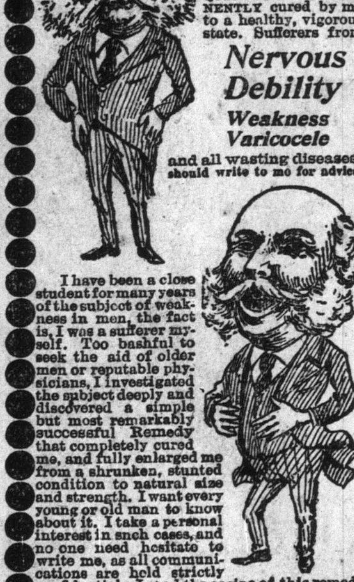
VITALITY in MEN Restored



Failing Sexual Strength in Old or Young Men can be QUICKLY and PERMANENTLY cured by me to a healthy, vigorous state. Sufferers from Nervous Debility Weakness Varicocele and all wasting diseases, should write to me for advice.

I have been a close student for many years of the subject of weakness in men, the fact is, I was a sufferer myself. Too bashful to seek the aid of older men or reputable physicians, I investigated the subject deeply and discovered a simple but most remarkably successful Remedy that completely cured me, and fully enlarged me from a shrunken, stunted condition to natural size and strength. I want every young or old man to know about it. I take a personal interest in such cases, and no one need hesitate to write me, as all communications are held strictly confidential. I send the recipe of this remedy absolutely free of cost. Do not put it off, but write me fully at once, you will always bless the day you did so. Address,

REINHARDT & CO.'Y,

McIntyre & Wardwell send the following despatch to their branch office in Toronto: Sugar and Manhattan were the features this afternoon. Sugar closed at highest price of day, pool brokers being active in bidding up. There is no particular news in regard to it, except that as the adjournment of Congress draws near the old stories of an extra dividend are revived. Manhattan advanced on a decision of Appelate Court here declaring the Rapid Transit Act unconstitutional. There is evidently a considerable short interest outstanding in Manhattan. The tone of the general market was strong. Foreign exchange was strong to-day and some heavy gold exports are looked for next Tuesday. A holiday begins to-night in London, lasting till next Wednesday. There is a better demand reported for good bonds. Trunk line officials says that earnings for the balance of the year will show a material improvement. Among the incidents of the last fortnight is an advance of 35 points, including a 10 per cent. dividend in Standard Oil stock. The general market closed at the best prices of the day.

CHICAGO GOSSIP.

Henry A. King & Co., 12 King-street east, received the following despatch to-day from Chicago:

Early cables showed some strength this morning, and wheat was strong here for a while. There are two features in the situation against higher prices for wheat. The main one is the poor export demand, resulting from the excellent crop prospects all over Europe, and the second is the very small interest in which outsiders are taking in wheat speculation. With the news of the past two or three days, and the condition of the crop as it now exists, in ordinary years wheat could be counted on to sell considerably higher; but with practically no outside speculation and prices of other cereals so low, crop conditions prove insufficient to hold prices. Gifford was a heavy seller of wheat all day. The outlook at the moment is not very encouraging. Northwest receipts somewhat less to-day. 232 cars, against 277 cars last year.

Corn and oats were weak in sympathy with wheat market. The movement is exceedingly light.

Provisions were lower, and developed a very weak tone. Traders seem afraid to take hold of the long side, although they all agree prices are low enough. Packers were sellers all day, and the market does not present any features attractive to buyers, while run of hogs continues so large.

McIntyre & Wardwell (John J. Dixon) received the following despatch to-day from their branch office in Chicago:

Rather large purchases around opening for St. Louis account caused higher opening this morning, but offerings were large and strength quickly lost. Markets subsequently ruling weak and gradually declined about ⅜c, closing around lowest prices of the day. The demoralization in provision market was one of the chief causes of weakness in wheat, and, in spite of further loud complaints of damage in Michigan, and pressure to sell, was decided nearly all day. Cables were dull and steady, and foreign houses continue to act an unimportant part in market. New York reported only 10 loads spring wheat worked for export. Modern Miller report was bullish, and its articles seemed to arrest decline near the closing. We cannot see anything in the situation at present to advance prices, but recognize the fact that the crop accounts will continue to create an unsettled feeling and likely cause quick rallies when market gets into an over-sold condition.

Provisions opened steady. Receipts of hogs were as expected. New York has again sold July lard, probably 10,000 tierces, at $4.35 to $4.40. Hately was best buyer, supposed to be for John Cudahy. Boyd, Lunham & Co. were good buyers of July pork. John Cudahy's brokers raided market later, July selling down to $7.17. Market closed steady, with part of decline regained.
