News Summary.

DOMINION.

—The snow on the roads in the western part of Carleton county, has been so deep for the past week that no mails have been despatched from Woodstock by teams.

—1,000,000 herrings are reported to have been sold on Deer Island last Sunday, at average price of 25 cents per 100.

—The total number of prisoners, male and female, remaining in the penitentiaries of the Dominion on 30th June last, was as follows:—

	Male.	Female.	Total.
Rochester	132	6	138
St. Vincent de Paul	265		265
Kingston	446	28	474
Manitoba	97	2	97
British Columbia	93		93
Total	1,028	39	1,067

—The W. C. T. Unions from different Provinces were in session at Ottawa on Thursday and Friday. Mrs. Youmans was elected president. Mrs. W. Wallace Turnbull, of Saint John, was elected treasurer.

—Steps are being taken to submit the Scott Act in Victoria county, Ontario.

PARLIAMENTARY PROCEEDINGS.—On Friday Jan. 29, Hector F. McDougall, new member for Cape Breton, was introduced by Sir John McDonald and Hon. Mr. McLelan. The house then proceeded to consider the Gov. General's speech, the reply to which was moved by M. Taschereau and seconded by Mr. Townshend the new member for Cumberland, N. S. The usual lengthy speeches by the leader of the opposition Mr. Blake, the leader of the government Sir John McDonald, and by Sir Richard Cartwright, followed, when the address was passed.

A large number of petitions have been placed before the House, praying that no change be made in the Scott Act, except such as may strengthen its provisions and also asking for a prohibitory liquor law. Petitions have also been sent in asking for legislation to prevent the introduction of Chinese Coolies into Canada, to prevent the employment of children under fourteen years, in factories, and to prevent pauper immigration into Canada.

A bill has been introduced by Mr. Charlton to promote the better observance of the Lord's Day, by prohibiting Sunday excursions."

Six divorce cases are before the Senate; this is quite a number for Canada.

The Government have announced that it is not their intention to reduce the price of letter postage this session from three to two cents per ½oz

It is understood that Mr. Daly, M. P., for Halifax, will be appointed deputy speaker and chairman of standing committees.

—The revenue of the Dominion is less this year by $4,032,688 than last. The balance of revenue over expenditure is $754,255.

—The decision of the Supreme Court of N. B. on the 5th inst., that the Liquor License Act repeals the penalties of the Scott Act, and substitutes its own, relieves from all penalties for violation of the former Act, which have not been imposed according to the provisions of the latter. Care will have to be taken in future to use the enforcing power of the License Act, to secure convictions under the Scott Act. The lesson is that we must have a general prohibitory law, so plain and distinct, that there can be no quibbling. We are glad that the Alliance are beginning to press this definite object. Rum vendors and lovers may overshoot the mark by their obstructionist tactics, and hasten the passage of a more stringent and general measure.

BRITISH AND FOREIGN.

—The whole British world has received a shock which has few parallels in this generation. News has been received that Khartoum fell into the hands of the Mahdi on January 26th. The fate of General Gordon, who has held the city so long and so heroically, is not yet known. It is hoped he is only a prisoner, but many fear that he has been slain. It is said that the Mahdi sent his emmisaries before him into the city, who induced 7000 of Gordon's troops to desert. With the 2,500 faithful soldiers that remained, he attempted to resist the 67,000 rebels, but in vain. Gen. Wilson, when he approached Khartoum to relieve Gordon, found the city occupied by the forces of the Mahdi, who turned its guns upon him, and he had to return down the river running the gauntlet of the rebel fire. A communication has been sent to one of the English papers to the effect that an agent of the Mahdi over a year ago declared that Gordon would be allowed to hold Khartoum in order to draw the British force as far into the interior as possible, but that when this purpose was served, Khartoum would be taken. The wildest excitement prevailed in London on the receipt of the news of Khartoum's downfall, which is quieting down, however, as the government has decided to adopt vigorous measures. Wolseley has been granted full powers. Troops are to be drawn from Gibraltar, Malta, and India, and the Mahdi is to be brought to terms at any price.

—It has been found that Colonel Stewart, (not Gen. S.) who was wrecked some months since on an island in the Nile, was decoyed on shore through professions of friendliness by Sulleman Pasha, and he and his whole party murdered in cold blood, while guests of this chief.

—The French have undertaken more than they supposed in their war on China. They have recently reported victories over the Chinese troops. The engagements were slight however, and the usual discount will be made for French exaggeration.

—LONDON, Feb. 3.—Advices from Cameroons state that on Dec. 18, two German men-of-war arrived at the mouth of the river and sent 3,000 men up the stream, who opened fire on the natives, and who finally occupied Cameroons after destroying much property and many lives. The Baptist mission was burned and many women and children killed. English territory has been violated, and English ships searched. In the old fiery days, less than this has caused war.

—The United States Consul at Malaga reports fifty villages destroyed by the recent earthquakes. 2,000 lives were lost, 30,000 persons have quitted Malaga, and the rest of the population are sleeping in the open air. The death rate from disease has increased to 300 per cent.

