STEERS CAUSED SOME EXCITEMENT ON STREET

Pedestrians Entertained by Lively Bovine Combat on King Street Early Last Evening—A Strenuous Time.

Any lady who happens to be afraid of steers was lucky in not being at the head of King street at about five minutes to six, last evening, when four large beef steers en route for one of the slaughter horses passed that way. Behind the cattle came a leatherlunged youngster, armed with a stick, who is evidently a direct descendant of that fast disappearing race, the western cowboy. This boy was in his glory, likewise he didn't know how to drive cattle, as the energetic efforts of certain young ladies who interrupted their homeward walk to rush into the nearest doorway, showed. To add to the excitement, two of the steers suddenly conceived an intense dislike for each other, with the result that they started to have it out in the old-fashioned way, greatly to the delight of the male bystanders and to the horror of the ladies, who peeked around the corner, and admired the courage of the youngster, who rushed in and put a stop to the festivities.

At this moment, two street cars came upon the scene, along with an automobile and three or four grocery wagons. The small boy was successful, however, in getting his charges out of this new difficulty without much trouble. The parade then got as far as the square, when the steers in direct disobedience to the city byelaws, attempted to turn this beautiful study of nature into an ordinary pasture. A few gentle hints, in the shape of a smash from the youngster's club, put an end to their idea, and the steers resigned to their fate, departed in peace to the slaughter house.

How Nerve Cells Are Broken Down

Every man or woman who works with the brain uses up daily an enormous amount of nerve force. Millions of tiny nerve cells are broken down and must be replaced if mental and bodily efficiency is to be maintained. If brain fag, headaches, sleeplessness or irritability set in, the evidence is plain that nature is not rebuilding as fast as work is breaking down. You cannot allow this depleting process to continue long if nervous prostration or paralysis is to be warded off.

Dr. Chase's Nerve Food will help you to get the balance on the other side of the account, so that each day will add a little to your stock of health and vitality. A man whose work is largely mechanical may keep going with health below par, but the brain workers must have a clear head or fall behind in the race. Restore the wasted nerve cells with Dr. Chase's Nerve Food and know the joys of good health and success.

DANGER PERIOD OF WOMANS' LIFE FROM 45 to 50

Interesting Experience of Two Women—Their Statements Worth Reading.

White Oak, Ont.—"At Change of Life when doctors could do no more and I was given up by my friends, Lydia E. Pinkham's Vegetable Compound came to the front and did wonders for me. I had been having female troubles for years, my head troubled me severely at times, I had bearing down pains and backache and I was very anaemic from excessive flowing. I recommend your Compound highly and do all I can to advertise it as a genuine woman's medicine."—Mrs. SYLVESTER MANNING, White Oak, Ontario.

The Case of Mrs. Kirlin.

Circleville, Ohio.—"I can truthfully say that I never had anything do me so much good during Change of Life as Lydia E. Pinkham's Vegetable Compound.

"Before I had taken one half a bottle of it I began to feel better, and I have continued taking it. My health is better than it has been for several years. If all women would take it they would escape untold pain and misery at this time of life."—Mrs. ALICE KIRLIN, 358 W. Mill St., Circleville, Ohio.

The Change of Life is one of the most critical periods of a woman's existence. At such times women may rely upon Lydia E. Pinkham's Vegetable Compound.

3.45 p. m.—Address to the graduating class by the Right Rev. the Bishop of Fredericton.
4.00 p. m.—Alumni oration by Hon. George E. Foster, M.A., LL.D.
4.30 p. m.—Valedictory address by J. T. Hebert.

The graduating class which numbers 42, is as follows:

Grace Lydia Aiton, Guy W. Arnold, Harry F. Barnes, Josiah H. Barnett, Charles S. Bennett, George H. I. Cockburn, Charles H. Colwell, Margaret Louise Crocker, Jessie W. Currie, G. Bruce Dixon, James T. Duke, Robert F. Eastman, William E. Ewing, Sadie W. Fish, Guy A. FitzRandolph, Arthur E. Flood, Hattie A. Hanselpacker, Burdette W. Harmon, Nellie Bishop Harmon, J. Thaddeus Hebert, Charles E. K. Jones, Anna Curry Kelley, H. Edmund Lockary, Warren P. Loggie, Elizabeth W. McIntosh, Earle R. Macnutt, E. Bryon Martin, Marvin W. Maxwell, Harry F. Morrisey, Cornelius H. O'Halloran, John O'Neill, Mary O'Neill, Gilbert H. Prince, Greta M. Robinson, Helen M. Robinson, George Ellis Smith, Royden M. Smith, Ralph A. Tapley, William H. Teed, Arthur H. Tweedie, Frederick W. VanWart, Walter K. Willis.

