The Williams Murder Recalled By a Suit at the Assizes.

The brutal butchery of James Williams and his wife in Toronto Township, County of Peel, by Walter MacWherrell, now serving a life sentence in Kingston Penitentiary, was revived by a case tried at the Assizes yesterday. Shortly after the murder the detectives received information that the horse stolen by MacWherrell from the Williams premises had been stabled at Sheppard's livery, and that Henry Saunders, an employe, could give valuable evidence in connection therewith. Rumors having reached the officers that Saunders was about to leave town, a warrant was issued for his arrest, and he was taken in custody on a charge of being a vagrant. He was arraigned before the Police Magistrate and remanded to jail for six days. Subsequently Saunders was taken to Brampton, but failed to recognize either MacWherrell or the Williams horse and rig. He was then released. At the assizes yesterday he sued Government Detective Greer for $5000 damages for false arrest. After the evidence of County Crown Attorney Currie and Detective Greer had been heard a settlement was effected, Saunders withdrawing his suit on payment of $50. B. B. Osler represented the Attorney-General's Department.

CITY HALL NOTES.

Another Offer Respecting the Queen-Yonge-Street Improvement.

Mr. Robert Simpson, in a letter to the Chairman of the Board of Works as to the Yonge and Queen-street improvement, says: "I am willing to give a rounded corner of 23 feet radius free of charge, provided you can obtain the same space and concessions on the three other corners." The offer will be discussed at the next meeting of the Board.

Ald. Sheppard will act as chairman of the Parks and Gardens Committee during Ald. Hallam's visit to England. The alderman leaves Toronto this afternoon on a business trip to his native Lancashire.

The Mayor has called a special meeting of council for Monday afternoon to pass the bylaws for civic control of lighting and extensions of water mains.

A permit was granted yesterday for the erection of a residence in Madison-avenue for W. R. Wadsworth, to cost $9500.

John Armstrong, H. C. Hocken and George C. Patterson have been appointed by the Executive Sub-Committee as experts to report on the tenders for corporation printing.

Mayor Kennedy has promised consideration of a complaint of stonemasons that work, which has commenced this week on the new court house, is not being fairly distributed amongst the craft resident in Toronto.

Mr. Bleyer, agent of the Hawley Down Draught Furnace Company of Chicago, called on Engineer Keating yesterday and submitted in writing the following offer: "We will pay the City of Toronto the sum of $5000 a year for a term of five years, and will put in eight Hawley furnaces complete at the main pumping station free of cost, keeping boilers, furnaces and masonry in good repair in consideration of the amount of saving in the cost of fuel for the same term, we to burn bituminous coal in place of hard coal. This means that we will pump water for the next five years at your present cost (in full), paying the city $25,000 in money and $7500 in furnaces for the privilege, which, together with cost of boiler and masonery repairs, would amount to $40,000." The offer will be placed before the Board of Works at its next meeting on Monday afternoon.

ALLEGED LIGHT WEIGHT BREAD.

About Forty Dealers Summoned to Appear at the Police Court.

Inspector Awde has during the past few days visited about 100 bakeries, and as a result between thirty and forty bakers have been summoned to appear before the Police Magistrate on a charge of selling lightweight bread. The first of the batch appeared yesterday in the person of John Dempster of Dovercourt-road. It was claimed that certain loaves sold by Dempster were intended to represent two-pound loaves, although as a matter of fact they were only stamped 1 1-2 pounds, and were sold as "fancy" bread. The bylaw says bread must be sold in weights of 1 pound, 1 1-2 pounds, 2 pounds and 4 pounds, and stamped, and what Mr. Awde claimed was that this bread was intended to be a 2-pound loaf, and that Mr. Dempster stamped it 1 1-2 pounds to evade the law. The latter, however, said he had to make his 1 1-2 pound loaves five or six ounces heavier, so as to keep within the law; but that he sold it at the same price as a 2-pound loaf. The case was remanded.

Mr. Guthrie Gets the Plum.

Mr. Donald Guthrie, Q.C., ex-M.L.A., Guelph, has been appointed to the vacant office of Inspector of Registry Offices, made vacant by the death of the late Hon. C. F. Fraser.

Mr. Thomas Southworth, Brockville, editor of The Brockville Recorder, has been appointed to the position of Clerk of Forestry, the other position which Hon. C. F. Fraser held. The Forestry branch has been transferred from the Agricultural to the Crown Lands Department.

