John J. Dixon & Co. received the following today from Counselman & Day of Chicago: Wheat has manifested rather a dragging tendency today, despite the possibility of a disturbance of our relations with Italy. Stronger cables decreasing Liverpool stock, as well as very small receipts local and otherwise. These three or four circumstances would ordinarily have produced a decided bulge, but market showed but little bullish feeling except spasmodically and advances were of short duration. Prospects of milder weather, excellent character of crop reports, and news of some seeding having been done in the Northwest are rather of a nature to dissuade outside buyers from taking hold, while clearances were only moderate and local crowd bearish. A slight spurt occurred on posting of closing cables quoting an advance, but not being supported by other buying it flattened out when shorts had covered. We think outlook is rather heavy, as market does not respond to bull advices as formerly and holders are very likely to be too numerous therefore. Corn was quite within a moderate range. The bull spirit was noticeably lacking and close was tame. Provisions were weaker. Bulk of buying was by shorts, packers and foreign houses as well as outsiders were principal sellers. The fact that local manufacturers will not follow advance in price is causing slackening of boom.

California Products on 'Change.

Samples of California wheat, flour, bran and middlings were shown on 'Change yesterday by Stark Bros. & Co. The wheat was greatly admired, the consensus of opinion being that it discounted anything ever grown in this country. The flour, etc., was from the mill of the Stockton Milling Co. of Stockton, Cal. This is the premier mill of the Pacific slope and is situated 90 miles from San Francisco in the famed San Joaquin Valley, from whence it draws nearly all its supplies of wheat. The capacity of the mill is 1500 barrels. Its product finds an outlet in China, Japan, Central America, Samoa and Honolulu, being put up in sealed tins for the two last-mentioned places.

The president and general manager, Mr. J. M. Weish, hails from Thornhill, York county. He learned his trade there, afterwards pursuing it in Canandaigua, N.Y., Walla, Oregon Territory, and latterly at Stockton. Mr. Welsh was in the city some months ago as the guest of the Messrs. Stark. The treasurer of the company is Mr. R. B. Tosteir, another Canadian, who formerly occupied a position with the Home Savings and Loan Co. of this city. There are in all some half-dozen Canadians employed in the Stockton mills.

Miscellaneous.

Receipts wheat at Detroit 15,000, shipments 12,000 against 13,000 and 18,000 respectively yesterday.

EPPS'S COCOA

BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—*Civil Service Gazette.*
