CANADIAN PROMOTERS WILL TRY TO STAGE BOUT IN MONTREAL

New York, Jan. 27.—The proposal to hold the Dempsey-Carpentier world's heavyweight championship bout in Montreal was discussed here today between Tex Rickard and two Canadian promoters, C. F. Graham and F. O. Goodspeed, members of a Montreal syndicate. Rickard said he had been requested by the Montreal men to consider their mission confidential, and had not decided whether he would divulge the developments of the conference. William A. Brady, who with Charles B. Cochrane, recently withdrew from the bout, said today he is prepared, whenever requested, to assign his interest and that of Cochrane to Rickard. The latter, however, said he intended to wait until February 1, when he has arranged a conference here with Jack Kearns before tackling the project alone.

THE IRISH PROBLEM

(From Montreal Gazette.)

There is one way and only one way out of the Irish tangle, and that is to build up gradually such a spirit of mutual understandng and trust between the two elements of the Irish people that it may be possible for men of the north and south to sit together in the same Parliament as representatives of a united people.

Can that most desirable consummation be accomplished? Reading the dispatches, observing the attitude of public men, one might conclude the thing to be impossible. A statute does not calm the passions or quell the prejudices of the divided Irish. Civil war, as in the past, will work distress and bring the Irish no nearer the realization of their fond hopes. The killing of people for the love of a cause is the very acme of stupidity, whoever the authors may be. Ireland has for more than a century besought from the Imperial Parliament the management of her own affairs. Why should Ireland not have home rule? Home rule is no more a menace to the integrity of the empire than it was in the days of O'Connell, of Butt, Mcarty, Parnell, Redmond, nor of any of the Irish leaders down to a very recent time. The denial of home rule has produced the demand for an Irish republic. That demand cannot be tolerated. As reasonable, to say the least, as commendable was the uprising of the southern states in the name of home rule and autonomy and if the Irish question is to be settled it must be upon other condition than separation from the United Kingdom.

Whether progress to a peaceful settlement is being made seems very doubtful. The condition in Ireland never was worse than now. A Moses may arise to lead his people into the promised land of self-government, and would that he appear. But the time seems unpropitious. That spirit of compromise is not in evidence; rather is there deepened rancour and hostility of the past. The past cannot be obliterated easily in so sentimental a people as the Irish, but cannot they, while holding that past in reverence, turn their eyes to the future. Cannot they see in union of north and south the prospect of an Irish parliament legislating for the good of the Irish people, promoting their trade, safeguarding civil and religious liberty, and keeping their isle a bright gem in the galaxy of the empire commonwealth? Concessions on both sides are essential to the happy union, and concession must be made on both sides. The north must surrender prejudice and suspicion, the south is a long memory of injustice. If it is possible to bring about this hitherto impossible thing, then will hope be fulfilled of a united Ireland, shaping public policy according to the view of the majority, and protecting by a higher authority, if necessary, those civil and religious rights for which its forebears fought and died and triumphed.

Is home rule for Ireland desirable? Home rule is enjoyed by the dominions, and no one has been shocked by the designation of Canada as a nation. Is the religious difference the difficulty? If so, one might point to the Province of Quebec, whose people, overwhelmingly Roman Catholic, yet extend the wildest religious liberty to the minority. And in the case of so liberal and congenial a people as the Irish can it be doubted that the freedom of the minority to worship how and where they please will be restricted? Repression will not solve the Irish problem. Generosity and good will may do so, and that generosity and good will must emanate from the minority when it comes to understand that the majority is not so black as painted. Try out compromise and conciliation.

LAUDS OTTAWA'S TEAM FOR ITS CLEAN PLAYING

Ottawa, Jan. 27.—In its editorial columns the Citizen has the following to say:

Earl Grey, former governor-general of Canada, once described Canadian hockey to an English audience as the fastest, prettiest, and trickiest of games in outdoor sport. On this continent, where presumably the most brilliant hockey is played, Ottawa team is deservedly at the top.

It is encouraging to sport in the Ottawa district that such a team of clean players should have been built up. Most of the men on the present team learned to play the game on the school rinks of Ottawa. None comes from further afield than Cornwall or Pembroke.

Professional hockey has emerged from the reputation it had for dirtiness. When penalties are given, they are generally because of some temporary lapse from the strict rules of the game.

OLD-TIMERS' REST RAIDED BY POLICE

WALKERVILLE, Jan. 26.—Walkerville police raided "The Old Timers' Rest," known as the Walkerville Cafe, on Walker road, and as a result six couples were apprehended. The police report considerable drinking going on at the time of the raid. For some time past complaints have been made by residents in the neighborhood that young girls were going to the place. Most of the parties apprehended were Detroit people, the police say. The place is run by a Chinaman, who, together with the twelve parties apprehended, is under arrest. Charges are pending, and the case will be heard in the Walkerville police court Friday afternoon.

WILL RECOGNIZE LETVIA, ESTHONIA

Powers' Council Defers Action Regarding Georgia and Lithuania.

