BEST LAID PLANS GANG AFT AGLEY

Explanation of Harry Bromell's Position—Charged With Burglary.

Nabbed by a woman as he stepped to the floor from a second-storey hotel at 10 o'clock last night Frank Bromell is now in custody on the charge of attempted robbery. For several nights persons in the Duke's have heard noises eminating from top of the shed adjoining the rear of the hotel, and suspicions were raised that some one with burglaristic tendencies was prowling around. Early this week two men narrowly escaped capture as they jumped and ran.

Last night Miss Minnie McGarrey, sister of the proprietor, heard a noise, and rushing to the back window was just in time to seize a man stepping thru the window. She held him and screamed. A quick response by several of the inmates precluded any chance of the intruder's escape, and P. C. Fife took charge of Bromell.

Immediately after the arrest, however, several friends of Bromell's who live in a house adjoining the "Duke's" went to the police station and told a story, which, if true, turns the occurrence into a comical rather than a serious affair. Bromell, according to their story, "has a girl." She lives with her last night. He wanted to "shake" her. These same friends had told him of the manner in which they had mysteriously disappeared when in situations similar to this. It was by going thru to the lane in rear, climbing thru the hotel window and reappearing in the street, where he could easily gain admission to his friends' quarters.

TEACHERS ASK SALARY INCREASES

Heads of Departments in Technical School Want More.

A deputation of the heads of the various departments of the Technical School were at the meeting of the board last night, and asked for an increase of salary. They asked to be placed upon the same footing as teachers in the Collegiate Institute. The present salary of the Technical School heads is $1300 a year. They ask an increase of $200 per annum. The instructors in the Technical School work from 9 a.m. until 10 p.m. The request was indorsed by Principal Packersham.

The board considered the request reasonable, but on account of it being so near the end of the year, and their term of office did not consider it advisable to increase salaries, so they left it to the Board of Management.

The recommendation of the Board of Management that Miss M. J. Dwyer be appointed a temporary teacher of mathematics at $4 per night was referred back after a long discussion.

The board approved of temporary teachers for free hand and machine drawing, and that a sewing class be established.

DEER HUNTERS ARE MOVING.

Altho the deer hunting season does not commence until Nov. 1 many of the local hunters are already starting for the sport. To-day will see a number of parties and their dogs leave the city. Nov. 1 falls on Sunday this year. Of course all the sportsmen will wait until Monday before they start to work.

This is the first year in which the special rates to Muskoka during the hunting season have applied to any point outside of Canada. This year Buffalo is included and as a result many sportsmen from cities across the border, who, in former seasons did their shooting in the Adirondacks, are taking advantage of the special rates offered at Buffalo by the G.T.R.

CLERGUE ON THE SEA.

Montreal, Oct. 23.—(Special.)—The report published here to-day to the effect that Senator Dandurand had gone to Europe to complete the purchase of the "Soo" works is untrue. The Senator has gone to New York and will return to-morrow. Mr. Clergue, however, cannot be located, and the supposition is that he has left for the other side.

Kilties Are Inspected.

The 48th Highlanders were inspected last night by Col. Davidson in the Armouries. After the inspection was completed the prizes for the rifle competition were presented by Mrs. Mortimer Clark. The regimental orders contain the promotion of Pte. W. A. Elliott to be lance-sergt. Pte. J. C. Smith of "E" Co. is entitled to wear the regimental service badge for twelve years' service.

Harbor Committee Will Take Action Against Non-Payers of Beach Rents.

Hamilton, Oct. 23.—(Special.)—Edith Pearson, a 3-year-old daughter of John Pearson, 117 North East-avenue, was fatally burned this afternoon. BANK AMALGAMATION FICTION.

Story That Metropolitan Was to Be Absorbed Positively Denied.

An evening paper published yesterday a canard report that the Metropolitan Bank was about to be absorbed by the Alliance Bank. The Alliance Bank, it was claimed in the article, was an institution formed for the purpose of amalgamating a number of the eastern banks, thus making a big syndicate of capital. All that was needed was the co-operation of a Western Ontario bank. According to the statement the Metropolitan was the one fixed upon, and the one that had been bought in.

The following, from Rev. Dr. Warden, the president of the Metropolitan, shows how much there is in the report: "The report to the effect that the Metropolitan Bank was considering an offer from the Alliance Bank of Halifax, Nova Scotia, for the purchase of its business is without foundation."

W. D. Ross, the general manager of the Metropolitan Bank, informed The World that amalgamation or sale has not been discussed. The bank's progress is quite satisfactory, and the disposal of its assets was never considered.

John F. Stairs, who it was claimed, is the head of this immense syndicate, that is buying up banks, corroborated the statements and denied positively that there was the slightest particle of fact in the rumors. He said his visit to Toronto was a purely personal matter, and there was nothing in it that was of interest to the public.

Daughters of the Empire.

The Hamilton Daughters of the Empire have shown in a practical way by the late "Made in Canada" Exhibition their keen interest in the country. Many of them are ladies of fashion, and in the numerous entertainments they give, no doubt foreign imported mineral waters will be left severely out, and Canada's great mineral water, "Radnor," will be only used.

Daughters of the Empire should remember "Radnor" is a pure Canadian water.
