PEOPLE MAY VOTE AGAIN.

On the Propriety of a Car Line Thru Old Fort.

Judging from the attitude shown by the board of control yesterday, it is probable that the ratepayers who defeated the proposal for an eastern entrance to the fair grounds two years ago, will have the opportunity of passing upon the question again.

Once more did a deputation headed by Maj. Collins appear before the board to protest against any desecration, and once again did the mayor and major have a verbal clash.

On motion of Controller Spence it was agreed that Mr. Rust should prepare plans for the necessary bridge over the C.P.R. tracks. The mayor volunteered the statement, however, that he was willing to submit a by-law, with which Controllers Hocken and Ward agreed, all referring to the right of the citizens to have a voice in the matter.

In the meantime, the city will apply for legislation to allow the issuing of the necessary debentures.

A deputation from the Builders' Exchange protested against the construction of the new ferry shed by day labor. It was asked that contracts should be let by tender.

"If work is scarce for the working-man, business is scarce for the business man," said Arthur Dinnis, one of the visitors.

The controllers approved of the principle of tendering, but said that the ferry shed must be finished by day labor.

Former Park Commissioner Chambers visited the city hall yesterday to give evidence in the Langley arbitration case. He said he was prepared to give any evidence required of him in the parks enquiry.

I. Radcliffe of the property department has been appointed weigh-master on the Church-street scale, succeeding John Glanville, retired.

Kissed His Own Bible.

Henry Lambert, a plaintiff in the police court yesterday afternoon, is a student of the science of hygiene. He came prepared to take his oath, but on his own Bible, producing for that purpose a large-sized copy of the revised edition of the Scriptures. He accused Thomas McGee, his landlord, of assault. As the stories of the two men varied, Magistrate Kingsford allowed the case to stand for a week, whereupon plaintiff and defendant left court shaking hands.

PIMPLES

ALTHOUGH, NOT A DANGEROUS DISEASE, ARE A VERY TROUBLESOME AND UNSIGHTLY AFFLICTION . . .

They are caused by either poverty or impurity of the blood and require the prompt use of a good blood medicine such as Burdock Blood Bitters, for their eradication, which it speedily accomplishes, at the same time strengthening the entire system. Pimples also often arise from dyspepsia and constipation, and in these cases Burdock Blood Bitters has the double effect of removing the pimples together with their cause.

Mr. D. P. Sammon, Osceola, Ont., writes: "I was troubled with pimples all over my face and hands. I paid out money to doctors but they could do me no good. A friend convinced me to try Burdock Blood Bitters, and after using two bottles the pimples vanished, and I have not been troubled with them since."

Burdock Blood Bitters may be procured at all Druggists and Dealers.

JUNCTION WOULD LIKE MORE FIRE PROTECTION

Big Seed Show in Markham on Tuesday—Scarboro Farmer's Close Call—Items.

TORONTO JUNCTION, Feb. 14. — The efficiency of the fire-fighting apparatus in the Junction may soon be increased by the addition of an up-to-date automobile fire engine. The matter was talked of on several occasions by last year's council and is again cropping up for discussion by the new members. The proposal is met with favor on the ground that the expenditure would be reduced to a minimum once the engine was provided. It would also, to a great extent, dispense with the unsanitary condition of the town hall, which has occasioned much criticism in days gone by, but without any beneficial results. The cost of the new engine would probably amount to upwards of $4000.

In police court this morning Maslias, the Polack, who was arrested yesterday on a charge of stealing coal from the C.P.R., was allowed to go on suspended sentence.

When several families in town found their cellars to-day half filled with water, caused by the melting snow, there were not many nice things said about the street department, who, it seems, are responsible for the trouble. The corner of Dundas and Union-streets is also a spot at which the street department should direct its attention just at present. There is a slight depression in the street at this point, and with the snow banked at either side of the road there was enough water there to-day to completely conceal the location of the street car switch. This caused much annoyance and delay, because the motormen had to shunt the cars backwards and forwards to find the switch or choose the alternative of wading thru the water in search of it. The digging of a channel thru the snow to the curb would have allowed the water to drain off and thus have saved all the trouble.

