ROOSTER'S RIDE ON CAR TRUCK FROM TORONTO TO BROCKVILLE.

Brockville, April 6.—(Special.)—When No. 4 express, the fast train from Chicago, pulled into the G.T.R. depot here, a car inspector discovered a large white leghorn perched on one of the trucks.

How the bird got there was a topic for discussion, and upon enquiry being made the train crew recognized it as the same rooster they had chased around the depot at Toronto shortly before the express pulled out for the east.

Being pursued, it took shelter, unnoticed, on the truck and rode the 208 miles to Brockville undisturbed.

86 CAR LOADS YESTERDAY ARRIVED AT CITY MARKET

Brisk Trade and Cattle All Sold by 8 a.m.—Butchers' Cattle 10c to 20c Higher.

Receipts of live stock at the City Market, as reported by the two railways, amounted to 86 car loads, all told, composed of 1150 cattle, 3254 hogs, 245 sheep and lambs, and 200 calves, with 4 loads of Chicago cattle in transit for export by W. H. Dean.

Trade was brisk, the best of the season, butchers' cattle selling at 10c to 20c per cwt. higher than on Tuesday, that is the good to choice grades. And to show how anxious the buyers were it was stated that many of them were watching for the trains coming in all night long. The bulk of the cattle were sold before 8 a.m.

There was a large number of buyers from outside places, several of whom did not get a hoof, and more cattle would have found ready sale. One local butcher who always buys the best quality of butchers' cattle for some of Toronto's best trade, stated that he could not get what he wanted in quality, as the few of his kind had all been picked up before he got a look in.

Exporters.

There was a good demand for shipping cattle, but few were offered. Prices were not any higher in this class and ranged from $4.75 to $5.25 per cwt., the bulk going at $5 per cwt. Export bulls sold at $3.90 to $4.12½ per cwt.

Butchers.

Prices for choice picked lots of butchers sold at $4.50 to $4.80 and a little more was reported for a couple of lots that were good enough for export; loads of good, $4.25 to $4.50; medium, at $3.80 to $4.15; common, at $3.25 to $3.60; rough, at $3 per cwt.

Feeders.

As usual the demand was far greater than the supply and many customers went home without being able to get a supply. Good quality short-keep feeders, 1100 to 1200 lbs. each, sold at $4.50 to $4.80; steers, 1000 to 1100 lbs. each, sold at $4 to $4.50; steers, 900 to 1000 lbs. each, at $3.75 to $4; steers, 700 to 800 lbs. each, at $3.25 to $3.60; stockers, 450 to 600 lbs. each, $3 to $3.25 per cwt.; stock calves of good breeding qualities, $3.50 per cwt.

Milch Cows and Springers.

Trade was fair, about 30 milch cows and springers selling all the way from $25 for scrubs to $30 for common and $35 to $45 for medium to good, and $52.50 each for the best offered, and they were not what could be called choice quality.

Veal Calves.

About 200 of the calf kind were offered, but half of them and more should have been left on the farm until they were fit for use as veal. Prices ranged all the way from $2 to $3 per cwt. for the inferior to $4 to $5 per cwt. for common to medium, and $6 to $6.50 for good to choice, of which there were few.

Sheep and Lambs.

A light run, not enough to supply half of the demand, caused a brisk trade, with as high prices as ever and in fact higher, when quality is considered. Export ewes at $4.75 to $5.50; bucks, at $3.75 to $4.35; mixed lots at $4 to $5 per cwt. Yearling ewes and wethers of choice quality sold at $7 to $7.50 per cwt. and one lot of extra choice quality were bought at $7.60 per cwt. Spring lambs sold all the way from $3.50 to $7 each, and it is a shame to see some of the little creatures that are being brought in to slaughter that are unfit.

Hogs.

