OFFICE OF THE GOVERNOR GENERAL'S SECRETARY, CANADA

OTTAWA, September 24th, 1932.

SIR,—I have the honour to inform you that His Excellency the Governor General will proceed to the Senate Chamber to open the Session of the Dominion Parliament on Thursday, the 6th October, at three p.m.

I have the honour to be,

Sir,

Your obedient servant,

JAMES F. CROWDY,
Assistant Secretary to the Governor General.

The Honourable
The Speaker of the Senate,
Ottawa.

Ordered, That the same do lie on the Table.

The Senate was adjourned during pleasure.

After a while, His Excellency the Governor General having come, and being seated on the Throne,—

The Honourable the Speaker commanded the Gentleman Usher of the Black Rod to proceed to the House of Commons and acquaint that House that,—

It is His Excellency the Governor General's pleasure that they attend him immediately in the Senate Chamber.

Who being come, with their Speaker,

His Excellency the Governor General was pleased to open the Session by a Gracious Speech to both Houses, as follows:—

Honourable Members of the Senate:

Members of the House of Commons:

I welcome you to your duties at this season for my Ministers deem it expedient that you should consider, without delay, the Agreements made at the Imperial Economic Conference recently held in this City of Ottawa, between Canada and the other countries of the Empire. My Government are of opinion that these Agreements provide the means by which will be developed an enduring and mutually beneficial scheme of closer Empire Economic association, and that their early approval is advisable in the national interest.

The Report of the Royal Commission on Railways and Transportation will be laid before Parliament. In view of the conclusions and recommendations

contained in that Report your attention will be invited, at the earliest possible date, to a Bill designed to ensure more effective and economical operation of Canadian railways upon the basis of fair competition, secured in such manner as will avoid extravagant and harmful duplication of services.

Since the last session of Parliament, my Ministers have entered into a Treaty with the Government of the United States of America for the completion of the St. Lawrence Waterway. Upon its ratification by the duly constituted authority of the United States, this Treaty will be submitted to you for approval.

A Committee has been appointed by Order in Council to inquire into the operation of the Pensions Act so that my Ministers may have before them all information necessary to determine whether further action may be required to discharge the country's obligation to those who served in the Great War.

The problem of unemployment continues to receive the anxious attention of my Ministers. Under the powers granted them at the last session of Parliament, they have been able to develop further, in co-operation with the Provinces and Municipalities, a scheme of direct relief to be put into operation during the autumn and winter months to the extent required by prevailing conditions. Plans for the re-establishment of the unemployed in various parts of the country are in preparation and will become operative as soon as, in the opinion of my Ministers, the public expenditure incident thereto will be productive of commensurate benefits.

It is a matter of gratification to us all that in those large areas of the west, where, during recent successive years, crop failure was followed by widespread distress, this season's bountiful harvest forecasts greatly improved conditions and makes possible a corresponding reduction of relief measures.

In accordance with the provisions of the British North America Act, you will be invited to consider a Bill for the redistribution of representation of the Provinces in the House of Commons.

There will also be brought before you for consideration other measures which my Ministers deem to be in the public interest.

You will be invited to extend Canadian Bank Charters for one year in order that Parliament may be informed of the results of the proposed World Economic and Financial Conference, to be called to consider financial, economic and monetary problems, before undertaking the decennial revision of the Bank Act.

When you have considered the matters requiring your immediate attention, it is proposed that Parliament shall adjourn, until early in the new year, then to proceed with the ordinary business of the session.

Members of the House of Commons:

The public accounts for the last fiscal year and the estimates for the coming year will be submitted after Parliament has reassembled. These estimates will reflect the continuance of the policy of my Ministers to exercise every economy, compatible with the proper administration of the state, until more favourable economic conditions shall have materially augmented the current national revenues.