Choirmaster is Remembered.

Victoria Lodge, A., F. & A. M., gave a farewell banquet last night in honor of W. H. Horner, choirmaster of Victoria Presbyterian Church, who is going to reside in Calgary. He was made the recipient of a gold locket, the presentation being made by Very Worshipful Bro. W. J. Shepperd.

Now that the snow is fast disappearing, and spring is in the air the need for a good street sprinkler and sweeper for Dundas-street becomes apparent. The board of works, at its last meeting, instructed Street Foreman Moon to investigate the best makes of the apparatus required and make a report of his investigation at the next meeting of the board. This matter deserves immediate attention, as considerable time will be lost in bringing the motion before the council and getting rid of the red-tape proceedings always accompanying a municipal expenditure of this kind.

Need New School.

From all indications a new school will have to be erected in town in the near future, as, even with the portable additions which are being used in some cases to relieve the overcrowding, there is still cause for complaint. There are at present 2100 school children and 44 teachers in the Junction. Every teacher, it will thus be noticed, has more than the regular number of pupils, and there are no signs of any relaxation. A special meeting of the school board will be held in a few days, probably, to discuss the proposed change of the board room at Western-avenue into a class room. Then again the St. Clair-avenue School, which the board thought of selling some years ago, now accommodates 260 pupils. The only way to permanently relieve the situation is that the council allow a grant for the erection of a new building. This would take away all surplus pupils from the other schools, and also leave room for the fifth form, who have at present to be taught at the Collegiate Institute at the school board's expense.

Many Want Work.

The book for the signatures of the unemployed was opened in the town hall about ten days ago. There are now 89 names registered, tho of course many of these have since got employment.

The regular meeting of the town council will be held on Monday evening.

NORTH TORONTO.

Educational Sermons on Sunday—Association Will Not Meet To-Night.

NORTH TORONTO, Feb. 14.—Chief Constable Collins and County Constable Tomlinson, who took John Dunn of concession 2, East York, in charge on Wednesday night, were successful in placing the patient in the asylum after 11 o'clock last night. Dunn was kept in safety in the North Toronto lock up since Wednesday evening, about twenty-five hours, till all the red tape busines was gone thru and the patient finally admitted.

The executive committee of the Ratepayers' Association decided not to hold a meetin gin the town hall tomorrow (Saturday) evening.

Rev. W. G. Back of the Eglinton Presbyterian Church was called to Maple to-day to conduct a funeral at his old charge and where he holds the position as moderator till a pastor is chosen.

Rev. Dr. Galbraith of Toronto will preach in the Eglinton Methodist Church on the educational work of the church on Sunday, both morning and evening.

Rev. N. Wellwood of the Eglinton Methodist Church will preach anniversary sermons at his old charge at Thornbury on Sunday.

The reports of the different organizations of the Eglinton Methodist Church at the quarterly board meeting were very satisfactory. The pastor, Rev. N. Wellwood, received a unanimous invitation to stay another year.

Rev. T. W. Powell, rector of St. Clement's Church, will preach anniversary sermons at Elmvale on Sunday.

In spite of the inclement weather the valentine social of the Eglinton Methodist Ladies' Aid was well attended to-night.

Taseacold, Instant Cough Cure, Tastless Cod Liver Oil and Emulsion of Cod Liver Oil are sure cures for colds and coughs. For sale at Twiddy's Drug Store.

MIMICO.

Big Firm Gets Good Order—Stock Sells Well.

MIMICO, Feb. 14.—A return to old time doings is in practice at the Ontario Sewer Pipe Co.'s works here this week. After being closed part of the winter the firm are again busy working eight hours a day and happy in orders received. Yesterday five cars loaded with pipe were sent by the firm to Winnipeg, the first of an order which will call for 65 cars to complete.

