THE TORONTO MAN FAINTED.

A Recital of "The Irishman's Lament" Overcame Him.

AN INCIDENT IN HAMILTON

Which Proves That the Days of Eloquence are Not Past.

Mr. John Hood Tells Something of What Hotelkeepers Propose to Do in Regard to Liquor Licenses—Charity Concert a Great Success—Mr. John Charlton Talks to Endeavorers, and Scores Sunday Amusements, Cars and Newspapers—General News From the Ambitious City

Hamilton, Feb. 18.—(Special.)—Those who hold to the idea that the age of eloquence has gone forever, and that there will never be another Sheridan, a Webster or a Booth, are apt to wake up some morning and find themselves completely in the wrong. The latest rebuttal of this nature comes from Hamilton. Last night a prominent merchant of Toronto, whose name will not be disclosed, dropped into the Royal Hotel to see a business friend of his. The friend was entertaining two of the actors of the "Jim the Penman" Company, D. Bunta and J. Dixon, and the arrival of the Toronto man completed the jolly circle. The little party talked of the last comic opera and the differences between American and Canadian audiences, and then the Toronto man told an Irish story, picked up during his visit to his home in the Emerald Isle a year ago. Then one of the actors took a hand, and, pushing back his chair, recited the "Irishman's Lament." The simple, touching tale, told with a rare skill, proved too much for the enchanted Torontonian, and he fainted in his chair. Water was thrown in his face, and the two actors and their host helped him upstairs to bed. The incident is refreshingly convincing to those who believe in the XIXth century, and the facts can be vouched for.

WHAT MR. JOHN HOOD SAYS.

John Hood, the popular proprietor of the Tifft House, Buffalo, and President of the Fort Erie Jockey Club, was at the Royal to-day on a brief business visit. Speaking to The World of its interview with a prominent hotelkeeper who advocated a graduated scale of liquor licenses, Mr. Hood said that a movement was on foot in Buffalo to give hotel privileges to no house with less than 30 rooms and accommodation at all hours. Mr. Hood has organized an association, made up of a membership of 12 hotels, with regular constitution and bylaws, whose object is to promote and protect the business interests of Buffalo hotels, bring deputations and society gatherings to town, and in fact work day and night for the interests of the city. Hotel employes will get more protection, and the members of the association will be notified of deadbeats. "The scheme is needed in Canada, too," remarked Mr. Hood, "and it would advertise its resources to the outside world."

THE CHARITY CONCERT.

The charity concert which has been eagerly looked for ever since the program was announced, was held to-night at the Grand Opera House. The affair was given under the auspices of the charitable organizations of the city, with Mayor Colquhoun as chairman of committee, and proved in every way successful. The overture, "Precious," by the clever band of the 13th Regiment, was excellently rendered, after which Messrs. Matheson, Gray, Fotherringham and Henderson won all hearts with their Scotch reel. The solos of the evening were, of course, "Charity," by Mrs. Frank Mackelcan, and Mrs. Caldwell's "Gypsy Girl," and the audience showed their appreciation by the applause they gave each of the gifted singers. "The Deathless Army," by Mr. H. Morton, and the "Flight of Ages," by E. T. Martin, were wel lreceived, as was also the Hamilton Glee Club's rendering of "Comrades in Arms." Little May MacNichol and Master G. Henderson and T. Campbell gave a clever exhibition of Scotch dancing, Mr. E. Pearce, accompanist, and Piper Alex MacGregor played with excellent effect throughout.

MR. CHARLTON LECTURES.

A monster meeting of the Christian Endeavorers now gathered in the city was addressed by Mr. Charlton, M.P., at the first Methodist Church this evening on the subject of "Christian Citizenship." Its attainment, the speaker showed, was by adherence to the decalogue with its five spiritual and five human sides. Of the latter the two of greatest importance were those relating to marriage and the observance of Sunday rest. The Sunday excursion, the opening of the Sunday museum, art gallery and library were enemies to this cause, and so was the Sunday newspaper. The speaker characterized the last as the social demon and anti-Christ of America, full of scandal and froth and hostile to all that is solid in literature. As a consequence not one paper in ten in the United States but was a disgrace to journalism. Mr. Charlton ended his address, which was applauded throughout, by an exhortation to fight the enemies of civil rights to the bitter end. Mr. William Cooper was chairman of the evening, and excellent music was contributed by the city choirs.

