ELECTRIC LIGHT DEMANDED AT ONCE

Residents of York Township Are Tired of Delay, and Sent Letter to Council, Which Will Decide at Next Meeting Whether to Take Power From Hydro or T.E.L.

No action was taken at the meeting of the York Township Council yesterday in the matter of securing electric lighting for residents in the township. It is now over a year since demands for a system of electric lighting were first made to the township authorities. The long-continued inaction is the result of the doubt on the part of the councillors as to the comparative advantages of the Hydro-Electric and Toronto Electric Light offers.

The matter was brought to a head yesterday, when a petition was presented by Mark Maynard, a builder, signed by 300 property owners, who demand an electric service at once. Representatives of the Hydro and of the T. E. L. were present at the meeting and the situation was discussed fully.

Offers City Rates.

Parker Kemble, general sales manager of the T. E. L., offered on behalf of the company to supply light to customers in the township at city rates, the company to bear the whole cost of construction.

The Hydro-Electric Commission was represented by F. S. Yates, an assistant engineer. Mr. Yates stated that the commission was prepared to build high voltage lines wherever needed in the township and to fix the charges to the township, on the usual 30-year basis. The branch lines, carrying less than 220 volts, would be built at the expense of the township, also the transformers and meters. The whole cost of installing this system of public ownership would be met by the users of the power alone, and the cost to the individual would vary in inverse proportion to the number of residents using the power.

Decide Next Meeting.

In the opinion of the council the respective merits of the two propositions had not as yet been weighed thoroly and the final decision was left over to be dealt with at the next meeting, called for Tuesday, Sept. 3. In the meantime estimates will be prepared by the Hydro-Electric showing roughly how cheaply power can be supplied on the basis of double the number of customers who signed the petition, and what will be the probable final cost to each consumer.

Todmorden First.

If the township authorities decide to take advantage of the offer made by the Hydro, the system will be installed first in the Todmorden district. This would be the first contract to be made between the Hydro-Electric Commission and a township under the new act passed April last, and legal points are involved which may contribute to the delay.

Board of Health.

At the meeting of the York Township Board of Health a complaint was registered by John Mackay of Salmon-avenue against the nuisance caused by the presence of an offensive piggery on the property of James Tuscan on the same street. The sanitary inspector will visit the property and report at the next meeting.

Along the Lake Shore.

Engineer James denies that there is any foundation for the statements that the new Dolorway pavement along the Lake Shore-road from Humber Bay to Mimico Creek is not up to the specifications. He has frequently visited the works and found by actual tests that the thickness of the concrete is either seven inches or more. As to the efficiency of the supervising staff, he points out that two carloads of cement were returned as not being up to the standard.

Every bag of cement is checked and the mixing of the concrete tested at every one of his surprise visits. In no instance has there been any inferior material used, and the best answer to these frivolous complaints is that the McKnight Construction Co. have guaranteed the road for three years, he says.

Yesterday the second mile of Dolorway pavement along the Lake Shore was commenced, and, taking into account their acquired experience, the work should be nearing completion in a month's time.

Free Fight at Humber.

Seven young men, suffering from ennui, indulged in a free fight in the early hours of Monday morning on the Humber River Bridge. They are now calculating whether their excitement was dearly bought at the rate of $3 each, for that was the amount of the fine when up before the magistrate.

County Constable George Simpson, attracted by the revelry and shouts of combat, made a wholesale capture. The prisoners comprising: W. Reynolds, G. Sullivan, J. Lawrence, R. Findley, C. Barrett and T. O'Donohue.

In the melee Findley lost several teeth and his laconic style when explaining to the magistrate that there was no real ill-feeling among the combatants caused roars of laughter. Lawrence added to his testimony the reason why so much rowdism exists at the Humber. "The bar is the only form of amusement we have," said he. "We are not even allowed a poolroom. I am not exactly a heathen and no worse than the rest."

Merton Street.

The residents in the vicinity of the creek along Merton-street, North Toronto, state that, recognizing the difficulties of keeping a mud road in decent condition when it has to bear such heavy traffic and while sewers are being laid, they have refrained from open complaint. They quietly compare the street to a cross between a contractor's yard and a plowed field, but they do object to the offensive fumes from a heap of burning garbage on the south side of the street.

Maple.

An ice cream social and concert, by the Richmond Hill Band will be given by the Maple Epworth League on the Methodist Church lawn on Saturday, Aug. 24.

