KNOX COLLEGE IS ALL RIGHT

The Report Presented to the General Assembly at Ottawa Was Most Gratifying.

A NEW PROFESSOR APPOINTED.

Queen's is Passing a Critical Stage —St. Andrew's College for Boys is Growing.

Ottawa, June 14.—After the formal opening of the Presbyterian General Assembly to-day the moderator announced the appointment of a committee to draft loyal addresses to the King and to His Majesty's representative in Canada. The committee is composed of Principal Pollok, convener; Principal MacVicar, Dr. D. D. McLeod, James Hastie, John McIntyre, K.C., and Mr. F. F. Falconer, Sydney.

Rev. Mr. Wood asked whether the Assembly did not propose to pay its respects to the Governor-General.

The Moderator—That is for the General Assembly to decide.

Rev. Robert Murray: I hope the Assembly will not intrude itself upon anybody's attention in the way suggested.

The matter then dropped.

Overture From Hamilton.

The Clerk of the Assembly, Rev. Dr. Campbell, read the report of the special committee appointed by the last General Assembly to consider an overture from the Presbytery of Hamilton asking for the revision of the book of forms. The committee stated that a revision as suggested by the overture would be timely, inasmuch as the presentedition of the book is exhausted. It was recommended that a committee be appointed to deal with the matter and suggest such changes and additions as the experience of the church has rendered necessary. The committee would not advise, however, any changes involving a radical departure from the practice of the church.

The report was adopted, and the committee was reappointed, with Rev. Dr. Campbell as convener. The names of Rev. Dr. Sedgwick, Halifax, and Prof. Baird, Winnipeg, were added to the committee.

Commissioners Number 597.

The Committee on Assembly Roll reported that 304 ministers and 293 elders had been appointed commissioners, making a total of 597 in all. It was mentioned that Hon. Geo. W. Ross had been nominated commissioner for both Toronto and Portage in Prairie Presbyteries, but the committee had placed him on the roll as the commissioner for the latter body.

The report was adopted.

The assembly then took up the consideration of college reports.

Resignation of Proudfoot.

A letter was read from Dr. John Proudfoot, resigning the lectureship of homiletics, pastoral theology and church government in Knox College, which he had held for thirty-four years. He did this for the following reasons: To facilitate the arrangement of the curriculum as contemplated by the Senate and Board of Management; to prepare for the press a work on homiletics, and also a book of reminiscences, and to be relieved from the fatigue and expense attendant upon residing in winter at a great distance from the college.

Knox College Report.

The report of Knox College, Toronto, presented by Mr. W. Mortimer Clark, showed that during the past session 67 students were enrolled in the theological classes, and of those 27 received their diplomas. The preparatory course had passed away as unnecessary, in view of the advantages offered by the Toronto University. The Rev. Dr. Proudfoot having found it necessary, from advancing years, to resign the duties of lecturer on homiletics, which he had discharged for 34 years with ability, the board recommended that his duties should be divided between the professor of church history and the professor of apologetics. The income from all sources ha dheen $28,629, and the expenditure $28,535, leaving a nominal surplus of $94. It was regretted that many congregations gave very trifling sums for the support of the college. There was a large deficit in the scholarship fund owing to the fall in the rate of interest. The $4000 bequeathed by the late Mr. David Smith Ross to found a traveling scholarship had been paid by his executors, as had also $47,000, the bequest of the late J. W. Brown, Chatham, to found a new chair. The Rev. W. Halliday Douglas, M.A., of the Presbyterian Church of England, at Cambridge, is recommended for appointment to the chair of apologetics.

Knox is Flourishing.

Mr. Clark pointed out that the affairs of Knox were in a most flourishing condition. They had a balance on the right side of the ledger, which was somewhat unusual in their history. Dr. Proudfoot had rendered admirable service to Knox for a good many years, and his lectures had been highly appreciated. Mr. Clark drew attention to the need of financial aid in connection with the scholarship fund. For some time past Prof. Ballantyne had been lecturer on church history and apologetics. The burden, however, was too heavy for Prof. Ballantyne, and it had been decided to establish a separate chair in apologetics. To this position it was recommended that Rev. W. Halliday Douglas, M.A., Cambridge, be appointed.

Rev. Mr. Douglas Appointed.

