CYCLING MAGNATES IN NEW YORK

Association Hands Out Decisions—Tom Eck Has Trouble Over Track

New York, Feb. 4.—The annual meeting of the National Cycling Association was begun in this city to-day. J. Frank Elline of Baltimore presided. The American Racing Cyclists' Union was represented by Frank L. Kramer, the professional champion of 1901, and representatives from tracks and clubs all over the country were in attendance. The Board of Appeals made the following rulings:

In the case of Jay Eaton, who was suspended for life on a charge of crooked riding at Vailsburg, N.J., the sentence was cut down to two years' suspension. This will expire next fall.

The report of the Board of Control showed that the year 1901 was the most successful enjoyed for several years. Over 700 meets were held, and $200,000 was distributed in prizes.

The recommendation of the Board of Control that the punishment inflicted upon F. A. McFarland for his action in the six-day race at Boston, be reconsidered, and that he be fined $50 or suspended until May 15 next, was accepted. The following officers and boards were elected:

President, George M. Hendee, Springfield; first vice-president, C. B. Bloemecke, Newark, N.J.; second vice-president, Col. Felix R. Wendelschafer, Providence; secretary, Thomas A. Roe, New York; treasurer, A. G. Batcheider, New York. The Board of Control—A. G. Batcheider (chairman); R. F. Kelsey, Boston; N. B. Turgeon, Buffalo; C. R. Kinkerman, Baltimore; Harry Hartley, Jacksonville, Fla.; W. I. Doty, Denver; W. L. Loos, Los Angeles, Cal.; Frank L. Kramer, American Racing Cyclists' Union, Detroit. Board of Appeals—G. A. Needham (chairman), Brooklyn; Abbot Basset, Boston; M. L. Bridgman, New York City; Horace S. Fogel, Philadelphia; S. A. Miles, Chicago.

The Committee on Franchises in its report recommended that franchises be divided into three classes—unconditional, conditional and temporary. The report was referred to the Committee on Bylaws.

A. A. McLean, who was interested in the last six-day race in Boston, was called up on to explain why $2100 in prize money had not been paid. He said that others interested in the race had not made good. A committee was appointed to try to bring about a settlement of the matter.

The suspension for life against Orlando Stevens, who was convicted with crooked riding in Vailsburg, was changed to two years from the date of sentence.

Albert Champion appeared at the meeting and objected to the granting of a franchise to Tom Eck for the Coney Island Velodrome Company. Champion claimed that Tom Eck owed him money. The board then withdrew the franchise for the Coney Island track, and the matter was placed in the hands of Treasurer Batcheider for investigation.

"B" Cycling Club's Success.

The success of the B Cycling Club is noted with great interest. They have thru untiring energy upon the part of the officers and members, been able to purchase outright the new clubhouse of the Ramblers' Cycling Club, and have, in addition thereto, secured the commodious premises formerly occupied by that club at 505 Parliament-street, where a most enjoyable night can be spent with the members of the B Club, whose rooms are among the most enterprising in Toronto. President Galloway, Secretary-Treasurer Rapp or other officers and members of the club will at all times be most pleased to welcome visitors into their gathering. A friendly pedro match will be played on Monday evening next, open to members and their friends, to be followed on Feb. 14 with a social gathering for members, their friends and ladies, in the shape of progressive pedro, followed by dance and refreshments. All members are requested to keep this date open.

Chess at Monte Carlo.

Monte Carlo, Feb. 4.—This morning the experts engaged in the second round of the international tournament, and as round 18 of the Berger tables guided the pairing, the players were placed in the following order.

Marshall v. Tarrasch, Wolf v. Pillsbury, Mieses v. Albin, Schlechter v. Reggio, Janowski v. Mortimer, Popiel v. Teichmann, Napier v. Gunsberg, Eisenberg v. Marco and Scheve v. Mason. Tschigorin and Maroczy had byes.

The following results had been recorded when the first adjournment was made, at 1 o'clock this afternoon: Mieses had beaten Albin and Scheve had beaten Mason, while Pillsbury had drawn with Wolf. All the other games remained unfinished.

In the afternoon sitting the rest of the games were all decided.

Marshall managed to get a winning position, and Tarrasch had finally to resign; Schlechter, as was anticipated, beat Reggio; Janowski accounted easily for Mortimer, as did Teichmann for Popiel. Napier, on the other hand, made a slip, and finally lost to Gunsberg, while Marco came out victorious against Eisenberg. The final record is as follows:

Caledonians v. Dundas and Lindsay v. Ayr Left for Semi-Final Tankard Round.

CLOSE CONTESTS ON FIRST DAY

Orillia Beaten By 1 Point, Windsor By 5, Southampton and Galt By 11 Each—To-day's Draws.

Caledonians vs. Dundas. Lindsay vs. Ayr.

