Look at our window today. If it doesn't interest every man, woman and boy, we are no judges of human nature. Don't think January is too late to buy an overcoat. It's never too late to improve your personal appearance.

There are so many people who are influenced by the looks of your clothing, that it is a paying investment to be dressed above criticism.

An overcoat bought at our January Sale means a clear saving of dollars. Goods of all kinds are rapidly advancing in price, and these qualities cannot be bought next season for any such money as are now offered.

CARDINAL NOW ON TRIAL.

Grand Jury Brought in a True Bill and Evidence Was Taken.

The grand jury of the Criminal Assize Court yesterday afternoon found a true bill against Central Prison Convict Cardinal, charged with attempting to murder another prisoner named John Hughes on Dec. 1 last.

Cardinal was committed for trial by Magistrate Denison earlier in the day. The only Crown witnesses examined were Hughes and Sergt. Lyons, of the Central Prison. The former testified that when he went to his cell on the night of the crime he was attacked by Cardinal, who was actuated by revenge because Hughes had reported him for some misconduct.

The victim's father is also an inmate of the institution. They were sent from Lindsay as vagrants. Cardinal, who is 23 years of age, was committed at Ottawa for theft.

English Army Blacking is not only the name, but it is actually used by the English Army in South Africa to-day.

What It Means.

One element of success in business is adaptability to changed or changing conditions—quickness to see what is in demand and to provide it. Unless one had mingled with the thousands of citizens who visited the exhibition of the Robert Simpson Company yesterday, it would be hard to realize how well they have met the prevailing spirit in placing these patriotic scenes before their customers at this time. On Saturday, of course, the children were greatly in evidence, but yesterday the audience, composed almost exclusively of adults, evinced an intense interest in the Landing of the Troops, the Marching of the Contingents, in fact, in the whole series of views. The merit of the entertainment is beyond question—the fact that all purchasers may see it without additional charge does not make it any the less worth a quarter-dollar.

Fined for Selling Opium.

Magistrate Denison yesterday imposed a fine of $20 and costs on Mee Man for selling opium in his restaurant at 158 Bay-street.

Clarence G. Glover, who was arrested on a charge of stealing some fish, was remanded for a week.

For stealing $2 from William Dalton of Guelph, Martha Young was committed to jail for 60 days.

Fred Stubbs was sent down for 60 days on a charge of stealing some lead from Fiddes & Hogarth.

W. H. Prittie was committed for trial on two charges of theft.

James Burnett was remanded till Friday. He is charged with theft by J. H. W. Mackie of 46 Church-street.

Fairweather's.

MEN'S FURS

We think the handsomest lot of fur coats you'll see anywhere you can see here—

Fine Muskrat-lined Coats, with Otter trimmings.

Fine Muskrat-lined Coats, with Persian Lamb trimmings.

SUCCESSORS TO J. & J. LUGSDIN.

HAMILTON NEWS

BOARD OF WORKS MEETING

First Session of the Year Had Several Important Matters Under Discussion.

DEADLOCK OVER WARDENSHIP.

New Rule of Election No Better Than the Old—Evangelist Simpson—General News.

Hamilton, Jan. 23.—(Special.)—The new Board of Works held its first meeting this evening. It was waited on by a deputation from the north end of the city, and its spokesmen, Dennis Phillips, William Maxwell, T. W. Jutten and others, urged the board to make a number of much-needed improvements in their section of the city. Among these were the bridging over of Strachan-street, the placing underground of the Grand Trunk semaphore wires on Ferguson-avenue, at the main line; the macadamizing of Ferrie and Picton-streets, and the opening out of Ferrie-street and Birge-street.

Ald. Findlay, the chairman, stated that the delay over the bridging of Strachan-street and some other matters was due to the inattention of the Grand Trunk officials.

The chairman also brought up the matter of the high-level bridge over the Grand Trunk, just west of the city, in his opinion another case of neglect on the part of the G.T.R.

The board decided to send the chairman, the City Solicitor and Engineer Wingate as a deputation to the Finance Committee, and co-operate with it in a protest before the Railway Committee at Ottawa.

The chairman and Engineer was authorized to deal with the request of the skilled quarrymen employed by the city, that they be paid the current rate of wages, 17 and 18 cents an hour. They now receive 15 cents.

