When you get C Pickard's prices on Grey Flannels, you will not wonder at the Big Run he is having this Fall.

A few Gentlemen Boarders can be accommodated with Pleasant Rooms by applying at once to C. W. Corey's Residence on Squire St.

Dr. H. H. Coleman, of Albert, Albert Co., has located at Sackville for the Practise of his Profession. He has leased the Office recently used as a Reading Room. Residence on Weldon Street. The Doctor has had eleven years' experience in active practise. He is a Graduate of the Medical College of the University of the City of New York, and holds a Special Diploma from the Post Graduate Medical School of New York, on Gout, Urinary Diseases, Diseases of Women, Skin Diseases. All Professional Calls promptly attended to. may23

AROUND TOWN.

—Dr. Inch returned from P. E. Island on Tuesday evening.

—The fitters in the Enterprise Foundry are working over time to fill orders.

—Mr. Alfred Dixon is talking of removing to the Western States, on account of his health.

—The remains of the late Mr. John Ogden were brought here from St. John last Monday for interment.

—Rev. C. F. Wiggins, Rector of Sackville intends holding service at Baie Verte next Monday evening at 7.30 o'clock.

—Mrs. Mariner Hicks, Midgic, has a Calla Lily which stands four feet and a half in height, with leaves eighteen inches long. Beat this!

—The building lately occupied by Mr. Dixon as a drug store is being repaired, and is to be fitted up for an office for the N. Y. Freestone Quarrying Co.

—The Sackville Brass Band has been organized, and is under the instructions of Mr. Hillcoat, of Amherst, who thinks they will be ready to play in public before Christmas.

—Mr. Charles Thompson, of Upper Sackville, was quite seriously injured last Saturday near Crane's Corner by being thrown from his carriage, which was run into by a pair of horses drawing a heavy waggon.

—The tides this week have been remarkably high, and one of the piers of the covered bridge over the Tantramar has been so much weakened that one of the passage ways is considered unsafe and has been closed to the public. A lot of timber for repairing the bridge is on the ground and the work should be done at once.

—The quieting effect of the new lockup was tested for the first time last Friday. A young Acadian who had been celebrating, and who had developed very noisy and pugnacious disposition, became as meek as a lamb after a few hours of incarceration. His imprisonment and subsequent release were perhaps somewhat informal, but the desired effect was produced.

LOCAL MATTERS.

THANKSEIVING DAY next Thursday.

THE DEANERY OF SHEDIAC meets at Dorchester next Thursday.

BRIGT. RESOLVEN, which has been under repairs at Port Elgin, will sail at once for Pictou to go on the Marine Slip.

NEW STORE.—Mrs. George A. Robinson is about opening a fancy goods store in the building lately occupied by Dr. Coleman as an office.

THE LOYAL LEGION or Band of Hope will give an entertainment in Music Hall on Friday 16th inst. The exercises will consist of recitations, motion songs, chourses, &c.

IMPORTANT SALE.—Young's mills and land at River Hebert have been sold to Mr. George Clark, of Carleton, St. John. The purchase price is said to be $34,000.

SAWMILLS BURNED.—The fire last Thursday morning, of which mention was made in the last issue of the POST, was caused by the burning of two saw-mills, known as the twin mills, at Brooklyn. They stood within a few feet of each other and were owned by Harvey Copp and John Robinson. Each of the mills was insured for $1,000.

HOME NEWS FROM ABROAD.—The Bangor *Commercial* says:—"A large crew left Bangor last night, for Amherst, N.S, where they are to work upon the Chignecto ship railway being built there. This road is 22 miles long and is fast nearing completion. These men were mostly foreigners and were able to get as much money for work in the province as in the United States. Still people try to argue that wages are much higher there." Probably the contractors will not object to the sudden lengthening of the road when they find that it is "fast nearing completion."

A STEAMER FOR THE RIVER.— The project for a steamer to ply between Moncton, Hillsboro, Hepewell Cape and Dorchester, is revived and Capt. Dixon, the promoter, was yesterday circulating a stock list. The proposal is to build a steamer for $5,000 to make daily trips, carrying freight and passengers, between the points named. The steamer would be of sufficient power to tow vessels of 1,000 tons or upwards. Captain Dixon, who was recently in Yarmouth, where it is proposed to get the vessel, takes 8-64ths shares, Mr. Sumner 3-64ths, and other parties are subscribing.—*Times.*

Amherst.

—County Court meets next Tuesday, Judge Morse presiding. There is a small docket.

—The rafters have been put on the Court House and the roof will shortly be closed in.

—The addition to the "Terrace Hotel" is nearing completion, and the proprietor is happy.

—Elijah Spence, of Parrsboro, has the contract to put up the addition to the Amherst Hotel, and is now proceeding with the work.