Mr. Clark moved a resolution for the adoption of the report and the appointment of Rev. W. Halliday Douglas to the chair of apologetics, homiletics and pastoral theology, at a salary of $2500 per annum; also instructing the Presbyterry of Toronto to arrange for the induction of Rev. Mr. Douglas. Mr. Clark highly eulogized the new professor, and said the appointment would be a most brilliant one. He moved, seconded by Dr. Torrance, the adoption of the report.

Plea for Home Talent.

Rev. William Greig said he was disappointed at the nomination made by the board of Knox College, for the reason that a choice should have been made from the graduates of their own college. It was not creditable that they should have gone to the other side for a professor. The graduates of Knox were well qualified to give professors to any department of work in the college, and the speaker enumerated the long list of graduates who were filling distinguished positions, and said he felt humiliated that they should have to go abroad for a professor. He moved, seconded by Mr. J. W. Cameron, that the question of the appointment of a new professor of homiletics and apologetics be referred to a committee, to report at a subsequent sederunt of the assembly.

Dr. Greig's amendment was voted upon and declared lost. The motion for the appointment of Rev. Halliday Douglas was then agreed to.

Retiring Allowances.

A supplemental report from the board of Knox College recommended that the assembly appoint a committee to inquire into the question of retiring allowances to professors and lecturers in the various Presbyterian theological colleges, and to report thereupon, power being given to the board of Knox College to deal with Dr. Proudfoot's case in the meantime until a definite line was agreed upon.

On the moderator's suggestion, Mr. Clark added a clause to his report accepting Dr. Proudfoot's resignation, and suggesting the appointment of a committee to draft a suitable resolution on the matter. Mr. J. K. Macdonald seconded the motion for the adoption of the report, which was agreed to.

The two features of the afternoon were the discussion of the twentieth century fund and of the foreign mission work.

When the twentieth century fund report had been adopted, the assembly rose and sang, "Praise God, From Whom All Blessings Flow."

Missionaries direct from the foreign fields gathered to tell the assembly of the conditions under which mission work is done.

After the afternoon session the commissioners were entertained at the Presbyterian Ladies' College.

Presbyterian Ladies' College.

Rev. Dr. Armstrong presented the report of the Presbyterian Ladies' College, which during the present term has 158 students enrolled, of whom 48 were in residence. The estimated revenue for the college for the year is $16,667. The college has a balance after paying all expenses. The college expects $12,000 from the twentieth century fund. The staff were highly recommended. The Board of Management is as follows:

Rev. Dr. Herridge, Rev. Dr. Monroe, Rev. Dr. Armstrong, Ottawa; Rev. Dr. MacNish, Cornwall; Rev. Dr. Scringer, Montreal; Rev. A. H. Scott, Perth; Rev. Dr. Stewart, Prescott; Rev. J. R. McLeod, Three Rivers; Rev. D. M. Ramsay, Ottawa; Messrs. Levi Crannell, George Hay, Ottawa; F. T. Frost, ex-M.P., Smith's Falls; A. W. Fraser, Geo. L. Orme, Ottawa, and Mr. Walter Paul, Montreal.

Queen's University.

Principal Grant then presented the report of Queen's College and University. He reminded the Assembly that the institution was passing thru a critical stage in the development of the scheme of the nationalization of the university and elucidated the position in a speech of some length, in which he dwelt particularly on the expressions of appreciation pronounced by the Roman Catholics, Anglicans and other denominations, on the work of the university, and the $50,000 grant for the faculty of arts building by the city, and that of $20,000 proposed by the county for Convocation Hall. He also referred to the position of the Chancellor of the University in the province, supported by the provincial government, and placed against the chancellor's action the endorsement of Queen's University by the Legislature, the Assembly, the city of Kingston and County of Frontenac. The principal raised a laugh and applause when he expressed a modest hope that in the readjustment of the chairs of the university and college he himself might not be forgotten.

The Boys' College.

Mr. Macdonald of St. Andrew's College, Toronto, addressed the assembly on the position of the first boys' college connected with the Presbyterian Church, the not affiliated with it. The college attendance had increased in the past year 100 per cent., and provision will now have to be made for a further increase. He dwelt on the necessity of religious training in educational institutions, and showed this to be the guiding principle of St. Andrew's. Five bursaries of $100 each were offered by the college for the sons of missionaries, of which three are still open. The moderator spoke highly of the work done by the college.

