AROUND THE CITY

LOCAL.

Last week 250 copies of the "All-Red Route to the Arctic Ocean" were forwarded from the Board of Trade offices to J. Obed Smith, Canadian commissioner of immigration at London, England.

Commissioner Coombes, of the Salvation Army headquarters in Toronto will be in Edmonton on November 1st, to make arrangements for the erection of a rescue home and hospital by the Army in this city.

His Lordship Bishop Legal of St Albert, Revs. Fathers Lacombe, Leduc and Rene Le Marchant and others, of Edmonton, have left to assist at the blessing of the new cathedral at St. Boniface, Manitoba.

The Edmonton Board of Trade have issued a pamphlet for local distribution in the hotels and other public buildings, giving a short description of Edmonton and a list of interesting places to be visited by anyone wishing to get a correct impression of the city as a whole.

M. H. Macleod, Deputy Provincial Treasurer, and John Perrie, tax commissioner, have gone to Toronto to attend the meeting of the International Tax Association, which will be held in that city next week. Last year the Association met in Columbus, Ohio, and the meeting was attended by Premier Rutherford, provincial treasurer

APPLICATIONS FOR LICENSE.

The Dominion Lands Agency is authorized to receive applications for domestic fishing license in the Edmonton district.

PEMBINA RIVER EXHIBITS.

That the country in the vicinity of the Pembina River, west of Edmonton, is eminently suitable for mixed farming is evidenced by the excellent display of the products of this district at the Board of Trade offices. Some mangels of surprising size, grown on the farm of Gordon McDonald, at Pembina Crossing, bear ample testimony to the fact that the soil is adapted to the growth of vegetables. Oats with long straw and large well-filled heads, and timothy that is hard to beat, prove that grains and grasses do well there. The residents of the Pembina River district, who are an energetic body of men, are preparing an exhibit of the products of that district, which will be sent to this city for exhibition purposes. It will include grains, grasses, vegetables, honey, minerals and other products of the farms and mines. This will give prospective settlers a very good idea of what can be produced in the district and will tend to stimulate immigration to that point.

BOARD OF TRADE BUSY.

The good work for the city and district being carried on by the Edmonton Board of Trade still continues, and business men in the city feel that this organization is doing much to assist in the proper advertisement of this city and in getting influential people interested in this part of the West. The board of trade offices on First street is one of the busiest of places. Visitors to Edmonton naturally turn to this office for information, people from outside points write for it, and the secretary, A. G. Harrison, and his assistant, Mr. Adams, are kept going carrying out the ideas of the board in this respect. The following is the report issued by the board for the month of September:

"During the month of September, the board of trade has been very busy entertaining Canny Scotchmen and others. The National Editorial Association were entertained with the result that Edmonton has been talked of and written of throughout the United States. All these visitors were supplied with descriptive literature and samples of grain, etc.

Other business of the board was as follows: 147 letters received, 215 letters dispatched, 525 pamphlets dispatched, and 327 callers to the board offices, not including local callers.

Amongst the inquiries received, the following points were included: North Dakota, Winnipeg, Owen Sound, New York, London, Ont., Ottawa, Cumberland, B.C., Quebec, Kansas, New Zealand, Washington, Montana, London, Eng., Montreal, Medicine Hat, Province, R.I., Kelso, Scotland, Iowa, Province, R.I., Kelso, Scotland, Iowa, Windsor, N.S., Carbon, Ala., Ohio, Toronto, Akron, Mich., etc., etc., including several points in Western Canada.

During the month of September the "All Red Route to the Arctic Ocean" was issued by the board of trade, and attracted considerable attention. Numerous requests were received for copies of this booklet and copies have been sent to the leading newspapers and magazines in the country, government officials, railway officials and others."

(From Saturday's Daily.)

The Ladies' Aid of the First Presbyterian church will meet on Tuesday afternoon at three o'clock.

There will be no further series in the rink in St. Andrews parish until the new church is built. Plans are being made for the construction of a building.

At the office of the building inspector this morning J. M. Clark took out a permit for two stores on Park street, Westmount sub-division to cost $1,200.

A public meeting will be held in Riviere Qui Barre on Thursday, October 22nd, at 8 o'clock. The meeting will be addressed by Hon. Frank Oliver, minister of the interior.

The directors of the exhibition association have decided to utilize the Curling rink during the grain fair for purpose of exhibiting merchants and manufacturers' goods spaces of sixteen feet frontage and fourteen feet deep are to be retained for the week at $10 each.

