GRAIN AND PRODUCE.

Dull Liverpool cables, bearish northwest statistics and prospects for larger Argentine shipments caused a lower wheat opening at Chicago on Thursday, the May option selling as low as $1.10¼. On short covering and professional buying a rally was experienced later, market closing unchanged to ⅛c above previous session.

The Winnipeg wheat pit was dull and governed by professional element. A dispatch from the Grain Growers' Association stated that a large quantity of Manitobas were being worked to the continent and the farmers holding their stocks very firm. The cash situation was unchanged. Futures market closed firm, ¼c higher.

Local quotations were held steady throughout the market, experiencing another dull uninteresting day.

Local grain dealers' quotations are as follows:

Wheat—No. 2 mixed, $1.07; No. 2 white, $1.08 outside.

Chicago Gossip.

J. P. Bickell & Co., say at the close:

Wheat, after a very dull session, governed almost entirely by professional element, firmed around close, due to the excellent demand for cash arrivals at substantial premiums over futures. Leading interests not so aggressive on short side and sentiment apparently growing more in favor of the holding position. Irregularity may be witnessed, but as we cannot discern anything in the commercial news that suggests material decline, we continue to advise purchase on all good recessions.

Erickson Perkins & Co. had the following at the close:

Wheat—Local professionals were bearish most of the session and were influenced by the lower securities market. A private cable from London reporting early sellers of Argentine wheat for shipment as quietly repurchasing, gave the market some of its midday strength and caused some buying. The market has shown a strong undertone all day, for it has had to contend with weakness in coarse grains and in the stock market, but it has more than held its own and has actually made a net gain for the day. It looks as tho the weak holders were out and that prices would work some higher, but it must not be bought on hard spots.

Corn—Market was heavy in tone. We see nothing on which to advise purchases, tho rallies are likely on change of weather conditions or a temporarily oversold pit condition.

Oats—Market was under pressure again from the same class of selling as was noted yesterday and in sympathy with easier corn prices.

LONDON, Jan. 27.—One of the biggest cock fights ever held in Ontario was arranged to come off in Stratford last night between Brantford and Toronto owners for championship.

The police, however, got wind of the affair and prevented it. Many crates of birds are at the express office in Stratford. A big crowd of sports from London, Hamilton and Toronto were in the city.

127 CARS AT CITY YARDS GENERAL QUALITY MEDIUM

Trade Slow—Prices 15c to 25c Cwt. Lower For Medium Grades—Hogs at $8.50 Cwt.

The railways reported 127 car loads of live stock at the City Market for Wednesday and Thursday, consisting of 1748 cattle, 4014 hogs, 709 sheep and lambs, 108 calves, and 1 horse.

The quality of fat cattle was generally common to medium, the high prices prevailing since the new year opened has had the effect of bringing a lot of half finished cattle on the market.

The drovers have been too venturesome and paid prices in the country for these half finished cattle, that in many instances lost them money. In some loads as much as 25c per cwt. was dropped and prices were easier all round, but more especially in the medium classes.

Exporters.

A few export bulls were bought at $4.50 to $5 per cwt., but we heard of prices as high as these being paid for butcher bulls.

Butchers.

George Rowntree bought 410 butchers' cattle for the Harris Abattoir Co., at following quotations: Steers and heifers, $4.60 to $5.60; cows, $2 to $4.40; bulls, $4 to $5.25 per cwt.

Stocker and Feeders.

Harry Murby reports little doing in stockers and feeders, but owing to the fact that butchers are paying higher prices for all classes of steers with any flesh on them, than farmers and feeders are willing to pay. Mr. Murby bought 4 loads of butchers, 700 to 900 lbs. each, at $4 to $4.65 per cwt.

Milkers and Springers.

Buyers from Montreal and Quebec had the effect of stimulating the market for milkers and springers. Prices paid ranged from $35 to $55, with a very few going at $60 each.

Veal Calves.

The run of veal calves for the two days was light, which caused prices to be firm at $3 to $7.50, altho as high as $8.25 was paid for a few new milk fed veals.

Sheep and Lambs.

Ewes, $4.50 to $4.75, was the general price, but $5 per cwt. was paid for a few of choice quality; rams and culls, $3 to $3.75; lambs, prices ranged all the way from $6 to $7.25, and a few selected lots at $7.50.

Hogs.

Mr. Harris and the rest of the dealers reported the market weak at $8.50, fed and watered, and $8.25, f.o.b., cars, with prospects for lower prices next week.