—Charles Bent is building a double two story tenement on Church St It will be finished and ready for occupation in the spring.

—A sixty cent a couple dance took place in Music Hall, Tuesday evening, which was largely attended. Dancing was kept up to the "wee sma' hours."

—Father Donnelly, late R. C. Priest at Amherst, owing to ill health, has resigned his charge and left the parish. It is expected his successor will be appointed this month.

—Notices are out for the election of the Municipal Councillors on the 20th instant. It is generally believed that some of the old representatives for No. 1 will be allowed to retire.

—Arthur Davison left on Tuesday to attend the Grand Division of Sons of Temperance to which he is a delegate, from Amherst Division. The grand body is now in session at Halifax.

—Warden Smith, of Parrsboro, was in Amherst this week. He is again in the field for Municipal honors, and will be returned for his district, Port Greville, without opposition.

—The "Highlands" colored folks advertise a goose supper and tea sociable for Thursday evening. Object, to pay for building their neat little parsonage, erected this summer, and to assist the temperance lodge.

—John R. Clarke, the boot-black orator, has again visited us, and on Sunday evening spoke in the Methodist Church, on temperance, and on Monday evening lectured in the Music Hall, on John B. Gough. His audiences were large.

—The dedication of the new Oddfellows hall in Moffat's block takes place on Friday, 8th inst. A large gathering of the brethern of the "mystic tie" will be present, including Grand Lodge officers, and a procession will be held.

—The "Highlands" of Amherst are to have two new school houses, the sites of which were laid out by the trustees on Monday. An addition is also to be made to or for the Academy. These new buildings are all required on account of the crowded state of the present schools.

—Hon. Attorney-General Longley visits Amherst to-day (Wednesday), and Spring Hill Mines, tomorrow, to hear objections to, and decide upon the question of the boundaries for these two proposed "towns." Until his report and decision is submitted to and acted upon by the Governor in Council, nothing can be done.

—George E. Davis, well and favorably known as the owner and proprietor of the "Lamy Hotel," is offering the house, ready furnished for sale. The health of Mrs. Davis requires a change of climate, which accounts for this old and established house being placed upon the market. Amherst will be sorry to loose George.

—A. R. Dickey, M. P., having admitted bribery by agents, but of which he knew nothing, and with which he had nothing to do, has consented to the seat being declared vacant. The third party have called a committee to meet on the 8th inst. to discuss the situation and probably nominate a candidate. Bulmer is already on hand.

—At the annual meeting of the Amherst Agricultural Society, held on Tuesday afternoon, the board of officers of last year was re-elected as follows:—Hiram Black, Pres.; E. J. Embree, Vice-Pres.; H. F. Page, Secy. and Treas.; G. W. Ferrest, A. B. Black, A. S. Lowe, R. T. Keillor, J. R. Lamy, Directors. It was resolved to be the aim of the society to endeavor to hold a county exhibition next autumn. With the facilities and material now in the county, this should surpass any county exhibition even attempted in Nova Scotia.

Hotel Arrivals.

BRUNSWICK HOUSE.—Nov 1st: John W Donald, Pictou; T N Vincent, St John. 2nd, A B Copp, Bristol; T W James, St John; J D Lane, Bayfield; R McHaffie, Hamilton; J Rogers, Montreal; J A McQueen, Point de Bute; Miss Killam, Yarmouth. 3rd, J Mattison, Henry Dart, Montreal; Mrs W D Lovett, Mrs H D Cann, Yarmouth; Miss E Cann, Miss M Cann, Ladies' College; I. Religious Services.

Baptist Services:—Bethel, 10.30 a. m., Salem, 3 p. m., Wood Point, 6.30.

Sackville, 11 a. m, Dr. Pickard, 7 p. m., Rev. J. S. Allen. Upper Sackville 3 p. m., T. A. Wilson. Reckport 11 a. m. Grand Aunce, 3. p. m.

—Mr. Clifford Trueman has been in the Annapolis Valley this week on business connected with steamer Dorcas, which is now at Port Williams.

—Mr, Albert Fawcett, of Upper Sackville, is about moving into the Harmon Humphrey house.

—The Bell Telephone Co., has two car-loads of poles at the station.

Moncton.

—The Curling Clubs are preparing for the winter sports.

—The imports for October were $85,000.00. Exports $36,000.00.

—Work on the new St. Bernard's stone church is suspended for the winter.

—Monctonians are a church going people as shown by the *Times'* census. The depth of piety is another thing.

—Mr. Chas. D. Jones, who represents the New Brunswick Telephone Company, has got over one hundred subscribers here.

—Much real estate is now changing hands, all at stiff figures, showing the unbounded faith of monied men in Moncton's stability.

