Lake Sailing Skiff Association.

The annual meeting of the Lake Sailing Skiff Association will be held in the Royal Toronto Sailing Skiff Clubhouse, foot of Sherbourne-street, Saturday evening next at 8 o'clock. Delegates from the following clubs will be present: Royal Canadian, Royal Hamilton and Victoria Yacht Clubs, and Royal Toronto Sailing Skiff Club. Amendments of importance to sailing skiffs have been handed in, and will be discussed. There is little doubt from the experimental lessons this year that some good and solid motions will be passed, tending to the improvement of sailing skiffs in the future.

Bicycle Briefs.

Howard E. Raymond will resign the chairmanship of the Racing Board of the League of American Wheelmen, as he will remove to Chicago within two weeks to assume the superintendency of agencies for a bicycle manufacturing company in that city.

At Sacramento, Cal., on Thursday, when the weather was not suited to fast bicycle riding, Otto Zeigler went after the quarter-mile unpaced record of 26 3-5, held by Taylor, and cut it to 25 1-5. The day before he covered the mile in 1.50, made from a flying start, paced by tandem teams. The riding was done under the supervision of the Sacramento Athletic Club Wheelmen, and under the rules of the L.A.W., which makes the mark official.

Bicycles for next season are already being exhibited by commercial travelers. They will be lighter than ever, few first-class makes will weigh as high as 30 pounds, and 22 to 25 pounds will be the average. It is probable that $100 will be the standard list price for the finest machines, but that the majority of sales will be made at $85, at which figure some very fine goods are about ready to be marketed.

TO ENFORCE THE COPYRIGHT LAW.

Librarian Lancefield of Hamilton Brings Suit Against Publishers.

Hamilton, Oct. 18.—Librarian Lancefield has instructed his solicitors to issue writs against Frederick Ware & Co., publishers, of London, Eng., and the Anglo-Canadian Music Publishing Company of Toronto for an infringement of the Canadian Copyright Act. Mr. Lancefield was formerly secretary of the Canadian Copyright Association. In the first case the alleged infringement is the selling in Canada of a book entitled "John Bull & Co.," which was printed in England. The Canadian law demands that Canadian copyrights must be printed in this country. In the second case a demand is made for royalty on a song entitled "The Man That Broke the Bank of Monte Carlo."

DEEP WATERWAYS ASSOCIATION.

The Vice-President of the United States Promises Support.

A. P. McGuirk of Davenport, president of the Iowa branch of the International Deep Waterways Association, in a communication to Secretary Aid. Thompson, states that in a recent conversation with Vice-President of the United States Stevenson, that gentleman promised his most hearty support in the project of a 21-foot waterway to the ocean, and that many of the most prominent statesmen of the nation have expressed themselves as being in favor of the scheme. It is proposed by Col. Crocker, Minneapolis, chairman of the Executive Committee of the association, with the aid of Mr. McGuirk, to organize the entire Mississippi Valley in the cause.

A LOST BRIDE.

Mrs. Christy of Bloomfield Has Disappeared and Cannot Be Found

Bloomfield, Ont., Oct. 18.—Mrs. W. A. Christy, bride a little over a month, and a very amiable young woman, disappeared from her home about 10 o'clock Wednesday night. A vigorous search has been kept up by the relatives and neighbors all day. No trace of her can be found, and the gravest fears are entertained.

Torbett Concert Co.

A small but appreciative audience greeted the Torbett Concert Company at the Massey Music Hall last evening, though the merits of both the artists and the program called for a bumper house. Perhaps the most pleasing portion of the whole program were the numbers given by the Luttenman sextette, a band of sweet singers from Sweden, who delighted the audience with selections from their national music, and also songs that are popular the world over, such as "Annie Laurie," which was given with a sweetness of expression and a wealth of phrasing that drew forth vociferous applause. This number, by special request, will be repeated at the Saturday evening concert. Miss Ollie Torbett was pleasing in her violin numbers, but in the Mendelssohn concerto labored under the serious disadvantage of using a new instrument. Her Arditi number was much better, and in all her playing she fully demonstrated her ability as a violinist.