More Settlers for N. B.

A dozen immigrants arrived in the city yesterday and were looked after by the superintendent of immigration. All of them crossed the ocean on boats going up the St. Lawrence and came down from Quebec on the train. There were a few married people in the party. All were secured positions. A Bowder who has been addressing meetings of boards of trade in the western part of the province, returned to the city yesterday. He stated that he found the boards of trade much interested in the work of the immigration department of the provincial government. He pointed out to them the need of co-operation on the part of local boards to furnish information in regard to the number of vacant farms in their vicinity, and also the desirability of the boards taking some measures to see that the new-comer was looked after and made to feel at home when he settled in the province.

St. John Real Estate Company.

The annual meeting of the St. John Real Estate Company was held yesterday afternoon at the offices of the company on Prince William street. The managing director's report was of a very satisfactory character, showing that the company was in an excellent position financially. During the year the company sold a number of its properties at a good advance of the prices originally paid. The report showed that the capital stock of the company, $100,000, had all been paid up. Officers for the ensuing year were re-elected as follows: President, R. G. Haley; vice-president, J. M. Queen; managing director, L. P. D. Tilley; directors, R. G. Haley, J. M. Queen, L. P. D. Tilley, Hon. Robert Maxwell, and F. Neil Brodie.

A New Face Without Surgical Skin Peeling

"I do not approve of the surgical operation of face peeling," says Julia Orff. "It's too radical, too often dangerous. There's a better way of removing offensive complexions and one that is entirely safe and rational. Ordinary mercolized wax causes the devitalized scarf skin to come off, but gradually and gently. Unlike the surgical process, the skin is not forcibly taken off in big pieces all at once, but almost invisible flaky particles are absorbed by the wax, and from ten days to two weeks are required to complete the transformation. There's no pain, no discomfort.

"Nature renews complexions the same way, shedding tiny cutaneous scales day by day. But deficient circulation or other abnormal condition, may interfere with the shedding—a 'bad complexion' results. Then mercolized wax assists Nature by hastening the removal of the aged, faded or discolored top skin. Thus only the lively, young, healthy-hued skin is in evidence, as in robust girlhood. This is why mercolized wax produces the indescribable beauty of ever-renewing youth. The wax is put on at night like cold cream, and washed off in the morning. You can procure it at any druggist's; an ounce is sufficient.

FOR SALE—Nice, new butter and fresh eggs. Keith and Co., North Market street.

COUNCIL HOLDS A BUSINESS MEETING

Commissioners are Already Getting an Insight Into their Duties—Saved $100 Yesterday - Salaries Provided For.

At the adjourned meeting of the common council held yesterday morning it was decided that regular meetings in future should be held on Thursday afternoons at 2.30 o'clock. The first meeting will be held on the 16th.

It was decided to allow the chamberlain an overdraft for the purpose of paying the commissioners and that the fortnightly system of paying civic sa ries be continued.

After some discussion the appointment of the harbor master was held over until the 16th, Capt. Flemming being continued in office in the meantime.

Action on the Durant sugar refinery matter was deferred pending a conference with Hon. Mr. Cochrane, minister of railways.

A letter from D. Mullin, K. C., asking for compensation for damage sustained by J. M. Campbell of Winslow street, West End, through falling from the ferry steamer Governor Carleton as the result of the gang plank being improperly placed, was referred to Commissioner Schofield.

A letter from C. C. Cassels, assistant manager of the Bank of Montreal, London, announced that seven city 6 1-2 per cent. bonds of $500 each, numbering 2,589 to 2,605, which were being sent to the Royal Trust Co., Montreal, were lost on the S. S. Titanic and asked the city what could be done in the matter.

The Chamberlain was asked for advice. He said the city might issue seven new bonds, but it would cost upwards of $100 for a plate, and the bond-owners should pay this and give an indemnity bond. Another solution would be for the city to buy the bonds at the current rate, and place them in their sinking fund, accepting a guarantee bond against future presentation. The matter was left to the Mayor and Recorder to arrange.

