GOSSIP FROM THE CITY HALL

City Auditors Make a Claim for Extras in Connection With Elliott & Neelon Contract.

DRINKING FOUNTAINS NEEDED

For Visitors at the New Pile—St. Lawrence Market Extras Are Discussed.

The Property Committee had a meeting yesterday, at which the application of the Crescent Club to rent the Cyclorama building for athletic purposes was rejected.

The salary account of Architect Lennox's bookkeeper was thrown out for the third or fourth time.

City Auditors Claim Extras.

The city auditors sent in a bill for extra work in connection with the Elliott & Neelon contract. Chairman Burns asked, was it fair that the auditors should charge for extras when they were always in the habit of getting additional help when needed? There was a cog loose somewhere in a condition of things where auditors who themselves were asking for extra help were undertaking additional work for extra pay.

The payment of the accounts was deferred for a report.

Drinking Fountains Needed.

The question of the erection of drinking fountains in the City Hall for the refreshment of visitors was discussed. Since the publication of the facts in connection with the Mayor's high-priced filter there has been a good deal of enquiry for the fountain.

City Commissioner Coatsworth said he had asked the marble work contractor to make an estimate for two fountains on the first floor, but he could not get it done pending the termination of the contract.

Mr. Coatsworth was instructed to try again, and, if he had the same trouble, to get the estimate elsewhere.

St. Lawrence Market Extras.

Some discussion followed the reading of several letters from Beaumont Jarvis, the co-architect of the St. Lawrence Market, about extras. The cost had been incurred on account of "certain additional work on the St. Lawrence Market." A claim had been laid before the Engineer's department, but would need the signature of Chairman Burns of the Property Committee.

One of the architect's letters was written to James Crang, contractor, with reference to water which flowed into the excavations and recommended pay for extra cost, as the water principally came in thru the city sewers. Mr. Smith of the Engineer's department said to Mr. Jarvis that the cost would be adjusted later.

The final letter written by the architect was rather insistent. It was directed personally to Chairman Burns, and ran:

Aug. 21. Dear Sir,—I sent you on the 17th inst. a letter to sign for additional work on the market, and as I have not had it returned I am writing to find if your office had delivered it to you. The clause inserted in regard to extension of time was arranged after the initialing of the Engineering Department, but has been agreed to by Mr. Rust verbally. Beaumont Jarvis.

Chairman Burns drew attention to the following sentences in the architect's letter:

Piling is Not Necessary.

"Since the piling at the upper end will be so short, it will be necessary to dispense with it and carry the concrete foundations down to hard pan or suitable soil. The additional time for this work will be two weeks."

"This means," said Ald. Burns, "that the brick piers were pulled down to put piling under them, and now the architect tells us the piling is not necessary."

Finally the whole matter was referred to Engineer Rust for a report.

More Orders to the Railway.

The sub-committee of the Works Committee, which met Manager Keating the other day to discuss better street car communication with the Exhibition, had another meeting yesterday to urge upon the company the running of Dundas-street cars direct to the Fair grounds. Mr. Keating was unable to see how this could be done, there being no switch at the intersection of Queen and Bathurst-streets. After some discussion the sub-committee, which was composed of Ald. Bell, Graham and Urquhart, passed a resolution to the effect that the City Engineer order the Street Railway Company to run a stub line down Dufferin-street during the Exhibition.

Court of Revision.

The Retail Merchants' Association asked the Court of Revision yesterday to increase the assessment upon the personalty of the T. Eaton Co., which now stands at $200,000. The matter was allowed to stand until Thursday. The claim of the retail merchants is for an increase to $1,500,000.

The following reductions were among those made during the day: Trust & Loan Co., 25 Toronto-street, buildings assessed at $25,000, reduced by $4,500; Grand Opera House, personalty of Alexander Manning, $1500, reduced to $500; Alexander Manning, building of the Publishers' Syndicate, East King-street, $400 per foot, reduced to $375; W. H. Orr and G.H. Orr, at the Aetna Life, 9 Toronto-street, assessed on a taxable income of $8800, reduced to $3000; B. and H. B. Kent, jewelers, 144 Yonge-street, personalty of $20,000, reduced to $11,000; William E. Washbourne of the Metropolitan Life, taxable income $9000, reduced to $1000, and $300 added to personalty; Land Security Co., 180-182 Richmond-street, assessed at $55, reduced by $5; Land Security Co., 188-190 Richmond, also $5 off; Army & Navy store, 153 East King-street, assessed at $175, reduced by $50.

