WHISKARD'S.

London's Cheapest Store.

THE BRIGHTEST AND BEST STORE IN THE CITY.

VIVID ILLUSTRATIONS OF HOW CASH IS KING.

In nowadays storekeeping ready cash is a powerful factor, commanding important concessions from makers and markets. To them the far-off several dollars of time credits have nothing like the charm possessed by the one dollar paid on the instant. "The golden bullet beats the castle down." Price advantages the world over lean toward ready money. Cash in hand we enter the best markets and cull and pick the best goods, and offer them to our patrons at prices that ready cash alone can give. In addition, we sell for cash. That means no costly bad credits are saddled on our prices to make up these losses.

TRIMMED HATS.

Our styles are crisp, fresh, enchanting. They adorn beauty with beauty. They're improving to every face. Call and see them.

UNTRIMMED HATS.

HOCKEY.

ANNUAL MEETING OF THE O. H. A.

Toronto, Dec. 6.—The annual meeting of the Ontario Hockey Association was held on Saturday evening, President J. A. McFadden, of Stratford, in the chair, and a large attendance of delegates. Treasurer A. Creelman reported a balance in hand of $322.

The matter of professionalism was dealt with in the following proposed amendment to regulation 4, warmly advocated by President McFadden:

"When the status of any individual is questioned, the burden of proving his innocence shall rest with the accused, inasmuch as the facts of the case must lie within his own personal knowledge, and consequently, he should be in a position, if unjustly accused or suspected, to prove his innocence to the executive.

"To prevent frivolous and groundless charges of the nature, the executive must be convinced that there is good and sufficient reason to question the status of an individual, and may insist that all such charges be made upon affidavit."

The amendment was carried practically unanimously.

Rule 6 was amended by the expunging of lines 6 to 10, and in substance prevents the playing of a junior of one club by the senior team in the same season.

To prevent the tedious delays which have marred the game in the past, rule 13 was amended to read, on motion of President McFadden, seconded by E. P. Brown, as follows: "Should any player be injured during a match, break his skate, or from any other accident be compelled to leave the ice, the opposite side shall immediately drop a man until such team or player be ready to proceed."

For section E of the rules of the game, the following was substituted on motion of Mr. E. P. Brown: "Any club refusing of failing to play the club against which it is matched within the stated time, shall be considered to have lost the tie."

Mr. Creelman was responsible for the following piece of legislation regarding off-side play: "A player is off-side when he is front of the puck, or when the puck has been hit, touched or is being run with by any of his own side behind (between himself and the end of the ice which he is defending is placed.)"

The election of officers resulted as follows: President, A. F. R. Martin, Osgoode Hall; vice-presidents, Alex. Creelman, Toronto, and F. W. Tiffin, Windsor; honorary secretary, A. H. Beaton, Toronto; honorary treasurer, J. McMurrich, Osgoode Hall; committee, J. S. Robertson, Wellington; F. J. McLennan, Cornwall; Lionel King, Peterboro; C. C. McDonald, A. C. C.; E. P. Brown, 'Varsity; W. A. Bois, Barrie.

BILLIARDS.

SLOSSON IS CHAMPION.

