Great regret was expressed at his departure, as Mr. Cobley is one of the oldest and hardest working members of the order. ### CIRCLES MAY AMALGAMATE.

At the regular meeting of Maid Marion Circle, No. 72, A. O. F., in the Temple Building last evening, the question of amalgamation with the other circles in the city was under discussion. Nothing definite was decided on, but the general opinion expressed was that the circle was not very anxious to amalgamate, as Maid Marion is one of the strongest in the city, and if they did entertain the idea it would be more for the purpose of helping the other circles out. The chair was taken by Mrs. Brant, companion, and there was a large attendance.

## COMMISSIONER BRADSHAW OPPOSES THE GRANT

Will Not Agree to Granting Request of Great War Veterans' Association.

The request of the Great War Veterans' Association for a civic grant of $15,000 a year towards the $40,000 a year that it is estimated will be required to operate the organization planned to care for the needs of the veterans in the future has met with strong opposition from Finance Commissioner Bradshaw. Reviewing the work of the organizations already sanctioned by the city, provincial and federal governments, he states that these strongly-organized bodies are not only performing all the work which the new organization contemplates, but embraces others which cannot but be regarded as most essential and of the greatest value to the soldiers.

The present request, he says, must come as a surprise, especially when it is coupled with the statement that there are 1300 Toronto members, and that the annual budget for salaries, rent, etc., not including any assistance to be granted to returned soldiers is no less than $39,000.

The plan under which the above expenditure is to be made has not yet been made public.

### Optometrical Association Favors Post-Graduate Course

At the regular business meeting of the Optometrical Association of Ontario in the Foresters' Hall last evening the question of starting an educational campaign was under discussion. It was decided to shape a program for the holding of a post-graduate course during the coming winter, under the auspices of the association, and for the members only. No definite arrangements were made, but the association is to try and secure teachers from the Columbia University, and if possible the courses will be held in the lodge room. The chair was taken by G. W. Maybee, the president, and during the evening four new members were received into the association.

## For Indigestion Try Magnesia Neutrate

IT'S SAFER THAN DRUGS.

Many people just now are complaining of indigestion, the most commonly met symptoms being a burning sensation in the pit of the stomach; the belching of gas or wind; acid saliva rising to the throat; flushed face and heartburn. Contrary to general belief these symptoms do not always indicate any constitutional fault in or weakness of the digestive apparatus. In fact, in nine cases out of ten it will be found that the trouble arises solely from an excessively acid condition of the stomach and consequent fermentation of the food contents. Medicines and artificial digestives are not only unsuitable in such cases, but they may do positive harm because they do not neutralize the acid, which is the root of the trouble. For this purpose the best thing to use is a simple, harmless neutrate, such as the plain magnesia neutrate now so easily obtainable of any good druggist. Readers who are troubled with any of the symptoms named above should get a supply of magnesia neutrate and take a teaspoonful in a little water after meals. It will instantly neutralize the harmful acid and prevent food fermentation and may probably also prove that the trouble which appeared so serious was nothing more than an accumulation of acid in the stomach after all. Try it and see.

MELVILLE W. WILSON, newly appointed assistant crown attorney, who succeeds Frank J. Hughes, who has resigned to enter private practice.

## IMPRESSIVE CEREMONY IN CONVENT CHAPEL

Eleven Postulants Received Into St. Joseph's Community—Fifteen Others Take First Vows.

An impressive ceremony was witnessed at St. Joseph's convent yesterday morning, when eleven young ladies were received into the community, Right Rev. Monsignor Whelan, V.G., officiating, with thirty-six of the local and other clergy in the sanctuary, and the spacious chapel packed with relatives and friends of the candidates. The altars were exquisitely decorated with lights and flowers, and the singing by the sisters' choir was of a very high order.

The eleven young postulants entered the chapel arrayed in bridal gown and wreath, each followed by a tiny maiden also in spotless white who attended as her "angel." The sermon on the religious life was preached by Rev. Dominic Rowland, O.S.M., of New York, who has been in Toronto during the past few weeks giving the annual retreats. After the sermon the young ladies withdrew and returned later garbed in the habit of St. Joseph's community, the "Profession Hymn" being effectively sung in the interim. In addition to the postulants who received the veil and habit of the house, fifteen novices made their first vows and three who had been members for seven years took final vows.

The eleven young ladies received were: The Misses Marcella Meyer, Bernadette Real, Kathleen MacDonald, Margaret Gilbert and Margaret McGeough, all from Toronto; Levina Armstrong, Seaforth; Beatrice Clark, St. Catharines; Margaret McGillivray, Antigonish, N.S.; Stella Gignac, Penetanguishene; Florence Forestell, Tweed, Ont.; Mildred Mahoney, Uptergrove.