The Common Clerk said it was necessary to appoint two revisors, and the Mayor said this was a prerogative two members of the council had always enjoyed, receiving $50 each for signing their names. He suggested that, if appointed, he and Mr. Schofield would act without fee, and, on Mr. Schofield remarking that this saved $100, the motion carried, and the council adjourned.

The members remained in private session.

SCOTLAND YARD MAN MADE BRIEF VISIT

Sergant Hayden Arrived at Noon Yesterday with F. W. Atherton—Left for Montreal Again Last Night.

The eyes of the police force were focused on W. F. Hayden, the sergeant of detectives from Scotland Yard, who arrived in the city yesterday afternoon having brought to Canada Frederick Atherton, who is wanted on the charge of forgery and with converting to his own use money orders belonging to the Dominion Express.

Sergeant Hayden is a very unassuming official with very little to say about himself, but when questioned about the Scotland Yard force, he was in no wise backward in saying that it was a wonderful organization. He said to a Standard reporter that Scotland Yard officers have to travel to all parts of the world on cases and just a few days before he left England for St. John, one of the detectives had arrived with a prisoner from Australia. While Chief Clark was in England recently Sergeant Hayden was a very great help to him and took great interest in showing him around. The chief had a nice programme mapped out for the sergeant on his arrival and intended to make his trip a pleasant one and was very much disappointed when he learned that the visitor was obliged to leave the city again last evening to take a steamer at Montreal on his return to England.

GREAT REDUCTIONS IN AUTO HOODS NOW

Sweeping reductions in fashionable auto hoods and veilings are offered today by the Marr Millinery Company who have been fortunate in securing the entire lot from a leading American producer, at prices which enable them to give their local patrons the benefit of extra special bargains in these goods, all of which are of excellent quality. Among the outstanding features are fine waterproof auto hoods in popular color tones, with shirred crowns, worth $2.50, for $1.50 each; auto veils in brown, pink, black, yellow, green, navy and light blue, worth from $1.00 upwards, for 75 cents each; blue dotted motor veils worth from 90 cents upwards, at 75 cents each; cream and white Shetland veils, worth $1.50, at 75 cents each. Veiling by the yard, plain and in all favored shades, also in mixtures, worth from 25 to 40 cents a yard, at 15 cents a yard. Special reductions are also offered in mourning veils.

Arrested for Theft.

Yesterday afternoon about three o'clock Deputy Chief of Police Jenkins visited the store of J. M. Roach on King street and placed under arrest Douglas Adams, a young employe aged 16 years. The prisoner is charged with stealing from the Roach store about $75 worth of photograph supplies and four cameras within the last six weeks. He was taken before Sitting Magistrate Henderson and remanded to jail.

Chance for Young Men.

A good opportunity for a bright young man. See advt. "Manager Wanted" on page three.

A Boon To Stock-Raisers

To Know How to Cure Colic, Distemper, Colds, Swellings, Etc. —Saves Thousands Each Year.

It is a matter of vital importance to every farmer, horse-owner and stock-raiser to know exactly what to do when one of his animals is taken suddenly sick.

The letter of Mr. Frank F. Fullerton, which we print below, gives information of inestimable value, and tells of his experience in curing ailing stock during the past thirty-eight years:

SAVED $1,000 BY NERVILINE

"Several years ago when my horses took colic I used to give them Cayenne Pepper in hot milk, but in a few cases only did it help, and because I had no proper means at hand I lost several valuable animals. Some one told me of the success Mr. Wendling, of Brockville, Ont., had in his racing stables with "Nerviline," so I laid in a supply. It wasn't very long before Nerviline saved the life of a valuable stallion of mine, which was worth at least $1,000.00. This horse was taken with colic, and would have died, had it not been for Nerviline. I have used Nerviline for reducing swellings, for taking out distemper lumps, and easing a bad cough, and always found it worked well. I recommend every man who owns horses or cattle to keep Nerviline on hand.

Mr. Fullerton is one of the best known residents of Stormont, and his recommendation as an experienced and practical horseman proved beyond question how valuable Nerviline really is.

Give Nerviline a trial. It's good for man or beast, internally or externally. 25c. per bottle or five for $1.00. At all dealers or The Catarrhozone Co., Kingston, Ont.

ATHERTON NOW IN COUNTY JAIL

C. P. R. Empress of Ireland Purser Arraigned on Charges of Forgery and Embezzlement, and Remanded.

Fredericton Atherton, the ex-purser of the C. P. R. steamer Empress of Ireland, who is charged with embezzling a large sum of money from the Dominion Express was brought to the city yesterday afternoon on the Maritime express by Detective Killen, who was accompanied by W. F. Hayden, a sergeant of detectives in the Scotland Yard force, London, who brought the prisoner to Canada from Liverpool.