Honourable Members of the Senate:

Members of the House of Commons:

While the economic situation still weighs heavily upon all classes of the community, there are at last definite signs that the acuteness of the depression is passing. I rejoice that the wisdom of your steadfast policy of retrenchment and constructive development, which has ameliorated the hardships of Canadians and maintained the enviable financial position of this country, is still more fully

manifest with approaching prosperity. The strength of our financial structure, the resourcefulness of agriculture, and the integrity of industry have enabled us to take quick and profitable advantage of improved conditions. The ratification of Empire trade agreements and your approval of the proposed economies and reforms in railway transportation are means by which Canada's favoured position will be more fully secured among the nations of the world.

The unity, fortitude and capacity of the Canadian people, without which all your labours would have been in vain, shall be now the foundation upon which, with co-operation and faith, we will build a Canada greater than we have yet known. I pray that Devine Providence may guide you in your exalted task.

The Commons withdrew.

His Excellency the Governor General was pleased to retire.

After some time the Senate was resumed.

The Right Honourable Senator Meighen presented to the Senate a Bill intituled: "An Act relating to Railways".

The said Bill was read the first time.

The Honourable the Speaker informed the Senate that a copy of the Speech of His Excellency the Governor General had been left in his hands.

The same was read by The Honourable the Speaker.

On motion, it was—

Ordered, That the Speech of His Excellency the Governor General be taken into consideration at the next sitting of the Senate.

The Honourable the Speaker presented to the Senate the Report of the Parliamentary Librarian, for the year 1932.

The same was then read by the Clerk, as follows:—

LIBRARY OF PARLIAMENT

Report of the Librarian for 1932.

To the Honourable the Speaker of the Senate.

The Parliamentary Librarian has the honour to submit the report on the Library for the year 1932.

The Supplementary Catalogue of books donated and purchased during the present year will be issued as soon as possible in 1933.

The undersigned records with regret the passing of Mr. J. de L. Taché. Mr. Taché, whose health had been far from satisfactory for some time, died on the 21st of March last. Born in St. Hyacinthe, Quebec, he lived there and in Quebec City until removing to Ottawa after accepting the position of King's Printer. Twelve years ago he was appointed one of the Joint Librarians of Parliament. A great lover of Canada, he devoted special attention to the collection of literary material relating to the early history of the country. Kindly and courteous, he will be long remembered by the staff of the Parliamentary Library.

Reference was made in the last Report to the transfer of a large number of books to the room in the West Block kindly provided by the Department of Public Works. The undersigned has the honour to point out that the room in question has now been filled and houses some thirty-five thousand volumes of Sessional Papers, Hansard, and so on, thereby greatly relieving the congestion in the Library proper.

The Library shared in the general reduction made in the departmental appropriations last Session. The Parliamentary section has, however, been kept supplied with the new books relating to the special needs of Parliament, but necessarily, there has had to be curtailment in the purchases of general literature.

Respectfully submitted,

MARTIN BURRELL,
Parliamentary Librarian.

Library of Parliament,

PART III

ARBITRATION IN CASE OF DISAGREEMENT

17. Tribunals constituted in manner hereinafter described, shall be erected as and when required for the purposes of this Part.

(2) A Tribunal shall have power and jurisdiction to settle and determine the dispute between the National Company and the Pacific Company which it was erected to dispose of, to make and enforce orders consequential upon such settlement and determination and to determine the conditions of, and interpret and enforce all such measures, plans or arrangements as have been agreed upon or made between such companies pursuant to Part II of this Act, whether or not such agreement was in consequence of an order of a Tribunal.

(3) Without restricting the generality of the foregoing the power and jurisdiction of Tribunals shall extend to disputes, as defined by this Act, relating to measures, plans and arrangements or proposals therefor which concern—

(*a*) joint use of terminals;

(*b*) running rights and joint use of tracks where there are actual or functional duplications, or where such may be avoided;

(*c*) control and prohibition in respect of the construction of new lines and provision of facilities and additional services where no essential need of the public is involved, or where the result would be in the main the division of traffic already adequately provided for;

(*d*) joint use of facilities where this would promote economy or permit the elimination of duplication or unremunerative services or facilities;

(*e*) abandonment of lines, services or facilities;

(*f*) pooling of any part or parts of freight traffic or of passenger traffic; and

(*g*) things necessarily incidental to the above enumerated matters.

