Trials Slow Going At Woodbine : Lacrosse Players Stay In Cornwall : Races At Louisville and Pimlico

PLATE CANDIDATES TO GO THIS MORNING

The Best of the Lot Expected to Work at Woodbine Park —Off Day at the Track.

The King's Plate candidates nearly all had an off-day yesterday and nothing of a startling character was in evidence. The morning was most disagreeable and in consequence few of the sharpshooters were present.

The star of the Giddings stable, Hearts of Oak, was breezed a quarter in 23 1-5 seconds, which shows that the big colt will be able to take care of himself in the breakaway, and the filly Sarolta, from the same stable, worked three furlongs in 36 3-5. Widow Wise, a Giddings plater, went five furlongs in 1.05 2-5.

Eddie Whyte sent the Hendrie plate representative, Rockspring, a two-mile gallop, and the Gorman plater, Aurora Raby, went a mile in 1.49 handily.

The Dyment platers, Crystiawogo and Elfain, were galloped the full plate distance in 2.22. Heresy, last year's winner of the guineas, made the circuit of the track in 1.49 2-5 breezing. Trobaeolum, his stable mate, did five furlongs very easily in 1.05 2-5. Moss Fox, the 2-year-old by Red Fox, in company with Marcovil, galloped a half in 52 2-5.

Mary Bud and Calumny, from the Gorman stable, worked a mile in 1.46 3-5 cleverly.

The Davies string were again in evidence, with Plate Glass and Moving Picture first to perform. They broke at the ¾ pole and worked to the stand in 1.16 2-5. This was exceptionally good considering the adverse conditions.

The next set from this stable included Calgary, Spring Maid, Fountain Fay and Flower Girl, who were only asked to go five furlongs, which they did in 1.02 2-5, and finished in a bunch.

The two-year-olds from this stable were all schooled at the barrier and worked from there. In the first set was Southern Maid, Recoil, Rougish and Perpetual, who stepped to the head of the stretch in 51 seconds.

The next lot was made up of Skyrocket, The Usher, Dildon and Duke of Chester. These only went three furlongs, which was shown in 37 2-5 seconds.

Knights Differ, Dr. Nett and Queen Sain also broke from the gate and worked to the stand, the ¾ in 1.17 2-5, with Queen Sain a distant trailer.

It is expected that the Seagram King's Plate candidates Voivode and Maid of Frome, Hearts of Oak and Ondramida, from the Giddings stable, Mausolus and Gold Bud and Meter from the Davies stable will be worked the plate distance this morning.

Science of Boxing as Exemplified by Mace

No man did more to develop the science of boxing than the late Jem Mace. His knowledge of the craft was perfect. Strange to say, but the Gypsy's knowledge of the science of boxing seems to have died with him. Where are the boxers at the present time who can take an opponent's left lead and calmly pull it over their shoulder, then retaliate with the deadly right cross counter? 'Tis a blow never seen nowadays, that wicked right cross counter to the jaw. Yet, what an effective punch it would have been against, say Jack Johnson. Imagine the burly black pitted against Jem Mace at catch weights. The big negro would lead for the white man's head—his customary blow. Would Mace break ground? No. Up would go the right arm. The negro's glove would land on the forearm and with a twist of the arm and shoulder the blow would be deflected over Mace's right shoulder. Right inside the negro's lead Mace's right elbow would drop to the level of his shoulder. A barely perceptible push off from the right foot would follow sufficient, however, to put all Mace's weight behind the right counter to the jaw. The left hand at the same time would invariably find a billet on the body. How long would the big negro have been able to stand the "gaff"? A few rounds of old-time science and tactics would have been sufficient for big Jack.

In the art of straight punching Jem was a master. A left lead to the head had all his weight behind the blow. His right hand blows, too, carried weight. The reason was that the right foot was used as a lever to propel the body. The boxers of the present time who start a blow from the right foot are very few. Most of them hit from the waist. Bob Fitzsimmons was a fighter who had the straight punch as developed by the old masters, and Robert's hitting power was known to be terrific. As Fitzsimmons once said: "When I make a blow I spurn the earth with my right foot." The lessons of the old masters bore good fruit in Fitzsimmons.

QUEEN CITY YACHT CLUB.

At the annual meeting of the Queen City Yacht Club the report of the board of directors and financial statement showed the affairs of the company to be in first-class shape. Nearly all the stock was represented either in person or by proxy. The officers and directors elected for the ensuing year were:

President, T. A. E. World; vice-president, W. G. H. Ewing; secretary-treasurer, F. S. Knowland; directors, Edward Ball, Fred W. Jenkins, Joseph T. Lindsay, Charles W. Readman, Richard Slee and William D. Thomas.

