For Baby's Skin Troubles.

There are times in the life of nearly every child when Dr. Chase's Ointment proves itself a blessing. The tender skin chafes and is irritated by the clothing. Oftentimes baby eczema develops from this very cause. In a dozen ways Dr. Chase's Ointment can be used to soothe and heal the skin and prevent suffering of the little ones. No treatment is so well suited for this purpose and none is so entirely satisfactory.

Old Lady—I have brought this porous plaster back. There are a lot of holes in it.

Chemist's Assistant—Quite so, madam. They are to let the pain out.

Constipation and Headache.

MRS. R. MORROW, Bracegridge, Ont., writes: For years I was troubled almost constantly with constipation and never got anything to do me the lasting good that has been obtained from Dr. Chase's Kidney Liver Pills. Not only have they cured constipation but have also entirely cured the headaches from which I used to suffer terribly and have improved my health in every way.'

Little five-year old Elner received a dime for taking a dose of castor oil. The next day her big brother Fred asked her to pick up a basket of cobs.

'How much will you give me?' she asked.

'Humph!' said Elner. 'I can make more than that taking castor oil.'

At an evening party they were playing a game in which everybody in the room makes a face, and the one who makes the worst face is awarded a prize. They all did their best, and then the judge went up to one of the women and said, 'Well, madam, I think you have won the prize.'

'Oh, she said, 'I wasn't playing!'

DR. A. W. CHASE'S CATARRH POWDER 25c. is sent direct to the diseased parts by the Improved Blower. 'How far is it between these two towns?' asked the lawyer.

'About four miles as the flow cries,' replied the witness.

'You mean as the cry flows.'

'No,' put in the Judge, 'he means as the fly crows.'

And they all looked at each other feeling that something was wrong.

Depend upon it, whoever tries to sell you a substitute is doing so for the profit and not for your good. 'D & L.' Menthol Plasters for stiffness, etc., have many imitators. Beware of the substitute. Get the genuine, made by Davis & Lawrence Co.

'Willie,' said an interesting young mother to her first-born, 'do you know what the difference is between body and soul?' The soul, my child, is what you love with; the body carries you about. This is your body,' touching the little fellow's shoulder, 'but there is something deeper in. You can feel it now. What is it?'

'Oh, I know,' said Willie, with a flash of intelligence in his eyes, 'That's my flannel shirt.

'A woman just can't keep a secret,' he declared, opposing a statement. 'Oh, I don't know,' contradicted the fluttery lady. 'I have kept my age a secret ever since I was 24.' 'Yes,' he replied, 'but one of these days you will give it away. In time you will just simply have to tell it.' 'Well, she replied with confidence, 'I think that when a woman has kept a secret for twenty years she comes pretty near knowing how to keep it.'

Steve Long is noted for attending to his own business and saying very little about it. One morning an inquisitive neighbor met him returning from the woods with a gun over his shoulder.

'Hello, Steve. Where ye been? A shootin?'

'Yep.'

'What ye been shootin?'

'Dog.'

'Yer dog? My! Was he mad?'

'Waal, he didn't look too danged well pleased.'

Convalescents from fevers and injuries that have kept them bed ridden for some time and all people run down and below par generally will find a course of treatment with Ferrovim, the invigorating tonic, just the thing to put them on their feet again in good shape. Ferrovim is composed of fresh lean beef, Citrate of Iron and pure old Spanish Sherry Wine. $1.00 per bottle.

How to Make Mischief.

