THROUGH BIG BATTLE WITHOUT SCRATCH; CHUM'S NARROW ESCAPE

Driver W. D. Cummings Writes of Experiences and of Andrew Gibson.

Driver W. D. Cummings, in a letter to his mother, dated in France, May 12, says he came through the battle without a scratch, and was then resting. He mentioned the fact that Driver Andrew Gibson had a close call, as one of his horses was shot. Cummings and Gibson were boys together in St. John before they went to the front.

In another letter, dated May 17, Driver Cummings said they were resting for two weeks in a nice little town, but expected soon to move. He says he was very glad to get the cigarettes sent to him. They had seen some of the Second Canadian contingent, and he adds that "they will do their bit all right." He also says:—"I would rather be in Belgium than in France," from which it is inferred that they had spent some time in Belgium. Cummings says that Gibson is the life of the company, always playing jokes and keeping them in good humor.

MEETINGS CLOSED

Young People's Societies of Leinster, Brussels and Ludlow Street Churches

The young people of Leinster street Baptist church last night closed their meetings for the summer, with a successful social. An address was given by the pastor, Rev. Wellington Camp, and a fine programme carried out. The president of the society, Frederick Hillman, occupied the chair. A solo was given by Edwin Davis, a reading by Miss Clara Spragg, and several patriotic choruses were sung. Miss Dorothy Camp presided at the piano. Refreshments were served and a general good time enjoyed.

The Y. P. U. of Brussels street Baptist church last night held their closing meeting of the winter season. W. Edgar Campbell presided. Reports showed satisfactory progress. That of the treasurer showed a balance of $88.40, of which $40 has voted for church extension. Addresses were given by R. Jenkins, Rev. Mr. Lindsay of P. E. Island, and the pastor, Rev. D. J. McPherson.

The Young People's Society of Christian Endeavor of the Ludlow street Baptist church held their annual meeting last evening. The president, Miss Erminie G. Cochrane, president. A review of the work by the secretary, Clarence E. Rupert, showed that the year had been a record one in point of interest and attendance. The increase in membership was nineteen, while the membership is nearly 100. The report of the general treasurer showed $75.51 had been raised, while $27.99 was contributed for missions. The cash balance on hand is $25.08. During the year the society has been privileged to hear many prominent speakers, and has also taken up the study of Indian life under the capable leadership of Mrs. M. E. Colwell. The retiring president was extended a very hearty vote of thanks for her capable leadership.

I Ronald Carlin was unanimously elected to the presidency for the coming year. The other officers are:—First vice-president, Miss E. G. Cochrane; 2nd vice-president, Ernest Campbell, recording secretary, Miss Ella Mawhinney; assistant recording secretary, Archie R. Mabee; treasurer, Mrs. H. Sheffield; assistant treasurer, Miss Hazel Colwell; missionary treasurer, Clarence E. Rupert; corresponding secretary, Miss Ida Reidle; pianist, Miss Gertrude Gates; assistant pianists Elsie Belyea and Jennie Colwell; convenor devotional committee, R. H. Parsons; convenor calling committee, Miss H. M. Thompson; convenor social committee, Alban Makenney; convenor look-out committee, Mrs. Ed. Barton; superintendent Junior B. Y. P. U., Miss H. M. Thompson; assistant superintendents Junior B. Y. P. U., Miss Muriel Stuart and Miss Margaret Anderson.

A pleasant feature of the meeting was the presentation, to the pastor, Rev. W. R. Robinson, of a mission flower stand as a birthday remembrance. The presentation was made by the retiring president. Mr. Robinson made a suitable response and congratulated the society on having had such a successful year.

FIRE IN CARLETON.

Fire broke out at 3.30 o'clock this morning in the dwelling, corner Water and Ludlow streets, West St. John, owned by W. C. Smith. The building has been in the hands of workmen for repairs and renovation and was unoccupied. The interior was badly gutted and smoke and water added to the damage. Only prompt work by the Carleton fire department saved it from entire destruction. The damage is estimated at about $800.

