Chicago Gossip.

A. J. Wright & Co. had the following from Chicago this evening:

Wheat—An early drive was made at the market, which resulted in a moderate decline. Buying orders for about a million came in about this time, and the result was a sharp advance, disclosing the fact that the short interest was large. The North-western situation is very strong; cash wheat, Minneapolis, is selling at the May price; this is very unusual at this season of the year. All reports seem to show that the spring wheat crop was over-estimated. Receipts still running much ahead of last year, but so is the demand. Many good speculators look for higher prices.

Corn—A firm market has ruled to-day. There seems to be a large open short interest in May corn. Would advise purchases on a scale. The present price is cheap for good quality of corn. The demand will be large, and it is a long time before we raise another crop.

Oats—As in wheat and corn, the appearances indicate a short or sold-out oat market, and this resulted in a moderate advance. It is fair judgment to buy May oats on the declines.

Provisions—The provision market feature has been selling of about 8000 tierces of lard by Schultz, supposedly for long account held by some foreign interests. The list has felt this selling, and has also felt the larger hog receipts, and the expectation of better receipts next week.

Receipts of live stock were 56 car loads, composed of 552 cattle, 2000 hogs, 1195 sheep and lambs, and 20 calves.

The quality of fat cattle was fair, several loads of very good cattle being brought forward, but there were many of medium and inferior quality also being marketed.

Trade for the best butchers' and exporters was good, but the lower grades were slow of sale.

Prices for the best grades of exporters and butchers were firm, but unchanged, while the lower grades were easy at Thursday's prices, as will be seen by the many sales we have quoted below.

The higher price quoted for exporters was obtained by Whaley and McDonald for 22 cattle weighing 1255 lbs. each, at $5.10 per cwt.

Choice butchers' cattle were scarce. Whaley & McDonald sold one good load of 22 averaging 1055 lbs. each, at $4.40, which was the highest price quoted for a straight load.

Good heavy feeders are scarce; many farmers looking for them to-day went away empty-handed. Prices are firm at quotations given.

The demand for milch cows was good, as there were more buyers than cows. About 15 cows sold at $32 to $55 each, with one of extra good quality at $62.

Good veal calves are scarce; more would have found ready sale at price quoted.

There was a moderate run of sheep and lambs, which sold at unchanged quotations. The prospects are for steady prices, as all were sold that were offered.

Prevent Disorder.—At the first symptoms of internal disorder, Parmelee's Vegetable Pills should be resorted to immediately. Two or three of these salutary pellets, taken before going to bed, followed by doses of one or two pills for two or three nights in succession, will serve as a preventive of attacks of dyspepsia, and all the discomforts which follow in the train of that fell disorder. The means are simple when the way is known.

$12.50 Sacque Suits for $5.95

Look in the Yonge street window. You'll see them there. Better still, come in and feel them. Feel the soft, wooly surface which speaks to those who know good wool, of English downs and Scottish hills. Beautiful imported tweeds. The Suits do justice to the cloth and they are likewise a credit to the ready-to-wear movement. That we sell them as we do reflects more upon the power of this store to command prices rather than upon the quality of the clothes in any detail.

75 only Men's Fine Imported English and Scotch Tweed Suits, made up in the latest single-breasted sacque style, medium and light shades of grey, also dark Oxford grey, in plaid pattern, grey and black checks and greenish fawn shades, also black with a neat chalkline stripe, lined with first-class farmer's satin and perfect fitting, sizes 35-44, regular 9.00, 10.00, 10.50, 11.00, and 12.50, on sale Monday morning 5.95

English or American?

Which Hat for You?

Toronto men are favorably situated in as much as this store gives them choice of the styles of two continents. England for long led the world in men's fashions. Now, however, leadership is divided. New York styles have a character of their own apart from London's. We can show you the best examples of both. Perhaps we emphasize, if anything, the moderate blocks, so that those of quiet tastes have the very best possible range to choose from. And our prices—well, we discount regular outside prices from 25 to 50 per cent.