PARIS, Jan. 26.—The members of the allied supreme council spent most of the day in private conversations discussing reparations. The two meetings of the council were devoted to hearing the statement of the French minister of finance, M. Doumer, on reparations, and in considering the status of former Russian states.

It was decided this afternoon that Letvie and Esthonia shall be recognized as sovereign states. Action regarding Lithuania and Georgia was deferred, pending further information. It is expected that Georgia's representative will be heard during the present conference of the council, but the decision with regard to Lithuania may be delayed until the result of the League of Nations' plebiscite in the Vilna region is known.

Mr. Lloyd George and Premier Briand had occasion to discuss at some length at luncheon the report on reparations made by M. Doumer. Immediately after adjournment of the afternoon session, Mr. Lloyd George and M. Jaspar and Col. Theunys, respectively foreign minister and finance minister of Belgium, went into conference in Mr. Lloyd George's apartment, presumably regarding the same subject.

Reparations will again come before the council tomorrow along with the military experts' report on disarment. The French attitude, as outlined in M. Doumer's exposition on the subject before the council, is that the Allies should stand upon the treaty of Versailles, so far as reparations are concerned.

QUASHES CONVICTION OF WINDSOR RESIDENT

TORONTO, Jan. 26.—Though Justice Rose has made an order quashing the conviction under which Harry Slew, of Windsor, was fined $1,000 and $34 costs or required to go to jail for six months, on a charge of having liquor in a place other than his private dwelling, the order protects the magistrate and officers from any action for damages.

Justice Rose says: There may be a suspicion, but no more, that the defendant had some interest in the dealings of other persons with the liquor in question, but as for evidence that he ever had any liquor in any place whatsoever, there is none."

WINDSOR K. C.'S TO ERECT NEW TEMPLE

WINDSOR, Jan. 26.—James A. Flaherty, supreme grand knight of the Knights of Columbus, was the guest of the officers of the Windsor Council at a dinner this evening at the Essex County Golf Club, and at a meeting of all the knights in St Alphonsus Hall. He formally presented to the local knights their charter, allowing them to erect a new $150,000 club house. Plans have already been drawn by John Boyn, a member of Windsor Council. The proposed new building will be erected at the rear of the present club house on Ouellette avenue.

MERRITTON BONDS SOLD.

Toronto, Jan. 27.—A bond issue for $30,000 by the town of Merritton has been awarded to Dyment, Anderson & Co., after keen competition, there being no less than thirteen tenders. The bonds bear 6 per cent, and mature in thirty installments. At the prices paid, 95.137, the town borrows on a basis of about 6½ per cent. The money is to be used for public school purposes.

MOONSHINE KILLS BOY.

Marion, Ill., Jan. 27.—Alexander Young, eight years of age, son of Jesse Young of Pittsburg, Ill., died today from drinking a pint of moonshine whiskey. The boy had stolen the half-filled bottle from his father's pocket. The father testified before the coroner's jury that he could not remember where he got the liquor.

DEPARTING JAPANESE.

Sydney, Jan. 26.—A warship has just convoyed 100 Japanese to Thursday Island, just off Northern Australia, where they are awaiting deportation on a Japanese vessel. The Japs were discovered in Broome and are alleged to have participated in the recent riots there. The fact that they possessed no license permitting them to reside in Australia indicates the facility with which anyone can enter the unsettled parts of the Commonwealth.

BOLSHEVIK CHIEFS DISAGREE.

Copenhagen, Jan. 26.—A special dispatch from Helsingfors to the Berlingske Tidende reports strong disagreement between Lenine and Trotsky. The Bolshevist organ Pravda prints a report of a discussion at a meeting of leading Soviet officials and leaders of labor unions.

Lenine criticized sharply Trotsky's proposals and expressed astonishment at all his mistakes.

He accused Trotsky and Bukarin, of spreading dissatisfaction and dissension among the Communists, saying the former was working like a bureaucrat, not a Socialist, and that Bukarin was just pouring oil in the fire.

PROTEST REMOVAL.

Sandwich, Jan. 27.—Objecting to the proposal of the Essex Bar Association to remove the county offices from Sandwich to Windsor, Sandwich Town Council today forwarded a protest to the Ontario Government.

The county judge and other county officials, who would be affected by the removal of the offices to Windsor, are not agitating for accommodation at Windsor, Deputy Reeve McKee asserted.

GERMANY COMING BACK.

New York, Jan. 27.—More than a few bankers are beginning to cast anxious eyes at Germany, and the idea is growing that before long there will be a lot of business moving with that country. "Germany is likely to come back fast," say the bankers, and if ever a peace treaty is to be ratified and a real technical state of peace restored, business connections are apt to be built up rapidly.

PATENAUDE DECLINES.

Ottawa, Jan. 27.—It is understood that the Hon. E. L. Patenaude, ex-secretary of state, has decided not to re-enter political life by accepting his old post in succession to the late Hon. A. L. Sifton. Every effort has been made to induce him to do so, but for the time being he is said not to consider the time opportune for his coming back.

GASOLINE PRICES DROP.

Detroit, Jan. 27.—The price of gasoline dropped in Detroit today two cents a gallon, and kerosene is three cents lower.

