CHICAGO WHEAT.

CHICAGO, Oct. 2.—Fluctuations in wheat were again wild and rapid to-day and the feeling unsettled and nervous, but aggregate trading fell far short of yesterday, and the most of that in the way of evening up and settling up trades. There is no doubt a general disposition on the part of operators to close up trades, and commission houses unquestionably are advising their customers to do so, and hold off until the market becomes more settled, though the last half of the session developed more active trading. The opening was very unsettled and prices varied widely in different parts of the crowd. There were a good many buying orders at the start and but little wheat to be had at the first prices mentioned. The advance in consequence was sharp and rapid and prices were soon up 3 and 3½c above inside figures, later dropped back 1½c and fluctuated within this range, became firm and advanced ½ to ¾c above previous outside figures and closed strong and 2c higher for October, 2½ higher for December, and 3½c higher for May than closing figures of yesterday.

WILD FLUCTUATIONS.

NEW YORK, Oct. 2.—The trading in wheat here this afternoon was marked by great excitement. The transactions were enormous and fluctuations very wild.

OGILVIE ON WHEAT.

The following is taken from The Montreal Star of yesterday: Mr William Ogilvie, head of the great milling firm, was consulted this morning with reference to the rise in prices. He said it was due to the disasters which have befallen the harvests of this country and which have been general also in Europe. This phenomenon was due to the ordinary law of supply and demand, and immediately to the perception of some who had seen what others had not. The Chicago corner had been the result of some men losing their heads and others doing what anyone might have done. "Hands has now," said Mr. Ogilvie, "nothing for export and before the year is out it will be found that the United States has nothing either; and there will be wailing in many farming circles which have sold grain that ought to have been retained."

Mr. Ogilvie then explained how the Northwest wheat had been stricken by two frosts in August, and though the effects were declared to be nothing, the fact remained that they were most disastrous, as present events proved.

"Does the rise mean anything permanent?" Mr. Ogilvie was asked.

"Certainly," was the reply, "the rise is permanent and comes to stay."

NOTES FROM OSGOODE HALL.

Local Injunction Against the C. P. R. Refused—Central Bank Matters.

The application made for an injunction against the C. P. R. by the Toronto Syrup Company for trespassing on their land was refused by the Chancellor yesterday.

Mr. A. C. Galt applied to the Chancellor yesterday for leave to appeal, re Central Bank, in C. C. Baines, J. W. Baines and J. D. Nasmith's cases. Leave to appeal was granted, and the time for so doing extended to 14 days, the costs to abide the event.

E. W. H. Blake was sworn in as a solicitor before Chief Justice Armour yesterday.

The Chancellor has the following peremptory list before him to-day: Harvey v. Parkdale, re Toronto Portable Gas Company, re Solicitor, Fee v. Fee, Rorke v. Rorke, Sanders v. Fox, re Collingwood Dry Dock Company, and McLeod v. Avery.

Mr. Hodgins, Master-in-Ordinary, has left for New York on absence that will probably last for a week. The reason of the Master's departure lies in the fact that he has gone to examine David Blain, Ex-President of the broken Central Bank. Hugo Block's and the Herr Piano Company's claims will also be examined into.

Nearly fifty agricultural residenters from Scarboro' township paid a visit to the "Hall" yesterday. The cause was a dispute between Messrs. Richardson and Brooks concerning the stallion "Lochiel." The statement is one of account, and Mr. Registrar Cartwright is called upon to settle the dispute between the parties upon a reference to him. It will take up considerable time.

Beauty's Power.
Where grace and beauty most abound,
True happiness will off be found.
Where ruby lips and glowing cheek
The gift of vigorous health bespeak.
The artist, Nature's nobleman,
Will risk the treasure of his art,
Depicting, deftly as he can,
The lines engraven on his heart.
Fair Maiden, may life's richest joy
Spread her bright mantle over thee;
May years but gently rich you too;
And pleasures sweet, without alloy,
With fairest blossoms cover thee;
But should, perchance, thy beauty fade,
Then cannot pall quickly to thy aid
Our Golden Medical Discovery.
Remember that Pierce's Golden Medical Discovery is a sure cure for all skin eruptions and diseases of the blood. 36

PARKDALE'S HOSE.

The Struggle Between the Toronto and Gutta Percha Companies.

In yesterday's World's report of the proceedings in the Parkdale Council with reference to the purchase of 500 feet of fire hose, for which the Toronto Rubber Co. and the Gutta Percha Rubber and Manufacturing Co. tendered at the same price, and the contract for which was let to the Gutta Percha Co., mainly because it was a Parkdale concern. The World wishes to state that in its report of Councillor Gowanlock's speech it stated that that gentleman and that "the men of the Toronto Fire Brigade, from top to bottom, *avoid* the Paragon brand." By a printer's error the entire meaning was changed. The word "favored" was written in the sentence above quoted, but the compositor made it "avoid," which of course gave the very opposite intention. Mr. Gowanlock naturally objects at being so misquoted, and to Mr. T. McIlroy, Jr., of the Toronto Rubber Co., is also due an explanation of what might otherwise place him and his company in a wrong position.