York Ratepayers Accept Challenge

Editor World: In regard to an item which appeared in your paper of Monday morning, Aug. 19, headed, "To Complain of New Road." We have read with much amusement the very sporty remarks of Mr. James' assistant in regard to wages offered. We as ratepayers respectfully beg to reply that we accept the challenge to measure the depth of the concrete surface and to pay for the cost of same if up to specification, viz., 7 inches thick in centre.

Ward Seven

While at work on Quebec-avenue, near Humberside-avenue, yesterday afternoon, an Italian laborer, whose name was unknown, had a narrow escape from being buried alive. The man was digging out the excavation for a drain when the side collapsed upon him, burying him to his neck in wet sand. Fortunately his fellow workmen saw the cave-in and extricated him as speedily as possible, and the man escaped with a rather severe bruising.

Constable Bogart of No. 9 police station has been appointed patrol sergeant at the exhibition temporary station.

All players of the Shamrock lacrosse team are requested by their manager, Bennie Law, to be on hand to-night at Lambton Athletic Grounds for the first practice in preparation for Saturday's game with Brampton. Manager Law expects the best game of the season in Brampton.

The Misses Edith, Vera and Grace Kirkwood of 130 Annette-street left yesterday to spend their vacation with their parents at their summer home at Point au Baril.

Dr. R. R. Hopkins of 172 Annette-street returns to-day from a six-weeks' trip to Southampton and Georgian Bay points.

Complaints are still coming in of the state of the roadbed on Annette-street, east of Keele-street. Last week it was the dust, now the mud is even more disagreeable to pedestrians.

FRIENDS MOURN DOUGLAS ADAMS

Prominent Banker of Port Perry, Who Died of Appendicitis, Left Large Circle of Friends.

PORT PERRY, Aug. 19.—(Special.)—The death on Thursday night from appendicitis after a month's illness of Mr. Douglas D. Adams of the private banking house of David J. and Douglas Adams is regretted by an extensive circle of friends, including Masons, of which order he had been an active member, having filled the master's chair with great acceptability for several terms. An operation by local physicians was too late to save his life. Mr. Adams was very popular among the business men of the community. Saturday afternoon during the funeral business was entirely suspended. The services were conducted by the former rector of the Church of the Ascension, Rev. R. W. Allen, now of All Saints, Whitby. There was a very large turnout of Masons, brethren attending from Toronto, Lindsay, Uxbridge and Whitby. The Masonic rites of burial were impressively performed at the grave. Mr. Adams was only 33, and had been married little more than a year. His widow survives, as also his mother, sister and brother. The bearers were fellow members of his lodge, Fidelity No. 428, A. F. & A. M., Bros. Herbert Parr, W. H. McCaw, Arthur J. Carnegie, Chas. C. Kellett, Howard Stone and W. S. Short. The mourners were Messrs. H. G. Hutchison, A. J. and John Davis, F. Howard Annes and Gerrie Burk. The floral tributes were most elaborate and beautiful.

Eglinton Concert.

The final open-air concert given by the North Toronto Citizens' Band was held last night on a vacant lot immediately north of the town hall, Eglinton. Conductor Dawson had about twenty-eight members under his leadership, and it was gratifying to see such a fine crowd of old and young after the heavy rainstorm. A varied program of music evoked many appreciative comments, and it is hoped that a number of indoor concerts will be given during the winter season.

ROBS DESERTED CASHIER'S CAGE

Then Returns $100 of $1000 Taken From D. & C. Navigation Offices in Toledo.

TOLEDO, O., Aug. 19.—Nearly $1000, mostly in currency and the rest in checks, was filched from the office of the Detroit and Cleveland Navigation Company offices here to-day in a bold daylight robbery. An hour later the robber returned $100 to the company thru a third person.

According to a statement made at the office of the company, T. A. Heaton, ticket agent, was making up his daily deposit when a poorly dressed stranger presented a ticket for some baggage, an errand on which he had been sent by another man, John McArthur, general agent of the company, was in another part of the building. No other employes were about. Leaving the money in sight on top of his desk in the ticket agent's cage, Heaton went to the baggage room, locking the door of the cage with a spring lock. During his absence the stranger went thru a rear door and crawled into the cage thru a small window in the rear. Heaton returned to the waiting room in time to see the stranger walk from the door of the cage. The man fled, pursued by Heaton, who soon lost sight of the fugitive.

An hour later the man who had employed the robber to get his baggage brought $100 to the company's office. He said that the man had run up to him at the corner where he had appointed him to bring the baggage. The thief had his hands stuffed with money.

