MAY USE INDUSTRIAL AREA FOR AERODROME

Town Planning Committee To Consider Matter Shortly.

Establishment of a municipal aerodrome will be one of the first questions considered by London's new town-planning committee. Indications so far point to the likelihood of the city's industrial area being used for this purpose temporarily. Plenty of level land is available there, and accommodation could be provided until decision is made to establish a permanent base.

The scheme at first sight was regarded as rather visionary, but local businessmen are now beginning to look on it with importance. The industries here will not be able to use aircraft or receive or ship goods by aircraft until an aerodrome has been licensed and established.

It is practically certain that such a project will be kept under municipal control from the first, and will not develop under private ownership as the other lines of communication did.

Air regulations passed this year undoubtedly imply that for international, interprovincial and internal communication or transport by aircraft the establishment and operation of air harbors must be carried out by responsible authorities. Further all registered or licensed air harbors, aircraft and aviators automatically come under the direct control of the Government if and when required for national defence.

This makes it practically certain that airharbors, aerodromes or landing grounds must be established and maintained by municipalities and public corporations.

It is pointed out that the development of commercial aviation will be very seriously retarded unless action is taken at once by the various municipalities.

Passenger traffic by aircraft to and from London cannot be operated until an airharbor is established.

The town planning committee will likely arrange for an official of the air board to visit the city and consult with them regarding the size of the grounds and other details.

LIST OF OFFICERS

Chester Butler, Adjutant of 7th, George Little To Be Major.

In the complete list of officers which has been issued and submitted to headquarters of the 7th Fusiliers, Eric Reid is shown as being the commanding officer with the rank of lieutenant-colonel. Capt. Chester Butler will retain the rank of captain and adjutant, while George Little will be promoted from the rank of captain to that of major, and will be second in command.

The successor to the Very Rev. Dean Tucker, as chaplain will be Rev. R. C. Foreman. Capt. P. Pocock will remain as the battalion paymaster.

A large number of the officers on the slate are ex-service men of the different units in the C. E. F. and R. A. F., among whom are Capt. Scandrett, Capt. Lamb, Capt. Hannah, and Lieut. Hugh McCrimmon.

A great many of the old supernumeraries will be transferred to the reserve. A great deal of difficulty is being experienced in getting in touch with some of the old officers, as they are nonresidents of the city.

WESTERN "U" LIT.

Decide League of Nations Against Interests of Democracy.

"Resolved, That the League of Nations Is in the Best Interests of Democracy" was the subject of a most lively debate held at a meeting of the Western University Literary Society last night. The decision was in favor of the negative side of the question upheld by R. Mess and A. Shaw. C. Hallowell and C. Finlay were speakers for the affirmative.

The winners affirmed that the League of Nations was not in the best interests of democracy, citing several clauses to prove this, among them the clause which is in reality a special commercial treaty between Great Britain and Persia.

During the evening, Dr. W. F. Tamblyn gave a most interesting address on Rudyard Kipling, whom, he declared, was a poet of the past, his best work having been already accomplished. He referred to his wonderful popularity with English-speaking people, maintaining that for a great number of years he was really the poet-laureate of the Anglo-Saxon race.

A DANGEROUS WARNING —BLEEDING GUMS

Are your gums tender? Do they bleed when brushed? If so—watch out for Pyorrhea.

This disease of the gums, which afflicts four out of five people over forty, not only destroys the teeth, but often wrecks the health.

In Pyorrhea, the gums become spongy, then recede; the teeth decay, loosen, and fall out—or must be extracted to rid the system of the infecting Pyorrhea germs which breed in pockets about them. These germs lower the body's vitality and cause many diseases.

You can keep Pyorrhea away. Visit your dentist often for tooth and gum inspection, and use Forhan's For the Gums.

Forhan's For the Gums prevents Pyorrhea—or checks its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums firm and healthy—the teeth white and clean.

Start using it today. If your gums have receded, use Forhan's according to directions, and consult a dentist immediately for special treatment.

DID NOT SELL ANY GROCERIES SUNDAY

Sam echinsky Is Dismissed in Police Court Today.

Sam Lechinsky, 554 South street, was in police court this morning on a charge of selling groceries Sunday, but was dismissed.

On Sunday evening Police Constables Gavin Monahan and William Gow were walking near the defendant's store, when the door opened and a little girl carrying a parcel stepped out. As soon as she saw the officers she darted back into the store. They followed. When asked what she had under her arm she said that it was a book. On being further questioned she stated that it was a parcel of sugar which she had purchased at a Clarence street store on Saturday night. When pressed still closer she admitted that she had bought the sugar for 18 cents from Lechinsky.

