THIS IS THE CARRIAGE YOU WILL WANT

The new Heyward-Wakefield Sleeper is shown above in the picture, equipped with all the latest features, having a reversible gear, so that you can push it from either end.

Notice the graceful, roomy reed body, the hood with back windshield, the long flexible spring, and rubber tired wheels.

Making a carriage that is not only perfeet in design, but exceptionally strong and durable.

Come in and look over the different styles we are showing, and see for yourself that the Heyward-Wakefield carriaga is all that we claim it to be.

One of the dramatis scenes in "The Secret Garden," Lila Lee's new Paramount picture, which will be displayed at the Griffin Theatre Monday night, shows the little star up ti her neck in mire. The scene occurs when Mary Lenoz, the little heroine, played by Miss Lee, tries to cross a bog and becomes stuck in the mud. Miss Lee went through the scene without a qualm; in fact she said she rather enjoyed it. To an early fondness for making mud pies, which was never completely satisfied, she attributes her fearlessness in entering the mire.

"You see," said Lila, "I loved to play in the mud several years ago and I don't think I ever entirely recovered from that longing. But my parents used to employ drastic methods to take the desire out of me. Their method generally consisted in the accurate manipulating of a hairbrush or a strap in my immediate vicinity."

This feature will be shown at 7.30, and we would advise everybody to see it.

The special feature will be William Faversham in "The Silver King." Also Mutt and Jeff, a Mack Sennett two-reel comedy, and Mr. Art Chater, the popular vocalist.

18 YEAR OLD SEATTLE GIRL WHO DELIBERATELY POISONED WIFE OF THE MAN SHE LOVED.—Just on the threshold of womanhood, yet a self-confessed murderer, that is the position of 18-year-old Ruth Garrison, who invited to luncheon the wife of the man she loved and there calmly administered to her a poisoned fruit cocktail, causing her death a few moments afterwards.

THOROLD

A great many complaints are coming in regarding the bad condition of the main road leading into Thorold just a short distance south of the Keefer's bridge. The road tapers to such extremes that no less than three automobiles have gone over the siding in the last three weeks. A couple of weeks ago Dr. Sheahan's car went over, with the result that the front of the car was badly damaged. This morning another one went over with the result that a number of men had to be engaged to get the car back on the road.

Mrs. Joseph Martin will go to St. Davids on Tuesday night where she will take part in the concert given in the Town Hall at that place under the auspices of the Presbyterian Church.

The funeral of the late Mrs. Henry Brainard was held from her mother's residence, Chappell St., Thorold, Saturday morning, to the Church of the Holy Rosary, where Requiem Mass was chanted by Father Manley, thence to Lakeview cemetery. The pall bearers were J. Savage, T. Roach, F. Whalen, P. McMann, W. Oats and T. Smith.

The old Summitt House, corner of Front and Albert Street's is now being redecorated, the work being in the hands of competent men who are working under the supervision of a local contractor. When completed this house will present a very neat appearance.

The many friends of Mr. Herman Ellis, who has been at the Wellandra Hospital, St. Catharines, for the past eight weeks, as a result of being badly injured while attending to his duties at the Beaverboard Plant, will be glad to hear he is rapidly recovering, and will be able to leave for his home in the very near future.

Missionary services were observed at the Methodist Church on Sunday, Rev. Mr. Roberts of Lundy's Lane Methodist Church, Niagara Falls, Ontario, preaching at the morning service, and Rev. R. S. S. Large, pastor of the church occupying the pulpit in the evening. Miss Maude Simmons sang a very pleasing solo in the morning and Miss Harriet Wilson's solo in the evening was very much enjoyed.

Mr. Dale Hilton, of the Royal Bank of Canada, Toronto, spent the week end the guest of Mr. Fred Grenville, Queen Street.

Miss Maude Grenville, of Buffalo, N. Y., spent the week end the guest of her mother on Queen Street.

Mr. George Masters, of Utica, N. Y., is a guest at the home of Mr. and Mrs. Clinton Lane, near the Beaverboard plant.

Reeve Georgt T. Richings, received the sad news last night that his brother-in-law, Mr. Charles Cushman, of Homer, had passed away on Sunday night, following an illness of about three years duration.

Owing to the inclement weather the street employees who have been very busy cleaning the streets for the past few days are enjoying a few holidays.

The services in the Presbyterian Church were well attended on Sunday, Rev. W. H. Smith preaching both morning and evening. At the morning service he preached his second sermon on "Job and Satan" and in the evening he preached a very instructive sermon on "Failure in Freindship". the music furnished by the choir was exceptionally good and much enjoyed

Mrs. Joseph Martin sang "Nearer My God to Thee" (Carrie Jacobs Bond) in a very pleasing fashion at St. John's church on Sunday, which was much enjoyed by the large congregation present.