A very successful sale of farm stock, etc., was held yesterday by J. J. Stewart of Long Branch. The attendance was good, and the bidding generally quite lively, with fair prices realized. A span of horses, after reaching a $400 bid, were withdrawn and unsold, while the many milch cows brought a good average price. Mr. Stewart is moving to Cooksville, where he has purchased a 50-acre farm. This he will work as a general garm and garden, going out of the milk trade. Mr. Henry Towell of Long Branch will work this year the farm given up by Mr. Stewart.

The Euchre Club held their fortnightly gathering last evening at the home of Mr. and Mrs. W. W. Burgess. The attendance was a good and happy one. The contest was 12 games with 22 players. The prize and honors went to Miss Maud Smith of Victor-avenue. A social 45 minutes with refreshments was followed with dancing and music till the parting hour of 12 midnight.

MARKHAM VILLAGE.

Carnival Closes Saturday Night—General News About Town.

MARKHAM, Feb. 14.—The number enrolled at the Markham Public School for the month of January was 172, with an average attendance in division No. 1 of 25; No. 2, 28; No. 3, 31, and, No. 4, 28. This is an exceptionally fine showing for the season of the year.

A parlor social will be held at the home of Mrs. P. P. Crosby on the evening of Friday, Feb. 28.

Stationmaster W. J. Smith was called home to the Township of East Gwillimbury by the death of his father, which took place on Tuesday.

On Monday evening the members of the Epworth League entertain the Young People's Guild of St. Andrew's to an entertainment and luncheon.

The East York Farmers' Institute will hold their annual seed show on Tuesday, Feb. 18, in the town hall here. T. G. Raynor of Ottawa will give an address. The importance of good seed cannot be over-estimated, and this presents an exceptional opportunity for the purchase and interchange among farmers of pure seed grain. The World will report the proceedings, and will publish a list of all those offering seed grain, with the prices quoted.

The funeral of the late John Kock, who died at the age of 87, took place on Wednesday to Wideman's Church Cemetery. He had no surviving relatives.

A happy condition of affairs exists in Grace Church, where not a dollar of indebtedness remains on either church or rectory. The Women's Auxiliary Society are given much credit therefor.

Mr. and Mrs. T. B. Reive threw open their hospitable doors on Wednesday evening for the holding of a parlor social in aid of St. Andrew's. The event was a most enjoyable one.

The hockey carnival being held this week is the most successful in the history of the town.

EAS TTORONTO.

Baseball Enthusiasts Will Hold First Annual Banquet.

EAST TORONTO, Feb. 14.—The East Toronto Baseball League will hold their first annual banquet in the near future in the Y.M.C.A. parlors in town. That the club have well earned their present enviable position in the realm of baseball is generally conceded, and that the event will be most enjoyable and successful goes without saying.

Feb. 25 has been decided upon by the executive as the date, and among the representative citizens who will be present and assist in the presentation of medals to the Evangelias, the city team who defeated the locals by the narrow majority of one, will be Major McMillan, ex-Mayor John McP. Ross, Tom Hodgson, H. C. Nasmith, T. N. Phelan and others.

Not a little of the success attending baseball generally in East Toronto during the season can truthfully be attributed to President J. E. Zieman, who has at all times been willing and anxious to promote the best interests of the game.

The Aberdeens are to be congratulated on the decision to send three rinks to the Collingwood bonspiel within the next ten days. It is safe to assume that the Aberdeens will bring back some well-earned trophy.

MEAL TIME MISERIES

Indigestion Can be Cured by the Tonic Treatment of Dr. Williams' Pink Pills.

There is only one way to cure indigestion, and that is to give your system so much good, red blood that the stomach will have strength enough to do its natural work in a healthy, vigorous way. Many dyspeptics dose the stomach with tablets, syrups and other things alleged to assist in digesting food, but these things merely give temporary relief—they never cure indigestion—and the trouble grows worse and worse, until the poor dyspeptic is gradually starving. In a case of indigestion a half dozen boxes of Dr. Williams' Pink Pills are worth all the mixtures and so-called pre-digested foods in the country. These pills cure indigestion because they strengthen and tone the stomach, thus enabling it to do the work nature intends it should do.