Boys' overcoats at the Army & Navy stores. This makes little difference to people with a family of girls, but it means a great deal to people with a lot of boys to clothe and a light purse. Just think, overcoats made of real English nap for one fifty two dollars, and so on. Don't be afraid to go and look at them. You will never be bored to buy at the Army & Navy stores, King-street east and Yonge-street, corner of Temperance-street.

Rev. Dr. Stevenson's Lecture.

Rev. Dr. Stevenson delivered a lecture Monday in Bloor-street Methodist Church, on the "Core of the Creeds." Hon. Senator Macdonald introduced the lecturer. He said: In the Scriptures were two commandments—"Thou shalt love the Lord thy God with all thy heart, and: thou shalt love thy neighbor as thyself." On these two commandments hung all the law and the prophets. Thus we had the ten commandments changed to two, and again these two could be made one: thou shalt love thy neighbor as thyself. Love was the core of our highest creed and on it all theology and ethics were based. It was the fixed centre and supreme principle of the moral sphere. The lecturer did not disparage the intellect, but it could not compare with love in contributing to happiness. Love cleansed and vitalized and refined, and a love-filled soul was always magnanimous and beautiful, "and such," said the lecturer, "is the core of our highest creed."

Whew! What a Wet Day.

Business generally flushes on Monday at the Waterloo House, it being McKendry's bargain day. It was very unpleasant weather yesterday, hence the masses did not get out. However special bargains will be repeated to-day and to-morrow from 9 a.m. till 6 p.m. each day. Come with the rush to 278 Yonge-st.

New Stock-Broking Firm.

The firm of John Stark & Co. having been dissolved, Mr. George T. Alexander, one of the original partners, has formed a partnership with George Tower Ferguson of Fergus, and has opened an office at 38 King-street East for the transaction of a general financial business, such as was so successfully carried on by Blaikie & Alexander; by Alexander & Stark and by John Stark & Co. Alexander & Fergusson have been appointed financial agents of the Manitoba and Northwest Loan Company, and as a large part of the old firm's business goes with them, and being gentlemen of character and ability, it is not too much to expect for them a successful and honorable career.

Why go limping and whining about your corns, when a 25 cent bottle of Holloway's Corn Cure will remove them? Give it a trial, and you will not regret it.

Non-Jury Civil Assize Cases.

Chief Justice Sir Thomas Galt in the Civil Assizes yesterday gave judgment in the case of McCool v. David, allowing the plaintiff $128 with costs, and Hogaboom v. Norrie was dismissed. In the case of McColl against Howarth and Bolton, two cases, His Lordship took the matters into consideration.

The list for to-day is: Craine v. Hands, Goulding v. Stanton, Turnbull v. Lewis, Orpen v. Hurd, Scarth v. Hudson's Bay Co., Carey v. Order of Foresters, Duggan v. London & Canadian and Hall v. Salter.

Twenty thousand undershirts and drawers at the Army & Navy stores. Never such a lot of underwear to be sold at such prices before—that is in modern times. Twenty-five, thirty, and every quality up to five dollars each at the Army & Navy. We expect to sell fifty thousand shirts and drawers before Christmas, and have put the prices where everybody can afford to buy. Don't waste a day. A dollar in underwear will be better spent than two in a doctor's prescription and a bottle of medicine. The Army & Navy, King-street east, and Yonge-street, corner of Temperance.

At the Police Court.

Col. Denison yesterday committed George Nelson, proprietor of the Model Lodging House, for trial on a charge of assaulting Inspector Stephen. For larceny of hairbrush and razor George McRae was committed for 30 days. Edward Farrell and Richard Anderson, charged by Thomas Sheppard with highway robbery, were acquitted. It was clearly a case of mistaken identity. The two Russian Jews charged with bringing stolen property into Canada from Newark were remanded till Friday. The prosecutor in the felonious wounding case did not appear and William Hogan was discharged. Frank Smith, William-street, for assaulting Policeman Ross on Civic Holiday, was sentenced to 3 months' imprisonment.

GRATEFUL—COMFORTING
EPPS'S COCOA.
BREAKFAST.
"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctor's bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—*Civil Service Gazette.*

To BUILDERS and ARCHITECTS
FIREPROOF BUILDING MATERIAL.
The Rathbun Company of Deseronto are now manufacturing and have for sale all kinds of fireproof building material. Their Porous Earthenware or Terra Cotta is recommended by Architects and Insurance Companies as unexcelled for protection against fire. Weights one-third that of brick, mortar adheres to it without the use of lath, it may be nailed, sawed and worked with carpenters' tools, it takes the place of wood or brick for outer or inner walls and floors at about the same cost, insures immunity from fire, dampness and vermin, giving warmth in winter and coolness in summer, lowers insurance, decreases the cost of the building.
Persons re-building old structures or erecting new ones are solicited to consult their architects or write us direct in reference to this new material. 63