TRANSFERRED TO ROSS BARRACKS

Frank Jennings Writes of Local Men at Shorncliffe

In a letter to his mother under date of May 16 Quarter Master Sergeant Frank X. Jennings tells of the transfer of the detachment with which he is, from Moore Barracks at Shorncliffe to Ross Barracks, just across Sir John Moore plain. This was because they had added to strength nearly 150 men and the Moore Barracks was too small. Thomas Gorman of St. John is with him in the stores department. In the previous week a draft of 100 men had been sent from the brigade, including some of the old 23rd —Wilfrid Hand of Woodstock, Basil Shea of Pictou, Neil Ross of Pictou, Alex. McPherson of Georgeville, N. S., Bombardier E. Snider of Yarmouth, formerly a wireless operator on Partridge Island, and Charles Young of Stellarton. They all left for France the previous Wednesday night. It was said another draft of 300 was to follow during the week in which he wrote.

There were three cases of German measles in Moore Barracks and thirty men, including Karl Walker, "Bud" McKenzie and Tom Jolleymore spent ten days in quarantine but were then out again. The former 23rd Battery men now are attached to the Royal Field Artillery. Jack Morrison's mother was a visitor to camp to see her son.

FAIRVILLE NEWS

The Work at the Bridge — Made 510 Respirators in Day--Methodist Sunday School—The Street Railway

Another stage in the building of the new bridge was reached yesterday when A. R. C. Clarke & Son began laying the creosote blocks for the floor. These will be covered by a layer of concrete, thus ensuring a permanent and smooth surface. The flooring contract is being pushed in a very encouraging manner, and it is understood the job will be finished well within the time limit. McVey & Son have also commenced operations on the approaches.

The ladies of Lancaster yesterday responded nobly to the call for an extra effort in the making of respirators and from morning until quite late in the evening the work was prosecuted. The result showed the large total of 510 respirators and forty-eight sheets, made up as well as ten hospital shirts cut out. Ladies were present from all sections of the parish and their enthusiasm and energy can be judged by the practical achievements of the one day.

The adjourned annual meeting of the Fairville Methodist Sunday school was held last evening. Reports showed attendance well kept up and the financial and other departments healthy. Election of officers resulted as follows: Superintendant, H. M. Stout; associate superintendent, S. A. Morrell; secretary, Walter Cooper; asst. secretary, Perry Kelly; treasurer, Benjamin L. Wood; librarian, Clarence Hanson; asst., Grey Townshend; superintendent cradle roll depratment, Mrs. G. Earle. All teachers and assistant teachers were elected for the ensuing year.

The St. John Railway Company for nearly a year have been installing a derailing system near the C. P. R. gates at the foot of Main street, Fairville, as requested by the Railway Commission to prevent the possibility of accident.

The new arrangement will do away with the necessity of the conductor stopping his car and making a personal inspection as to the safety of passage across the tracks. When the train comes within a certain distance the C. P. R. gateman lowers his gates, also controlling an electric semaphore as a warning to the motorman and by levers the derailing system is put into operation, so that even if the motorman could not see the gates or semaphore and kept his car running it would be derailed and thus prevented from contact with the train. It is expected the work will be finished today and the Fairville car resume its schedule.

WERE PARADED BEFORE GENERAL AND COMMENDED

Signaller Geo. F. Craft of Carleton Sends Interesting Letter to Mother

The collowing is from a letter from Corporal George F. Craft, of Carleton, to his mother:—

May 10, '15.

Dear Mother:—

Received your very welcome letter today. I have had two from you since May 1. I am in great health. We are back having a rest now. I suppose you have read in the papers of our last scrap. It was a perfect hell for six days and seven nights, but we pulled through in great style.

The signallers' section was paraded before the general and he told them that every man deserved a D. S. M., but that, of course, would be impossible, so they are picking out a few and giving it to them. I don't know who it will be, but they won't be misplaced, because it was good work right through. This has been the biggest battle of the war and we have been the best to keep up our communications throughout the battle.

I expect to be back with you very soon again, as every one expects an early finish to the war. The British and French are advancing everywhere.

Will now close with love to all.

Leo. Quigg, of Main street, Fairville, is O. K.

Mrs. Craft at present is in Fredericton staying with her sister, who is seriously ill.