On Thursday evening Mr. Robertson, of the law firm of Griesbach & O'Connor, entertained at dinner at Crom's Cafe in honor of his friend, Professor Alleyne Ireland who is in the city this week. Among the guests were Mr. and Mrs. W. A. Griesbach, Hon. Dr. Scarlett-Synge, and Rev. and Mrs. Arthur Murphy.

PERSONAL.

Re. Mr. McKenzie has gone east to Brandon oer the C. N. R.

Miss Brown leaves on Tuesday on the C.N.R. for Montreal and Philadelphia.

A. Jenkins has gone east to Kingston over the C. N. R. to attend Queen's University.

W. Saunders, F. Saunders and J. Hodgs left on the C.N.R. yesterday for Liverpool, England, they will sail from Montreal on the steamship Victorian on October 8th.

J. W. Morton, of the Saskatchewan Land and Development Company, of North Battleford, arrived in the city this morning on the C.N.R. and is a guest at the Windsor Hotel.

AT THE POLICE COURT.

At the Police Court last night a bus owner named A. Langevin was fined $1 and costs for using abusive language towards a C. N. R. station policeman

The two young lads Floyd and George Matthews were found guilty of the theft of chickens and each was fined $20 and costs. They will likely take a mouth at Fort Saskatchewan instead of paying the fine.

This morning the case against a young girl charged with being an inmate of a house of ill-fame is being tried.

BOYS MAKE MERRY.

The first social of the season in the Boys Department was given at the Y last evening to celebrate the closing of the membership competition among the boys. The boys were divided into two groups, known as the Red and the Blues, and a competition was started to increase the membership of the Boys department. The Reds won out and their victory was celebratedlast night. A program of music, songs and recitations was given and a light fruit lunch was served. The membership of the Boys' department is now increased to 117 and the total membership of the Y. M. C. A. is 610. The boys wished to have the competition extended for one month, and their request has been acceded to. They are divided into two sections, the Reds and the Blues. The captains are Andy Carmichael and Harold Lynn and the lieutenants Milton Henry and Clayton Butchart. Both sides are putting in hard work to secure the greatest number of new members for the Boys Department of the Y. M. C.A.

SHOWS HANDSOME SURPLUS.

A report has been received by the City Commissioners from the Electric Light and Power Department for nine months ending August 31st, which showed a surplus of $34,292.89. The total expenses for this period were $47,648.52 and the receipts $81,941.41. The details of this report which was adopted are as follows:

Expenditure—	
Power generated	$27,137.51
Inventories of power house	2,024.04
Power purchased, Strathcona	2,163.00
Total	$31,324.55
Operation—	
Teams	$ 233.53
Stationery	430.04
Postage stamps	320.08
Inspections	266.22
Interest	5,264.50
Salaries	5,819.95
Miscellaneous	105.33
Office rent	300.00
Telephone	59.20
Lamps	168.72
Flexible cord	27.36
Total	$13,443.50
Maintenance—	
Instruments	$ 15.11
Furniture	26.15
Aerial	142.31
Tools	100.53
Transformers	46.12
Arc Lamps	349.12
Conduit	2.26
Meters	797.72
Nernst Lamps	372.22
Poles	137.05
Services	609.06
Market Warehouse	268.67
Total	$ 2,880.53
Revenue—	
Sale of light and power	$76,354.21
Inspections	351.90
Applications	351.35
Outstanding accounts	4,883.25
Total	$81,941.41
Total Revenue	$81,941.41
Total Expenditure	47,648.52
Surplus for nine months	$34,292.89

POLICE DEPARTMENT REPORT.

Major W. Beale, chief of police, has presented to the City Commissioners the report from the police department for the month of September, showing the work done by that department in the past month. The following is the report:

Seventy-eight persons were apprehended or summoned, and the offences with which they were charged are as follows:

Offence.	Con.	Dis.	Tl.
(Cases under City by-law.)			
Drunk	18	0	18
Keeping dog without license	3	1	4
Leaving horse untied	1	0	1
Riding bicycle on sidewalk	6	0	6
	28	1	29
(Cases under Criminal Code.)			
Assault	10	2	12
Breach of liquor license ordinance	2	1	3
Breach of bond	0	1	1
Carrying concealed weapons	1	0	1
Cruelty to animals	0	1	1
Entering premises	6	0	6
Frequenting house of ill-fame	1	0	1

	61	17	78

The cases as taken by the Police Magistrate are	28
The cases as taken by the Police Justices of the Peace are	50
Total	78

The following amounts were paid to the Secretary Treasurer:

Fines	$399.25
Dogs	377.50
Court orderly fees	19.00
Total	$795.75

Lost and stolen property to the value of $187.50 was recovered and returned to owners.

Approximate value of property waiting to be claimed $140.00.