Liberal deliveries came on the market. Since Tuesday Mr. Harris received 3254, as reported by the railways. He reports prices steady at $6.25 per cwt. for selects, and $6 for lights and fats. But there are far too many of the light thin hogs being marketed, that are not wanted and which would pay the farmer to keep until properly prepared for the best class of bacon. A large number were being culled out, and drovers are warned against bringing this class.

He shipped to different points in Western Ontario 7 car loads, for which he paid for choice short-keep feeders 1100 to 1200 lbs. each, $4.50 to $4.80; feeders, 1000 to 1100 lbs., $4 to $4.50; feeders, 900 to 1000 lbs., at $3.75 to $4; feeders, 700 to 800 lbs., at $3.25 to $3.60; stockers, 450 to 600 lbs., at $3 to $3.25, and yearling stock calves at $3.50 per cwt.

J. Stonehouse and J. Tait, butchers of Hamilton, who were on the market looking for supplies, went back as they came, not being able to get any cattle, all having been bought up before they arrived.

E. Devlin of Ottawa, Mr. Green of Belleville and Mr. Vincent of Montreal were more fortunate, having obtained a few lots. Mr. Chute of Quebec was almost discouraged when he saw the situation, as he was here intending to take back a large number of cattle.

Junction Live Stock.

H. P. Kennedy bought since Tuesday 1600 hogs at the Union Stock Yards at $6.40 to $6.50 per cwt., off cars, and $6.25 fed and watered.

Railway Bills Reported.

Ottawa, April 6.—An act respecting the St. Catharines and Toronto Railway Company was reported this morning by the railway committee. The time for the completion of the extension of the line by way of Hamilton was extended for three years, and the extension to a point on the Niagara River at or near Fort Erie was extended for two years for commencement and five years for completion.

An amendment, which has been under consideration of the minister for some time and which was agreed upon by parties concerned, was inserted that the company may construct its railway upon or along Burlington Beach, in the Counties of Wentworth and Halton, provided always that the Toronto and Hamilton Railway Company and the Niagara, St. Catharines and Toronto Railway Company shall have one right of way only upon or along the beach, to be used by the said companies in common upon terms to be determined by the board.

The Toronto and Hamilton Railway bill was reported after a similar clause was inserted in it.

THEIR LIVES, IF NECESSARY BUT BALLOT GIVES THE WAY

Winnipeg Orangemen Call for an Opportunity to Express Their Opinion at the Polls.

Winnipeg, April 6.—(Special.)—At a special meeting of L.O.L. 1307, called to consider the political crisis, W. T. Edgcombe, secretary of the district L.O.L., moved a resolution condemning the action of Sir Wilfrid Laurier and Mgr. Sbarretti on the boundary question, and declaring the necessity for immediate dissolution, so as to get a strong expression of opinion from the province, and in the case of that being refused, inviting the government to convene the legislature. In the course of his introductory remarks Mr. Edgcombe said:

"Whose word do you accept? that of parties who realize they have made a profound mistake and who must, at all hazards, cover up traces of their guilt, or of your own public men, whose private life you know and whose devotion to the cause of "national schools"—their own, just as much as yours—you know? This is not the time to sit with folded hands. We must be up and doing. If necessity arises we would not shrink from offering our lives, but the law has put a surer weapon into our hand—the ballot. We desire to express our opinion at the polls, and it is the duty of the provincial government to help us. If, as has been said, dissolution has been refused, then let the government convene the assembly that our voices may be heard in unmistakeable fashion."

A resolution along the lines of the above remarks was unanimously adopted and will be forwarded to the Dominion and provincial governments.

NO AVENUE ROAD EXTENSION.

"Show Me" Says Manager Fleming—Wants Assurance of Revenue Before Building.