The robber thrust the smaller bundle of money into the other man's hands, telling him that it belonged to the Navigation Co, and asking him to return it. Nonplussed, the man, whose name was not obtained by the Navigation Co., did not attempt to delay the other.

LONGER SEASON OF NAVIGATION

Government Hopes to Come to Terms With Insurance Companies for High Rates After Oct. 30.

OTTAWA, Aug. 18.—Hon. Robert Rogers was in Montreal on Saturday conferring with the marine insurance companies in an effort to secure an extension of the period in which insurance is granted to ships plying on the great lakes. The government is planning to do all in its power to extend the period of navigation a month later than in former years. The greatest difficulty in the way of this scheme is the reluctance or refusal of the marine insurance companies to insure steamers after Oct. 30. This is owing to the extreme danger to navigation, it having been found almost impossible in the past to prevent destruction of gas buoys by floating ice.

The government, however, hopes to arrive at some arrangement whereby for very high rates the insurance can be secured, and it is thought that should the fall season be reasonably open, it will be quite possible to successfully carry out the scheme and thereby considerably lessen the possibility of a recurrence of the blockade which resulted in so much loss last winter. Hon. Mr. Rogers is hopeful that a satisfactory arrangement will be arrived at.

C.P.R. ENTITLED TO A HEARING

Grand Trunk Official Says Opposition Company Should Be Heard on Union Station.

"The Grand Trunk Railway are prepared to start work on the new Union Station, but the Canadian Pacific Railway have asked for a hearing, and we can do nothing until they have had a hearing, and I think they are entitled to it. If the C. P. R. are to be part owners or tenants, it is only fair that they should have something to say about the plans and costs. As soon as they are satisfied, the work will go on."

This statement was made by Vice-President Kelly of the Grand Trunk when he was in Toronto yesterday. He passed thru here on a tour of inspection over the western division. He was of the opinion that the Grand Trunk Railway is powerless to make any progress with the plans for the new Union Station until a working agreement has been made with the C. P. R.

MOTORCYCLIST FOUND UNCONSCIOUS ON ROAD

GALT, Aug. 19.—(Special.)—While driving to Galt from Guelph yesterday morning, Peter Brown of Guelph found a man lying unconscious by the roadside, a mile and a half from Hespeler. He was apparently very badly hurt and efforts to revive him were unavailing. Mr. Brown took the injured man into his rig and raced his horse to the office of Dr. Lockhart, Hespeler, where an examination showed a broken hip and several crushed ribs. The man proved to be Chas. Raymond, Guelph, motorcyclist, who, out on a spin, came to grief. A motor car took him home, where he lies in a precarious condition.

HUDSON BAY RAILWAY.

NOTICE TO CONTRACTORS

SEALED TENDERS, addressed to the undersigned, and endorsed "Tender for construction of The Hudson Bay Railway," will be received at this office until 16 o'clock, Thursday, the 12th of September, 1912, for the section from Split Lake Junction to the Hudson Bay terminus.

Plans and profiles showing the character and extent of the work to be done, specifications and form of contract to be entered into and other information can be seen on and after Thursday, the 15th of August, at the office of the Chief Engineer of the Department of Railways and Canals, Ottawa, and at the office of the Chief Engineer of the Hudson Bay Railway, Winnipeg, at which places forms of tender may be obtained.

Separate tenders will be required covering the work enumerated on the schedule on the section from Split Lake Junction to Port Nelson, a distance of approximately 165 miles, and on the section from Split Lake Junction to Port Churchill, a distance of approximately 245 miles.

The successful tenderer will be required to sign a contract covering the work from Split Lake Junction to the offices of the Waterworks Branch, Department of Works, City Hall, Toronto.

A bond from a guarantee company, satisfactory to the Corporation, will be accepted in lieu of the personal securities provided for in the tender form.

The lowest or any tender not necessarily accepted.

Contractors are requested to bear in mind that tenders will not be considered unless made strictly in accordance with the printed forms, and in the case of firms, unless there are attached the actual signature, the nature of the occupation, and place of residence of each member of the firm.

An accepted bank cheque for the sum of $150,000.00, made payable to the order of the Minister of Railways and Canals, must accompany each tender, which sum will be forfeited if the party tendering declines entering into contract for the work, at the rates stated in the offer submitted.

The cheque thus sent in will be returned to the respective contractors whose tenders are not accepted.

The cheque of the successful tenderer will be held as security, or part security, for the due fulfilment of the contract to be entered into.

The lowest or any tender not necessarily accepted.

By order,
L. K. JONES,
Asst. Deputy Minister and Secretary.