Civic Employes Return.

Mr. Thomas McQueen, secretary of the Board of Control, and Mr. George Castle, secretary of the Engineer, were back yesterday from holidays.

TUESDAY'S POLICE COURT.

Patrick Brogan, Timothy Sullivan and William S. Bailey were tried in the Police Court yesterday on a charge of wounding Thomas Graham of Williamson-place. Bailey was acquitted, but the other two were found guilty. Sullivan was sent to the Central for nine months and Brogan for six months.

Ernest M. Sinkin, the clerk in A. Mills' office, charged with stealing from his employer, was further remanded for a week. It is stated that Sinkin is addicted to the expensive pursuit of shooting craps.

Martin Ridge was fined $10 and costs or three months for disorderly conduct at the Salvation Army Lifeboat Institution, at Wilton-avenue and Victoria-street.

Thomas A. Bartram, for swearing on the street, was fined $1 and costs or 10 days.

Andrew Thom was committed to jail for 20 days for assaulting Annie Thompson.

Duncan Medcalf, a well-dressed young man, living on Wilton-crescent, was arraigned on a charge of committing an aggravated assault on William Parks of Portland-street, a driver for the Verral Transfer Company. He pleaded not guilty, and was remanded till to-day. Parks is said to be in a serious condition.

A helpless old woman named Alice Cody was given three months in the Mercer.

Angeline Elberson, the woman who has been prophesying the end of the world from the downtown street corners, was sent down for mental examination.

Another remand was made in the case of William Clark, who admitted stealing a coat from Benjamin Burchall.

As the result of the police raid on Saturday night James Davidson appeared to answer a charge of having kept liquor for sale on his premises. Further evidence will be heard to-day.

The Great Northern.

The Stratford Beacon has the following from Mr. J. C. Mabee, Q.C., who has just returned from a trip to the coast:

"I left Seattle on Saturday at 8 p.m., reaching St. Paul on Wednesday at 2.45 p.m., on time to the minute, on the Great Northern Line—1875 miles. The people of Ontario don't know the kind of road this is: millions are being expended in improving the roadbed. The famous tunnel in the Cascades, 2½ miles long, upon which over 1000 men have been working since the spring of 1897, is to be opened for traffic in October. The people on the coast have unlimited faith in Mr. Hill, the president, and thruout the entire west he is regarded as the foremost of railway princes. He is having steamships constructed, said to far surpass anything afloat, for trade with the Orient, his dream being to land Minneapolis flour in China at a cost below the production of rice in that country. If he can induce the Chinese to eat American flour in preference to rice, he will certainly be able to keep the wheels of the railway hot in carrying the product to the coast and load his steamers to their utmost capacity. Seattle is said to have been definitely settled upon as the coast terminus, 350 acres of tide flats having been bought for the purpose of erecting freight sheds, elevators and wharfage. If this is all realized it means that Seattle in a few years will outrank Portland or San Francisco as a coast city."

Sweltering in St. Louis.

St. Louis, Mo., Aug. 21.—Intense heat, which has prevailed here for several weeks almost without intermission, continued today with apparently no prospect of cessation. Two deaths and eleven prostrations are reported as the result of yesterday's high temperature.

ST. EUGENE'S BIG PAY ROLL

Lead Mining and Smelting in British Columbia—An Article on Fostering These.

MEETING OF HAZEL MINING CO.

Sales of and Closing Quotations on the Toronto Mining Exchange Yesterday—Notes.

The Moyie (East Kootenay, B.C.) Leader says:

"As each month passes Moyie's pay roll continues to increase. For the month of May the St. Eugene Consolidated Mining Company paid out $17,000 and for June $21,000. Yesterday was the company's pay day, and the amount paid out was $25,400. With the usual sums paid out about town Moyie's pay roll for the month of July will easily reach the $28,000 mark. This is the largest amount ever paid out in a single month in Moyie."

Novel Mining and Development Co.

An important general meeting of the shareholders of the Hazel Mining and Development Company will be held on Wednesday, Aug. 29, at 8 o'clock p.m., at the offices of Messrs. Davis, Cook & Smith, second floor, Medical Council Chambers, corner Bay and Richmond-streets.