Keep your eyes on your neighbors. Take care of them. Do not let them stir without watching. They may do something wrong if you do. To be sure you never knew them to do anything bad, but it may be on account of the careful watch you have kept over them that they have not. Perhaps if it had not been for your kind care they might have disgraced themselves a long time ago. Therefore, do not relax your efforts to keep them where they ought to be. Never mind your own business—that will take care of itself. There is a man passing along; he is looking over the fence; be suspicious of him; perhaps he contemplates stealing some of these dark nights; there is no knowing what queer fancies he may have got into his head. If you find any symptoms of any one passing out of the path of duty, tell everyone what you see, and be particular and see a great many. It is a good way to circulate such things, it may not benefit yourself or any one else particularly. Do keep something going—silence is a dreadful thing; though it is said there was silence in heaven for the space of half an hour, do not let such a thing occur upon earth; it would be too much for this mundane sphere. If after all your watchful care you cannot see that they have done anything wrong, throw out hints that they are no better than they should be—that you should not wonder if the people found out what they were after a while then they may take the hint and begin and help it along after awhile—then there will be music, and everything will be working like a charm and to your entire satisfaction. Follow the above directions and you will be pretty sure to make plenty of mischief.

Reason Enthroned.

Because meats are so tasty they are consumed in great excess. This leads to stomach troubles, biliousness and constipation. Revise your diet, let reason and not a pampered appetite control, then take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be well again. Try it. For sale at Rand's Drug Store. Sample free.

In New Guinea the village of Tupuselei is most remarkable. The houses are all supported on piers and stand out in the ocean a considerable distance from the shore. This is to protect the villagers faom the attacks of the dreadful head-hunters always looking out for victims. Other villages in this queer land are perched up in trees for the same reason.

Threatening feverishness with children is quickly and safely calmed by Preventics. These little Candy Cold Cure Tablets should always be at hand—for promptness is all-important. Preventics contain no quinine, nothing harsh or sickening. They are indeed, 'the stitch in time.' Carried in pocket or purse. Preventics are a genuine safeguard against colds. 25c. Sold by A. V. Rand.

Returned Explorer—Yes, the cold was so intense at the Pole we had to be very careful not to pet our dogs.

Miss Youngthing—Indeed! Why was that?

Returned Explorer—You see their tails were frozen stiff, and if they wagged them they would break off.

Do you know that croup can be prevented? Give Chamberlain's Cough Remedy as soon as the child becomes hoarse or even after the croupy cough appears and it will prevent the attack. It is also a certain cure for croup and has never been known to fail. Sold by Rand's Drug Store.

Pretty School Teacher—James is 'to kiss' an active or a passive verb? James (oldest boy in the class)—Both. Pretty School Teacher—How is that, James? James—Active on the part of the feller, and passive on the part of the girl. Pretty school teacher blushes and makes James perfect in grammar.

Who wouldn't give 25 cents to stop a pain 20 times? Just one little 'Pink Pain Tablet'—Dr. Shoop's—will stop any pain in 20 minutes, sure! Read the formula on the box. Doctors say it can't be bettered. Checks womanly pains, head pains, any pain. 20 tablets 25c. Sold by A. V. Rand.

If all men were compelled to practise what they preach the majority would discontinue the preaching habit.

An attack of the grip is often followed by a persistent cough, which to many proves a great annoyance. Chamberlain's Cough Remedy has been extensively used and with good success for the relief and cure of this cough. Many cases have been cured after all other remedies had failed. Sold by Rand's Drug Store.

It's better to deserve success and not have it than to have success and not deserve it, although less pleasant.

Croup positively stopped in 20 minutes, with Dr. Shoop's Croup Remedy. One test alone will surely prove this truth. No vomiting, no distress. A safe and pleasing syrup—50c. Sold by A. V. Rand.

The Exception.

In a home where the mother is somewhat aggressive and the father good-natured and peace-loving, a child's estimate of home conditions were tersely expressed the other day. While dressing, the mother paused in the act of putting on her shoes and said, I certainly am easy on shoes, I have worn these for four months. I don't know what you would do, John, if I were not. I am easy on everything.' The little girl looked up from her dolls and remarked, 'Except father.'