New York, Dec. 6.—The last game of the billiard tournament for the championship of the world was played on Saturday night at Madison Square Garden concert hall. Frank C. Ives and George F. Slosson opposed each other. At the opening of the game the score of the series was as follows: Slosson, won 3, lost 0; Schaefer, won 3, lost 1; Ives, won 2, lost 1; Daly, won 1, lost 3; Sutton, won 0, lost 4. Ives, who won the bank, was presented with a floral piece, just as he picked up his cue, by the Century Wheelmen, of which organization he is a member. Then he rolled up 8, following this in the second inning with a nursing play for 20. Slosson did not fare quite so well, and both men were a trifle nervous. In the fifth inning Slosson clicked out 24, including several difficult shots. Ives got into the game in the seventh with a splendid carom, and banked for position. He did some fine nursing, and the Century Wheelmen delegation helped him along with considerable applause. The champion made 27, and then fell down on an easy one. Slosson's brilliant three-cushion carom for position into the line was one of the best shots of the night. He ran up 39 points before he put down his cue. The twelfth was a great inning for Ives. On his 39th shot he gathered in "nurse" position on the line. He was compelled to break, and gathered in the corner, pulling out by means of a difficult kiss, and then drew for position in the center, making that his 60th shot. He added 2 more to the run. Then they both had hard luck until the fifteenth, when Ives rolled up 25 more. At this point he was 87 in the lead. After making 22 in the sixteenth, he fell down in the seventeenth and eighteenth. Then Slosson made 26, and continued steadily to improve, while Ives went back for an inning or two. In the 21st the champion braced up, and played the ball into a good nurse position. He ran up to 59, and then went wild. Slosson's run in the 24th was one of the most marvelous "nurses" ever seen, holding the balls together without opening an inch for 55 points—the prettiest play of the night. Score: Slosson, 500; Ives, 498. Averages: Slosson, 12 8.41; Ives, 12 6.41. Highest runs: Slosson, 97; Ives, 62. Time of game, 3 hours, 20 minutes.

WHEEL.

AT MADISON SQUARE GARDEN.

New York, Dec. 6.—The big six days' bicycle race, in which 40 riders from the principal cities of the universe are to compete, began Saturday night, with a series of short races at the Madison Square Garden. Many prominent racers took part in the sprint. Although the majority of them were unaccustomed to the newly-built and well-banked plank track, there were very few accidents. The tracks was banked at the turns to a height of nine feet, and at its lowest parts the edges of the planks were about four feet above the boarded floor. There were 12,000 people in the big building.

Gougoltz, the unpaced king, won his trial heat handily, but fell back badly in the final, being beaten by Eaton, of Elizabeth, and Weinig, and Stevens, both of Buffalo.

In the finishing lap of the first heat of the one-third mile handicap for professionals, there was a bad spill, and Eddie Bald, the Buffalo rider, got a very bad fall, rolling over half a dozen others. None of the riders, however, were seriously injured. In the second heat of the same contest there was another bad fall. This time Henry C. Hawkins, of Saratoga, jumped from his wheel in a collision, and landed in a box on the eastern side of the track.

A. A. Zimmerman, the former champion, gave an exhibition for half a mile, paced by the black and white tandem team. He covered the distance in :59 2-5.

THE SIX DAYS' RACE STARTED.

New York, Dec. 6.—Starter Eddie Bald fired a pistol a quarter of an hour after midnight, and 36 crack bicyclists were off for the six days race. They rode in nine columns, four men in each. Hale, the winner of last year's contest, led the first lap, and Rice, who came second in last year's contest, led the first mile. Time for the first mile was 2:28 2-5. Jimmy Michael rode two miles in 4:02 2-5 before the big race was started. He tied his Chicago record. Twelve thousand people cheered the riders at the opening. The winner will get $1,300 and the championship of the world. The other prizes are as follows: Second, $800; third, $500; fourth, $350; fifth, $300; sixth, $200; seventh, $150; eighth, $125; ninth, $100; tenth, $100; eleventh, $75. In addition the man who beats Hale's record will get $200. A man to get a prize must ride 1,350 miles in the week. The big saucer-looking track is nine laps to the mile. Teddy Hale was in the front row of the riders. Next to him was Joe Rice, the Wilkesbarre boy. Albert Scherch took his position next to Rice. Others were Gaston, Rivierre, Fred Shiner, of Chicago; Maurice T. Vonden Eynd, the Belgian; Stephane, one of the most renowned long distance riders in Europe. After the first lap Rice went to the front, and at the end of the mile he was in the lead, having gone that distance in 2:28 2-5.

ATHLETICS.

BLOWS.

It is said that Purtell failed to land a single blow on Akers during their recent fight, in which he was put to sleep in 1 minute and 30 seconds.

Lavigne and Griffo, who are to meet at San Francisco, Dec. 21, have met twice before, once for eight rounds without a decision and once for a 20-round draw.

Thomas J. Sharkey has refused to sign articles for a fight with J. J. Jeffries. He insists on a purse of at least $15,000.

SPRINTING.

AN ENGLISH EVENT.