CHILD HURT BY TROLLEY.

The little daughter of J. Pedler, Hilton-street, while crossing the street, was run into by a car, and after being caried for some distance was thrown off bruised and bleeding. Her father feels deeply aggrieved with the company, and says he will bring suit against it.

LAMB IN THE CELLS.

J. Lamb, the young fellow who was let off on suspended sentence this week for stealing Dundas chickens, was arrested by Detectives Bleakley and Coulter this afternoon on the charge of stealing a set of harness from the stable of a Carlisle farmer. Lamb is at No. 2 police cells.

TWO LITTLE FIRES.

The Fire Brigade had a sharp spin to 325 Queen-street this afternoon to put out a blaze in a carpenter shop there. The building, which was of wood, was consumed with the tools in it, but the fire was prevented from spreading.

The reels had another run at 11 to-night to the Ontario Cotton Mills, situated between McNab and James-streets. The John-street Station used their chemical hose to good effect and had the flames out before they reached the inflammable material. Cause unknown.

GENERAL NEWS NOTES.

The second annual convention of the County and City Christian Endeavor Union opened this morning at the First Methodist Church. The Endeavorers mustered 250 strong, and after devotional services, led by Rev. Dr. Tovell, listened to the papers read. Among those who took part were: Revs. W. R. Smith, S. J. Kelly, Dr. Abraham, W. H. Watson, ex-Ald. Morris, etc.

The Public Library is now provided with improved seating arrangements, and the magazines and papers are already in greater demand.

In addressing the Young People's Society of Lake Church, Barton, on Wednesday evening a group of boys at the back of the room cheered the speaker. Rev. J. Van Wyck, before he got through his sentences. Mr. Van Wyck retorted that it was an insult, and a vote had to be taken before he was himself again.

Young Walker, the burglar of four houses, was sent down to Kingston for three years this morning by Magistrate Jelfs. Much sympathy was felt for the prisoner's mother, who sobbed pitifully in court.

DOWN AT THE CITY HALL.

The City Called to Time in Connection With the New Drill Hall—That Labor Bureau.

The Board of Control was besieged yesterday afternoon by Col. Mason of the Grenadiers, Col. Denison of G.G.B.G., Col. Davidson of the 48th and Major Delamere of the Q.O.R. They came to request that the Board urge the Government to carry out and complete the Armouries according to the agreement entered into between the city and the Government. They claimed that the barracks for the artillery and cavalry had not been completed as agreed upon. The deputation claimed that at present the Armouries was altogether too small to accommodate the different corps.

Mayor Fleming said that he had already done something towards having that done and promised that the board would take up the question at once and communicate with the Minister of Militia, with a view of having the work completed.

A MONUMENT TO SIMCOE.

D. B. Read and E. M. Morphy, representing the York Pioneers, asked for a grant of $2000 towards the erection of a monument to Lord Simcoe, the first Governor of Upper Canada. The Ontario Government has promised $2000 and a site near the Parliament Buildings in Queen's Park.

The Mayor suggested that the question of a grant be left over until the fund was in better shape and then perhaps the Council would do something. When the estimates were being considered there is no doubt but the board would recommend that $1000 be set apart for that purpose. This was satisfactory to the deputation. Ald. Lamb, who is a Pioneer, supported the grant strongly.

PEDDLERS AND THEIR MONEY.

During the time the suit was in progress between the city and the peddlers, 22 men took out a license at $20 each, the remainder of the peddlers got off with $2. Joseph Pocock urged that $18 be refunded to those who took out a license. On motion of Ald. Leslie, the refund was recommended to Council. Although this is illegal, the board considered the money was morally due these men.

Discussion on Major Carlaw's letter was deferred until some future time.

A FINE REMITTED.

Some time ago Lena Rosenberg was fined $10 and costs by Magistrate Miller for buying a horse weight for three cents from a boy, she not having taken out a second-hand dealer's license. The board decided to remit the fine. Ald. Leslie said the detectives might as well turn whiskey informers at once as stoop to catch poor people breaking the law, by the aid of small boys.