(4) No Tribunal shall have power or jurisdiction to order the construction of extensions and additions to existing railway lines, terminals or facilities except in such minor matters as connections to give access to existing lines, terminals or facilities which by order of any Tribunal or otherwise are used or are intended to be used in common.

18. The Chief Commissioner of the Board of Railway Commissioners for Canada shall be the presiding officer of all Tribunals. The National Company and the Pacific Company shall each appoint a representative, and the representatives so appointed with the presiding officer shall constitute the Tribunal for dealing with the dispute to be disposed of. At the request of either the National Company or the Pacific Company, or both, the President of the Exchequer Court of Canada may, upon it being made to appear to him that the dispute is one of sufficient importance, appoint two additional members for its disposition.

(2) The powers of the Tribunal may be invoked by either Company by written application to the Chief Commissioner setting forth in a concise and summary way the subject matter of the dispute. The name of the representative of the company making the application shall be notified to the Chief Commissioner concurrently with the making of the application. A copy of the application shall forthwith be sent to the other company with a request for the appointment of its representative, and such company shall nominate its representative within ten days from the date of receipt of the copy of the application.

(3) In the event of failure of the other company to appoint a representative the Tribunal may proceed to consider and determine the subject matter of the application, and the decision of the two members of the Tribunal shall be binding upon both companies. The presiding officer may, however, in his discretion, appoint a person to represent the company so failing to appoint its representative.

(4) In the event that a representative of either company is unable or unwilling, or neglects or refuses to act or to continue to act, a successor may be appointed by the company he represents or by the presiding officer, in the event of a failure so to appoint, or the Tribunal may, by direction of the presiding officer, proceed to consider and determine the matter or thing in dispute, notwithstanding the inability, unwillingness, neglect, or refusal to act of such representative.

(5) The Chief Commissioner may of his own motion or at the request of the National Company or the Pacific Company or both, reconvene any Tribunal to settle or determine any dispute which relates to the conditions, interpretation or enforcement of any order made by that particular Tribunal, and such reconvened Tribunal shall have power and jurisdiction to settle or determine in the premises.

(6) The National Company and the Pacific Company shall pay all reasonable fees and expenses of the members of the Tribunal appointed by them or by the presiding officer in equal shares or in such proportions as shall be directed by the presiding officer. The fees and expenses of the hearing and of witnesses and experts appearing on behalf of the parties to the dispute before the Tribunal shall be such as are allowed by the presiding officer, and shall be paid either by one company or by the two companies in such proportions as he shall direct.

19. If, in the opinion of the presiding officer of any Tribunal, any application made to him raises matters of substantial concern to the public or a section of the public, he may direct that notice of the sittings of the Tribunal shall be given either by advertisement in one or more newspapers, or otherwise as he may consider expedient, and may permit representations to be made at said sittings by such person or bodies, including the Government of Canada or of any of the provinces of Canada, as in his opinion should be heard.

(2) Whenever a dispute exists which in the opinion of the presiding officer specially affects any province of Canada or the public thereof the presiding officer shall notify the Attorney-General of such province of the application, of the subject matter of the dispute and of all sittings with relation to it.

20. For the carrying out of the provisions of this Part, the Chief Commissioner may make rules or regulations governing all matters of procedure, including the care and custody of the proceedings before and the orders and decisions of Tribunals. Such rules or regulations shall provide so that all records and documents of such Tribunals and of all proceedings had or taken under this Act shall be preserved and recorded by the same persons and in the same places as those of, and as if such records and documents were those of, and such proceedings had been had or taken by or before, the Board of Railway Commissioners for Canada.