On arrival at the police court the prisoner was taken before Sitting Magistrate Henderson and remanded to jail after a charge of forgery was read to him. In addition to the above charge Atherton is charged with fraudulently converting, to his own use, twenty Dominion Express Company orders for $100 each.

Sergeant Hayden left the city last evening again for Montreal in order to be in time to sail for England on the next steamer.

WITH THE BOWLING LEAGUES

The city bowling league came to a close last night when the Ramblers won three points from the Insurance team.

The Nationals are the champions of the league; the Ramblers second, and the Tigers third. Last night's score was as follows:

Ramblers.

Wilson. . .	.93	118	86	297—99
Jordan. . .	.72	105	98	275—91 2-3
Sutherland...	.83	78	86	247—82 1-3
Lemon. . .	.79	83	76	238—79 1-3
McKean. ...	.97	121	84	302—100 2-3
	424	505	430	1359

Insurance.

Machum. . .	.72	74	88	234—78
Smith. . .	.81	79	78	238—79 1-3
Gilmour. . .	.79	101	108	288—46 1-3
Cosman. . .	.78	79	85	243—81
Evans.. . .	.72	78	76	226—75 1-3
	383	411	435	1229

Tonight's Games.

A match game will be bowled tonight on Black's alleys between the T. McAvity team, which was second in the commercial league, and the C. P. R. team, which was third.

WANT CHILDREN'S AID SOCIETY

Associated Charities Appoints Committee to Get Information as to Workings of Such Societies in Other Cities.

The need of the legal machinery by which proper care could be taken of children whose homes are undesirable was the subject of an interesting discussion at the monthly meeting of the Associated Charities yesterday. The secretary, Mrs. Hall, stated that she had been told of a family where the husband and father drinks heavily, the wife and mother is suffering from tuberculosis and the children are not properly cared for. She had reported the case to the public health officer, but as the physician attending the woman had not reported the case, the matter could not officially be dealt with.

Mrs. Hall gave several instances to show the imperative need of a children's aid society, backed up by legislative authority. A committee was appointed to get information regarding the work of children's aid societies, and legislation dealing with this subject, in other cities and provinces, so that action may be taken before the next session of the legislature to prepare a bill and arouse a public sentiment which would demand its enactment.

Reference was made in the discussion to the number of idle and drunken men who are more or less a burden upon their families and the public, and a representative of the Salvation Army stated that in this respect St. John was worse than any other city in which he had labored in Canada.

The report of the assistant secretary showed that during the month of April 365 applications had been received at the office. Of these 25 were requests for employment. Only 12 of the number were made by men. Employment was found for 5 men and 46 women, besides some girls and boys. Records of persons or families required were given in 15 cases, and 5 cases were investigated. Eleven persons were provided with some clothing.

Regret was expressed by several of those present that a more general interest is not taken by the citizens in the work of the Associated Charities, which was the more difficult to understand because the membership fee is only $1.

The office of the society has been removed to No. 8 Brussels street, in the Bishop's block, and yesterday's meeting was held there. The members were greatly pleased to find Mrs. Hall in improved health and taking a deep interest in the work.

Annual Thank Offering.

There was a large attendance at the annual thank-offering service of the Women's Foreign Missionary Society of St. John's Presbyterian church, held in the schoolroom last night. W. J. Parks was the chairman. Readings were given by Rev. J. H. A. Anderson and Miss Florence Cummings. Solos were rendered by Mrs. J. S. McKay and Mrs. F. L. Belyea. George Irvine delivered a missionary address.

Wilcox Again Remanded.

J. A. Wilcox, who is charged with forgery, was taken before sitting Magistrate Henderson yesterday afternoon and was again remanded to jail.

Doan's Kidney Pills

Are the Best Remedy In The World FOR BACKACHE.

Many people fail to understand the significance of a lame, weak, sore or aching back.

You overtax the kidneys—give them more work than they can possibly do—then they cry out in protest through the pain in the back.

Backache is simply kidneyache and the best remedy in the world for backache and all kidney troubles is Doan's Kidney Pills.

We have thousands of testimonials from all quarters of the globe to prove this. Here is one from a party who used them in England, but who is now a resident of Canada.