### PRESENTATION TO F. J. HUGHES.

Hughes, who for six years has officiated as assistant crown attorney, was yesterday morning presented with a beautiful fruit tray and bread tray decorated with his initials. Mr. Hughes has resigned public office to devote himself to his private practice. The presentation was made by Inspector of Detectives Kennedy, on behalf of the police department. In reply Mr. Hughes eulogized the kindly spirit extended to him by the police in his work.

Mr. Hughes will be succeeded by Melville W. Wilson, whose private office is in the Kent building.

### SCHOOL COAL PURCHASED.

All Buildings Supplied Until Next May.

There is no fear of Toronto's public schools having to close down thru scarcity of coal this winter. At a recent meeting of the finance committee permission was given for Superintendent Kerr, of the supplies department, to go ahead and purchase wherever reasonable and necessary, with the result that all schools have now a supply that will last until well into May, 1918. It takes 25,000 tons of coal to heat up all the public schools of this city for a season. Central Technical School alone uses 2,000 tons.

### PLEADS NOT GUILTY.

Pte. Frank Gourlie Accused of Stealing an Automobile.

In the criminal court yesterday Pte. Frank Gourlie pleaded not guilty to a charge of having stolen an automobile owned by William Gibson. His father, K. R. Gourlie, blamed the trouble to his son joining the army at an early age. Judge Denton accepted K. R. Gourlie's bond for $2,000 for his son's appearance at the sessions, altho Crown Attorney Greer objected to bail as Gourlie is already out on suspended sentence for having stolen an auto. But W. Horkins, who appeared for the accused, stated that the boy has been very sick since he went to jail.

### HAD BEEN DRINKING HEAVILY.

Pte. John Harris, who pleaded guilty in the criminal court yesterday to a charge of having committed an indecent assault on a ten-year-old girl, was sentenced by Judge Denton to two months at the jail farm. Harris, who has been married for twenty years, has a son who has been killed from France. He joined the Bantams, but was left behind when the battalion left, and has been drinking heavily following some trouble with his wife.

## HELPS HER SISTER IN CHANNEL ISLES

Five Members of Her Family Now Taking Tanlac, With Splendid Results.

### 3 DAUGHTERS HELPED

Feels Better and Stronger Since Taking Tanlac Than for Years, She Declares.

"Five members of my family are taking Tanlac with the finest kind of results, and I think so much of it that I'm going to send some to my sister who lives on the Channel Islands, between France and England," said Mrs. Edith Tuck of 114 Emerson avenue, Toronto, recently.

Mrs. Tuck also stated that her three daughters, who have been employed in the Russell-Fairbanks Munitions Factory had become so rundown, they were on the verge of a nervous breakdown. "I positively believe," she said, "if it hadn't been for Tanlac they all would have had to give up work in a short time. But now they're looking like different girls and come home after their day's work cheerful and jolly and feeling fine.

"I have been bothered by stomach trouble for years," she continued. "I had very little appetite, and what I did manage to eat gave me indigestion and heartburn and made me miserable. Gas would form on my stomach soon after eating and I was constantly belching up a substance so hot and sour it kept my throat feeling like it was raw. Sometimes the gas would press on my heart so I felt like I was smothering and I would just have to walk up and down the floor and fight for breath. I finally got so I dreaded to eat anything, I suffered so much afterwards, and for a long time before I began taking Tanlac all I ate was a little bread and butter and even this disagreed with me.

"I read the first Tanlac advertisement that was published here and I think I was one of the first to buy a bottle. It helped me so much that I started my daughters and young son on it, too, and we have been buying it at the rate of three bottles a week ever since. My stomach trouble and indigestion is all gone, with all my shortness of breath and other bad feelings. I have never had a better appetite. I eat just anything I want and haven't felt so strong and well in years.

"My daughters had gotten to where they never cared for anything to eat. They were losing weight every day and looked care-worn, haggard and tired. They would come home from work completely exhausted and it looked like it would be impossible for them to go back to work. Their color was awful bad and they were getting in such a bad condition I knew they wouldn't be able to stand it much longer unless they got better. So I started them all on Tanlac. They have been taking it now for five or six weeks and I never saw such a change in people. They're looking fine and say they're feeling fine. They go to work in good spirits and come home the same way. They all have good appetites, their complexions have improved wonderfully, and my young son is looking like a different person. I just don't see how we would have gotten along if it hadn't been for Tanlac and I'm going to adopt it as the family medicine. I can't recommend it too highly and if anyone is in doubt about taking it I will be glad any day to tell them of the wonderful results my family has derived from it."