London, Dec. 6.—In a 130-yard sprint at Burnley on Saturday for $1,000, between the champion, Harper, and J. V. Cunliffe, the former gave his opponent a start of a yard and a half. The race was a grand one, and resulted in Cunliffe winning by a foot.

THE TURF.

DEATH OF COMEBY.

Barrie, Ont., Dec. 5.—N. Dyment, the well known racehorse breeder, lost Comeby, one of his most valuable colts, by inflammation Saturday. Comeby took first prize in 2-year-olds at Toronto exhibition, and has been in training for the Queen's plate and Stanley produce stake. He was related to some of the best horses in England, and valued at $5,000.

TIPS.

The profit on the trotting meeting recently held at Los Angeles, Cal., was $14,000, and a bigger and better one is already promised for 1898.

When Tod Sloane has finished his engagements in England he will go to France and do Paris thoroughly. From there he will go to Switzerland, Germany, Italy, sailing from Brindisi through the Suez Canal, then to India, China and Japan, landing in San Francisco in February or early in March.

BASEBALL.

FLYS.

Shock is to go to Milwaukee as the result of a trade between Von der Ahe and Connie Mack.—Louisville Journal.

President Reach denies the report that the Philadelphia team will play Sunday ball away from home next year.

It is said that the amount of salary offered to Hawley by the Cincinnati club was $2,400. It was refused. Evidently snowballs are not on Mr. Hawley's menu card.

There is some curiosity manifested about the make-up of President Young's staff of umpires. There will be twelve, and possibly fourteen to act as knights of the mask and indicator. It is quite likely that Bob Clark, the ex-catcher of the Cincinnati and Brooklyn teams, can have a position if he asks for it. Ed Swartwood, formerly right fielder for the Pittsburgs, and a very popular player, who has been umpiring in the Eastern League, has already been offered a position. Haskell, the best umpire in the Western League, will be on the new staff. So will Oyster Tommie Burns, and very probably Arlie Latham. Of course, Tom Lynch and Bob Emslie will be reappointed. Carpenter may also get a place, and Charlie Snyder, the old ball player, who did so well in the Atlantic League last season, is favorably mentioned. Tim Hurst is out. — Sporting News.

The old Brotherhood Park, upon which the Chicago baseball club has paid $5,000 rental every year for seven years, will soon pass back to its owners, as the lease has about expired. The owners of the Chicago club are not sorry, as they have not made a cent in return for the $35,000 paid out in rentals. It is said that the grand stand, which originally cost some $55,000, is almost in a state of total ruin, no attempt having been made to keep it in a state of repair.

CURLING.

THE COLTS' LEAGUE.

The following clubs have expressed their desire to become members of the Colts' Curling League: London, Forest City, Ingersoll, Embro, Berlin, Seaforth and Stratford. Two or three more are expected to join shortly.

The athletic woman is the woman of the day. The past twenty years has seen wonderful progress in this respect. That this tendency will result in a more robust womanhood, better able to bear the burdens and duties and pleasures of life, there can be no question. But this result will be accomplished by the building up of those women already in reasonably robust health, and the killing off of their weaker sisters. Athletics will make a naturally strong woman stronger and healthier; they will make a naturally weak, sickly woman weaker and more sickly, and if indulged in to excess, may result fatally.

A woman who suffers from weakness and disease of the delicate and important organs distinctly feminine, cannot hope to recover her general health through athletics, so long as she remains locally weak. A woman suffering in this way is unfitted to bear the strain of athletics just as much as she is unfitted to bear the duties and burdens of wifehood and motherhood. There is a sure, safe, speedy and permanent cure for all disorders of this description. It is Dr. Pierce's Favorite Prescription. It acts directly on the organs concerned in wifehood and maternity, making them strong and healthy and vigorous. It soothes pain, allays inflammation, heals ulceration and tones the nerves. It fits a woman to indulge in, and be benefited by, athletics. All good medicine stores sell it.

"Your valuable 'Favorite Prescription' cured me of female weakness and a catarrhal discharge from the lining membrane of the special parts," writes Mrs. T. H. Parker, of Brooklyn, Jackson Co., Mich. "I am now perfectly well."

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good."