In the witness box she said she had been sent to the store on Saturday night for several parcels, and that she had forgotten the sugar until Sunday. The reason that she told the other stories to the constables was that she was frightened.

Magistrate Graydon warned the defendant to be very careful as to what he did, as he had been appearing in police court too frequently of late.

RAISE LARGE AMOUNT FOR FORWARD MOVEMENT

St. George's Presbyterian Church Almost Doubles Objective.

The final report of the forward movement from St. George's Presbyterian Church, London Junction, was given out at an enthusiastic meeting held in the church last night. The objective of the church was $780, but through the good work of the canvassers the sum of $1,473 was realized. Fully $700 of this sum has been turned over to the forward movement headquarters. The canvassers for the forward movement campaign were: William Perkins, Miss Dunston, Miss Angus, Mrs. John L. White, Miss M. Buchanan, William Talbot, Miss Mary Weir, and Mr. and Mrs. William Saul. The secretary-treasurer for the campaign was Mrs. George Cairncross.

Mr. and Mrs. William Saul have invited the forward movement committee to a social evening on Friday night at their home.

FOUR PRISONERS AT JAIL HAVE INFLUENZA

All Cases Are Isolated and Progressing Favorably.

Four prisoners at the jail are suffering from influenza. This makes a total to about ten cases at the institution during the epidemic. The others have recovered, and these four, three of whom are juveniles held for theft, are progressing favorably. They have been isolated from the other prisoners by being put in the debtors' cells.

SEEKS BUSINESS WITH LOCAL MEN

Letter Arrives From Czecho-Slovakia at Local C. of C.

Seeking business with manufacturing concerns of this city, a letter has come to the local Chamber of Commerce from J. Potuzil, Prague, Czecho-Slovakia. Potuzil, who is a native of Prague, operates an importing and exporting house in that city.

The letter, written in very legible, but in somewhat broken English, explained that the new republic is an industrial country and that many things were manufactured or produced there that perhaps Canada would be in need of. It went on to say that firms in Prague would want things produced in this country.

He asked that all firms in this city, which were desirous of building up a trade between the two countries, should use his firm as a mediator. He claimed to have a large connection in that city. The letter which arrived here yesterday was posted on January 20.

VOICE OF THE PEOPLE

THE VAUDEVILLE ISSUE.

To the Editor of The Advertiser:

The evening papers carry a story in regard to questionable vaudeville acts, which, I, as manager of the Grand Opera House, feel requires some explanation. Mrs. John Gemmil, president of the Mothers' Clubs, informed our representative that the name of the Grand Opera House was not mentioned by any of the ladies in the discussion which took place at the meeting of the clubs on the subject of vaudeville acts. This house presents Keith's vaudeville for the entertainment of its patrons. This, in itself, is guarantee of quality, but no bill is presented to an audience in the Grand without first being rehearsed so that any objectionable features may be eliminated by the management. And, in addition, the Keith people keep a man constantly on the road watching the various acts, so that salacious and indecent "turns" shall not have a place on a Keith bill.

The Grand Opera House stands on its record of many years in London, and I am confident that your sense of fair play will insure the publication of this explanation. Let those against whom criticism is levelled, bear the brunt of that criticism.

Thanking you for past courtesies, I am, yours sincerely,

J. R. MINHINNICK,
Manager Grand Opera House.

WOMEN ADMITTED TO COLLEGE FELLOWSHIP

The examination will be made on the same conditions and under the same privileges as are accorded to men.

DELIGHTFUL BALL

Jewish Citizens Crowd Masonic Hall In Celebration of Feast.

The Jewish Feast of Purim which commenced at sunset last night was celebrated by the Jewish citizens at a ball at the Masonic Temple last evening. The ball was held for the purpose of raising funds for the Talmud Torah which is to be built in the city by the Jews.

The hall was brilliantly decorated with myriads of little colored lights, palms, ferns and flowers. All the Jewish citizens who dance were there to make things merrier, and to help fill the treasury for the Talmud Torah. It was a large crowd who danced away several hours to delightful music. A buffet luncheon was also served.

Those in charge of the affair were: Miss Leah White, Miss Perle Jackson, of St. Thomas, Miss Rose, Miss Moritzsky, Mr. Moritzsky, M. White, B. Lewis, J. Harris, I. Goldstick and J. Fox.