In sickness, if a certain hidden nerve goes wrong, then the organ that this nerve controls will surely fail. It may be a Stomach nerve, or it may have given strength and support to the heart or kidneys. It was Dr. Shoop that first pointed to this vital truth. Dr. Shoop's Restorative was not made to dose the stomach nor to temporarily stimulate the heart or kidneys. That old-fashioned method is all wrong. Dr. Shoop's Restorative goes directly to these failing inside nerves. The remarkable success of this prescription demonstrates the wisdom of treating the actual cause of these failing organs. And it is indeed easy to prove. A simple five or ten days test will surely tell. Try it once, and see! Sold by A. V. Rand.

'She—'How far can your ancestry be traced?'

He—'Well, when my grandfather resigned his position as cashier of a bank, they traced him as far as China, but he got away.'

If you would have a safe yet certain Cough Remedy in the home try Dr. Shoop's—at least once. It is thoroughly unlike any other cough preparation. Its taste will be entirely new to you—unless it is already your favorite Cough Remedy. No opium, chloroform, or any other stupefying ingredients are used. The tender leaves of a harmless lung healing mountainous shrub, give to Dr. Shoop's Cough Remedy its wonderful curative properties. It is truly a most certain and trustworthy prescription. Sold by A. V. Rand.

'It may be true,' said Uncle Eben, 'dat riches don't bring happiness. But dat ain't no good argument foh goin' to de yuther extreme an' wrestlin' wif debts.'

A few minutes delay in treating some cases of croup, even the length of times it takes to go for a doctor often proves dangerous. The safest way is to keep Chamberlain's Cough Remedy in the house, and at the first indication of croup give the child a dose. Pleasant to take and always cures. Sold by Rand's Drug Store.

A St. John Stone Mason Cured of Rheumatism

By "Father Morriscy's No. 7" After Seven Doctors Had Failed.

647 Main St., St. John, N.B.

FATHER MORRISCY MEDICINE CO., LTD.

I am writing to tell you I have been a victim to Rheumatism for several years, and have been treated by seven doctors without finding any permanent relief until I got Father Morriscy's medicine. It has cured me so I am able to do my work and find I am as well as ever in my life.

Yours truly,
JOHN CRAWFORD.

Rheumatism is caused by sluggish Kidneys failing to take the Uric Acid out of the blood. The whole system becomes loaded with poison, which gathers in joints and muscles, causing agony at every movement.

"Father Morriscy's No. 7" Tablets act directly on the Kidneys, stimulating them to vigorous work. They dissolve the Uric Acid in the blood and free the whole system of the poison. Then, of course, the Rheumatism leaves. Price 50 cents at your dealer's or from Father Morriscy Medicine Co., Ltd., Chatham, N.B. 14

The Saloon Keeper and John.

The saloon keeper and John were discussing the issue, until finally John, an Irishman, said:

'Yes, Bennie, I'm going to vote dry next fall.'

Ben: 'Now, John, I think you are joking. You are too good a friend of mine to want to put me out of business. Just think—I have been here twenty years, and all the money I have made I have put into this business; how am I going to get my money out?'

John: 'Well, Ben, I have been here twenty years, and all the money I have made I have put into this business; how am I going to get my money out?'

What the Drunkard Relinquishes.

There's my money—give me drink! There's the clothing, and food, and fire of my wife and children—give me drink! There's the education of the family and peace of the house—give me drink! There's the rent I have robbed from my landlord, fees I have robbed from my schoolmaster, and innumerable articles I have robbed from the storekeeper—give me drink! Pour me out drink for yet more; I will pay for it! There's my health of body and peace of mind; there's my character as a man and my profession as a Christian; I give up all—give me drink! More yet have I to give! There's my heavenly inheritance and the eternal friendship of the good and true, there is all hope of salvation! I give up my Saviour! I give up my God! I give up all that I may be drunk!—Boston Pilot.

Cigarette Poison.