During the year the mortgage was paid off and on Friday, May 30, a gigantic smoking concert will be held at the club house, to which every shareholder, member and ex-member are invited to celebrate the occasion. The committee in charge promise to make this one of the biggest events in the history of the club, so make a note of the date and come down.

GOOD SCORE FOR YORK.

LONDON, May 15.—Today's cricket scores included the following:

Warwickshire against Leicestershire scored 191 runs for 6 wickets, Charlesworth getting 92.

Yorkshire got 182 runs for 5 wickets against Gloucestershire, Hurst getting 54 and Drake, not out, 68.

Northampton against Surrey, got 125 runs for 6 wickets.

Cambridge University retired for 101 runs, Holloway taking five wickets for 55 runs, while Sussex rolled up 105 runs for 3.

DONIHEE

Toronto Lacrosse Club Star Said to Have Refused to Leave Cornwall—A Matter of Money.

Lacrosse Players Want Extra Money

CORNWALL, Ont., May 15.—Some of the D.L.A. magnates are having a hard time getting certain players to sign at the salaries which prevail this year and it looks as if said teams will have to get along as best they can without the services of these players. Mark Cummins went to Montreal to join the Irish-Canadians, but he has returned home again, not having signed up yet. Henry Donihee of last year's Torontos, is still at his home here. The edict is about to go forth, according to rumor, that unless the players who are holding out for more salaries sign up by Saturday they will be expelled. The time is getting short for dickering, as the D.L.A. opens a week from Saturday, with all four teams on the go, and a player still unsigned, even tho he changes his mind quickly, has less than a full week to get in shape for the opening. Last year the N.L.U. was the laughing stock of the D.L.A. from a salary point of view and the threat was made that the N.L.U. would be put out of business by the opposing body, who could pay such high salaries that all the N.L.U. players would be breaking their necks to get into the fold. The D.L.A. teams are trying to make up for what they lost last year by cutting salaries, but are finding out that the players do not propose to be the losers. Some interesting developments may be expected within the next day or two.

WESTERN GOLF RATINGS.

CHICAGO, May 15.—Ratings of approximately 950 golfers by the handicap committee of the Western Golf Association were made public today. Western amateur champion Charles Evans, jr., of the Edgewater Golf Club, is given the post of honor at scratch. Paul Hunter of the Midlothian Country Club and Warren K. Wood of Homewood Country Club are given one stroke. All are Chicago players.

Two former national champions, H. Chandler Egan, now of Medford, Oregon, and Robt. A. Gardner of Hinsdale, Ill., are in the two stroke list.

Among the players given three strokes are Eben M. Byers and Wm. C. Fownes, jr., of Pittsburg, both former national champions; George S. Lyon, of the Lambton Club, Toronto, Ont., who has won the Canadian title several times, and Harry G. Legg of Minneapolis, four times winner of the trans-Mississippi championship, get three strokes and are in company with Mason Phelps, twice holder of the western amateur championship.

AURORA TOWN BASEBALL LEAGUE IS ORGANIZED

Elaborate Ceremony For Opening of the Season on Saturday—Amateur Notes.

A town baseball league has been organized in the Town of Aurora, composed of teams representing the town and the various industries in the town. The following officers have been elected: Hon. president, T. Herbert Lennox, M.L.A.; president, J. M. Walton; vice-president, Mr. William Kew; secretary treasurer, Mr. W. P. Armstrong. The above mentioned officers, with two representatives from each team, comprise the management committee of the league. The season will be formally opened on Saturday next at 3 o'clock. Previous to the opening game between teams representing the T. Sisman Shoe Company and Underhills, Limited, T. Herbert Lennox, M.L.A., the honorary president of the league, will pitch, Mayor Baldwin of the town will catch, J. M. Walton, president of the league will bat, and Reeve Knowles of the town will umpire the first ball. The league will be pleased to hear from city teams with a view to the arrangement of games on any open dates.

The executive of the M.M.A. Baseball League met on Wednesday evening, May 14, 1913. Those present were as follows: Mr. Heath (Woodgreen), Mr. Giddin (Howard Park), Mr. Saunders (Westmoreland), Mr. Leigh (South Parkdale), and Mr. Woods (Metropolitan). In the course of the evening Mr. Woods was elected chairman and Mr. Heath secretary. The schedule of the M.M.A. League will be drawn up in a few days, and in the meantime a game has been arranged between Metropolitan and Westmoreland to be played at Exhibition Park on Saturday, May 17, at 4 p.m. This will count as a league game. On the 24th of May the following games will be played: Bathurst v. Woodgreen, and Howard Park v. South Parkdale.