REMARKS.

Sergeant McCallum has been relieved of police duties in order that he may collect the poll taxes for the city.

Mounted constable Reeve had the misfortune to break his collar bone on the 19th inst; and is still in the general hospital.

Constable Haig (Norwood) reports a number of complaints from residents in his district re cattle being allowed to run at large, he has done what he could to remedy this, but the fact that the pound-keeper has been ill for some time makes it very difficult for him to get the animals to the pound.

I have received complaints that the gramophones used by the Vaudeville theatres are a source of annoyance to persons residing near them. I hae ordered all Gramophones that were either on or partly on the street, to be removed inside the entrances to these theatres, and as they are on private property now, I cannot stop them from being operated."

AN ASTUTE COMPROMISE.

Between London Times and Mr. Murray Over Book War.

London, Oct. 3.—Lord Northcliffe has succeeded in stopping the book war. The daily Mail this morning gives the details which appear to indicate that a treaty of peace is really a treaty of partnership. The Times having joined forces with its arch enemy, Mr. Murray, to bring out the national and cheap edition of Queen Victoria's letters. It is rather an astute compromise as it saves the face of both the Times and Mr. Murray. The Times accused Murray of publishing "The National Literary Heritage" at a prohibitive and unpatriotic price. Mr. Murray promptly sued the Times for libel and won. Now Mr. Murray is bringing out a cheap edition, and tacitly admits that the Times strictures were well founded, and the Times by co-operating with Murray admits that he is a true blue patriot.

LABOR JOURNAL AFTER BRYAN.

Handles Him With Ungloved Hands Over Haskell Incident.

Pittsburg, Pa., Oct. 2—"Caught with the goods" is the keynote of a column editorial in the current issue of The Labor World, which is read by 100,000 persons. Editor John D. Pringle handles both Bryan and Haskell without gloves, saying in part: "The duplicity of Bryan as a professed friend of labor has been exposed beyond a shadow of doubt, and this exposure has in turn laid bare the hypocrisy of those who want to "Throw the labor vote" to Bryan because he is labor's friend. There was never, from a labor point, a more timely exposure than that of Haskell, for it at a most opportune time lays bare the insincerity and absolute hypocrisy of Bryan as a so-called "friend of labor." Although Haskell has been eliminated from the front rank of the surface of the Democratic campaign it is impossible to sever Bryan from the influence of this man and those whom he represents. "We assail Haskell as a most relentless and dastardly two-faced foe of trade unionism. We are of the opinion that Bryan knew this fact long before. The exposure of W. R. Hearst in this respect turned on the light more fully, and the public gaze was forced in the direction of this remarkable duplicity of Bryan and Haskell."

FIRE AT SETTLER.

Chinese Laundry and Dwelling Were Burned aLst Night.

Stettler, Alta., Oct. 3.—Last night a serious outbreak of fire occurred at the north end of Main street. The fire originated in the upper room of a Chinese laundry, and despite the strenuous efforts of the volunteer fire brigade, the laundry and adjoining house, occupied by Captain Grundy, were demolished. A residence adjoining caught fire but was saved, as was the Astor House, which terminates the block. There was fortunately but a light wind, and that from the north west, or the results would have been disastrous. The town gasoline engine was unable to be operated until the adjoining buildings were saved, but an hour after the outbreak the engine was operated and all danger over.

BORDEN AT SIMCOE.

Says Conservatives Would Carry Out G. T. P. Bargain.

Simcoe, Ont., Oct. 2—Several thousand people listened last night to R. L. Borden when the Conservative leader gave his views on the G. T. P. "I am not here," he said, "to invite you to a reconsideration of that bargain because it has been made by the government, ratified by parliament and ratified by the people of Canada as well. The Conservatives, who at all times have stood for the observance of contracts, would, if returned to power tomorrow, be obliged to treat that bargain exactly in the same way as if the Conservatives had made it."

He explained the bargain, and claimed its ratification was obtained on a misstatement as to the probable cost and pointed to letters of G. T. P. engineers as evidence that vast sums of public money were being wasted on this project. After reference to the all-red route project, Mr. Borden discussed the preference charging Sir Wilfrid Laurier with having thrown away the chance of securing a concession in the British markets. This mutual preference would, in his opinion, make products of every farm worth at least 25 per cent. more. The action of Sir Wilfrid was a distinct violation of a distinct engagement with the people of the country.

"And I venture to think," he said, "that the mutual preference will one day be accomplished."

Favors Higher Protection.