Herr Rudolph von Scarpa was especially pleasing in all his numbers, and as an accompanist can scarcely be equalled. Although he played Liszt's Rhapsodie Hongroise, No. 12, grandly, he was particularly happy in the Chopin numbers, and is said to have only one equal as a Chopin artist and that is Vladimir de Pachmann. On Saturday evening an entire change of program will be given with the exception of the "Annie Laurie" number by the Luttenman sextette. The plan will be open both to-morrow and Saturday, and those who wish to hear first-class music given by an excellent company of artists should not fail to attend.

Reilly & Woods Nex' Week.

"Hades Up to Date," which is described as a breezy burlesque, brimful of sparkling fun, pretty faces, tuneful music, glittering costumes, gorgeous scenery and an olio of strong specialties, is the attractive bill that will be offered to the patrons of Jacobs & Sparrow's Opera House next week by the Reilly & Woods Spectacular Extravaganza Company. Manager Reilly always brings something good, but it is claimed by our contemporaries that he has this year fairly out-Reilleyed Reilly. Lottie Lonsdale, a popular English burlesquer, who comes direct from the Drury Lane and Covent Garden Theatres, London, is a strong feature of the present company. She is said to combine a pleasing personality with a rich alto voice. A delightful London dialect enriches the witty rendition of her Cockney character songs. The company also includes the famous Russian quartet, the Farbiansu, who are making their first tour of America; the Sa Vans, man and woman equilibrists, their first appearance in Canada; Heller, Burke and Randall, late of Primrose & West's minstrels; Allen and West, known as the "musical jesters"; the popular comedians, Perry and Tenbrooke; Miles, Laurel and Harvey, vocalists and dancers; Eva Armstrong and other clever artists.

SATOLLI TO BE MADE A CARDINAL.

The Papal Delegate Will Soon Be Elevated to the Rank of a Prince of the Church.

New York, Oct. 18.—In two weeks or thereabouts Mgr. Satolli, the apostolic delegate, will be elevated to the rank and dignity of a cardinal, was the information given last evening by one of the most distinguished ecclesiastics of the Roman Catholic Church in the United States while in conversation with a company of friends in this city. The speaker assured his hearers that his information was received from the highest possible source, and was therefore authoritative. In fact, he asserted that the Pope's messenger, bearing the red hat and the necessary documents, is already on his way to America, and that upon his arrival the day for the interesting ceremonies will be publicly announced.

"When Monsignor Satolli, now the apostolic delegate, shall have become a cardinal archbishop of the church," the speaker added, "he will receive appointment as Legate a Latere, the most exalted rank to which a representative of the Holy Father can attain. In conferring these additional honors and authority upon Mgr. Satolli, the Holy See will invest its representative with all the powers attaching to a legate of the class to which he will belong. But his functions will be wholly executive and not legislative, and his jurisdiction will be chiefly appellate, according to the decrees of the Council of Trent. According to Satolli's well-known love for things American his new power will go far toward facilitating the reconciliation of the discordant elements of the church in this country, and in conforming the foreign elements in the American spirit and his influence will be exercised, as it is now, in that direction."

KING OF MATCHMAKERS.

A. T. Stewart's Advice Started Him As a Match Peddler on the Streets of New York—Millions from Manufacture.

From San Francisco Examiner.

Among the arrivals at the Palace Monday was E. B. Eddy, millionaire match manufacturer of Quebec, two or three terms member of the Canadian Parliament and one of the best-known men in the Canadian Dominion.

He is a native of Vermont, where he was born on a rocky farm, and went to Canada over 40 years ago. How and why he went and why he became the greatest and richest of match manufacturers forms an interesting story:

It was when a mere boy, looking for employment, that he asked A. T. Stewart, the merchant prince, if he could not tell him something to do to get along.

"Go and sell matches," said Stewart, laconically.

The boy felt hurt and turned to go. Stewart saw that he had hurt him and relented. "Come here, my boy," he said, "you will get rich if you sell matches enough. There is money in the match business."

The youth from the Vermont farm turned away. At first he had been offended at the suggestion of selling matches, his idea being that his adviser had probably meant him to peddle them by the box on the streets. But when he thought it over he made a resolve that he would sell matches and on so gigantic a scale that it would win the admiration of all men. The great factories which he built at Hull, in Quebec, in after years started from the sale of a few boxes on the streets of New York.

The millionaire match-maker, now probably the most potential of all men in Canada's great trade, talked about it in the palace corridor last night. He said the story about the street was all right, but claimed for himself the credit of the idea of going to Canada and making matches.

