HUNDREDS CURED DAILY IN CANADA BY THE DIAMOND RHEUMATIC CURE.

This statement substantially a FACT based upon evidence in the possession of the agent, in the shape of testimonials from persons who have suffered all the wales of life, and particularly from some of the most respectable and trustworthy families in the Dominion

DIAMOND RHEUMATIC CURE.

In the history this invaluable Medicine occupies the most honorable position possible for any remedy to attain, viz., that of being the Medicine which has stood the test and ordeal of time, and which, from trivial, and always despised, but by them whenever treated, with astonishment, and a little, at first, at the notice of physicians generally, and through their ignorance, and consequent undeserved value as a Homœopathic Remedy, the demand for it became so universally extensive, that it became impossible to decrease its facilities for its manufacture. Its rapid sale rapidly extended, and now orders, letters of inquiry, letters of thanks, and certificates of cures, were poured in from all parts of the United States and Canada; and in this way, on a basis of its merit alone—unaided by "tricks of the trade" and special efforts—it has risen to its present enviable position. Whenever introduced it has received the most flattering preference in the treatment of rheumatic complaints. In this we are really grateful and happy, not alone because our medicine ... rapidly sale, and is consequently profitable to us, do we say this, but because we open a new field in Medical Science, and we can now cure, what all medical practitioners have for ages found so obstinate, given to relapse. We fill a want long felt by the sufferer. We relieve the sufferer and minister to his ease. Now, we can restore a valuable man to the use of his limbs, his family and the source of their support, and we can give to him a great contentment of happiness into the home of the afflicted, and, above all, we can minister to the cause of filial gratitude and love. Thousands have been changed by the use of it; remedy, from weak, sickly, suffering creatures, to strong, healthy and happy men and women; and, ... diseases cannot reasonably hesitate to drive it a trial.

This medicine is for sale at all the Druggists throughout Canada. It happens that your Druggist has not got it in stock, ask him to send for it to

WEST ELGIN.

THE GRITS CATCH A TARTAR.

Enthusiastic Reception of the Member for Lincoln.

A mass meeting of the supporters of Mr. Hodgins, M. P. P., for West Elgin, was called at three o'clock last Friday afternoon in the Drill Shed, Wallacetown. There were about a thousand people present, but although the meeting was held in the Grit interest, a large number of Conservatives attended, and parties were nearly evenly balanced. Mr. Rykert, M. P. P., who had received a challenge from Mr. Hodgins to meet him and substantiate in public the charges he had advanced at the recent Liberal-Conservative gathering at Wallacetown, responded in person, although at great inconvenience to himself, and on route from St. Thomas to Dutton, was accompanied by about one hundred and fifty of his admirers. On arrival at Dutton, both parties formed in procession, and headed by a band of music, proceeded to the Drill Shed, at Wallacetown.

Previous to the organization of the meeting it was intimated to Mr. Rykert, that his time for speaking would be strictly confined to one hour and a half, that he would be preceded by Mr. Hodgins and followed by Hon. Mr. McKellar. He was in reply, to Mr. Rykert, as the challenged party, protected against the injustice of such an arrangement, that Grits obstinately refused to allow him more time, and it being their meeting, he was finally compelled to accept the situation.

The meeting was then called to order, and Captain O'Malley, President of the West Elgin Reform Association, was chosen Chairman. Among those who were seated on the platform were Hon. A. McKellar, Mr. Rykert, M.P.P., Mr. Hodgins, M.P.P., Dr. Wilson, M. P. P., Mr. Wallacebrown, M.P.P., Mr. Casey, M.P.P., Mr. Bolton, Messrs. McCallum, Mc.