Dr. Chas. H. Stowell, writing in the Epworth Herald, recently gave five excellent reasons for opposing the smoking of cigarettes by boys—

1.—It lessens the natural appetite for food and injures digestion. The boy who smokes has a bad digestion and poor appetite; and the growth and development of the body are seriously interfered with by this early poisoning.

2.—It seriously affects the nervous system. We often hear about the 'tobacco heart' of the adult. The rush of blood to the head, the dizziness, the unsteady beating of the heart, the distressing dreams—all show how seriously the nervous system is affected. This effect on the nervous system is sufficient to produce the most marked changes in the mental activity. Recent statements from scores of scholastic institutions, and hundreds of the most eminent teachers, all testify to the fact that cigarette smoking interferes with scholarship.

3.—It lowers the moral tone. Boys who would not tell a lie on any other matter, not for a fortune, our best and noblest boys, do not seem to hesitate a moment to tell any kind of a falsehood in order to keep from their parents the fact that they are smoking cigarettes.

4.—It creates a craving for strong drink. The hot smoke from the cigarette tends to make the mouth and throat dry, and creates a peculiar sensation in the stomach. Water may temporarily relieve this dryness, and may temporarily check the sinking sensation. In other words, the boy who smokes more easily accepts an invitation to drink than one who does not smoke.

5.—It is a filthy and offensive habit. No matter how stealthily a boy may smoke, sooner or later his clothing becomes saturated with the odour of tobacco. One of the most inexplicable things in this world is that a well-dressed, highly accomplished young lady will sit by the side of a young man in a carriage or on a tram-car, or will walk by his side in the street, and submit to inhaling this most offensive odour—bad at all times, but, of course increased a thousandfold when the smoking machine is in full operation.

Advice to Young Men.

Young men you are architects of your fortune. Rely upon your own strength of body and soul. Take for your star, self-reliance, faith, honesty and industry. Inscribe on your banner 'Luck is a fool, pluck is a hero.' Don't take too much advice—keep at your helm and steer your own ship and remember that the great art of commanding is to take a fair share of the work. Strike out. Assume you own position. Fire above the mark you intend to hit. Don't drink. Don't chew. Don't smoke. Don't swear. Don't deceive. Don't read novels. Don't marry before you can support a wife. Be in earnest. Love God and your fellow-men.—Noah Porter

For that Terrible Itching.

Eczema, tetter and salt rheum keep their victims in perpetual torment. The application of Chamberlain's Salve will instantly allay this itching, and many cases have been cured by its use. For sale by Rand's Drug Store.

It is a thoroughly well established fact that the early use of tobacco arrests the boy's development, both mentally and physically, and the serious injury does not stop here, but is transmitted in an aggravated form to the next generation. I have had evidence for many years that the child of the smoker does not have the vitality that he or she ought to have received at birth. Their nervous system and often their digestion is below the standard of the parents. The father himself may seem to be all right, but the children suffer.—Dr. A. Wallace Mason, Toronto.

HER DEATH WAS HOURLY EXPECTED

Enterprise, Ont., Oct. 1st, 1908.

"For seven years I suffered with what physicians called a "Water Tumor." I could neither sit, stand, nor lie down. Hypodermics of morphia had to be given me to ease the pain.

MRS. JAMES FENWICK

My cure seemed hopeless, and my friends hourly expected my death. I was so bad that I wanted to die, and it was during one of these very bad spells that a family friend brought a box of "Fruit-a-tives" to the house. After much persuation I commenced to take them, but I was so bad that it was only when I had taken nearly two boxes that I commenced to experience relief. I kept up the treatment, however, and after taking five boxes I was cured, and when I appeared on the street my friends said. 'The dead has come to life,' and this seemed literally true, because I certainly was at death's door."

(Signed) MRS. JAMES FENWICK.

"Fruit-a-tives" are sold by all dealers at 50c a box—6 for $2.50, or trial box, 25c, or sent post-paid on receipt of price by Fruit-a-tives Limited, Ottawa.