Mr. Eddy now owns patents by the hundred, and can talk about matches in variety till one is lost in the terms used. As many as 3700 people have worked for him at a time—many of them women and girls—and he glories in the fact that he never had a strike.

For 25 or 30 years, said he, my factory has used from 70,000,000 to 80,000,000 ft. of lumber a year. I had become a British citizen and must say I think Canada is the finest country on earth. I am not saying anything against my own country, for I revere it as my birthplace and always will. But I think a man ought to like a country whose laws protect him and where he has prospered.

Of late years the veteran match manufacturer, who is known all over the world, has extended his manufactures to all kinds of woodenware. He has also founded five paper mills, employing 2500 hands, and makes 50 tons of various kinds of paper a day.

"Notwithstanding, it was only a poor boy off a stony farm in the realm of Uncle Sam," he said, "I have probably done more to develop Canada than any other man in it. I have not been knighted as General Manager Van Horne of the Canadian Pacific was reported to be. I do not believe in that sort of a thing and would not have it, though I am a subject of the Queen.

Mr. Eddy came through on the Canadian Pacific to Vancouver and Victoria, and is now in California for pleasure. His wife accompanies him.

To-day he will go to Monterey, and after visiting other points of interest will go home by way of Salt Lake and Denver.

TAPPED THE TILL.

Three Lads in Custody for Robbing a North End Grocer.

Charles Sibley, 1 Army-terrace; James Myers, 29 McMurrich-street, and Charles Ross, 28 Frichost-street, about 14 years of age were arrested last night by Detective Harrison on a charge of tapping the till of Albert Shaw, grocer, Davenport-road and Yonge-street. During the afternoon Sibley procured an oilcan, and walking into the store asked for 5 cents worth of coal oil. While Shaw was absent from the store Sibley tapped the till, securing $6.50 in bills and silver. He shared up with Ross and Myers, who were watching his movements from the street. The boys then took in the theatre, and this gave the clue which led to their arrest. Five dollars of the amount was recovered. Sibley confessed to the crime.

Miss Monroe Secures $5000

New York, Oct. 18.—In the United States Circuit Court to-day the jury in the case of Miss Harriot Monroe of Chicago against the Press Publishing Company (The New York World), returned a verdict of $5000 against The World. Miss Monroe sued the Press Publishing Company for $50,000 damages for publishing her World's Fair ode without her permission.

In my body ached with the dreadful **Rheumatism** which followed a severe cold. My sufferings were awful. I could not dress myself or comb my hair. My husband had to carry me up and down stairs. I was scarcely able to nurse my little one. Within two weeks after I began taking Hood's Sarsaparilla, I felt better. Shortly I was able to walk up and down stairs without help and finally **I was cured.** My friends thought I was going to be a cripple, but thanks to God for his blessing on Hood's Sarsaparilla, I now enjoy good health. PUBLIC SCHOOL BOARD.

Palmerston-avenue Wants a Night School, Also Additional School Accommodation —Caretakers' Salaries Increased.

Trustee Baird presided at the ordinary meeting of the Public School Board last night. A deputation from the vicinity of Palmerston-avenue school was heard in support of the petition for a night school, as well as for increased accommodation in the school itself. The deputation not only urged that the accommodation was inadequate, but also that the school was in an unsanitary condition, and a source of danger to the health of the children. The trustees informed the deputation that their request would be carefully considered by the proper committees.

A letter was read from the Minister of Education, commending the school children for their behaviour on the occasion of the recent unveiling of the Sir John Macdonald statue. The drill of the boys was highly referred to, and the Minister expressed the opinion that the ceremonies would act as an impetus to the historical studies of the children, as well as to the spirit of patriotism.

The report of the Finance Committee was adopted. It raised the salaries of the caretakers of Bolton-avenue, Dewson-street, Givens-street, Leslie-street, and Ryerson schools, on account of additional rooms being opened. The building, school and general accounts amounted to $2220, and the supply accounts to $2770.

In regard to a previous report of the Management Committee, recommending that accommodation to the extent of one room be procured in the vicinity of Morse-street school, the Finance Committee reported that funds were available for that purpose. The salaries account for September totalled $29,772.

Mr Whiting and Dewson-street School.