Tanlac is sold in Toronto by Tamblyn's Drug Stores and by one regular established agency in every town. —(Advertisement).

## WILLS PROBATED

G. P. Schofield, former manager of the Standard Bank, who died in May last, left estate valued at $50,468, half of which consisted of stock in the Standard Bank. The remainder was made up of shares in the following Ontario companies: Trusts and Guarantee Corporation, Dominion Telegraph Company, Canada Permanent Mortgage, Great West Land Company, and Steel and Radiation. By his will the whole of the estate is left to his widow, Florence E. Schofield, with Wellington Francis, K.C., to administer the estate.

### MUST PAY FOR ADVERTISING.

In the judgment handed out yesterday by Judge Denton, when C. M. McAfee, of New York, was suing W. F. Pearce, M. E. VanZant, W. M. Maltby, E. A. Legge and G. D. Reid, of the Owl Drug Store, for $540 each for advertising in The Home Formulary, his honor ordered Pearce and Maltby to pay $120 each with costs fixed at $50, and the others to pay $60 each with costs of $10. The defendants claimed that the advertising was illegal in that it was practicing medicine without a license.

### OBSERVATION TOWERS IN NORTH ONTARIO

New System of Watch Towers Provides Splendid Protection Against Bush Fires.

The department of lands, forests and mines of the Ontario Government has erected in the forest region of the north fifty observation towers, on each of which a watchman is constantly stationed in order to keep a lookout for fires. The towers are steel structures, about sixty feet in height and are built on the high elevations of land. So far this season no bush fires of any consequence have been reported to the department.

### Soldiers' Comforts Exhibit At the Canadian National

The exhibit of soldiers' comforts in the women's building last year, under the supervision of Lady Eaton and Mrs. George B. Shaw, was such a success it has been thought advisable by the ladies' committee to have another exhibit this year. There are no prizes given for the exhibit. The object is to offer suggestions to the public as to what can be sent to our boys at the front and in the hospitals, also how boxes should be packed. Mrs. George B. Shaw has charge of the exhibit this year, as Lady Eaton will not be in the city.

## 20 Years' Suffering. Makes Startling Statement.

Before a multitude of people congregated at the offices of the HAM-LAX Co., Mr. John Register, of Toronto, who has only been taking treatment for two weeks, made the following statement:

"For 20 years I have suffered with Constipation, Insomnia and Rheumatism, and despaired of ever getting better, after trying multitudes of remedies. But being advised by a friend, who had taken HAM-LAX with great success, I decided also to give HAM-LAX and HAM-RAY a trial. After two treatments on the machine and about half a bottle of HAM-LAX I feel better than I have in years. I am able to sleep soundly every night, my rheumatism and constipation have gone for the first time in 20 long years. I make this statement in the hope that some other sufferer who has about given up hope as I had may benefit as I did, as I am confident there is a sure cure in these remedies."

HAM-LAX and HAM-RAY give positive relief in every case, whether it be Catarrh, Rheumatism, Stomach, Kidney or Liver Trouble, Gall Stones, Nervousness, etc. If you are a sufferer you cannot afford to overlook this. HAM-LAX, the Great Internal Antiseptic Tonic, has already made history. "Health Means Happiness," and as surely as the rising and setting of the sun, both health and happiness will be yours if you start taking this valuable remedy right now. HAM-RAY, the Wonderful New Electrical Device, capable of millions of oscillations per second, has done more to relieve suffering than any machine known to mankind. The scores of grateful letters coming in daily to the HAM-LAX Co. are in themselves sufficient proof of the genuineness of these treatments.

Free demonstrations and lectures daily from 10 till 12 and 2 to 4. You are cordially invited to attend. Room 22, 16 King west.

## SENT TO REFORMATORY FOR STEALING AUTOMOBILE

Judge Denton Hands Out Stiff Sentence to James Cooper as Warning to Others.

In sentencing James Cooper, who pleaded guilty to stealing William Brown's motor car, to eighteen months in the Ontario Reformatory at the criminal court yesterday, Judge Denton stated that it would not only be a punishment, but a warning to others. Cooper had been an employe of Brown and took the car from the garage on Walker avenue on the evening of July 27, and P. C. Reid, while on Bloor street, saw the car pass at a high rate of speed. He gave chase and while on Lansdowne avenue took a flying leap into the car. Reid was afterwards taken to the hospital with three broken ribs. William Good, Frank Nash and Albert Fringe, who were charged with Cooper, were honorably discharged.
