In another week or ten days it pected that the B. C. Copper com smelter at Greenwood will be in operation and by the end of the the whole newly rebuilt and en plant will be nearly ready for w full blast again.

Manager Zwicky of the Ramble was in the city during the week, positively confirming the finding ore body in the famous long tun the Rambler, added that it wil nearly a year to get the mine pr

It is wor note that those who control the sale, being content to await the de ment of the mine, now that it is the main ore body has been de located.

The Hall Mining & Smelting co appear to have got needed repai changes rushed through and the r at the smelter this week are abo same as usual. The company say ever, that they are delayed in work by the dearth of competent men available.