Ald. Findlay, Bauer and Fearnside were appointed the Claims Committee of the board.

The application of the Iron & Steel Company to close portions of Queen and Barton-streets was favorably received, and action will be taken.

Rev. A. B. Simpson.

Rev. A. B. Simpson of New York, the noted apostle of Divine healing, and the great money-getter, held forth in the First Methodist Church this afternoon and evening, and addressed large congregations. He made no attempt at getting large collections here, however, probably on account of this being his old home. Dr. L. Lacheur, his right-hand man, however, made a strong plea for cash, watches, diamonds, pictures or anything of value. Dr. Simpson said that the newspaper reports that the funds were mismanaged were false, and that the missionary who made the charge had retracted it.

Wrestling for a Warden.

The annual wrestling match in which the members of the County Council indulge over the election of a warden, began this afternoon about 3 o'clock; but after 17 rounds the councillors threw up the sponge exhausted, and adjourned till to-morrow morning to renew the struggle. By the new rules only one nomination can be made at a time and the voting must be open. This, it was thought, would cut short the long drawn-out contests of past years; but this afternoon's experience knocks that idea sky-high.

The fight began by Councillors Pettit and Kenrick nominating Councillor Marshall, but when the votes were counted only Councillors Carr, Kenrick, Marshall, McGregor and Pettit were found to be for him. Then Councillors Collins, McGregor, Kenrick, Boyle, Pettit and Carr were in turn nominated, with a like result, five votes for each, except Carr, whose total was two.

At this stage an adjournment of half an hour was agreed to, but there was no improvement in the state of affairs when the councillors returned to their task. Councillors Marshall, Binkley, Kenrick, Robertson, Collins, French, McGregor, Pettit, Boyle and Carr were each nominated, but none of them received more than five votes.

Seventeen votes taken and no warden proved too much for the councillors' endurance, and a motion to adjourn till to-morrow morning at 10 o'clock was carried.

A noticeable feature of the voting was the way Councillor Collins stuck to Councillor Collins. In all the 17 votes he voted twice only, for Collins, and no other nomination could tempt him from the path of duty.

County Finances.

County Treasurer Cochrane's statement of receipts and disbursements for last year are as follows: Balance on hand at Jan. 1, 1899, $3866.15; first quarter, receipts, $5039.17; disbursements, $8461.62. Second quarter, receipts, $3855.49; disbursements, $10,265.80. Third quarter, receipts, $6217.84; disbursements, $11,359.75. Fourth quarter, receipts, $50,805.05; disbursements, $12,338.12; leaving a balance on hand of $30,280.22. The total receipts were $72,705.60.

Found Them Guilty.

Charles Ralston, George Cousins, Liberty Clayton and Robert Russell, young men, came before Judge Snider this morning on several charges of housebreaking and receiving stolen property. Only Ralston and Cousins were tried to-day and they were found guilty of receiving property stolen from the residences of O. G. Carscallen, August Hackbush and George Burkholder within the last two weeks.

They were remanded for sentence till next Tuesday, when the other charges against them and their chums will be tried.

John Huffman, wanted in Brantford for theft, was arrested here to-night and the stolen stuff recovered.

Eddie Burke, John-street, a young man who keeps bad company, was bagged to-night by Detectives Coulter and Bleakly.

Thomas Street, Walnut-street, who has been a patient at the City Hospital, left that institution this morning, taking a coat with him. He was arrested to-night.

Minor Matters.

John Freeborn, the football player, for assaulting his wife, was to-day fined $10 and bound over to keep the peace by the magistrate.

Evidence was heard by Justice MacMahon to-day in the fence line dispute case of Job v. Gottlieb, and judgment was reserved. His Lordship strongly favors the plaintiff's case.

Several of the soldiers who took part in Fenian raid fights in 1866 have received their medals.

There is considerable opposition among the aldermen against the third man proposal.

The city treasurer cannot close the books for 1899, because the Street Railway Company has not paid its last quarter's percentage of profits and mileage charges.

DEAF MUTES MADE TO HEAR.

Hearing Has Been Restored to Two Young Women Who Have Been Deaf From Infancy.

