## COUNCIL AND COMPANY EACH MAKE CONCESSIONS

### Sparrow Farm is Being Cut Into Building Lots—Water Question Referred Back—Notes.

NORTH TORONTO, April 20.(—Special.)—To-night's meeting of the town council was certainly one of the most strenuous held here in a long time, and there have been some strenuous ones in the northern town within the last decade.

The presentation of a plan by the Trusts and Guarantee Co., looking to the opening up of the old Sparrow Farm, and which was at once objectionable to the mayor and practically every member of the town council, was the initial cause of all the trouble.

In the outset the plan was presented by Mr. Kerr of Ryckman, Kirkpatrick & Kerr, acting for the Trusts and Guarantee Co., and differed in many details from that presented to the committee on Monday night. Little or no provision had been made in the amended plan for cross streets running parallel with Yonge-street and north and south thru the property.

"We must insist on some streets running parallel with Yonge thru this property," said Mayor Brown, and so said every member of the council.

Councillor Reid was especially insistent and urged that Chancellor-street, about 600 feet west of Yonge; Heather-street, 1300 feet, another one at the ravine, and the parallel road at the extreme west of the property, be allceded to the town.

"We are willing to open up Heather and two others if the town will agree to make connections with them, but we will not open up Chancellor-street," said Mr. Kerr. The suggestion was, however, thrown out that some three acres of ravine land in the west might be ceded to the town for a park. But even this failed to move the town fathers.

"I move that the plan be not accepted," said Chairman Murphy of the roads and bridges committee.

"We are reaping the result of want of foresight on the part of some former councils on just such matters as this," said Councillor Lawrence. "Let us take warning by that."

It looked at this stage as tho there might be a reference to the county judge, but Mr. Stockdale of the Trusts and Guarantee Co. threw oil on the troubled waters and matters soon adjusted themselves. A happy solution of the trouble was found by the company offering to open up three thru streets, while Chancellor-avenue, the one nearest Yonge-street, will be opened half way thru, permitting the completion of the work at any time.

Chairman Logie, Trustee J. S. Davis, jr., and George H. Reed asked council to provide more accommodation for the pupils of the continuation class, and provide another teacher until the summer holidays. There was little opposition to this and another room will be provided and $200 will be put in the estimates for teaching service.

Some objection was taken to the fire alarm signals installed by the Holes' Electric Protection Co., and the matter was referred to the next meeting of the fire, water and light committee.

The Bedford Park Cricket Club were given a grant of $25 toward the preparation of a crease.

W. J. Braund was awarded the contract for the erection of an office for Engineer James, immediately to the north of the town hall, at a cost of $830.

Capt. Thorn was given $25 toward the Mississauga Horse.

The costs attached to the care of Archibald Dancey, who is in the General Hospital, will be borne by the tow nfor four weeks.

Councillor Howe made some enquiries re the law as at present in town relating to septic tanks, and the clerk showed that the board of health had passed an edict providing for the installation of cement tanks, and the cleaning of them out at stated intervals.

Sidewalks on the local improvement plan will be put down on Beulah, Castlefield, Joseph and Sheldrake-avenues, and a six-inch water main on Beulah-avenue.

Councillor Lawrence gave the hydro-electric a black eye when he suggested that the town get in touch with two or three city companies, looking to a supply of electric power and light, rather than install the costly plant which would be necessary under the hydro-electric. The cost of acting in conjunction with the H.-E. he regarded as prohibitory.

Mayor Brown said: We have already taken steps along the line suggested by Councillor Lawrence.

Engineer James reported re the Stibbard property, which it is proposed to acquire for park and water purposes. The acreage is 9.2, and it is also suggested that 150 feet of land be secured from Mr. Doige, and 100 feet from Mr. Hoyle. The whole matter was referred back.

### WEST TORONTO.

WEST TORONTO, April 20.—A progressive euchre party and dance was held to-night in the Masonic Temple, Annette-street, in aid of the St. Cecilia's Church building fund. It was largely attended.

West Toronto's Orange lodge, No. 900, held an important meeting in the lodge rooms in St. James Hall to-night. A number of officials from city lodges were present.

The Knights of Malta, Sir Robert Land Commandery, will hold their annual ladies' night in the chapter rooms, St. James Hall, on Monday night next, when a banquet and entertainment will be given.

