GRAIN.

Chicago, Aug. 30.—In the absence of selling sentiment, the profit-taking by shorts ran the price of corn up momentarily at the opening of the market today, but in half an hour the price was back around yesterday's close. October opened ¼c lower to ½c higher at $1 55@1 54⅞, touched $1 55⅝, and then reacted to $1 54⅞. The feeling was nervous.

The oat market opened dull and slightly higher with corn.

WALL STREET.

New York, Aug. 30—Wall Street, 10:30 a.m.—An advance of 2¼ points in American Tobacco was the only unusual feature at the steady but dull opening of today's stock market. Liberty issues and international bonds were variable.

Noon.—With no appreciable expansion of offerings, the market developed irregular tendencies in the course of the first hour. Yesterday's warning of the local money pool again counterbalanced good war news and railroads. Active industrials and equipments reacted from substantial fractions to a point, and prominent rails were lower by 1 to 1½ points, although St. Paul preferred showed marked strength, and Union Pacific held firm with Southern Railway.

1:30 p.m.—Complete recoveries were made during the listless mid-session by United States Steel, Canadian Pacific and minor rails. Dealings in other quarters of the list were negligible, but foreign bonds continued to harden on the further rise of Paris exchange.

LONDON STOCK EXCHANGE.

London, Aug. 30.—The stock market opened quiet today, but later the excellent news from the western front stimulated trading, particularly in gilt-edged and semi-investment securities. French fives were very strong on the continuous rise in the value of the franc, and Russians were distinctly firmer on expectations of important developments. Shipping stocks were active at improving quotations under the lead of Cunards. Industrial shares were also good features.