—The solemn tolling of the great bell of St. Paul's at the recent death of the bishop of London, attracted great attention in the metropolis and crowds assembled to note the sound which is so seldom heard. The bell is never tolled but at the death or funeral of members of the royal family, of the bishop of London, of a lord mayor dying in office, and of the dean of St. Paul's. The bell weighs about five tons and has a diameter of nine feet.

—The residence of Mr. Gladstone at Hawarden has been placed under special police protection.

—The shipping interests of the country are reviving, there are signs of coming contracts. A noteworthy feature of the building during the past year is the output of 185 vessels of about 130,000 tons, built here for foreign account. A large proportion of them were on colonial and American orders, and most of the stock in the yards of Canada is really owned by citizens of the United States.

UNITED STATES.

—O'Donovan Rossa, is able to walk. The attempt upon his life will result, probably, in making him more of a hero, than all his boasts about the use of dynamite would have done.

—All kinds of stories are afloat about Mrs. Dudley, Rossa's assailant. The most probable one is that her head has been turned by past grief and misfortune.

—Masked robbers attacked the house of Mr. Guthrie at Erie, Pa. The house was barricaded and defended by his two young daughters, Idalia and Jennie, for three hours. The beleaguered young girls were finally rescued by distant neighbors, who had been informed by telegraphic signals with lights from the window of Guthrie's house.

—The latest news from Panama show that the population is rapidly reduced by the ravages of yellow fever. Eleven out of every 100 of the population is the present annual death rate. The saddest news is the death of every member of the family of the director-general of the canal company. Though his salary is said to be $50,000, he was unable to provide proper safeguards for his family—wife, children and a staff of twelve engineers have all died of fever.

—Treasury officials at Washington think that the worst of the depression is over.

—The exports of the United States exceeded the imports in value last year by one hundred and twenty millions.

—"None but God knows what an abyss of corruption is in my heart. When I go over all my faults, it appears almost impossible that I can ever preach again."—*Rev. Ro. M. McCheyne.* At the moment he wrote that, he was probably the holiest man on earth; but, as he became more heavenly-minded, he became more conscious of the evil within him, and less sharp in watching for the falings of others. You will find the same to be true of all the holiest men and women who have lived. It was when Paul was well nigh worn out by his toil and trials that he cried out, "Oh, wretched man that I am, who shall deliver me from the body of this death?" How can one know his own heart enough to realize his need of a better righteousness than his own, and yet find time to emphasize the faults of others, while ignorant of his own? Every converted man is, in his own estimation, *the chief of sinners.*—*Rel. Herald.*

Deaths.

At Lake Mountain on the 4th inst., Annie widow of the late Solomon Trites, in the 68th year of her age. She was a member of Second Moncton Baptist church, and lived and died in the enjoyment of a living faith.

At Pugwash, N. S., on 27th January, Harriet S., widow of Hon. R. G. Pineo. Death has removed another of the chief supporters of the Baptist interest at Pugwash. Mrs. Pineo was baptized by Rev. T. S. Harding, on 23rd of Nov., 1828, then about 19 years ago. During fifty seven years she continued steadfast to her principles, and devoted to the cause of Christ at home and abroad.

At South Rawdon, Mary M. Welner, on Jan. 31st, aged 69 years. She was baptized by Elder Obed Parker, in 1843. She died happily.

At Chester Grant, Jan. 31st, of heart trouble, Mrs. Fredrick Hennigar, aged 65 years. Her end was happy through faith in Christ. She professed religion, and was immersed by Rev. J Sklinar about twenty three years ago, since which she has lived a consistent member of the Baptist church. Husband, children, and many others mourn the painful separation, but rejoice in hope of happy reunion above.

At Jemseg, on January 21st, Mrs. Margaret Dykeman, aged 83 years, leaving a sorrowing husband, two sons, five daughters, many grand children, and a very large number of friends to mourn for one who was justly respected through a long and industrious life. Her end was peace.

At Johnston, Q. Co., on the 21st January, Maurice Corey, aged 84 years.

At Sand Points, N. S., Dec. 6th, William Harding, aged 65 years, leaving a widow, six sons and four daughters to mourn their loss.

At Sand Points, Dec. 20th, Annie Florence, only daughter of Duncan and Christina Goodick, aged nearly three months.

At Port Elgin, Westmoreland Co., N. B., J. Hanford Reed, aged 41 years. Some three years since he was baptized, although there was no church at that place to which he could be united. He was willing to deny himself and follow his Lord and Master. Since then a church has been organized in this locality, with which he united and was chosen one of the deacons. His sickness was of short duration, but he was strong in faith, giving glory to God. His was a pleasant life and a peaceful death. The services were conducted by the writer, at the request of the departed brother, through whose instrumentality, by the blessing of God, he was led to Jesus and baptized. Two ministers were present and took part in the services. G. C. MILLS.

Harper's Young People.

AN ILLUSTRATED WEEKLY.

The serial and short stories in HARPER'S YOUNG PEOPLE have all the dramatic interest that juvenile fiction can possess, while they are wholly free from what is pernicious, or vulgarly sensational. The humorous stories and pictures are full of innocent fun, and the papers on natural history and science, travel, and the world of life, are by writers whose names give the best assurance of accuracy and value. Illustrated papers on athletic sports, games, and pastimes give full information on these subjects. There is nothing cheap about it but its price.