Indianapolis, Jan. 23.—Miss Pearl Harris and Miss Mabel Johnson, both of Howard County, have been deaf mutes from infancy. They were educated at the Institution of Education of the Deaf and Dumb near this city. They attained their majority nearly two years ago, and were supposed to be beyond the reach of treatment. Recently Dr. J. W. Rayborn of Kokomo made an examination of Miss Harris' ears, and announced that he believed he could cure her, and she was placed under his treatment. Miss Johnson also decidedto let him operate upon her ears, and he undertook both cases, giving to each the same treatment.

Examination showed that a thin film or covering was drawn tightly over the drum of the ear, and the physician had instruments specially made for piercing the drum. He made several incisions. The operations were successful beyond his expectations, and the patients are now able to hear as readily as a person who was never deaf. After their hearing was restored the physician began to urge them to talk, and they are making good progress. Dr. Rayborn refuses to give particulars regarding the means employed in the cures.

AN ANNIVERSARY BANQUET.

Elm-Street Methodist Church Threw Open Its Doors to Its Members Last Night.

The anniversary banquet of Elm-street Methodist Church was held last night under most favorable auspices. It was a brilliant affair, and was attended by over 250. The supper was prepared in the lecture room of the church, the tables being prettily decorated with flowers and fancy dishes, while large gaily-colored streamers were stretched over the walls and pillars.

Mr. Richard Brown, an ex-superintendent of the Sunday school, presided at the banquet. Short addresses were made by Mr. Brown, the pastor, Rev. Dr. German, Rev. Dr. Griffiths and Rev. Dr. Briggs. A number of solos were rendered by Mr. Harry M. Blight. Miss Lillian Hall of Peterboro was the accompanist.

The refreshments were served by the Ladies' Aid Society, the following members being in charge of the tables: President, Mrs. (Dr.) Powell, Mrs. German, Mrs. Patterson, Mrs. Berkinshaw, Mrs. R. J. Score, Mrs. Peal, Mrs. Hamilton, Miss Aikenhead, Mrs. Jackson, Mrs. Rysbrough, Miss McGee, Mrs. Henry, Mrs. Pattison, Mrs. Symons, Miss North, Mrs. Laughlin, Mrs. Brayley, Mrs. Nudell, Mrs. Sarah, Mrs. Aikenhead.

A resolution of thanks was voted to Mr. Carman and the choir for their services. The resolution was moved by R. C. Hamilton and seconded by R. J. Score. Mr. Carnahan made a brief reply.

ADAMSON'S TRAGIC DEATH.

A Toronto Boy, Who Was Shot in Vancouver, Buried Here Yesterday Afternoon.

Yesterday afternoon the late John Adamson, son of J. R. Adamson, 572 Church-st., was buried in Mount Pleasant Cemetery. The deceased was 25 years of age, and met a tragic death in Vancouver, Jan. 13.

Young Adamson started for Squamish on Jan. 3 with John Foster, on a hunting expedition. They got much game around Bowen Island, and on the morning of Jan. 13 started for home. They were in a boat, and decided to take a last shot. Foster got out and was pulling the boat ashore, when Adamson walked to the bow, dragging his gun by the muzzle. The gun went off. The charge hit Adamson in the stomach, and he writhed in agony.

Foster staunched the flow of blood with a handkerchief and ran half a mile for help. He secured a man to row Adamson and himself to Vancouver, a distance of 18 miles. It took the party 10 hours to get there. Adamson was taken to the hospital, but his life could not be saved.

Adamson went to Vancouver two years ago from the city. He was a former employe of Rice Lewis & Son. In Vancouver he was employed by the Vancouver Hardware Co., and was popular with his employers.

A MILK COMBINE AT OTTAWA.

Dealers at the Capital Claim That They Can Reduce the Price to Consumers.

Ottawa Citizen, Jan. 23.

A project has been put under way by the leading milkdealers supplying the Ottawa trade which will work a revolution in the milk business, and benefit both the consumer and the dealer. The project as mapped out is this: At a central point in the city a distributing depot will be erected and a modern and complete sterilizing plant built. All the dealers will bring their milk to this depot instead of as now distributing it direct from their own headquarters. The milk will all be thoroly tested daily when received at the central depot, and thus all chance of milk of inferior quality being served out to customers will be done away with. Sterilized milk, which is thus treated to remove all germs, is recommended by the members of the medical profession, and is finding favor with the general public. At present many consumers boil or sterilize their own milk before using, but, according to the new arrangement, they will be saved this trouble, and receive their milk sterilized beforehand. * * * Another marked advantage in the new arrangement will be in the distribution of the milk. At present the Ottawa consumers are served from about 85 rigs. * * * By the new arrangement, however, the entire city will be covered by about 30 rigs. Each rig will have its exclusive route, to as each serves a different list of customers the work will be done more expeditiously. Thus the consumers will receive their milk much earlier than at present.