A very encouraging report has been received from Mr. Jeffrey, one of the most reliable mining experts in Canada, and highly favorable information is also contained in letters from Mr. Williams, all of which will be submitted.

J. R. Bond, Secretary.

Help Canadian Lead Mining.

From Trail Creek, B.C., News.

The resolution passed at the recent meeting of the Associated Boards of Trade, asking the Dominion Government to advance the duties on manufactured lead, is the initial step in the upbuilding of an industry that will outrank all others in Canada. It will not only give us a new industry, but it will be the basis for the development of the mineral resources of the province. In short, it means that all paints manufactured in Canada will be the product of the lead ore which is smelted here at home, refined here at home and manufactured into raw materials here at home, instead of from the raw materials which are now manufactured and brought from abroad. It means that Canada will be able to compete with the world in the manufacture of lead. At the present time it is simply a question of market and tariff. Here we can smelt lead ores as cheaply as the best smelters in the United States, and so soon as the Canadian Government will adjust the tariff, so that the lead produced in Canada can be used to the exclusion of that from abroad, the smelting industry and those dependent upon it, notably the manufacture of paints, will be firmly established.

The recent action of the Government in remitting the 15 per cent. duty on pig lead, from bullion produced in Canada and refined in bond, in the United States, has already shown good results in the growth of the Canadian smelters.

The largest use for lead in Canada is in the manufacture of dry white lead, red, orange and litharge. It must be understood that when the demand for these articles was first created by the manufacture of paints in Canada, there was little if any mining done, and therefore no smelters to furnish the lead. Consequently the purpose of the Government was to give paint manufacturers the advantage of purchasing their raw materials abroad, and the dry white lead, red, orange and litharge were admitted practically free. That is, dry white, 5 per cent.; red lead, 5 per cent.; litharge, free. Now the mining industry has developed, and the product of our own mines and our own smelters could be used in the manufacture of these raw materials, if the duty were raised to the exclusion of the foreign articles. For instance, if dry white lead were raised from 5 to 35 per cent, red from 5 to 35 per cent. and litharge from free to 35 per cent., the Canadian articles could meet the competition.

With these changes there would be a demand for 10,000 tons of Canadian pig lead per year, instead of 3000 tons. More ore would be mined and the Slocan miners would receive better prices. The natural results would be refineries and manufactories. British Columbia lead would then be sold in the east, to be manufactured into lead pipe, white lead and the like.

NAVIGATION NEWS.

Traveling on the water was rough again yesterday, and many of the passengers suffered from seasickness. Despite the rough trips, all the steamers carried large crowds.

A Grand Trunk train brought in an excursion from Allandale and intermediate points, the passengers going over to the Falls on the Chippewa.

About 200 of the Oakville Presbyterian Sunday School came down on the White Star and spent the day at Island Park.

The A. J. Tymon carried a fair number over to Grimsby Park, where Rev. Robert McIntyre of Chicago delivered his last address of a series of lectures. On the return trip she brought in a large consignment of fruit.

The Corona came in with 200 members of the Missouri Press Association on board from Niagara.

The Toronto went out with her usual big crowd. Among her passengers was a party of Americans in charge of Mr. Swynward.

The Ward & Vokes Company arrived in the morning from Detroit over the C.P.R., and at Yonge-street wharf transferred to the steamer Lakeside and crossed over to St. Catharines. In the company were 40 people, and they carried 50 trunks and a carload of scenery. They will return to this city on Friday morning on the Lincoln.

The Spartan will arrive from the east this morning, and at 2.30 p.m. will clear for Montreal. The Algerian will also come in this afternoon, and, after discharging a quantity of freight here, will proceed to Hamilton. She will return to this port to-morrow, and at 7 p.m. leave for the east.

The Broadway Club will go to St. Catharines this morning on the Lakeside, returning at night on the Lincoln.

The Columbian will make her last trip of the season to Wilson Park on Saturday. After that date she will ply daily to Charlotte.

Commencing next Monday, a new time table will go into effect on the Hamilton route, which will continue during Exhibition weeks. The Macassa will be tied up, and the Modjeska will then carry the crowds, leaving Hamilton at 7.45 a.m. and 2.15 p.m., and Toronto at 11 a.m. and 6 p.m. On Monday, Sept. 15, the Macassa will return on the route, and will finish the season, leaving here daily at 4.30 p.m., and Hamilton at 9 a.m. The present season has been most successful for the Hamilton Steamboat Co.