Mr. Paul Charboneau, St. Jerome, Que., says: "For months I suffered tortures from indigestion. After every meal the misery was intense, so that I finally ate most sparingly. I tried several so-called indigestion cures, but they did me no good. My general health began to run down. I suffered from headaches and dizziness and pains about the heart. Often after the lightest meal I would be afflicted with a smothering sensation. Finally my mother induced me to try Dr. Williams' Pink Pills. Under the use of this medicine the trouble began to disappear, and in less than a couple of months I had completely recovered my health and can now enjoy a hearty meal as well as anyone."

It is because they make new, rich blood that Dr. Williams' Pink Pills always cure indigestion, anaemia, rheumatism, heart palpitation, neuralgia, sciatica, St. Vitus' dance and the headaches, backaches and other indescribable ills of girlhood and womanhood. Sold by medicine dealers or by mail at 50 cents a box or six boxes for $2.50, from The Dr. Williams Medicine Co., Brockville, Ont.

Arrangements have been made by the Ladies' Aid with the manager of the Alexander Choir of Toronto to give an entertainment in the church on Thursday evening, Feb. 20. One hundred and thirty members of this celebrated choir are to be present, so a good time may be expected.

A valentine social, given in the rectory last evening, was as usual a great success. The house was filled and every person apparently enjoyed themselves. Rev. J. Gibson is to be complimented on the success of this annual gathering.

The Young Men's Hockey Club of Trinity Church played a game here on Thursday evening, the home team being again victorious. Score: 7 to 0.

A fast game of hockey is looked for on Wednesday evening next, when the club from the Toronto General Trusts' Company are to play the Thornhill team at the rink here.

The snow blockade on Yonge-street is disappearing. The cars are again running on schedule time, and a gang of men have the roadway for teams about completed.

EARLSCOURT.

Committee Are Unwearying in Work of Love and Charity.

EARLSCOURT, Feb. 14.—The Bible class of the Boon-street Methodist Church provided a social evening for the Sunday school teachers at the church last night. An impromptu program was rendered and refreshments served.

The work of relieving the destitute is going on, and this afternoon the Methodist Church had the appearance of a departmental store on a bargain day.

The committee, of which Rev. Mr. Bryce is chairman, is distributing bread and flour at the church, together with clothing. For other necessities of life an order is given to a grocery store. A blackboard announces what class of provisions will be supplied by the committee.

The committee received a little parcel to-day, signed "A Little English Boy and Girl," which contained a child's handkerchief, in which was sewn a 25-cent piece and attached thereto was a pink silk hair ribbon.

The committee have also opened up a sort of labor bureau, which, no doubt, will do much good.

Mis Scot, a deaconess, has been added to the committee, and her principal duties will be to visit and attend to the sick, also to find out families who are in special need.

Speaking to The World this afternoon, Miss Scott said that the greatest need in wearing apparel consists of underwear for little girls up to the age of 12 years. Mis Scott will gratefully accept any donations in that particular line.

AGINCOURT.

Scarboro Farmer Has Close Call While Rig is Smashed.

AGINCOURT, Feb. 14.—(Special.)—Gordon Beare, a Scarboro farmer, had a close call for his life a day or two ago on the Kennedy crossing of the C.P.R. just south of the third concession. Mr. Beare was on his way to the city at an early hour in the morning when in crossing the track at this point the bolt holding the doubletrees to the tongue came out, leaving the sleigh loaded with dressed pork standing squarely on the track. A heavy freight was approaching at the time and before anything could be done the engine crashed into the load, smashing it into kindling wood, while some of the porkers were carried fully a quarter of a mile up the track. The dropping down of the bolt of course freed the horses, which escaped without injury. The crossing has always been regarded as a dangerous one, and the banks of snow added to the difficulty in seeing the approaching train. It is understood that Mr. Beare will enter an action for damages against the company.