The manager of the Riverdales baseball team of the Beaches League requests all players to turn out to practice tonight at 6 o'clock at Queen Alexandra school grounds, Broadview avenue, for their game with the Beaches Saturday at 3 o'clock.

Browns Easy For World's Champions

ST. LOUIS, May 15.—The Boston Red Sox batted Wellman and Adams all over the field today, winning from St. Louis by 15 to 4. Joe Wood was unsteady, passing six men. Boston scored four runs in the second. In the third Speaker's home run, a hit batsman, a single and two errors netted three more for Boston. In the sixth a base on balls, a single and Yerkes' home run counted three runs for the visitors. Boston bunched five singles with a base on balls and an error in the ninth for five more runs. Score:

LACROSSE GOSSIP.

Manager Beaton of the Ottawa Globes had twenty players out to their first practice last night and they expect to win the championship.

George Kennedy of the Irish Canadians threatens to suspend the Scott brothers unless they sign up soon. He takes the stand that they have been offered a reasonable salary and that is sufficient, he claims, to put them under the ban.

It is stated that Decarie, the star defence player on the Nationals last year, will train the Frenchmen this season. Decarie, unfortunately, met with an accident last winter which prevents him taking his usual place on the east end team.

The Globes of Ottawa are trying to get Roy Yeatman reinstated. He played part of one game with the Caps last summer.

REMARKABLE RECORD BY AUSTRALIAN CRICKETER

Victor Trumper Bats 201 For N. S. W. Against South Australia—Cricket Notes.

There appears to be some doubt that Victor Trumper will be among the Australian cricketers who visit Victoria, says The Daily Colonist, this month. A local cricketer has received a letter from the Philadelphia C.C. asking whether Trumper is coming, and indicating that if he is not, the Philadelphians may cancel their engagement with the tourists.

Australian newspapers recently to hand give long accounts of an innings of two hundred and one not out by Victor Trumper for New South Wales against South Australia, who have played so very well during the colonial season recently closed. What is more, this match at Sydney must have been a wonder as no fewer than 1570 runs were registered. In the second innings of South Australia they made four hundred and twelve, and yet were beaten by eighty-four. Trumper carried his bat for two hundred and one, that vivacious player, C. G. McCartney complied one hundred and twenty-five (being l.b.w. at this stage), Warren Bardsley hit ninety, and Clem Hill batted one hundred and thirty-eight and seventy-seven.

Victor Trumper is listed among the Australians who are to play a three-day match here the latter part of this month.

By this last innings of two hundred and one Trumper is now the holder of an unique record, in that he has scored ove rtwo hundred in an innings for one state, New South Wales, against every other member of the Commonwealth and New Zealand. He has hit two hundred and ninety-two not out against Tasmania, two hundred and fifty-three against New Zealand, two hundred and eight against Queensland, two hundred and thirty against Victoria, and two hundred and one not out against South Australia, all on the Sydney grounds, quite apart from three hundred not out against Sussex at Brighton, England, that marvelous two hundred and fourteen not out against South Africa at Adelaide, and two hundred and eighteen not out against the Transvaal at Johannesburg.

Such a series of scores is absolutely unique and it is small wonder that Victor Trumper has been given a benefit match during this season which has reached well over £2500. It is indeed something to be remembered when "Not Out," the brilliant cricket writer of The Referee, declares that this last two hundred and one in three hours and a half, with one difficult chance, was a long, soft beautiful melody. He even declares that Trumper in his sober days has opened fresh vistas of beauty in the art of which he stands as the unparalleled exemplar.

Quebec Cricket Club Look For Big Season

QUEBEC, May 15—At the annual meeting of the local cricket club the following officers were elected: Patron, Col. J. F. Turnbull; hon. president, The Very Rev. Dean Williams; hon. vice-presidents, Mr. William Price, Lieut.-Col. H. E. Burstall, Mr. R. H. Smith, Mr. J. F. Burstall, Hon. N. Garneau; president, Mr. Frank Holloway; vice-president, Lieut.-Col. Ernest F. Wurtele; captain, Mr. S. G. Newton; vice-captain, Mr. G. Ansell; secretary, Mr. A. J. Carpenter; treasurer, Mr. G. Dunn.

The report for the year showed a balance on the right side even after expenses incurred in getting out a pro from England. The latter proved very satisfactory and is likely to be available again this season.

Eleven matches were played last season and only one of these was lost. This was against the New York team, which had to work hard for its victory.

Pro. Soccer Teams Play on Saturday

Unless the weather man dispenses some more unwelcome features there will be a big crowd at Exhibition Park on Saturday afternoon when the two local pro soccer teams line up at 3 o'clock. Intense rivalry exists between these two teams and they are out to do or die as they both need the victory. The Queen Citys are extremely anxious to win as that will put them on even terms with their local rivals, while the Torontos are determined to still retain their position at the top of the heap.