Royce-avenue Presbyterian Church will celebrate their anniversary of the church on Sunday and Monday next. On Sunday morning, Professor Ten Broeke, M.A., of McMaster University, will preach, and in the evening F. H. Kirkpatrick, Ph. B., of the School of Expression, will conduct the service. On Monday night, a concert will be given under the auspices of the Ladies' Aid Society, when Miss K. Boriand, reader; Miss Margaret Casey, soprano; Miss Olive Casey, soprano; Miss Pyke, violinist; Donald C. MacGregor, baritone, and E. W. Owen, tenor, will take part. Dr. Ferguson will take the chair at 8 o'clock.

### MARKHAM VILLAGE.

#### Township Council to Build Two Steel Bridges a Year.

MARKHAM VILLAGE, April 20. —(Special.)—The sale of the Ackney property at Mount Joy comprising a neat storey and a half brick house, together with about two-fifths of an acre of land is reported to Alex Sinclair for $1550. Another sale of village property on Church-street by Mrs. Gilliam to Jessie Burkholder went thru a few days ago. While there is no indication of any particular building boom in Markham this year, village property holds fairly steady in price.

The two new steel bridges which the Markham Township council have decided to build this year are at "Reigfoot Farm," on the 10th concession, and at Williamson's between lots 25 and 26 on the sideroad between the 7th and 8th of Markham. Engineer Barber has already condemned these bridges as being unsafe, and the work of putting in new ones will proceed forthwith.

The cost of the cement top, concreted abutments, and steel work is for the two placed at $9000, a very moderate estimate when it is considered that the span at "Reigfoot Farm" will be 50 feet, and at Williamsons, 67 feet.

### WESTON.

WESTON, April 20.—(Special.)—At last night's meeting of the town council it was decided not to open the tenders for power house owing to the absence of Willis Chipman, the engineer.

The contract for street watering was awarded to Mr. Harris, at 30 1-2 cents per hour, and a bylaw to authorize the expropriation of 104 feet on Wadsworth Crescent for waterworks purposes was passed.

William Rumney, the electrician, was given two weeks' vacation.

### WALLIS SENT FOR TRIAL.

Before Magistrate Ramsden on Wednesday morning, William Wallis, at one time a resident of Aurora, was charged with the crime of incest, the complainant being his own daughter Gertrude. The evidence of the daughter, the only witness called, disclosed the fact that the alleged crime was committed in the city, and Wallis will appear before Police Magistrate Denison this morning.

### DOVERCOURT.

Rev. Mr. McIlroy, an eloquent gospel preacher from the presbytery of Orangeville, will occupy the pulpit next Sunday at Davenport-road Church.

## HARMONY PREVAILS

### Ward Four Liberals Resent Suggestions of Dissension in Their Ranks.

That The News was just trying to disorganize the Reform party in Toronto was the consensus of opinion at the regular meeting of Ward Four Liberal Association last night.

"There is real harmony among the Liberal Associations of Toronto," said W. J. O'Reilly, president of Centre Toronto Association, "but The News is afraid that Centre Toronto is too much Liberal and for that reason they hope to cause dissension in the Reform party in Toronto."

Mr. O'Reilly noted that Conservatives recognized the Liberal strength in Centre Toronto, because they spent more money in that riding than all the others in Toronto put together.

Geo. E. Gibbard defended the Ontario Club as a social, as well as a political organization, and explained that altho the club had a membership of 500, the quarters would only accommodate about 100 people.

Mr. Gibbard referred to the Orange order as an organization used politically by the Conservatives, but his allusion was resented by Geo. Harris, the presiding officer.

Further discussion with regard to doing more effective work in Toronto did not produce any other plan of campaign different from that which is being considered by the executive.

W. H. Shaw's offer of a room in his business college on Yonge-street for quarters was turned down, as it was located outside the ward.

## Ordered to Hospital

FOR OPERATION FOR ACUTE INDIGESTION—DID NOT GO AND WAS CURED BY

## DR. CHASE'S KIDNEY-LIVER PILLS

A medicine that will save one from a surgical operation must be worth while.

The doctors seem to have made the common mistake of dosing the stomach when the real source of trouble was with the liver and kidneys. Anyway, Dr. Chase's Kidney and Liver Pills made a complete cure, and here is the record:

Mrs. F. O. Bacon, Baldwin's Mills, Que., writes: "I was very sick and the doctors said I must go to the hospital for a surgical operation. I had acute indigestion and the liver and kidneys did not act. I did not want to undergo an operation, so I began the use of Dr. Chase's Kidney and Liver Pills, and have used them ever since.

