs.; outside, McLaren, 21 years, 160 lbs.; inside, Adamson, 20 years, 135 lbs.; spare, Buzzer Gordon, 20 years, 135 lbs. Field captain, J. A. MacFadden.

The Tecumsehs or Orangeville?

The Tecumsehs and the Dufferins have not been able to agree upon a referee for the big game to-morrow in Orangeville, and the official will be selected by Vice-President Francis Nelson of the C.L.A. to-day. The Tecumsehs suggested Courtemay Kingston and Harry St. Cadmans, and Secretary of Brantford, while Orangeville wanted Mr. Roberts of Brampton or Heggie and Allan of Mount Forest. One or two changes will be made on the Tecumseh team for the match. A special excursion will be run to Orangeville, leaving here at 7.45 a.m. to-morrow, and a large crowd will make the trip to cheer for the Indians.