The White Star will give residents of Oakville and Lorne Park a splendid service to Toronto during Exhibition weeks.

The Garden City will come up to-morrow on her regular trip from Colborne, Cobourg and Port Hope.

Fenton—Irving.

Yesterday at noon at the bride's mother's residence, on Sherbourne-street, the wedding of Mary E. Irving to Dr. Frederick Fenton was solemnized. Rev. Dr. McKay performed the ceremony, which was of a quiet nature, only the relations and intimate friends of the contracting parties being present. The young couple left on a short trip to Eastern Canada, as well as taking in Boston and returning by way of New York, and will take up their residence on Charles-street on their return. They have the best wishes of many friends, who testified to the regard in which they are held. Many beautiful and useful presents were sent to the bride by friends and relatives of the happy pair.

After the ceremony the guests sat down to lunch, prepared by Webb. The marriage gown was of grey silky material, trimmed with lace of Honiton make, the bodice being of this material. Plenty of good wishes from all who know them follow the young couple.

Kingston Notes.

Kingston, Ont., Aug. 21.—Principal Grant has returned home, after an extended trip in the west.

City Engineer Boiger is dangerously ill. His condition is precarious, and anxiety is felt on his behalf.

James Doyle had an exciting and disastrous time during a runaway. His horse, exasperated by flies, made a plunge, and drew Mr. Doyle over the dashboard. The wagon went over his neck and body, dislocating a shoulder, crushing and straining a wrist and badly cutting him up.

The Pianola Library of Music.

Anyone examining the wonderful piano player, the pianola, will at once be struck with the perfection which, with its aid any music can be played. The pianola music library system enables the owners of these instruments to exchange music as often as they desire at a very small cost. Think of being able to play the works of Beethoven, Chopin, etc., or if you prefer dance or ragtime airs, the pianola music library will meet your requirements. Send for catalogue. The Mason & Risch Piano Company, Limited, 32 King-street west.

St. Paul and Minneapolis.

Washington, Aug. 21.—The Census Office to-day made public the census returns for St. Paul and Minneapolis, Minn.

The population of St. Paul is 163,632, an increase over 1890 of 30,476, or 22.89 per cent.

The population of Minneapolis is 202,718, an increase over 1890 of 37,980, or 23.05 per cent.

The Exhibit Exploded.

Medina, Ohio, Aug. 21.—The county courthouse here was wrecked to-day by a terrific explosion of dynamite, a large box of which had been stored in the basement to be used as evidence in a criminal trial. Some waste paper near the box indicates that the stuff had caught fire. Several officials were slightly injured.

Autos for New York Mail Service.

New York, Aug. 21.—The first test of horseless vehicles for collecting mail matter in this city has been made from the general postoffice. The tests yesterday cut the time down over 50 per cent.

Will Open Tenders.

The Property Committee of the Public School Board will meet next Monday afternoon to open the tenders for the Bathurst-street school. This is to prepare work for the board, which will meet on Sept. 3.

24-Hour System in Spain.

Washington, Aug. 21.—Vice-Consul Reed at Madrid, has informed the State Department that by a decree time in Spain hereafter to be counted from 1 to 24 hours, the order to go into effect Jan. 1, 1901, the day to begin at midnight.

Cure Constipation and you cure its consequences.

These are some of the consequences of constipation

biliousness, loss of appetite, pimples, depression, coated tongue, nightmare, palpitation, dizziness, weakness, backache, vomiting, jaundice, piles, pallor, headache, cold feet, torpid liver, heartburn, foul breath, sleeplessness, throbbing head, sour stomach, debility, irritability, nervousness, cramps, hot skin, drowsiness

Ayer's Pills are a sure Cure for Constipation.

The Pill That Will

"The very first medicine I sold when I went into the drug business in 1865 was a box of Ayer's Pills. I have kept Ayer's remedies ever since, and their sales have steadily increased all the time."—WM. H. MACY, Towonda, Ill., March 9, 1900.

"I have used Ayer's Pills for liver complaints and have found them to be the best thing I ever tried. I cannot do my work when I stop taking them, but by using just a few of them I am able to enjoy the best of health."—E. N. NORTH, Sidell, Ill., Jan. 29, 1900.