Thus the first round of the Ontario Tankard curling competition has reduced the list of teams that are after the biggest honor in the curling world. Play opened at 2 o'clock yesterday afternoon on Granite and Queen City ice, that was keen and true. The Caledonians v Galt and Dundas v. Orillia battled in the Queen City Rink, while Lindsay v. Southampton and Ayr v. Windsor had it out in the Granite. Play was close all round. The Caledonians and Lindsay won by 11 shots each. The Toronto players secured their lead early in the game, but the Veterans from Galt refused to let them get out of sight. Lindsay's margin was secured in the last few ends. Ayr and Dundas each won one game, that was pulled out by a big score by one of the rinks. Southampton deserve all credit for their plucky battle against the renowned curlers from Lindsay. The Northerners had a band of rooters present, including several of the fair sex in the gallery. The doughty Flavelle showed wonderful staying powers, and scored 15 of his 25 shots in the last eight ends, Foster not getting a look-in after the eighteenth. Southampton was one down and 4 ends to play. Considerable shouting was done, and both Flavelle and McLennan talked well by running out the enemy's count. The former scored his 5 by dexterously curling thru a port to the winner on the tee. McAuley met some hard luck in the seventeenth end, when his last stone picked up a broom, and McLean counted 3. Southampton played splendidly against their strong opponents, and the youngsters at the rink congratulated on their good showing in their tankard final debut.

Ayr won because Reid had a bigger margin than the Windsor skip on the home rink. Anderson only scored three in the first half of the game, but rallied his men for a splendid finish. A useful 4 in the twentieth end gave the Ayr curlers a safe lead. Windsor required 11 to record up a victory, and they secured 5 of them on the last head.

Dundas and Orillia curled one of those quiet games, and it was a battle royal all the way, with Bertram and Main of the opposing sides shedding. Wilson was a long time getting over his opponents 6, but finally won the game on the last end by scoring 3, that were badly needed, while Holcroft was taking 2. To Main's rink belongs the credit of the biggest end of the day, the McAuley barely missed taking out Lindsay's only stone in the ring in the fourteenth end for a bunch of seven instead of only two.

The Toronto representatives were the only curlers to retain any sort of a lead throout the afternoon. Hood started with good ends, and just when this veteran opponent was getting the run of the ice Rennie put on a four, and each of the Caledonian rinks thereafter stayed ahead. It was continual drawing by both sides, with little of the enthusiasm noticed on Granite ice. The spectators watched the play throut. Noticeable shots were made by Sauer and Hood, the second player once cleaning out 3 guard stones with his first shot, and drawing to the tee with his next. On the sixteenth end McAuslan had a shot on the tee perfectly guarded with his own granite three feet away and Hood only one stone to play. The Caledonian ran the pair out with a hair-drawn shot and counted 2. The Rennies played just as carefully and correctly. They hurried thru, and were the first to finish on the two rinks, being 4 ends ahead of their club mates.

Expect Montreal and Toronto.

Utica, Feb. 4.—About 30 representatives of New York and Albany Curling clubs reached here to-day to engage in the international curling tourney that commences here to-morrow. Big delegations from Montreal and Toronto are expected to-night and to-morrow. The weather is cold, and the ice in prime condition.

Over the Hog.

W. J. McMurtry and J. P. Rogers play off their world-wide game in the single-rink competition on Thursday night at the Granite.

With the bulk of the business curling over this week, the clubs will get together for their friendly matches. On Monday next the annual match between Prospect Park and the Press Club will be played, four rinks a side.

A rink curling game for the championship of the world will be played in Hamilton next week between Dr. Russell of the Asylum Club and J. S. Russell, ex-secretary of the Ontario Curling Association. Dr. Russell won the title by defeating Jimmy Simpson on divers occasions, and the latter brought the honor all the way from Scotland not many years ago.

Toronto Whist Club.

The 1902 pairs championship contest of the T.W.C. came to an end on Saturday night, when C. E. Brown and J. S. Wallace won the final game. The semi-finals were played between J. E. Brown and Wallace against R. S. Brown and Ledger, and Lobb and Ritchie against Beeton and Armstrong. The final game was Brown and Wallace against Beeton and Armstrong, Brown and Wallace winning by three tricks.

The mixed pairs championship is now being played off by a series of five preliminary compass games, the last of which will take place next Monday night. The four pairs with highest scores go into the semi-finals. The semi-final and final games will not interfere with the regular Monday night game, as arrangements will in all probability be made to play these games off during the week. To-morrow night the return match with the Canoe Club will be held at the club house of the latter, and the members of the T.W.C. are requested to be on hand at the Canoe Club at 8 o'clock.

On Friday night a team of four from the T.W.C. will go to Woodstock to play the Woodstock Whist Club, the present holders of the Canadian W.L. challenge trophy. The Toronto men have visions of again seeing the cup reposing gracefully on their mantel over the cheerful grate fire, but they don't feel too sure of it, as the Woodstock team, strong at any time, is unusually so just now on account of the particularly happy frame of mind one of the team is in since a new whister came to town.

The regular Howell compass game will be held at the T.W.C. on Friday night, and there will be an extra large attendance now that the pairs championship is concluded. Visitors are as welcome as members. Saturday night will be club night, and a large number of members and invited friends are expected.

Welshmen Won at Football.

London, Feb. 4.—The Rugby football match between Wales and Scotland resulted in a win for the Welshmen, the score being 14 to 5. Wales scored one goal and three tries to Scotland's one goal. The result was very disappointing to the backers of the Scotch team, because they were looked upon as sure winners, they practically playing the same team which last year defeated England, Ireland and Wales.