It is estimated that the yearly cost of the Ottawa milk delivery is $60,000, but by the new arrangement, which greatly reduces the number of outfits, a saving of at least $30,000 will be effected. This will permit the dealer to lower his retail price and the consumer benefits thereby.

The members of the Ottawa Milkdealers' Association are, with few exceptions, in favor of the new arrangement, and on a conservative estimate it is claimed that over two-thirds of the dealers have signified their intention of identifying themselves with the new order of things. * * * Steps will be taken to form a joint stock company, which, it it thought, will represent at least $400,000 capital invested in the milk business. One of the promoters will visit Toronto this week and look into the arrangements adopted there.

Ontario Ladies' College.

A few evenings ago the directors and faculty of the Ontario Ladies' College, Whitby, gave a farewell supper to Mr. and Mrs. J. S. Barnard. Mr. Barnard has been on the College Board for some time as secretary-treasurer, and Mrs. Barnard has been for some years a member of the college staff. After the supper a musical program was given, after which Dr. Hare presented Mr. Barnard with a beautifully bound set of Dickens' works. Mr. and Mrs. Barnard will reside in London, Ont., in future.

David O'Connell, the Sudbury prospector, was a caller at the Parliament Buildings yesterday.

HELPS ELECTRICITY.

Grape-Nuts Build the Brain That Does the Planning.

A famous electrical engineer, Foote, who constructed the 3000-horse power electric plant which supplies Battle Creek, Kalamazoo and other Michigan cities, says there is no food known that will supply him with the vitality and mental vigor from breakfast to noon that Grape-Nuts will.

Mr. Foote, in conversation, said: "There is no doubt left in my mind of these facts. I have tried all sorts of food and kept track of the results. I gain steadily in reserve force when I use Grape-Nuts, notwithstanding my occupation requires long continued and concentrated brain work." There is no artificial stimulant in Grape-Nuts. Nothing but the stimulus of good food that is scientifically prepared for immediate assimilation into blood and tissue, especially brain tissue.

Brain workers can get sure and understandable results by using Grape-Nuts.

NO IMMEDIATE CAUSE FOR WORRY.

SHADE OF NAPOLEON: I hope they are not going to vulgarize the place by sending that funny whiskered old Dutchman Kruger here.

NEWS OF THE STAGE AND PLATFORM

"A Greek Slave."

A most elaborate production of London's greatest comic opera success, "A Greek Slave," will be given at the Grand Opera House the last three nights of this week, opening to-morrow night. This opera is the latest offering of George Edwardes, and competent critics, both in England and America, have pronounced it the best of all his pieces. It is light and gay, brimful of tuneful melodies and rich in wit. For nearly two years it drew large audiences to Daly's Theatre, London, and since its introduction in New York last fall has captivated the lovers of good opera in this country. The librettist has taken for the the theme of his story a tale of Rome in the days of Nero. Of course the plot is none too heavy, but sufficiently strong to give a score of clever principals opportunities to display their abilities. Of the 100 people used to interpret the opera, Miss Dorothy Morton, in the most prevailing role, that of Maia, has achieved the greatest success. The music of the solos and duets allotted to her seems particularly well adapted to her superb vocal powers. Miss Minnie Ashley, a young woman well known in Toronto, has made a decided hit in the role of Iris, a slave girl. She introduces two entirely new dances, which alone promise to bring her much fame. Richard Carle and Herbert Sparling are two comedians who are clever enough to make fun in plenty without the services of a librettist. Kate Michelena, Hugh Chilvers, Albert Parr, Mittie Atherton, Marie Denbi, Ole Norman, Adeline Bouvier, Inez Rae, Marion Singer, Carolyn McLean, William Maitland, Merle Manning and William Thompson are in the cast of principals. The company has an exceptionally strong singing chorus of pretty girls. There will be the regular matinee Saturday.