The following clause in the management report gave rise to a protracted discussion: "That the following teachers holding second-class certificates be appointed on trial for a term of six months: Mr. J. E. Whiting, Miss Edith Ferguson, and that Mr. Whiting be assigned to the senior fourth book class in Dewson-street school." As a result, that portion relating to Mr. Whiting was referred back for further consideration.

The committee recommended that when the attendance in kindergartens, in which there is only one assistant, is over 60, the senior inspector be authorized to employ the following kindergartners in turn as assistants in such kindergartens: Miss A. McClure, Miss A. Robinson, Miss M. E. Trolley; that female principals' assistants be appointed in Bolton-avenue, Dufferin, Givens, Ketchum, Lansdowne, Park, Parkdale, Ryerson, and Wellesley schools; that the Property Committee be requested to rent an additional room in the neighborhood of Palmerston ave. school.

A recommendation of the committee that the class in the rented room in connection with Borden-street school be closed was referred back, The report was adopted.

Night School Deposit.

The Night School Committee recommended that female pupils be not required to make the usual deposit of $1, provided the books loaned them are not taken from the school; that any male pupil who is unable to pay the deposit of $1 and who is recommended by the principal for admission be admitted without being required to make such a deposit on presentation of a written request for such admission from any member of the board. The report was carried.

Extraordinary Exhibition.

At the hub of the city and during the quiet slumbers of most of our citizens, a transformation scene was being carried on in front of and inside the clothing establishment of Mr. Philip Jamieson. The sight will well repay a visit from the most distant dweller of the city, and, indeed, from the country as well. This exhibition of energy and enterprise will be the means of giving the public a pleasurable experience in shopping very seldom enjoyed. Amid evergreen, shades, bunting, palms and flowers is to be found the largest stock in Canada of boys', youths' and men's suits and overcoats, in all the latest up-to-date styles, and at such abbreviated prices that the most economically inclined will gladly avail themselves of this opportunity of supplying their requirements. Mr. Jamieson gives a most cordial invitation to everyone to his grand annual fall opening, which commences this morning.

Civil Assizes.

Henry J. Graham, farmer, Vaughan township, appeared in the Assize Court yesterday in a suit against Mary Elizabeth Graham, widow of his deceased brother Robert, and James Stewart, bailiff, on a claim for illegal distress. The plaintiff was tenant on a farm of the defendant, Mrs. Graham, and fell behind in rent $450. Three hundred and fifty dollars of this was secured by a chattel mortgage on the plaintiff's goods. By virtue of this mortgage an auction sale was called and sufficient goods said to satisfy the claim. A second sale was called on a landlord's distress warrant for $100, the second year's rent. The claim of the plaintiff is that the sales were not properly advertised and were carelessly conducted. The case was unfinished when the court rose at 6 o'clock.

CHASE'S CHAPTER

1. Dr. Chase's Kidney-Liver Pills are a combination of valuable medicines in concentrated form as prepared by the eminent Physician and Author, Dr. A. W. Chase, with a view to not only be an unfailing remedy for Kidney and Liver troubles, but also tone the Stomach and purify the Blood, at a cost that is within the reach of all. The superior merit of these pills is established beyond question by the praise of thousands who use them—one Pill a dose, one box 25 cents.

2. When there is a Pain or Ache in the Back the Kidneys are speaking of trouble that will ever increase unless relieved. We have the reliable statement of L. B. Johnson, Holland Landing, who says: I had a constant Back-Ache, my back felt cold all the time, appetite poor, stomach sour and belching, urine scalding, had to get up 3 or 4 times during night to urinate, commenced taking one Kidney-Liver Pill a day; Back-Ache stopped in 48 hours, appetite returned, and able to enjoy a good meal and a good nights sleep; they cured me.

3. Constipation often exists with Kidney Trouble, in such a case there is no medicine that will effect a permanent cure except Chase's combined Kidney-Liver Pill, one 25 cent box will do more good than dollars and dollars worth of any other preparation, this is endorsed by D. Thompson, Holland Landing, Ont.

The Suit Against P.C. Brisbin Dismissed by Chief Justice Armour.