(2) Rules or regulations of the Board of Railway Commissioners in respect of the procedure for hearing applications and the conduct of its sittings shall, *mutatis mutandis*, apply to proceedings before Tribunals, except in so far as they may be inconsistent with the provisions of this Part or with rules or regulations expressly made for the purposes of this Part.

21. The Chief Commissioner as presiding officer of any Tribunal shall have and exercise all the powers of the Board of Railway Commissioners to examine witnesses upon oath and for securing the attendance of witnesses, and for the production of documents and generally in respect of witnesses and evidence as provided in the *Railway Act*.

22. An order or decision of any Tribunal shall be binding upon the National Company and the Pacific Company, and shall have like force and effect as an order of the Board of Railway Commissioners for Canada made in a matter falling within the Board's jurisdiction, and may be enforced as if it were an order of said Board, and all the provisions of the *Railway Act* in respect of orders of the Board and their enforcement shall apply *mutatis mutandis* to an order or decision of the Tribunal.

(2) Every Tribunal shall have, as respects all matters necessary or proper for the due exercise and enforcement of its jurisdiction and orders, all such powers, rights and privileges as are vested in a superior court.

23. Where the execution of an order, or the carrying out of a decision of a Tribunal, involves the doing of any act which by any statute requires, but for the provisions of this Act, the leave, sanction, assent or approval of the Board of Railway Commissioners, or where in the opinion of the presiding officer the public interests involved are of sufficient importance to warrant it, no order made by a Tribunal shall be operative without the concurrence of the presiding officer and his formal written assent.

24. In the event of any conflict between an order of the Board of Railway Commissioners and that of any Tribunal, the order or decision of the Tribunal shall prevail.

25. The determination of a Tribunal may be that of a majority of its members and shall be final as to all matters of fact. No proceedings in *certiorari*, even as to jurisdiction, shall lie to any court, but in lieu thereof, an appeal shall lie to the Supreme Court of Canada by leave of a judge of that court upon a question as to the jurisdiction of the Tribunal, and by the same leave an appeal shall lie to the same court from any determination of a Tribunal as to a matter of law.

(2) Appeals shall be asserted and shall proceed according to the ordinary rules and procedure of the Supreme Court of Canada, except that in the case of an appeal by leave such rules and procedure may be varied to fit the circumstances as the judge who gives leave to appeal may approve or direct.

(3) Save as provided by this section no order, decision or proceeding of a Tribunal shall be questioned or reviewed, restrained or removed by any process whatever in or to any court.

(4) No order of a Tribunal need show upon its face—

(*a*) that any proceeding or notice was had or given or

(*b*) any circumstance necessary to give it jurisdiction to make such order.

After which His Excellency the Governor General was pleased to close the Fourth Session of the Seventeenth Parliament of the Dominion of Canada, with the following Speech:—

Honourable Members of the Senate:

Members of the House of Commons:

In bringing to a close the Fourth Session of the Seventeenth Parliament, I congratulate you upon the extent to which you have realized the hopes set forth in my address on the re-assembling of Parliament in October last.

It is deeply gratifying that the benefits of the Imperial Economic Conference Agreements now known throughout the world as the "Ottawa Agreements," to which legislative sanction was given in the early part of the session, are already reflected in a profitable and steadily increasing volume of Empire Trade.

The measures which my Government has taken to maintain the integrity of national finance are already showing gratifying results. The credit of Canada throughout the world has been strengthened.

The last decennial census, upon which redistribution of the representation of the people in the House of Commons under the British North America Act is based, disclosed that Canada has now, like many other countries, a majority

of its population residing in urban communities. Notwithstanding this added difficulty, a fair and equitable redistribution of the electoral divisions of the country has been accomplished.

The Charters of Canadian Banks have been extended for one year, in order that Parliament before undertaking the decennial revision of the Bank Act, may be informed of the conclusions of the World Monetary and Economic Conference and may have before it the findings of a Royal Commission which my Government will shortly appoint, to consider Canadian Banking and Monetary Problems.