London, Eng., Oct. 3.—Robert Duff, engaged in rag and shoddy yarn cloth trade with Canada, was interviewed by the Yorkshire Post (Leeds), and expressed the opinion that nothing could save the woollen industry but higher protection. The Canadian woollen manufacturers understand their business, but they suffer in competition through lack of specialization.

Boyer to Oppose Monk.

Montreal, Oct. 2—The Liberal of Jacques Cartier today nominated Hon. Arthur Boyer to oppose Mr. Monk. Hon. Mr. Boyer is out of the province at present, but it is presumed he will accept.

WILL HE REFUSE A SECOND TERM?

Petition in Circulation Asking Mayor McDougall to Consider Re-election.

A petition is in circulation and is being almost unanimously signed requesting Mayor McDougall to allow his name to be placed in nomination for the position of Mayor for 1909. The record of the present year's administration has been such that an election by acclamation would be almost a certainty if the present head of civic affairs should decide to again accept the position.

It is understood, however, that Mayor McDougall declines to accept the mayoralty chair for an other year, and not even the inducement of the unanimous choice of the citizens would prevail upon him to change his mind. This year's work in civic affairs has called for close attention by Mayor McDougall with results that have been highly satisfactory. It is probable that he will take an European tour early in the new year.

WATCHING U.S. ELECTIONS.

Germany is Greatly Interested in the Contest.

Berlin, October 2.—America's red-hot campaign is being watched in Germany with a degree of interest greater than that manifested in any other presidential contest during recent years. While a month ago American politics attracted little attention, the public generally assuming that the election of Taft was almost a foregone conclusion in view of the strong influence exercised by President Roosevelt, sensational developments of the past fortnight have brought the campaign into the foreground in public interest. Leading papers here publish whole columns reporting exciting incidents of the controversy between Roosevelt and Bryan, and speculating upon the probable results. In general, German comment is impartial and academic in tone so far as concerns any preference in the matter of candidates. Popular interest is chiefly absorbed in the peculiar campaigning methods followed, which, according to German ideas of electioneering, are divertingly picturesque.

PROFESSOR OF BOTANY

Appointed in Connection With Manitoba Agricultural College.

Winnipeg, Man., October 2.—The board of the Manitoba Agricultural College have appointed C. H. Lee, a notive of Simcoe County, Ontario, and five years principal of the Moosomin, Saskatchewan, High School, to fill the newly created professorship of botany and bacteriology. Professor Lee was brought up on the farm and graduated with first-class honors at Toronto University, taking a double scholarship in botany and biology. For two years he was science master at Dutton, Ontario, then came west. He has a continental reputation in lines he specialized in, and besides has an intimate knowledge of the fauna and flora of the prairie between Winnipeg and Calgary. He has pursued his investigations as far east as the Maritime Provinces and south in Mexico and Cuba.

TO RUSH G.T.P. WORK IN BRITISH COLUMBIA

General Manager Charles M Hays Says 200 Mile Section West of Wolfe Creek Will be Under Contract Within Next Thirty Days—Second 100 Miles East of Cost Also

Vancouver, Oct. 3—That construction work on the G. T. P. is to be rushed in British Columbia, just as rapidly as men and supplies can be secured for work, is the message brought to the coast this year by Charles M. Hays, general manager of the company. Mr. Hays arrived tonight.

One hundred and twenty miles of new work is now under construction west of Edmonton. Mr. Hays announced that within thirty days the company will be in a position to call for tenders for an additional two hundred miles west of Wolfe Creek, making the work extend well into British Columbia.

The second hundred miles is to be under contract east of Prince Rupert as soon as possible and tenders for this will likewise be called for within thirty days, making 200 miles under construction on the coast before the end of the year.

Final arrangements for the construction of the section over the inner table land of British Columbia have not yet been finally made. On this subpect Mr. Hays will visit the members of the government at Victoria after he has paid a visit to Prince Rupert and discussed plans with them.

Unemployed Problem Serious.

London, England, October 3.—The problem of the unemployed is daily getting more serious. The government has been urged to take steps to alleviate the situation, and the Admiralty has decided to give out contracts for a number of ships. This will help shipbuilders, but will be only a drop in the bucket. "The Right to Work" National Council, which is composed of Labor leaders, has issued a manifesto calling upon the unemployed to make the 11th, the eve of the opening of parliament, a day of demonstration, and to impress upon the government their condition.

President of Dental Association.

Winnipeg, Oct. 2—Dr. W. McLean has been elected president of the Winnipeg Dental association, which held a banquet tonight at Mariaggi's.

FOR A CHURCH SITE.

Government Sells Five Lots at Battleford—Other Land Disposals.

Ottawa, Ont., October 2.—Five town lots have been sold by the government to the Methodist Church at Battleford for one dollar each.