Police Constable Henry Brisbin was defendant in a suit for $5000 damages brought against him at the Assizes yesterday by Charles G. Flick. The case was the sequel of a lively celebration of Guy Fawkes' Day of last year in St. John's Ward. Blazing fagots were numerous, calling for unusual vigilance on the part of the police officers. A large crowd of boys and young men were in the act of demolishing a fence in order to secure fuel for the fires, when P. C. Brisbin appeared on the scene, and commanded the crowd to disperse. This they refused to do, and turned on the officer, who struck Flick with a barrel stave. Flick had the officer summoned into court on a charge of assault, and endeavored to prove that he had been severely kicked and beaten by Brisbin. The charge was dismissed by the Magistrate, and Flick sought redress in the civil courts. Mr. H. L. Drayton, who defended Brisbin, in behalf of the city, put in a certificate of acquittal on the criminal charge. According to the new code a man acquitted of a criminal charge cannot be the subject of a civil action in the same case.

Mr. Smythe, counsel for the plaintiff, was permitted by His Lordship to present his case, though the certificate of acquittal shut out all hope of a favorable verdict. A great crowd of witnesses were examined in Flick's behalf, but when his side was presented the case was dismissed without calling on the defence.

A Narrow Escape from Death.

Buffalo, Oct. 18.—Assemblyman Charles I. Schoepflin had a narrow escape yesterday from death. He was driving with a man in his employ over the Lackawanna tracks at Clinton-street, when the vehicle in which he was riding was struck by an engine. Mr. Schoepflin and his man were thrown to the side of the track. Mr. Schoepflin was considerably bruised and otherwise injured, but the other man was not hurt. The buggy and harness were ruined, but the horse was not injured. It seemed a miraculous escape.

Work Not Yet Commenced.

Hamilton, Oct. 18.—The contractors for the Toronto, Hamilton & Buffalo were to have set a large force at work this morning, but owing to the non-arrival of tools and the delay in obtaining the right of way only a few men and teams were employed. Nearly 1000 idle laborers were on the ground and were very much disappointed.

Burglars at Inkerman.

Will Be Indicted for Murder.

Buffalo, Oct. 18.—Indictments, charging Clarence and Sarah Robinson with murder in the first degree, will be reported to the Superior Court to-morrow morning. Most of the evidence in the hands of the District Attorney was presented to the grand jury this morning, and some minor witnesses were heard in the afternoon. The indictments will charge the defendants with murder in the first degree, under the provision of the penal code, which holds that homicide committed in the act of committing a felony is murder in the first degree. By their own confession they planned to rob Gibbs, and deliberately killed him when he resisted.

Fast Colors,

that are not affected by soap and water, are not affected by Pearline. They will seem brighter and fresher, of course, but that is the way they looked when new. Washing with Pearline has simply taken out the dirt, and restored them.

Use nothing but Pearline, and everything will "look like new" longer. There's no rub, rub, rub in keeping your things fresh and clean. Take away this ruinous rubbing, and what is left there to make them look old?

Send it Back — Peddlers and some unscrupulous grocers will tell you "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled, and if your grocer sends you something in place of Pearline, be honest—*send it back.* 250 JAMES PYLE, New York.

DIED BY HIS OWN HAND.

A London Civil Servant Commits Suicide at Ottawa.

Ottawa, Oct. 18.—In his boarding house, 102 Victoria-street, Charles Judd, a clerk in the Model Branch of the Department of Agriculture, was found at 6 o'clock this morning dead in bed, with a bullet hole in the right temple and a small revolver firmly grasped in the left hand.

What possessed the young man to commit the deed nobody so far can explain.

Deceased was about 24 years of age.

He had been in the department since July, 1890, being brought here by Sir John Carling from London, Ont. He was only temporary and got $400 per year.

He was brother to Mr. Judd, Q.C., London. His father died about a year ago and left him $3000 or $4000, so that he was not hard up. Neither was he a drinker. Those who worked with him say that he must have suffered from melancholy.

An inquest is now being held. He was a boarder at Mr. Perkins', Victoria-street, where his remains now lie.

On Trial for Murder.

Chatham, Oct. 18.—John Warnock was to-day put on trial, charged with murdering John Radcliffe of Tilbury on Sept. 10 last. The companions of the dead man on the night of the killing gave evidence. The trial was not finished.

Saved Him His Money.

While on his way home yesterday evening Sergt. Metge found Joseph Shipp, Terauley-street, lying helplessly drunk in Davenport-place. When taken to the police station $193 was found on Shipp's person.