The Return of "Arizona."

The return of "Arizona" to the Grand Opera House next week has been the occasion of the largest demand for reserved seats and boxes since the Italian opera season. Mr. Thomas' exquisite play will be interpreted by the same excellent company seen here last November, barring two slight changes. When "Arizona" was last here Miss Eleanor Robson was too ill to play and Miss Adora Andrews very competently took her place in the difficult role of Bonita Cunby. Miss Robson has entirely recovered and will be seen in her original character on Monday night. Miss Andrews, who won golden opinions during the previous "Arizona" engagement in Toronto, will be seen in her own original creation, Lena Kelley. The advance sale of seats and boxes for the "Arizona" week, which, by the way, will include a special popular-priced matinee on Wednesday, will begin to-morrow morning.

Marie Corelli Popular With Women

Marie Corelli appears to be a more popular authoress in Toronto than many people supposed. The dramatization of her "Sorrows of Satan," which is now running at the Toronto Opera House, has brought people there who have never been in a theatre in a long time before. Judging by the audiences at the performances yesterday, Miss Corelli has her greatest popularity with the ladies. At the matinee yesterday they crowded every part of the theatre. The splendid portrayal of Prince Lucio Rimanez by Mr. Charles Kent, the efficient support given him by Miss Emily Dodd as Lady Sibyl Elton, Anna Morland as Diana Chesney, the American heiress; Edwin Holland as Amiel, and Miss Marie Curtis as Mavis Clare, the authoress, and the beautiful production of the play, are all factors in making the engagement of "The Sorrows of Satan" at the Toronto a notable one.

"Johnnie" Bennett Back.

"The Female Drummer," which, as many people who saw the bright musical comedy at the Grand Opera House last season will remember, does not deal with the actual life of a lady commercial traveler at all, returns next week. The skit, which is in three acts, is used as a satire on modern business, on "bargain days," on the different characters in a large departmental store, and of the actions of people met in everyday commercial life. Of course, Miss Johnstone Bennett is the female drummer, but the other principal characters are taken by Willie O'Neil, Tony Williams, Oscar Figman, Willis P. Sweatman and, in fact, the entire company of last year. The company plays its next engagement at the Toronto.

At the Princess.

The Cummings Stock Company have surely got their best success of the season this week at the Princess Theatre, and the play is certainly deserving of the best, for it is staged admirably. There has never been anything here better, and it is far better, as Manager Cummings promised, than it has ever been done here before. The Knowlton Iron Works, with the machinery in full working order, is realism itself, and the strike scene is not only a powerful, convincing argument, but it is so well done that it never fails to get from two to three curtain calls. The company all thru shines to great advantage, and shows fully the care taken with it. It will play, from present indications, to one of the biggest weeks of the season. Next week Manager Cummings promises the best performance and production ever seen in Toronto of "The Ticket of Leave Man," a well-known and very powerful melodrama, full of sentiment, comedy and dramatic strength and one of the very best plays of the stage. Altho the play is similar in some ways to "The Silver King," the story is quite different, and it is to be admirably staged in every particular, and cast to the fullest strength of the Cummings Company. Mr. Lester Lonergan will appear as Bob Brierly, Mr. Cummings as Dalton, Mr. Frazier as Hawkshaw, Miss Florence Stone as May Edwards, Mr. Rich as Old Moss, Miss Marshall as Emily St. Evenmond, etc. "The Ticket-of-Leave Man" is a very popular play in Toronto, as it is everywhere, and one may loog for a surprising success with this play.

Empire Theatre.

There is an old saying to the effect that a man loves his pipe nearly as well as he does his wife, and, judging from the number of persons who have enjoyed a smoke from the handsome briar-wood pipes which are given away every Friday night at the Empire, it is a true one. In order that everyone may fill his pipe, Manager McConnaughy will present to his patrons to-morrow night a plug of smoking tobacco valued at 15c.

Can a Piano Sing?

"De Pachmann has the power of drawing from the piano melodies of such sweetness long drawn out, shadings and gradations of tone-color so evanescent and subtle, that under his witchery technique itself becomes a problem spiritualized and the piano an instrument with a voice, with the singing quality of a violin, the swell of the organ and the vibrations of the harp." So writes Cornelia Dyas in one of the January magazines of the great pianist who is to be heard at Massey Hall next Monday night. The description is a very suggestive one.