Both teams are composed of the cream of the T. & D., with several outside players, and the Toronto public will have a chance to watch their favorites perform along with other stars and thereby get a chance to reckon up their real worth. Manager Hunter of the Queen Citys asserts that Georgie Campbell and his followers will find his team a tougher proposition than the peasoup boys and they will have to go the distance at top speed to win. Campbell is confident, however, and he relies on his players for the result. He believes that his team will startle some of the Toronto fans when they get going.

The grounds will be all marked out and the game will be run on lines as near the Old Country game as possible. The fair sex will be admitted free, so bring the ladies along and let them enjoy the fun. A general admission of twenty-five cents will be charged in future.

The Queen City team: McCracken, goal; Gillespie and Ogle, backs; Notcutt, Wright, McGregor, halves; Curran, Worral, right; Scott, centre; Walker and Phair, left; Dady, Atwood, Dalzell, spares. The selection is subject to change.

BIG ATHLETIC MEET ON VICTORIA DAY AT DRAYTON

DRAYTON, Ont., May 15.—The Drayton A.A.A. met tonight, the following officers being elected: President, Geo. M. Fox; vice-president, J. C. Hefkey; treasurer, G. O. Noecker; secretary, Dr. E. Flath. The following programme was arranged for Victoria Day, Saturday, May 24: Open, one mile, five miles, 100 yards, 220 yards, 440 yards, three-mile walk, hurdle, relay and pole vault. Open to North Wellington only—One mile, 100 yards, hurdle and relay. For programs and prize lists write the secretary, Dr. Flath.

GIVING AWAY LACROSSE.

CORNWALL, May 15.—The distribution of lacrosse sticks to the boys of Cornwall by P. J. Lalle, came off as scheduled at 4.15 p.m. today. The boys were given numbered tickets as they passed down the [illegible] stairs and the distribution took place in front of the store. Mr. S. J. Anderson, representative of the Midland Shoe Co. of Kingston, held a box containing duplicates of those given out and the drawing was done by Master MacGregor Nichol, son of Dr. Nichol. Several dozen lacrosses were given away.

The Preston Lacrosse Club has made arrangements for a double-header, to be played in Speed Park on May 24. The first game will be between the local juveniles and the Hespeler juveniles. The game of the day will be between the Canadian General Electric and the Preston Juniors. Both these games will be keenly contested, as the Hespeler and Preston juveniles are old rivals, and the two junior teams are strong in their class.

STOLEN LUMBER BOUGHT BY U. S.

And Now Canadian Government Is Seeking to Recover Its Value.

WASHINGTON, May 15. — (Can. Press.)—Whether the United States as the innocent receiver of stolen property is responsible for the value thereof is a question tha tthe international arbitral tribunal, which is passing upon British-American claims, was asked to decide today. The Canadian Government demands about $500, the value of 68,500 feet of lumber used in 1900 to construct the military barracks at Eagle City, Alaska.

Canada alleges that the United States bought this lumber from a man named Howard Mountain, who cut it from Canadian domain without a permit and without payment. He is alleged to have left the country later.

IMMIGRATION OFFICES TO BE AMALGAMATED

LONDON, May 15.—(C. A. P.)—One result of the visit of Premier Watt of Victoria to London is that arrangements have been parctically completed for the amalgamation of the New South Wales and Victorian immigration offices in London.

At present each of the six states has immigration offices of its own, and all have differing systems of encouraging settlers. The system of amalgamation will provide for an office under joint control of the New South Wales and Victorian governments. The first half of the expenses will be provided by a levy made on population. The basis for the second half of the levy will be made per head of immigrants secured.

FORMER OFFICIAL ACCUSED BY THAW

He Says Russill First Suggested Using Bribe to Get Liberty.

NEW YORK, May 15.—(Can. Press.)—Dr. John W. Russell, former superintendent of the Matteawan State Hospital for the Criminal Insane, first made the suggestion to Harry K. Thaw that he could be released by the payment of a large sum, Thaw testified today at the bribery trial of John N. Anhut here. Anhut, a young attorney, is charged with offering Dr. Russell a bribe of $20,000 for an order or certificate which would result in freeing Thaw from further confinement in the asylum.

Thaw, who was brought from Matteawan early today, was the first witness in the case. He was subjected to a rigid examination and was rigorously cross-examined by counsel for Anhut.

Thaw gave his testimony in a low voice, frequently being asked to repeat his answers that the jurors might hear. Objections of counsel for the defence that Thaw, legally insane, was not competent to testify, were overruled by the court, who, however, held that the testimony must be considered as that of an insane person.