Rev. Dr. Campbell, general agent of the Twentieth Century Fund, gave his report of the work done for that fund. The fund amounted to $1,025,000 in cash. When everything is paid up the church will have $1,500,000.

The report of the Aged and Infirm Ministers' Fund was presented by Rev. Andrew Rogers of the eastern section, and by Mr. J. K. MacDonald, for the western section. Rev. Mr. Forbes also spoke.

Foreign Missionary.

To-night at the foreign missionary meeting the annual report was presented by Rev. Mr. Gandier and Rev. Dr. R. P. McKay. The missionaries who spoke were: Revs. Norman Russell, (Central India), Dr. Woods, medical missionary, Central India; Wilson, Central India; Robbs, Korea; Dr. Menzies and J. Goforth, both of Honan, China.

THE Y.M.C.A JUBILEE.

With speakers from various sections of the United States and one from Canada, introduced at the forenoon session of the Y.M.C.A. International Jubilee Convention and section meeting, introducing addresses on physical work and religious work, boys' department and railroad work, at the First Baptist Church, and a reception by the Harvard Y.M.C.A., at Cambridge, in the afternoon, the third day of the meetings here was well filled.

These important and interesting events, however, did not eclipse the program for the evening session, at Mechanics' Hall, at which George Stebbins, Ira D. Sankey, President Patton of Princeton University, Dr. Northrop of the University of Minnesota and Booker T. Washington of Tuskogee, Ala., were expected to appear.

The meeting for prayer at 8.30 a.m. was led by Rev. Dr. L. W. Munhall of Philadelphia. The devotional exercises preceding the regular session were conducted by W. E. Sweet of Denver, Col.

James H. Canfield, LL.D., New York; Prof. E. I. Bosworth, Oberlin College; William Caven, LL.D., Toronto, and Rev. Dr. W. W. White, Montclair, N.J., were the speakers.

Arrived in the Evening.

An interesting event to gentlemen last night was the arrival at Archambault's tailor store, 125 Yonge-street, of a beautiful lot of English suitings, which will be made to order next week for $16.50. This is a genuine offer of exceptional advantage. Those $14.25 suits and $3.75 trousers are better value than can be obtained anywhere else in the city.

Dr. Arnold's Catarrh Cure

Cures all forms of Catarrh. No inhaler—no blower—no costly instrument—you just sniff it naturally. It gives instant relief, never fails to cure. All druggists sell it.

COUNCIL WILL ATTEND FUNERAL

Of Late Hon. A. S. Hardy To-Day—Mayor's Suggestion re Duke of York's Visit.

Apropos of the visit of the Duke and Duchess of Cornwall and York to Toronto, the Mayor at yesterday's meeting of the Board of Control made a suggestion that met with unanimous approval. He explained that Their Royal Highnesses could not visit all the towns and cities in Ontario, and, as the Governor-General seemed to wish it that they should make their headquarters in Toronto, His Worship thought that it would be an excellent thing if the Mayors and Reeves of the various municipalities could be invited to come to Toronto during the royal visitors' sojourn. They could present addresses, if they wished, and would be afforded an opportunity of paying their respects, which they would otherwise not have. The Mayor also remarked that the visit could be made the occasion for a municipal convention, and already, he said, two letters on that subject from different municipalities had been received. There was lots of time, he added, and the suggestions might well be considered by the Board of Control and Reception and Legislation Committees.

The city has not yet extended an invitation to the royal party, and this, too, was left over for a few days. The Ontario government are mapping out the program, and are apparently going to monopolize all of the Duke's time.

Ald. Lamb thought that the government should be allowed to do the whole thing themselves—the inviting, entertaining and everything.

Council Will Attend Funeral.

Ald. Hubbard and Lamb both took occasion to refer to the loss sustained by the death of Hon. A. S. Hardy. Tributes were paid to him as a legislator and a citizen, and the Mayor agreed to call Council together at 3.30 o'clock this afternoon at the City Hall to attend the funeral.

Should Censure Foremen.

Ald. Sheppard and Hubbard reported that the lumber used in the sidewalk on a street complained of by Ald. Fraleigh was of variable thickness, thus making an uneven surface. They say the foreman of the job should be censured and the lumber should never have left the yards.