The legal advisers of the Toronto Railway Company claim that the agreement only gives the council right to order extensions within the bounds of the city, as they existed at the time the contract with the city was made, and not on boundaries created during the life of the contract. On this point there be room for legal argument and the question will sooner or later be settled by the courts. Manager Fleming championed the rights of vested interests in Toronto before the Avenue-road section was admitted, and says he will not be a party in helping to bring on the real estate market, outside property in competition with the vacant lots in the older parts of the city. He thinks that the extension of the railway would make land on Avenue-road much more valuable, and that property owners would grow rich at the expense of the railway company.

"As son as I can see an adequate return for our outlay, or it can be proven to me that the extension is in the general interests of the citizens, then I will recommend it, and not before," said Mr. Fleming.

Corporation Counsel Fullerton has reported favorably on Ald. Church's proposal to obtain legislation fixing a penalty of $200 for each day until the extensions ordered by the city council are constructed.

BOY'S GAME IS LOSE HIMSELF.

Policemen Pet and Feed Him and He Has Good Time.

New York, April 6.—Matthew Monahan, four, has discovered that policemen are good to lost little boys. Therefore he has "lost" himself no less than eight times in the past few weeks.

Each time the policemen take him to the police station, where, attracted by his bright ways and blue eyes, they pet him and buy him candy.

The boy lives at No. 2489 Second-avenue, near One Hundred and Twenty-eighth-street, and yesterday morning he wandered away on a "lost" trip. Near First-avenue he met Policeman Bowden, of the East One Hundred and Twenty-Sixth-street station.

"I'm losted," lisped the child. "Please find me."

"Certainly," replied the policeman, picking the child up in his arms and taking him to the station house.

Mrs. Monahan in the meantime became alarmed and ran bareheaded to the station house. Then she returned home and searched on the way herself.

After she left the policeman entered with the child. He was sent at once to notify Mrs. Monahan.

Then followed the accustomed tribute of cake and candy, which the boy munched contentedly while waiting for his mother, telling the policemen between bites how much he liked to be "losted."

DOMINION BANK'S NEW OFFICE.

The new office of the Dominion Bank at the head of Yonge-street was informally opened yesterday afternoon. J. W. B. Walsh, the manager, to the chief officers of the bank and the managers of the city branches.

Mr. Walsh is to be congratulated on the fine office which the bank has provided for the benefit of the northern section of the city and suburbs, particular attention having been paid to the requirements of the public.

Mr. Walsh is generally well known as being identified with hockey and yachting circles for a great number of years.

Royal Grenadier's Parade.

The second parade of the Royal Grenadiers for the present drill season was held at the armories last evening, Lieut-Col. Stimson was in command. The regiment practised squad drill, firing exercise and company drill on the parade ground, while the brass and fife and drum bands played inside the armories. Eighteen were taken on the strength and eleven struck off.

The weekly orders contain conditions under which the C.O. will issue merit badges as follows: After three years' continuous service, one white worsted five-pointed star and after six years' continuous service an additional star of similar pattern. After nine years' continuous service the white worsted stars to be replaced by one gold embroidered five-pointed star, and after 12 years' continuous service an additional star of similar pattern.

The Clothing Proposition

A semi-annual pleasure due about now for the majority of men is the buying and wearing of a new suit of clothes. If money were not the precious thing it is to most of us, we would probably indulge in the luxury of new clothes with greater frequency. As it is the question of the moment is where to buy suits and spring overcoats which fit best on the shoulders and cost least for the amount of style they give.

We answer that question in one way—at Simpson's Men's Store, of course. We are prejudiced. What we want you to do is to come in to the Men's Store to-morrow in an inquiring frame of mind.

To-morrow we offer an eight o'clock specialty:

A $15 Topper Coat for $6.95.

Imported English Raincoats, $10.50.

English Clay Twill Worsted Suits, $10.50.

Fancy Worsted Spring Suits, new single-breasted style, $15.00.

Youths' Scotch Tweed Suits, in the spring cloths, long pants, $8.

Boys' New Long-Roll Double Breasted Scotch Tweed Suits, $6. Sizes 28—33.