The W. M. S. will hold their Easter meeting at the Methodist Parsonoage on Thursday afternoon at 2:30 o'clock.

Another sad death occurred at the family residence Beaverdams Heights on Sunday, when Andrew Mackey, of the Exelon Plant, passed away following an illness of one week suffering from pneumonia. Deceased who was in his 37th year was a member of St. John's Church from where the funeral will take place on Tuesday. He was also a valuable member of the Sons of England and a great worker in every organization that lead to good causes. Besides a sorowing widow, he is survived by four small children, three girls and one boy, who are receiving the heartfelt sympathy of the community in their hour of trouble.

SOCIAL EVENING SPENT IN HONOR OF RETURN

Home of Mr. and Mrs. Hoople Scene of Pleasant Time for Their Son.

The home of Mr. and Mrs. Chas. H. Hoople, 76 Albert Street, was the scene of a very happy event on Friday night, when they entertained about fifty of their relatives and connections in honor of the return of their son, Lieut. Albert C. Hoople, from nearly four years service overseas. The occasion was one of joy and gladness, for of the ten who voluntarily offered their services to their King and country, but one, a distant cousin, was called upon to make the supreme sacrifice, although several carry the honorable scars of battle; but with the scars two of them won their commission. Lieut. Hoople went overseas as a private with the 36th Battalion, returned as a Lieutenant. Capt. Wilfrid Jolliffe, M. C., also went as a private in the 19th Battalion, and returned as a Captain, and the coveted decorations of the M. C., being decorated by the King.

Of the eleven who went over, six have returned, and two others are expected soon. After a warm welcome by the host and an expression of his pleasure in seeing such a response to their invitation, and thankfulness to God for the safe return of the boys, the evening was given over to joy and gladness. After a time, when the old seemed to vie with the young, as to who could be the youngest, the hostess and her daughters spread a repast both dainty and sumptuous.

That it was appreciated was manifest on all sides. Toasts were then drunk, speeches made, songs sung, and as the small hours of another day came silently on, the happy guests wended their ways to their several homes with pleasant thoughts of the hours just spent, and looking forward to another family re-union when all the boys come home.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash your self on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels: thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have billious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

OUCH! LUMBAGO! RUB IT ON BACK

Rub away all pain, soreness, stiffness, backache, with "St. Jacobs Liniment."

Demobilization of Troops

THE demobilization of the Canadian Expeditionary Force is perhaps the most important problem now confronting the Dominion Government, and the transportation of the troops from the port of landing to their home destination is a work which will require skilful handling. On reaching Canadian soil, after their hard fought battles in foreign countries, the veterans will deserve all the consideration that can be given to them.

Lieutenant-Colonel Walter Maughan.

It was therefore a wise decision on the part of the Dominion Government when they decided that the Canadian Railway War Board should appoint a committee that will make all the arrangements necessary for the transportation of the soldiers through Canada.

The War Board so constituted the committee that it is representative of the three principal Canadian railways. Ever since the beginning of the war officials of the Canadian Pacific Railway have been conspicuous as leaders in the country's patriotic efforts, and now Lieutenant-Colonel Walter Maughan, Assistant General Passenger Agent of the C. P. R., has been chosen as chairman of the committee that is to undertake the responsibility for the train transportation of the soldiers to their places of abode in Canada. Lieutenant-Colonel Maughan's long experience and his thorough knowledge of railroad affairs make him thoroughly qualified to fill the position for which he has been selected.

In March, 1892, at the age of sixteen years, Walter Maughan joined the staff of the Canadian Pacific Railway as a clerk in the Toronto offices. In September of the same year he was transferred to Hamilton to act in a similar capacity. In 1895 he was again brought back to the Toronto offices, and in March, 1897, he became city passenger agent in the Queen City. On November 1st, 1913, he became assistant district passenger agent in Toronto. One month later he was promoted to become assistant general passenger agent in Montreal.

Lieutenant-Colonel Maughan is representing the C. P. R. on the newly formed committee. Mr. H. H. Melanson will represent the Canadian Government Railways, and Mr. C. W. Johnston the Grand Trunk Railway.

By a co-ordination of effort it is believed that the representatives of the three big Canadian railways can so regulate railway transportation arrangements as to insure the safe and comfortable return of the Canadian soldier men to their homes. The headquarters of the committee will be in Ottawa, where the committee will be in direct touch with the Canadian Government.

A preliminary meeting of the committee was recently held in Montreal, when the Minister of Militia was represented by Colonel E. E. Clarke, Director General of Supplies and Transportation. The problem of transportation was discussed in all its phases, and the committee will leave nothing undone to ensure safe transit, and feeding facilities of the highest character for the Canadian soldier men who so bravely answered to the call of duty when the country was in danger.