"For more than ten years I had stomach trouble in its worst form. I could not retain all my food at any time. I had hemorrhages from the stomach and suffered terribly. I then began taking Ayer's Pills. They stopped the fermenting of my food, aided the action of my liver, and strengthened my stomach. Soon I was well, and I feel extremely grateful for what they have done for me."—JOHN GOOD, proprietor of Washington House, Washington, Iowa, Feb. 5, 1900.

The Pill That Will

25c. a box. All druggists.

Everybody

Should save some money from his or her income if it is at all possible. Besides the many advantages of ready cash, a savings account is provision for the proverbial rainy day.

AUCTION SALES.

UNDER AND BY VIRTUE OF THE powers contained in a certain mortgage, which will be produced at the time of sale, and subject to existing tenancies (if any), there will be offered for sale by public auction, on Wednesday, 22nd August, 1900, at 12 o'clock noon, at the auction rooms of Charles M. Henderson & Co., Nos. 87 and 89 King-street east, in the City of Toronto, the following property, viz.: All that certain parcel or tract of land and premises situate in the City of Toronto aforesaid, containing by admeasurement 8200 square feet, more or less, composed of Lot 18, on the east side of Elizabeth-street, and being one of a number of lots surveyed and laid out by the late Christopher Alexander Hagerman, on Park Lot No. 10, late in the Township of York, of which a plan was made by David Gibson, late deputy surveyor, which plan was registered as Plan "A 13," and which Lot No. 18 may be better described as follows, that is to say: Having 40 feet frontage on Hagerman-street by 80 feet in depth, on a line parallel with Elizabeth-street, on the same uniform depth and width throughout, and bounded towards the southwest by lots sold to one James Spence, and one John Douglass, and towards the northeast by lot sold to John Long, and in rear by lot sold to Robert Dodds.

The buildings are of wooden construction and the premises are suitable and convenient for storage purposes or as a building site.

Terms: Ten per cent. of the purchase money to be paid down at the time of sale, balance to be paid within 30 days thereafter.

For further particulars and conditions of sale apply to the undersigned, and to MESSRS. FERGUSSON & BLAIKIE, brokers, 23 Toronto-street, Toronto.

SMELLIE & SHAW,

ESTATE NOTICE.

NOTICE TO CREDITORS. In the matter of Hatch & Co., insolvents.

Notice is hereby given that the above named insolvents have made an assignment to me for the benefit of creditors by deed dated Aug. 20th, 1900, and the creditors are notified to meet at the office of Mills, Mills & Hales, 33 Richmond-street west, Toronto, on Wednesday, the 29th day of August, 1900, at three o'clock p.m., for the purpose of receiving a statement of their affairs, appointing inspectors and fixing their remuneration, and for the ordering of the affairs of the estate generally.

All persons claiming to rank upon the estate of the said insolvents must file their claims with me on or before the 12th day of September, 1900, after which date I will proceed to distribute the assets thereof, having regard to those claims only of which I shall then have received notice.

GEORGE CLAY,
Assignee.
Toronto, August 20th, 1900. 31

NOTICE TO CREDITORS IN THE Surrogate Court of the County of York, in the matter of the Estate of Frederick Howard, late of the City of Toronto, in the County of York, Stonecutter, Deceased.

Notice is hereby given, pursuant to R.S.O., 1897, chapter 129, section 38, that all creditors and other persons having claims against the estate of the said Frederick Howard, deceased, who died on or about the twenty-third day of April, 1900, are required to send by post, prepaid, or deliver to the Toronto General Trusts Corporation, administrators of the above estate, at the address below given, on or before the first day of September, 1900, their Christian and surnames and addresses, with full particulars of their claims and statements of their accounts and the nature of the security (if any) held by them, duly verified by statutory declaration.

And further take notice, that after the said date the administrators will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which notice shall have been received, and that they will not be responsible for the assets or any part thereof to any person or persons of whose claim they shall not then have had notice.

Shirt Waist Man Sues.

Chicago, Aug. 21.—Sol Bloom, a music publisher, has brought suit for $50,000 damages against the Union Restaurant and Hotel for refusing to serve him while he was clad in a shirt waist and minus a coat.

One of the greatest blessings to parents is Mother Graves' Worm Exterminator. It effectually dispels worms and gives health in marvelous manner to the little ones. ed