Combined Bands on Saturday.

A treat is in store for lovers of band music on Saturday night, when the combined bands of the three crack militia regiments of this city will be heard at Massey Hall. This will be the ninth event of the popular military series which Mr. Suckling initiated some time ago. The internecine troubles among the musicians prevented him from carrying out his original purpose of weekly combined band concerts. Reorganization has taken place, however, and this week Torontonians will have the privilege of hearing all three bands in concert. The balance of the program will possess that strong topical interest which has been the life of these events. Mr. Ramsay will sing some new songs and the stereopticon views and moving pictures will be novel and up-to-date.

Red Cross Concert.

The article which appeared in The Sunday World of Jan. 21, headed "Contingent Concert," was incorrect. The following is the correct announcement: A patriotic concert, under the patronage of the Toronto Ladies' Branch of the Red Cross Society (Mr. C. S. Gzowski, secretary), will be given Thursday evening, Feb. 1, in the Guild Hall, McGill-street, the proceeds to be shared between the Red Cross Society and Dr. Barry, Y. M. C. A. representative in South Africa. Mayor Macdonald will preside. The following artists have kindly volunteered their services: Miss Dora McMurtry and Miss Jessie McNabb, A.T.C.M., soprano; Miss Alice McCarron, contralto; Miss Catherine Louise Proctor, elocutionist; Mr. Lawrence, tenor; Mr. Buch, baritone; Mr. Douglass, cornet soloist; Miss Annie McKay, accompanist; the North Toronto Orchestra, under the leadership of Mr. Kirkpatrick.

At the Bijou.

The Bijou will give two performances today at 2 and 8 p.m., when the Robinson Comedy Company will appear.

ANOTHER C. P. R. LINE

Given a Perpetual Lease of the Great Northwest Central Railway.

General Superintendent Leonard of the C.P.R. presided at a meeting of the shareholders of the Great Northwest Central Railway, held at the Union Station on Monday. The meeting was called for the purpose of completing arrangements by which the C.P.R. would assume control of the line. The G.N.W.C.R. is not yet completed, but the work is steadily going on. It runs north of the C.P.R. and connects Rapid City, Minnedosa and Hamiata. The result of the conference was that the C.P.R. will receive a perpetual lease of the new road.

Oxford Old Boys.

Oxford students and old boys met in Varsity Y.M.C.A. last night and formed an Old Boys' Association. After drawing up a short constitution, the election of officers took place, and resulted as follows:

Hon. president, Wallace Nesbitt; president, T. Gibson; vice-president, W. M. Mackay; secretary, H. L. Kerr; treasurer, John Empey; counsellors, Messrs. J. B. Coleridge, J. W. Hotson D. Smith, J. C. Ross, S. T. Bastedo and J. McPherson.

After considerable discussion it was decided to hold a dinner soon.

The only up-to-date stove polish is Tiger Stove Polish. It gives the stove a beautiful, bright appearance.

"Better the Feet Slip Than the Tongue."

Slips of any kind are to be deplored, but there is one slip Nature never forgives. It is the carelessness of ignoring the signal that the body is in danger of wreck. It may be that the kidneys or the stomach or the head gives the warning sign. But remember, the blood feeds every organ of the body.

Make no slip, but first tone up the system through the blood, and health will surely follow. Hood's Sarsaparilla is the best preparation man has devised to make pure, life-giving blood. *It never disappoints.*

Swellings—"I had a swelling on my chest. It caused me great pain and many sleepless nights. Physicians advised an operation but my daughter urged that I take Hood's Sarsaparilla instead. I did so and after using six bottles, the swelling went away and I have not had any more pains." MRS. J. W. CRONKWRIGHT, 432 Front St., Belleville, Ont.

Erysipelas—"I would strongly urge the use of Hood's Sarsaparilla for erysipelas or any scrofulous disease. I have received great benefit from Hood's Sarsaparilla for the former complaint. It is an excellent blood purifier." MRS. H. D. WEST, Church Street, Cornwallis, Nova Scotia.

Hood's Sarsaparilla
Never Disappoints

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

Dry-Cleaners And Dyers.