There is danger in neglecting a cold. Many who have died of consumption dated their troubles from exposure, followed by a cold which settled on their lungs, and in a short time they were beyond the skill of the best physician. Had they used Bickle's Anti-Consumptive Syrup before it was too late, their lives would have been spared. This medicine has no equal for curing coughs, colds and all affections of the throat and lungs.

Board of Trade Notes.

The council met yesterday afternoon, but agreed not to take action in the appointment of an arbitrator in municipal affairs. A communication was received from the Montreal Board of Trade asking for co-operation in the appointment of experts to deal with tariff matters. Messrs. Caldecott, Blain, Ellis and Howland were appointed a committee from the local board.

TRADE IN CANADA.

A Quiet Week in Montreal and Improvement in Toronto.

The Daily Bulletin (R. G. Dun & Co.) says: In Montreal the week has been rather a quiet one as regards general business. The raw, rainy weather which marked last week, and the beginning of this, was most unfavorable to dry goods retailers, who had looked for a good Easter trade, and with wholesalers in this line sorting business is just moderate. In general wholesale trade there is no particular briskness. The late heavy rains, while doing good in some respects, by taking the frost out of the ground, have occasioned damaging freshets in some quarters, and made country roads almost impassable in a good many sections. General collections are reported very poor, even behind last month.

The improvement previously noted in wholesale circles at Toronto continues. There has been a further advance during the week in cotton, petroleum, hog products and beef. The high prices for hides have resulted in a better tone to the leather trade, and, in sympathy, a small advance is reported in boots and shoes. The sentiment prevailing seems to favor an improvement in general trade in the future, but aside from the advance in commodities heretofore noted there is as yet little evidence of a practical character that is very encouraging. The earning power of money shows little increase, and the demands for funds for new enterprises are limited. Transportation companies make no better returns, and the movement of general merchandise probably falls short of that of the past few years at this particular season. However, the higher prices that now prevail will help stimulate production, which must lead to a better demand for money.

HIS DISMISSAL JUSTIFIED.

The Toronto Athletic Club Instructor Loses His Suit.

Finneran against the Toronto Athletic Club (Limited) was an action for wrongful dismissal tried yesterday at Osgoode Hall. The plaintiff was engaged by the club as gymnastic instructor at the rate of $800 a year. He was dismissed for alleged neglect of duties and impertinence to Capt. Harston, the secretary-treasurer of the club, and offered his salary to date. A number of the members, as well as Capt. Harston and several of the servants of the club, gave evidence.

Mr. Justice Street found the plaintiff had failed to instruct some of the junior classes, and had neglected to keep a book to show the attendances at the classes also that he had been disrespectful to Capt. Harston, and that the dismissal was fully justified.

Action dismissed with costs. Mr. E. Bristol was counsel for plaintiff and Mr. H. J. Scott, Q.C., for the club.

McIntyre & Wardwell (John J. Dixon) received the following despatch from Messrs. Schwartz, Dupee & Co., Chicago: Wheat—Market to-day was active; higher and at times excited. There was very large trade, with a noticeable increase in the amount of outside orders. Cables were better and clearances were good. The small offerings of May, in comparison with the amount wanted by shorts, who were buying that month and selling July, contributed more to the advance than any other feature. The advance has checked the demand for cash wheat, both here and at the seaboard. The weather continues favorable for the growing crop. Prices for the immediate future will be governed largely by the amount of outside trade. Corn is dull, with no special feature. Provisions—Market has been weak from the opening to the close. Receipts of hogs were 5000 over the estimate, and prices 15c lower, discouraging provision bulls and causing considerable liquidation of May stuff. Scalpers seemed to fear a decline and packers took advantage of May selling to widen carrying charges, 250 being paid on pork from May to July.

Where there's so much Smoke,
there must be some fire. So likewise, when Pearline has had such wonderful success, from the very start, there must be good grounds for it. You won't have to be told what they are, if you're posted on washing compounds. Millions of women have used hundreds of millions of packages of Pearline, and this is why they want it: For making washing easy and at the same time keeping it absolutely safe, nothing has ever been found that can equal Pearline. Quality accounts for Pearline's success. And its success accounts for all its imitations. Only the best thing of its kind is ever imitated.
ALWAYS refuse imitations. 371 JAMES PYLE, New York.