The Minister of Interior has recommended that J. S. Riddle, of Danville, Que., who is engaged in extensive ranching operations in Alberta, be allowed to purchase certain lands in township 15, range 1, for $1.75 per acre. In all there are 1,444 acres.

The town of Gimli has been granted unclaimed and undisposed of lots in the townsite.

The standard passenger tariff of Brantford and Hamilton Electric Railway has been approved by the Railway Commissioners on the maximum basis of three cents a mile.

WARNING TO SHIPPERS.

Of Apples Issued By Dominion Department of Agriculture.

Ottawa, Ont., Oct. 2.—Apple shippers are warned by the Department of Agriculture that pink rot appears to be very prevalent this year, and hence the shipping of apples not perfectly free from apple scab and showing any signs of pink rot, is particularly hazardous. Many carloads of fruit were examined at the dock in Montreal to-day by the Dominion fruit inspectors, and were found practically worthless before they went on board ship as the result of this infestation. Shippers will lose heavily on this week's shipments. At least $1 of expenses has been put on each barrel of apples to reach Montreal, and freight and other charges when they reach Great Britain will amount to an equal sum, so that the loss will be very serious.

City a Vast Grave.

Bombay, October 3.—The correspondent of local newspapers who has reached Hyderbad, the capital of the flooded district, describes that city as a vast grave. The streets have been transformed into a gruesome mass of stone and mud and decomposed flesh. It is impossible accurately to estimate the death roll in the stricken region, the correspondent declares, but some natives put it as high as 50,000. Six hundred corpses were taken out of the mud at one spot on Thursday and funeral pyres are burning day and night. The damage is estimated at $100,000,000.

To quickly check a cold, druggists are dispensing everywhere, a clever Candy Cold Cure Tablet called Preventics. Preventics are also fine for feverish children. Take Preventics at the sneeze stage, to head off all colds. Box of 48—25c. Sold by all dealers.

GOOD CHANCE FOR LIVE FOLK.

Though the winter months are generally looked on as an unproductive period for the farmer ,the cold season can easily enough be turned to profitable account. Poultry-raising, even on a small scale, will show a solid profit if started early enough in the winter, and handled right then and afterward.

Through the enterprise of one of our advertisers, the farmers of the Canadian West are offered this winter a rare chance to get into poultry raising on most attractive terms. With no immediate cash outlay, and without even paying the usual rather high freight charges, our readers can secure a famous Peerless outfit—a Peerless Guaranteed Incubator of the latest model, and a Peerless Brooder, identical with these which have helped so much to make a success of the Poultry Yards of Canada, Limited, that concern which operates at Pembroke, Ont., the largest and best paying poultry enterprise in the Dominion.

The Lee Manufacturing Company's advertisement on page 3 of this issue gives the particulars of this notable offer. Readers will do well to remember that the prices for winter reared poultry bid fair to be higher than ever next Spring and that winter poultry raising is not too difficult to be undertaken even by boys and girls.

It should be understood that this offer to prepay the freight charges, on Peerless outfits ordered before November 15th, is distinctly a special offer, made to encourage the growth of the poultry industry in the western regions of Canada. No locality in the country has larger possibilities for poultry farming; and the Peerless people are specially keen to capture the bulk of the Incubator and Brooder business in these parts. They have made their outfits right, priced them right ,and fixed the terms so they ought to suit everybody. With the free freight offer they now make, for a little while, they certainly have a proposition that will bring the business their way.

IN THE MATTER OF THE ESTATE OF REUBEN W. HILL, INSOLVENT.

Notice is hereby given that the said Reuben W. Hill, of the City of Edmonton, in the Province of Alberta, Contractor, lately carrying on business at the Cit yof Edmonton, has made an assignment under the Assignments' Act, Chapter 6 of the Statutes of the Province of Alberta for 1907, of all his property, to me ,the undersigned, of the said City of Edmonton, for the general benefit of his creditors.

A meeting of the creditors o fthe said Insolvent will be held at the office of Messrs. Boyle & Parlee, 157 Jasper Ave., East, in the City of Edmonton, on the Tenth day of October, 1908, at the hour of three o'clock in the afternoon, for the appointment of inspectors and the giving of directions with reference to the disposal of the estate.

All persons claiming to be enetitled to rank must file their claims with the undersigned or with Messrs. Boyle & Parlee, Solicitors for the undersigned, with the proofs and particulars thereif required by the said Act on or before the date of such meeting, after which date I will proceed to distribute the assets thereof, having regard to those claims only of which I shall then have received notice.

Dated at Edmonton, in the Province of Alberta this 1st day of October, A.D. 1908.