—Moncton mud is once more in the ascendant. A remunerative occupation would be in finding the "lost in the mud."

—A steamer to be built at Yarmouth to ply between Moncton, Hillsboro, Hopewell Cape and Dorchester is projected. Stock is now being subscribed.

—Work in and about the Intercolonial shops is accumulating. Large quantities of new machinery are being added and more men employed.

—The new paster of St. John's Presbyterian church promises to be deservedly popular among all classes, possessing, as he does, that rare quality of minding his own business.

—The light and water question is still the all absorbing topic. The electors meeting made unreasonable demands of the Company at the present time, such as filtering and a guaranteed pressure. Some of the Company's proposals were equally preposterous. However, the business tact of the Light and Water Co'y and the common sense of the citizens will in the end effect a settlement on an equitable basis. There is a feeling among the tax-payers that the experiment of owning and operating their own light will be a very costly one.

Parrsboro.

—Weather dull.

—Word was received here, yesterday, of the serious illness of Wm. Harrison, Esq., of Sand River Read.

—The new school house at West Brook is completed and adds much to the comfort of both teacher and scholars.

—Farmers are getting nearly through thrashing, and report a fair crop. Oats are turning out exceptionally well.

—The fog and contrary winds have prevented vessels leaving here, consequently our harbor has a lively appearance.

—Parrsboro is more than usually excited over the Councillor election. From present indications, Messrs. Upham and B. N. Fullerton are the favorites.

—We have, within the last three weeks, lost four of our oldest residents: Rev. Mr. Thompson, Isaac Newcomb, John Newcomb and Henry Jeffers.

—It is reported that Capt. Carter has about bought the whole of the Swan Creek manganese mines, and intends letting several contracts during the winter.

—The mines are said to be flooded, which causes the coal shipments to be small. The last deal ship has cleared from the bay, but one or more is leading at Economy.

—The position of light-keeper at Parrsboro is now vacant, and several petitions are being circulated, but Capt. Wm. Pettis, of Port Greville, it is understood, has the inside track, and, doubtless, will receive the appointment.

Point de Bute.

—Dr. D. C. Allen is recovering again, after his very severe illness.

—Rev. Mr. Crisp's little son is out again and almost well, after his so near fatal accident.

—Mrs. Judson Tingley was unfortunate enough, one day this week, to put her shoulder out of joint.

—Mr. Martin Trueman has returned from his trip West, looking none the worse for his long journey.

—Rev. Mr. Crisp must be very clever in tying the matrimonial knot, as he has been sent for this week by a gentleman in King's Co., to do that work for him. May he be well paid.

—Dr. Charles McQueen is expected home, shortly, from his two years' stay in London. Dr. McQueen has taken a special course on the "ear, eye and throat," and has just passed an examination that makes him a member of the Royal Society of Surgeons of England.

—Mrs. J. H. Goodwin has returned from a visit to her friends in Boston and vicinity. Mr. and Mrs. Benjamin Trueman have also returned from a visit to their friends in the same locality. Mr. H. B. Chapman has gone to Boston to meet his wife, who has likewise been making a short visit to the Hub.

—The long talked of match game of base ball, between nines from Point de Bute and Westmorland Point, was played on the grounds of the former, on Saturday, 3rd inst., and resulted in a victory for the Westmorland boys by three runs and an innings. Should the winning team be again challenged we shall have another match to report no doubt.

A gale of wind accounts for the following large score:

Westmorland Pt. Nine. NAMES.	P.	R.	O.	*Pt. de Bute Nine.* NAMES.	P.	R.	O.

—The Norwegian barque "Nor," Capt Bjonness, from New York, Oct. 2nd, for Stettin, collided with and sank the stmr. "Sax Mundham," of Cowes. Some 22 persons are missing, supposed to be drowned. Only eight survivors were landed at Waymouth. The "Nor" was abandoned and the crew landed at Portland.

SCHR. IONA sailed this morning for Lower Cove to load with grindstones, and schr. Maud W. sailed for St. John with deals.

Port Elgin.

—"The year without a summer" continues its career of ever changing weather.

—On the whole, business booms; the produce of field and dairy bid fair to call forth good prices, and our merchants are prepared for any emergency. Fresh stock, suited to the present and coming seasons, are being laid upon shelves and counters. Prices are reasonable and the demand fair.

—Our local saw mills will finish the season shortly. They have turned out a wonderful amount of lumber during the last few months. Our woollen mills, a decided credit and benefit to Port Elgin, have their hands full of work, and report good prospects. The Messrs. Reid deserve every praise and encouragement for their enterprise. May continued success follow their efforts.