The intricate and difficult problems of railway transportation in Canada have been dealt with by Legislation embodying the essential recommendations of the Royal Commission on Canadian Railways and Transportation. This Legislation based upon the principle of maintaining the integrity of our two transcontinental railway systems, aims to secure efficient and economic service and to provide means for ensuring co-operation between the two railways.

The Agreement with the Republic of France, regulating customs tariffs, together with the Convention governing the rights of nationals, commerce and shipping, which you have ratified will, it is confidently believed, promote trade between and confer mutual benefits upon the two countries.

The Amendments to the Pensions Act which you have passed will enable the country more fairly and equitably and with less cumbersome and expensive machinery to discharge its obligations to those who served in the Great War.

Among other important measures passed were An Act to Amend the Canada Grain Act, An Act to Authorize the Governor in Council to agree to Extend by Proclamation the Duration of the Canada New Zealand Trade Agreement, An Act to Amend the Canada Shipping Act, and Acts respecting Penitentiaries, His Majesty's Visiting Forces, the Criminal Code, the Royal Canadian Mounted Police, and Unemployment and Farm Relief.

Members of the House of Commons:

I thank you for the provisions you have made for the Public Service.

Honourable Members of the Senate:

Members of the House of Commons:

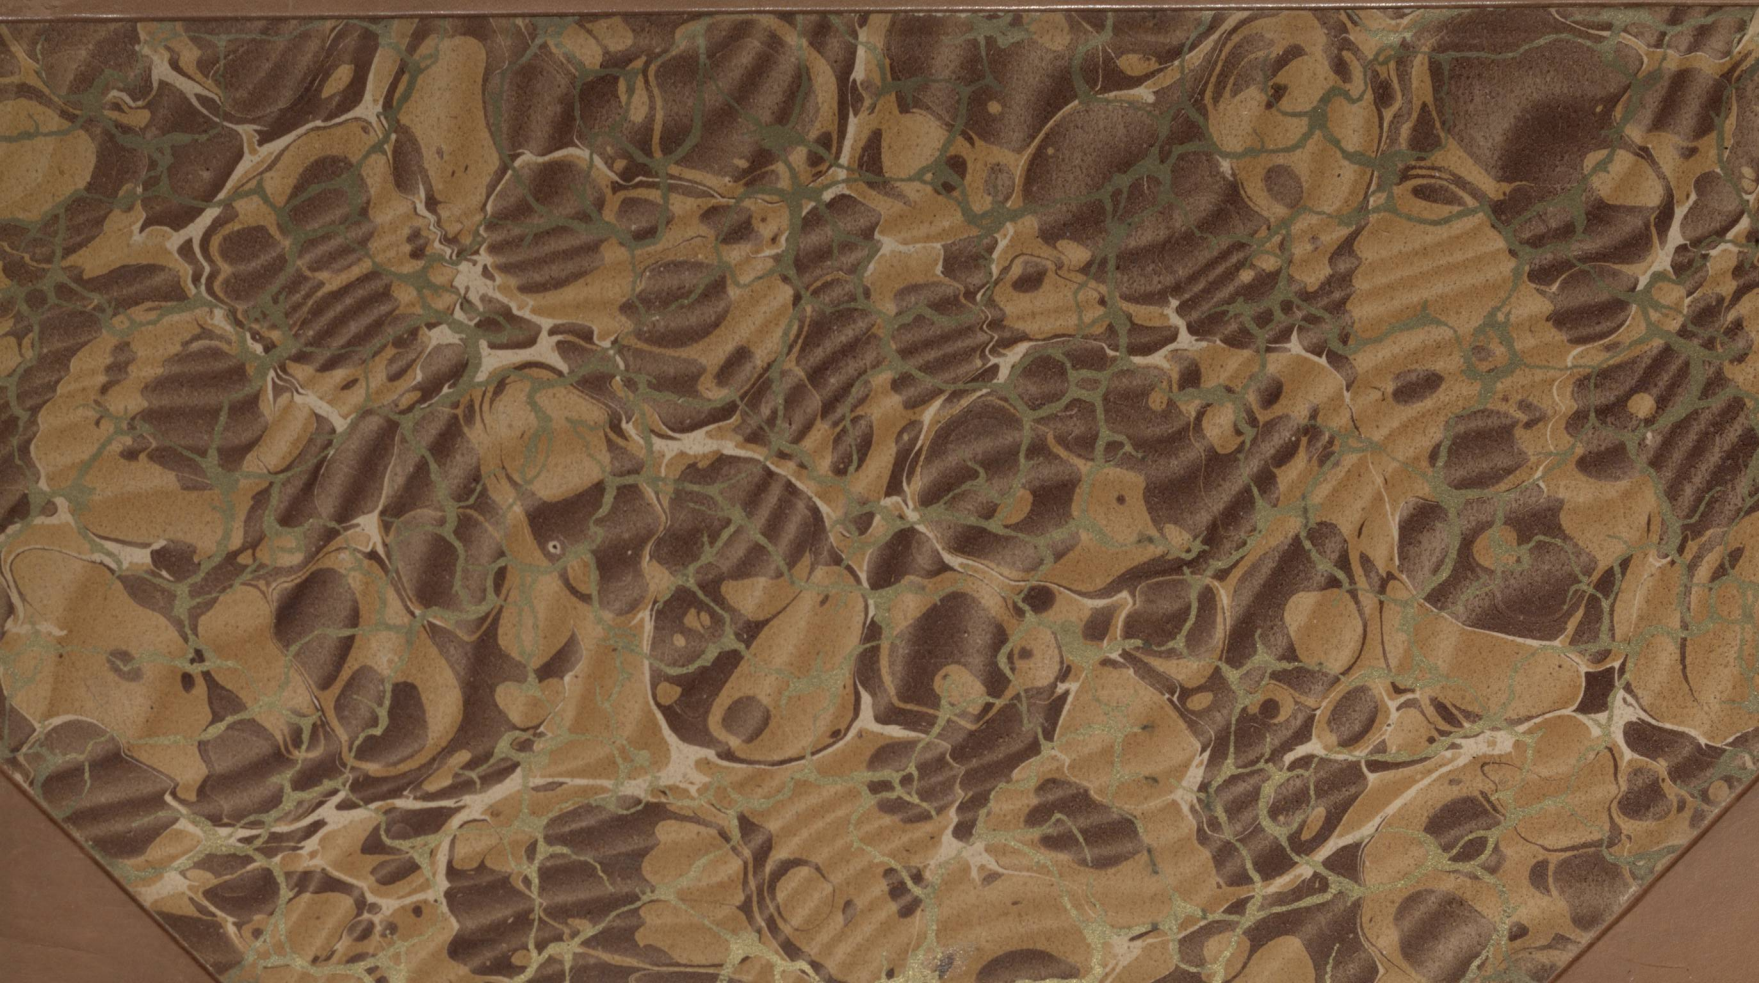
The courage with which the Canadian people have endured the burdens imposed upon them in these troubled times is witness to their great faith in the future of their country. It is, however, realized that co-operation amongst the peoples of the world is essential to recovery from the unprecedented conditions which have for so long prevailed in all countries.

In relieving you from attendance upon your parliamentary duties, I pray that Divine Providence may guide and bless you.

The Honourable the Speaker of the Senate then said:—

Honourable Members of the Senate:

Members of the House of Commons:

It is His Excellency the Governor General's will and pleasure that this Parliament be prorogued until Thursday, the 6th day of July next, to be here holden, and this Parliament is accordingly prorogued until Thursday, the 6th day of July, next.


OTTAWA: J. O. PATENAUDE, Acting King's Printer, 1933.