Mr. P. R. Glanville, Wycliffe, B.C., writes:—"When living in the 'Old Country,' three years ago, I suffered severely from pains in the back, and had to give up work. The pain was so bad that when I stooped down to pick anything up, I felt my back must break. I tried all sorts of remedies and several doctors, but all to no purpose. One day I read of Doan's Kidney Pills, and thought I might as well try them, and to my surprise, before I was half through one box the backache had entirely disappeared, and it has not caused me any trouble since. I always keep "Doan's" in the house and shall always recommend them to all sufferers."

Price 50 cents per box, or 3 boxes for $1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

PARALYSIS COMPLETELY CURED

"Fruit-a-tives" Performs Another Miracle

Bristol, N. B., July 25th, 1911.

"I had a stroke of Paralysis in March, 1910, and this left me unable to walk or help myself and the Constipation of the Bowels was terrible.

Nothing did me any good, and I was wretched in every way.

I then took "Fruit-a-tives" for the Constipation and it not only cured me of this terrible trouble, but gradually this fruit medicine toned up the nerves and actually cured the Paralysis.

By the use of "Fruit-a-tives," I grew stronger and stronger until all the Paralysis and weakness left me.

I am now well again and attend my store every day. I say "Thank God for "Fruit-a-tives."

ALVA PHILLIPS.

"Fruit-a-tives" not only cured the terrible Constipation, but so toned up the nervous system and the general health as to completely overcome the palsy.

Truly "Fruit-a-tives" is a wonderful medicine.

50c. a box, 6 for $2.50, trial size, 25c. At dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

PERSONAL.

H. A. McInerney returned last night from Fredericton.

William M. Ryan, B. A., left last night for Windsor, where he will receive the B. C. L. degree today.

Chas. A. Owens went to Halifax last night.

Listless, Backward Children

Made Bright and Active by Dr. Morse's Indian Root Pills

He Needs Wise Care —Not Scolding.

Many a growing boy or girl is set down as constitutionally slow, stupid or lazy when it is really a question of inactive bowels, lazy liver or sluggish kidneys.

The growing child, with a hearty appetite, certainly cannot long remain healthy and bright if the sewers of the body, the bowels and the kidneys, are choked up with impurities that should be thrown off promptly.

The muddy complexion, dragging limbs and dislike for mental or physical effort show plainly that the child needs **Dr. Morse's Indian Root Pills** to stir up the liver and kidneys and regulate the bowels. *Dr. Morse's Indian Root Pills* do this most effectively, cleansing the whole system, purifying the blood, aiding the digestion and giving plenty of life and activity. As upon the education obtained may depend the success in life of your boy or girl—see to it that the general health of the child is such that study is pleasure and not a hardship.

Made from roots and herbs by W. H. Comstock Co., Ltd., at Brockville, and sold by all dealers at 25c. a box. 5

PRIVATE OFFICE
Gone to lunch. Back in ten minutes

Cramming down ill-chosen food, and rushing back to work, leads straight to dyspepsia, with all it means in misery.

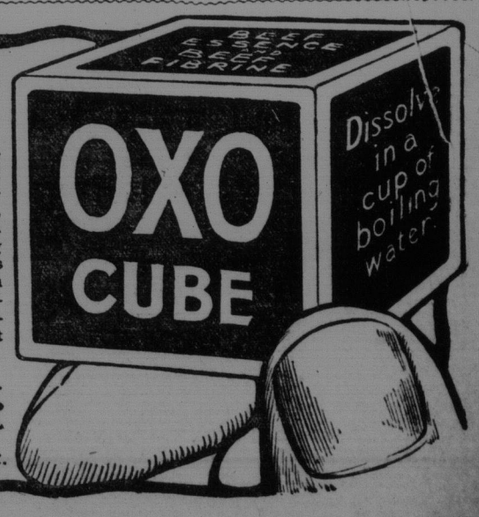
OXO CUBES FOR SUMMER COOKERY

Oxo Cubes are wonders of convenience and handiness. They double the cook's resources, and enable her to prepare a delightful variety of light, wholesome, summer dishes. They strengthen and give, in a moment, appetising flavour to soups—gravies—hashes and stews. Spread on brown bread they make delicious sandwiches dainty, nourishing, digestible—excellent for luncheons at home and in camp.

The greatest advance in food-invention since men began to eat and women learned to cook.


4 Cubes 10c. 10 Cubes 25c.