—Although the inclemency of the weather made the late cattle show, here, a comparative failure—there was more mud on exhibition than anything else—disappointing many, the dead animal is well supplied to market. Beef of prime quality, juicy mutton and good, pork come to hard. Butter is whimsical, and the local hens are about resigning business. In the egg line, at least, the regular issue will cease for a time.

—We have enjoyed for a while the presence of a local artist, and Barrington's pen and ink sketches are decidedly the work of a master hand. Mr. Thomas Cod is becoming fameus, too; not a biped of that name, but the shining, mottled, speckled article, caught at the point of a neatly baited seductive hook, and familiarly called "Tommy Cod," some relation fo big cod. Full grown men, and a legion of small boys enjoy the sport; and the bridge is safe. By-and-by smelts will be all the rage.

—Inclement weather, almost constant rains and ever changing temperature, the four seasons being sometimes concentrated in twenty-four hours, has resulted among us in visitations of sickness. Measles and scarlet fever, or a severe form of cold, have attacked many. People may be seen out in the morning, seemingly all right, and the evening finds them on a bed of sickness. The epidemic is not yet reported as being very fatal, and no doubt the attentive skill and care of the doctors will yet abolish it. The old advice stands good:—"Keep the feet warm, chest and back protected, and the head cool. Then obey your doctor, and trust in Providence. You are almost sure to live, and if you die—Well, you couldn't help it."

—Those who visited Port Elgin during the previous part of the year, and had their boot and shoes decorated, with something less brilliant than Day & Martin's blacking, will find a most comforting change in the present aspect of affairs. Farewell, black mud—save in contemplation—sole destroying puddles, ankle spraining holes and intoxicating quagmires. It doesn't always take the Scott Act to make a fellow stagger. Pedestrians need no longer be afflicted by becoming land-owners at the end of their pants, and the ladies, especially, need not have the addition of a drabbled fringe around the bottom of their dresses. (I was going to say petticoats, but I suppose that wouldn't do.) A few worthy, enterprising spirits in our little "city" jumped to the necessities of the case, and Port Elgin has been sidewalked—a bran new sidewalk, from end to end, through and through. Taxes didn't do it. County Councils have not been troubled about it. Those who did it just put their hands in their pockets to the tune of somewhere near $150.00, and the job is over. A credit to the contributors and a credit to plucky Port Elgin. Now for street crossings and a few public lamps, and we may say "well done."

—People are being "married and given in marriage." The wedding march is progressing. Happy couples join heart and hand on the way through life. Lately, worthy pairs have been united, and the air is thick with rumors as to future examples of the same sort. It causes a world of excitement, and folks seem to like it. Tin cans rattle, horns blow, and guns go off. Hands shake right up to the elbow, congratulations fly around, and every body has a smile or a laugh, while some folks almost dance holes in the floor. May they be as happy as Adam and Eve in the garden of Eden, before the devil got between them, Amen. It is even so, and the world would be a poor place to live in, without married bliss:—

"Two are better far than one
For council, or for fight;
How can one be warm alone
Or serve his God aright."

Hard on old bachelors, and old maids, but Wesley knew all about it. If he is misquoted, the writer craves pardon from all his followers and admirers. Wesley's poems are the most comprehensive that ever fell from human mind and pen.

ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of Cutting Teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers; there is no mistake about it. It cures Dysentery and Diarrhoea, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "MRS. WINSLOW'S SOOTHING SYRUP," and take no other kind.

WHAT A

Prominent Physician says

RESPECTING

ESTEY'S

Cod Liver Oil Cream.

ST. JOSEPH'S, N. B., Nov. 25, 1887.

MR. E. M. ESTEY, Moncton, N. B.

DEAR SIR:—For some years past I have very often prescribed your Cod Liver Oil Cream with Lime and Soda, and have always been perfectly satisfied with the results. Its pleasant taste recommends it to patients with even the most delicate stomachs, while its facility of preservation and the ease with which it may be mixed with other tonics are sterling advantages which cannot fail to impress all who use it.

Yours truly, E. T. GAUDET, M. D.

For the cure of Consumption, Scrofula, Spinal Disease, Coughs, Colds, etc., Estey's Cod Liver Oil Cream stands without an equal.—FOR SALE BY ALL DRUGGISTS.

Price 50c. Six Bottles for $2.50.

PREPARED ONLY BY

E. M. ESTEY,

Manufacturing Pharmacist, Moncton, N. B.

NO Preparation ever produced gives such perfect satisfaction for Chapped Hands, Sore Lips, or any roughness of the skin, as

Estey's Fragrant Philoderma.

USE Nothing else until you have tried it. You will be delighted with it, and say that it is superior to anything you have ever used. It is elegantly perfumed and is not sticky or greasy. Has the largest sale of any preparation of the kind on the market. Sold by Druggists.