The Standard Oil Company say the decline is the result of a general trend in all lines toward lower prices. Crude oil has dropped 50 to 50 cents a barrel in all the oil fields.

Gasoline will now sell at service stations here for 21.8 cents a gallon. Jobbers prices on gasoline will be 27.8 cents and on kerosene 16.6 cents.

CHEAPER TO OPERATE.

Washington, Jan. 27.—German aeroplanes recently purchased by the postoffice depart for the New York-San Francisco air mail service are operated 30 per cent cheaper than machines supplied by the war department, Postmaster Burleson told the House committee in response to an inquiry as to why preference has been given foreign equipment.

RETURN INDICTMENTS.

Chicago, Jan. 27.—Indictments charging violation of the Sherman anti-trust law were returned by the federal grand jury here today against 31 officers of the Poster Advertising Association and the Poster Advertising Company, which are said to control billboard advertising in practically every city in the United States. The indictments accused the officers of monopolizing billboards of the country and with using "unfair methods. E. J. Cheshire, president of the Advertising Association; W. W. Bell, secretary, and Kerwin H. Fulton, president of the Poster Advertising Company, were among those indicted.

DE VALERA AS STOKER.

Philadelphia, Jan. 27.—Eamonn De Valera, "president of the Irish republic," who slipped into Ireland past the guarding cordon of the British, shipped from this port as a stoker on a British freighter. Confirmation of this came today from officers of the ship, "Harold Merry," with a passport presumably issued by the local British consulate, left Philadelphia Thanksgiving Day as a member of the "black gang" on the Southwestern Miller. This is the man believed to have been De Valera.

BONDY'S CONVICTION STANDS.

Toronto, Jan. 27.—A motion to quash the conviction of J. D. Bondy of Amherstburg, on a charge of unlawfully selling eighteen cases of liquor, has been dismissed with costs by Justice Orde. Bondy must pay his fine of $500 or disappear from the public eye for two months.

MINE DEVELOPMENT TO PROCEED

Golden, B. C., Jan. 27.—A crew of 100 to 125 men is to be put to work in the early spring on the Bunyan silver lead property on Bunyan Mountain. Another mining development in Columbia Valley is the opening of the Biscoe mine by Australian interests.

B. C. GRAIN MOVEMENTS.

Vancouver, B.C., Jan. 27.—Announcement is made today that an additional 4,000 tons of wheat is to be routed from the prairies to Vancouver for shipment to Europe. This makes 5,000 tons already arranged. Meantime the movement of barley and oats coastwise to United States points continues steady.

BAN CRIME MOVIES.

Owosso, Mich., Jan. 27.—An ordinance prohibiting the showing of any crime films in Owosso theatres is under consideration by the city commission. Commissioner Stebbins is opposed to such a measure, declaring the city would get into deep water, just as it would, he said, if it tried to enforce the dance hall ordinance now on the city's books, but never carried out. Mayor Wright declares that young bandits get most of the criminal education at the movies.

PRINCE AT LUNCHEON.

LONDON, Jan. 26.—(By Canadian Associated Press).—The Prince of Wales today attended the Australia Day luncheon and had a great reception both in person and on account of his racy speech on his experiences in his late tour of that dominion.

Beauty Secrets Revealed, Anna Q. Nilsson the Popular Actress Tells How

To Instantly Have a Beautiful Rosy-White Skin and Complexion.

MISS ANNA Q. NILSSON.

New York.—"The secret of beauty is the proper care of the skin," says Miss Nilsson, the popular Metro star. "It only requires a few moments' time, and anyone is more than paid for the little effort it takes. In the first place the skin should be kept scrupulously clean. Use a good cleansing cream (Liska cold cream I have found to be the best); follow this by bathing the face with warm water, then rinse with a coarse towel. After this process select a beautifier which in addition to being a beautifier has a healing effect on the skin. The very best I have found for this purpose is derwillo, as it instantly beautifies the complexion, and its continued use makes the results permanent." Derwillo takes the place of face powder, as it stays on better, and is wonderful for a shiny nose, oily, dark, sallow skin, freckles, tan, wrinkles and other facial blemishes. Just make this test: Put derwillo on one side of your face, then look in your mirror and compare it with the other side—you will need no further argument to convince you that nothing beautifies like derwillo. It imparts a youthful appearance, and if you would keep your complexion at its best all the time make derwillo a part of your toilet as you now do face powder, and note the favorable comments of your friends. Short sleeves are now in vogue. Use derwillo to beautify your hands and arms and protect them from roughness and ruddiness, which always follows exposure to sun, dust and wind. It is guaranteed absolutely harmless on the most delicate skin, and will positively not stimulate or produce a growth of hair. Give it a thorough trial, and you will never be without it. Accept no substitutes, as there is nothing "better," "just as good" or "just like it."

NOTE.—Ask your druggist about derwillo, and he will tell you that he has never sold any toilet article which has become so popular in so short a time. This is due to the satisfaction it gives. It is guaranteed by every druggist or department store to give complete satisfaction, or they will refund your money. If you don't like it, take it back. Could anything be fairer? It is sold at all toilet counters in this city, including the Standard and the Strong stores.