The Controllers sent on the report to the Engineer for a full explanation.

Architect is Responsible.

Architect Jarvis brought his complaint regarding the delay of the contractor for the carpentering work at St. Lawrence Market before the board, and the Controllers referred the matter to him to deal with as he pleased. He is responsible for the work, and may dismiss or retain the contractor as he sees fit.

Say It Would Be Objectionable.

H. L. Drayton waited on the board and said that the Pure Gold Mfg. Co. intended to build a factory on Wellington-place, and, if such an establishment were located in the neighborhood, it would injure the property there. He asked that the permit be withheld. The Pure Gold people say that they intend to erect a pure food institute only, and it would not be objectionable.

The board took no action until the legal department is heard from.

Mr. Fullerton's Opinion.

The question as to whether engineering and clerical expenses, that can be defined as part of the cost of local improvements, were not imperatively intended by the law to be charged against the property benefited, was brought up in the following report of the Corporation Counsel: Under the local improvement clauses of the Municipal Act, the cost or expense is to be charged against the local improvement, as provided in the Act. Official and clerical work, properly ascertained to be part of the "cost," should be charged to the work, the same as any other part of the cost thereof.

Detroit's Anniversary.

Council's resolution authorizing the Mayor and a member of the Board of Control to attend the 200th anniversary of the founding of Detroit, in July, as the city's representatives, was read. The controllers, with the exception of Ald. Lamb, agreed that the Mayor and two members of Council should go. They, however, took no action.

City Hall Notes.

The tenders for the Industrial Exhibition improvements will be returned unopened to the contractors, on production of the registration number.

Andrew Moses, the blind newsdealer, who has a stand at the corner of Yonge and Albert-streets, found, when he arrived there yesterday morning, that it had been moved to the corner of Gerrard and Yonge. The Board of Works two years ago gave him permission to erect the stand, and objection has since been taken to its location. Mr. Andrews reported the matter to the Mayor.

The Park Commissioner so far has planted 1400 trees on the city streets and 300 on the island.

A permit for the erection of a brick dwelling on McMaster-avenue, near Avenue-road, was taken out yesterday by William Middleton.

The Medical Health Officer yesterday raised the quarantine from the house on Carlton-street, in which the last smallpox case was discovered.

The City Engineer, Chairman Woods of the Board of Works and Ald. Crane yesterday continued their inspection of pavements. They visited Spruce-street and St. George-street, and found the former in good condition, but the other was in need of repair.

Funeral of D. C. Strachan.

Goderich, Ont., June 14.—The funeral of the late D. C. Strachan of His Majesty's Customs Department, at this port, took place to-day. A large concourse of people attended to testify their esteem for the deceased, who had been one of our oldest business men. The Sons of Scotland had charge of the obsequies, and the Foresters, of which deceased had been a worthy member, also attended in a body. The pallbearers were Sheriff Reynolds, A. McD. Allan, D. McDonald, Clerk of Surrogate Court; William Lane, County Clerk; M. C. Cameron and C. A. Nairn. A sister and two daughters, Mrs. Dr. Hooper of Toronto and Miss Nina, survive, and have the sympathy of the entire community.

Donald Colvin Strachan was a native of Inverness, Scotland, and came to Canada with his parents in 1854, when he was in his tenth year.

Bickle's Anti-Consumptive Syrup stands at the head of the list for all diseases of the throat and lungs. It acts like magic in breaking up a cold. A cough is soon subdued; tightness of the chest is relieved, even the worst case of consumption is relieved, while in recent cases it may be said never to fail. It is a medicine prepared from the active principles or virtues of several medicinal herbs, and can be depended upon for all pulmonary complaints.

Lawn Social.

A lawn social in connection with Christ Church, Scarboro, will be held at "Alton Cottage," the residence of Mr. T. Jackson, on Friday, June 21. Tea will be served from 5 to 7 p.m. The program will be contributed by Miss Kathleen Bourne, Miss Hasckayne, Miss Lily Lumbers, the Fiddes Bros. Quartet and Messrs. T. Lumbers, Milliward and Cates.

Liquor, Tobacco and Morphine Habits.

A. McTaggart, M.D., C.M.,
