JOHN O'RANAGHAN.
Somerset, May 4, 1887.

NEW YORK, March 29, 1887.
JOHN O'RONAGHAN, Esq.,
Somerset, P. E. I.

DEAR SIR,—In reply to your letter I beg to say that I have investigated the pedigree of your horse, Abdallah Messenger.

Abdallah Messenger was foaled on Long Island, New York, in 1863 or 1864, at the farm of Mr Peter Vanderveer. I have seen Mr. Vanderveer, and got all particulars from him. Abdallah Messenger was got by Jupiter Abdallah, sire of Result 2:25, Prince 2:27, and two mares 2:28, he by Jupiter (sire of Harry Gilbert, 2:24, and three in 2:30 or better) son of Long Island Black Hawk (sire of Prince 2:24), by old Andrew Jackson, founder of the Clay family of trotters. Abdallah Messenger's dam was by Hoagland's Grey Messenger (sire of Honest Dutchman 2:26½) and his grand dam was a very fast pacer. Hoagland's Grey Messenger made a record of 2:43 to a 300 pound wagon, and was by the sire of Sherman Morgan, his dam was represented to be from Imported Messenger. Thus Abdallah Messenger is a combination of Clay Messenger and Morgan blood he is standard bred and registered in the American Trotting Register, Volume 6, page 117, and his number is 4869, he is the sire of Bijou 2:29½. Mr. Vanderveer assured me that Abdallah Messenger was very fast as a four-year old. Abdallah Messenger is bred from good lines, and you have a right to be proud of the fact that, like Mr. Lee's All Right, he got a good a trotter out of a thoroughly cold-blooded and coarse bred mare. Every horse can't do that. It is no credit to a horse to live for many years in Kentucky or other great breeding countries and get a few trotters out of high-bred mares, because sometimes great mares will cast trotters from anything. But to get one trotter from a coarse and cold-blooded mare is proof of potent blood. And I have no doubt if this horse had always had good mares he would have had several performers to his credit.

Yours truly,
LESLIE E. MCLEOD,
(Boland.)

We cannot enumerate one half the novelties or bargains we have procured for you, but again ask you to call and see our Sacks, Dolmans, Gloves, Hosiery, Sunshades, Jerseys, Cottons of all kinds, and House Furnishings. FARM & GARDEN SEEDS.

SEEDS from scrubs will grow scrubs in vegetables, roots or grain. What the careful farmer wants is the best of the best of them all.

Our Prize Winner Swede Turnip took both first and second prizes at the Provincial Exhibition last fall. The year before Turnips, Mangels, Potatoes and Fodder Corn specimens were selected from our Special Exhibit of these articles and sent to the London Exhibition, for which the growers have received Diplomas and Medals. Vegetables from our Seeds took nearly half the prizes at the last Exhibition here. Our grains and grasses have grown equally well, though the record is less conspicuous.

What the successful grower must have is not only the best in name, but perfect Seeds of the best in name. How many farmers in a hundred practice these easy precepts? How many farmers in a hundred are careful farmers, successful growers? How many would do well to consider these old facts? Are you of the few or the many? Would you rather have $5 this Spring or $10 next Fall? That is, will you use the best Seeds this year? If you wish to, then send for our Catalogue, which tells you how to get and grow them.