The annual oyster supper of the local lodge, I.O.F., of this village, was held on Tuesday evening, and was a great success. About 100 members and invited guests were present. Messrs. Heron and Glendening of Toronto gave a number of musical selections. Miss Eckhart, Miss Paterson, Miss Cleghorn and others were well received, and rendered most acceptably a number of fine songs. The Highland Creek Orchestra also rendered good service.

The concert in aid of the Sick Children's Hospital to be held here on Tuesday evening, Feb. 18, under the auspices of the Sons of Scotland, promises to be a memorable event. Excellent talent is being secured.

So far no advance on the price reached at the auction sale of $2200 has been received for the manse and glebe belonging to Knox Church. The reserve bid was $2400. If the property is sold a modern manse will be built.

Mr. Baker, pastor of the church, and Miss Chambers, elocutionist, will accompany the choir in this their annual sleighing party.

ESTATES OF THE DEAD.

The will of the late William Henry Vanderburg disposes of an estate which totals $10,307. He owned a farm in Markham worth $5000. His wife, Sarah, of Richmond Hill, receives insurance and legacies totalling $2970 and the use of half the house on the farm. The farm goes to his son, George Alfred, of Richmond Hill. The residue is divided in the following shares: Clare Georgina Bell, daughter, of Norfolk, Vt., $1305; Gertrude Laura Vanderburg, daughter, Carrville, $305; Mabel Stewart Vanderburg, daughter, Richmond Hill, $505, and Ralph V. and Wilfrid M., sons, $2005 and $500 respectively.

Cash totalling $1140.37 is the estate of the late Mrs. Isabella Needham of East Toronto. The beneficiaries are her son Thomas, her daughter Roxie and stepdaughter, Mary Ann Elliott.

Three daughters and four sons share in the estate of the late Mrs. Fanny Walton of Scarboro. She left no will and they rank as next of kin to receive her estate of $1001.25, all personalty.

VALENTINE IN ASH BARREL.

A Sweet Little Baby Named After Patron Saint.

NEW YORK, Feb. 14.—This little valentine was delivered by some unappreciative person at No. 316 East Twenty-second-street—left there on an ash barrel. It has pink fingers and toes and chubby cheeks, and is dressed in silks.

Mrs. Sophie Klockmeyer, the janitress, found it; Lieut. Flannelly of the East Twenty-second-street station accepted it, and Policeman McCarthy was told to present it to the nurses at Bellevue Hospital. McCarthy was going up First-avenue with the little valentine wrapped in shawls, and carrying it much as if it had been a piece of dynamite, when two women stepped up.

"Let me show you how," said one of them. They took the valentine away from McCarthy, and he followed them meekly to Bellevue.

"Three months old and as happy as a lark," said the nurses, when they received the valentine. They capitalized the "v" and christened the foundling—a three-months-old girl baby—Valentine.

Irish Protestant Benevolent Society.

The Irish Protestant Benevolent Society met last night in the Yonge-street Arcade, with Mr. J. N. McKendry, the president, in the chair.

Spence, John Stewart.

A communication was read from Prof. Goldwin Smith, enclosing a cheque for $100.

Hon. S. H. Blake, a past president, presented his portrait to the society.

The report of the charitable committee showed that 173 persons in distress had been assisted during the month.

Arrangements were completed for the twenty-fourth annual dinner at the Queen's Hotel on Tuesday evening, March 17, and for the annual church service in Trinity Methodist Church, on Sunday evening, March 15, conducted by Rev. W. F. Wilson, D.D.

Hon. Thomas Crawford and Mr. R. H. Bowes, past presidents, addressed the meeting.

A motion will be introduced at the next meeting to expunge the word "benevolent" from the name of the society.