"I am feeling well now and doing my own work for a family of seven. I think there is no equal for acute indigestion and kidney and liver troubles such as I had, and they and nothing else made me well again. There is no medicine I like half so well, for this did wonders for me."

The real serious cases of indigestion almost always have their location in the bowels and can only be reached by making the liver and kidneys active. No medicine regulates the liver, kidneys and bowels so nicely and so promptly as do Dr. Chase's Kidney and Liver Pills. One pill a dose, 25 cents a box, all dealers; or Edmanson, Bates & Co., Toronto. Do not be satisfied with a substitute or you will be disappointed.

## CARGO OF MINNEHAHA THROWN INTO THE SEA

### Scilly Islanders Spend a Glorious Day Fishing Valuable Salvage From the Water.

HUGH TOWN, St. Mary's, Scilly Islands, April 20.—The inhabitants of the rocky Scitily Islands were famous wreckers of primitive times, but they will forever remember this as the greatest day in their history. The Atlantic Transport liner Minnehaha, which ran ashore early Monday morning, disgorged part of her 17,000 tons of valuable cargo, casting it upon the waters all day long, to be gathered up by those who cared to take the trouble.

Farming and fishing were abandoned; school even was dismissed, and most of the population of the nearby islands, men, women and children, devoted themselves to obtaining treasures from the waves.

The salvagers decided to try to rescue the Minnehaha in the same way they did the White Star steamship Suevic, which went ashore near the Lizard in March, 1907, by cutting her in half.

Every effort to lighten the ship is now imperative. To-day the waves were too high for the tugs to go alongside. Consequently, goods were thrown overboard from the forward hold as fast as the stevedores and a large crew could raise them to the deck.

Huge cases containing automobiles and piano players, sewing machines and clocks, followed one another over the side into the ocean.

Many bales of cigarets covered the face of the water, and tons of cheap American novels drifted to the nearby shore of Bryher, where they were piled like seaweed.

Tidings of this jettisoning of wealth spread early and a fleet of fishing craft, luggers and rowboats scurried to the scene. As fast as the cargo struck the water the enterprising boatmen pulled up the smaller cases and took the larger ones in tow.

Many boatloads of provisions were taken ashore at other points by the islanders. The people of Bryher Island fished out boxes of foods, tea and tobacco and enough paper covered novels to keep the islands in reading matter for a century.

Two hundred and twenty-four cattle swam ashore, while ten were drowned.

Seamen here think it will be impossible to save the Minnehaha.

### Brother In Riverdale.

Hugh McAtamney, 181 Bolton-avenue, believes that John McAtamney, whose body was found in the Saskatchewan River at Edmonton, Tuesday, was his brother. He says that John never lived in Toronto, but resided in Buffalo and Cleveland, coming here occasionally upon a visit to himself. He had not heard of him for over six years. He is waiting for developments at the inquest which is being held.

### Charged With Stabbing.

Following a row at the Polish boarding house where both reside, at 86 Tecumseth-street, Mike Brisky was arrested by Detective Mitchell, charged with stabbing William Hetz with a knife. Hetz was not seriously hurt.

The garrison church parade will be held May 15, to Massey Hall.

## Coughs, Colds, Throat Weakness

You have a cold. Some resort to tablets and powders that contain dangerous drugs, and death from heart-depressing remedies is frequent. It is poor policy to neglect a cold—especially when it can be cured so quickly without medicine. You can send the soothing vapors of the pine woods, the richest balsams and healing essences right to the cause of your cold by inhaling Catarrhozone. Little drops of wonderful curative power are distributed through the whole breathing apparatus by the air you breathe. Like a miracle, that's how Catarrhozone works in bronchitis, catarrh, colds and irritable throat. You simply breathe its fragrant vapor, and every trace of congestion and disease flees as before fire.

## Catarrhozone Just Breathe it!

So safe, infants can use it, so sure to relieve doctors use it, so beneficial in preventing winter ills no person can afford to do without Catarrhozone. Used in thousands of cases without failure. Complete outfit $1.00, lasts three months, and is guaranteed to cure; smaller size 50c., all dealers or The Catarrhozone Co., Kingston, Ont., and Buffalo, N.Y.

## SUCCESSFUL MAN

The man who is known to his friends and neighbors as a safe and successful business man is satisfied with a reasonable rate of interest and the absolute security of both principal and interest, such as this strong company offers to its depositors. This course may not appear so attractive as some of the schemes offered, but it is far the safest and most satisfactory in the end.