Elizabeth Picken and Emma Cooper own 186 and 188 Shaw-street. The houses are supplied by water through a meter. Last April the water bill amounted to $129. The houses are small and rent for $5 per month. This enormous bill was caused by an unknown leak. It was decided to remit the amount.

The request of Harry Gilby and George J. Adamson for an increase in salary on account of the extra work imposed on them, by having the taxes paid at the Hall, was referred until the consideration of the estimates. The Mayor remarked that the applicants were both excellent clerks. He hinted that some of the officials in the Hall would have their salaries reduced, as there was a general feeling that the men who are doing the best work are not getting the money.

THE LABOR BUREAU.

When the question of the Labor Bureau came up Ald. Leslie donned his "roasting" clothes, and walked into the affections of his fellow-members. His ire was raised by the proposition of Ald. Lamb, who suggested that the bureau be established in a vacant lot at Richmond and Jarvis-streets, and that a box on wheels be used as an office.

Ald. Leslie said it would be a contemptible thing and a disgrace to the city to keep the unemployed standing around in the mud and cold, while waiting for work. He suggested that St. Andrew's Hall be used.

Ald. Lamb said the whole scheme would prove a failure.

The question of a location and the appointment of an officer was deferred. Ex-Ald. Small, who is an applicant for the position, was at the Hall waiting for the verdict. It is thought Mr. Small will not get the appointment. W. H. Fitzgerald of Commissioner Coatsworth's office will likely get the position.

CARE OF FIRE HALLS.

The Mayor suggested that the fire halls be transferred to the Fire and Light Committee and that in future the firemen be instructed to keep the firehalls in repair themselves, such as painting, carpentering, paper-hanging, etc. He wished to send it on to the Council as a recommendation.

Ald. Leslie thought the Fire and Light Committee should be consulted.

The Mayor objected to this, as it would establish a bad precedent, that, whenever the board wished to do anything, or make a change, it would have to send all over town to get the opinions of different people. The Mayor carried his point by the use of his double vote. Ald. Lamb supporting him.

The amount of allowance to be made civic employes during sickness was discussed, but nothing will be decided until the next meeting of the board. Ald. Lamb suggested that half pay be allowed in case of sickness, and full pay in case of injury received while in the discharge of duty, for a period of three months. This to apply to firemen, police and all others.

The recommendation of the Works Committee for a gravel pavement on Parliament-street, Gerrard-street to Queen-street, was referred back to the Engineer, with instructions to recommend the pavement on the initiative, and that the time for payment be extended to three years.

James Mason were appointed to carry out the arrangements. Yesterday morning the painting from the bust of Mr. Dickson Patterson was hung in the board room. The picture is an admirable one of Sir Frank Smith, the artist having caught his natural position and expression perfectly. The picture is about two and a half by three feet, and has been placed in a costly frame.

Row Over a Patent.

Frederick Bullock, 311 Queen-street west, James Hill, 681 Queen-street west, and Andrew Murray, 119 Queen-east, have been on bad terms for some time. They are all weavers. Bullock patented an invention for making a rag carpet. He claims that the other two were infringing on his patent, and commenced suit against them. On Wednesday, Hill and Murray visited Bullock. A row followed and the police say the two men were pounding Bullock properly. They were in Police Court yesterday and were remanded until Monday.

A Popular German Citizen.

Well-Known in Hamilton for the Past 40 Years—What He Has to Say About Kidney Trouble.

Mr. George Schumacher, 98 McNabb-street north, Hamilton, Ont., well known in business circle in Hamilton during the past 40 years as a skilful cabinet maker, an adept at such delicate work as repairing billiard tables, etc., gave the following account of his rescue from the clutches of sciatica through the use of Doan's Kidney Pills.

Said Mr. Schumacher: "For a number of years prior to May last I have had sciatica in my left hip, at times so bad as to incapacitate me from working. The pain extended down my left leg and across my back just above the hips. I was so sore that I could not bear the weight of my body, and so stiff that it was only with a painful effort I managed to walk.

"I have doctored a great deal for my complaint, and derived but little benefit. Last May Mr. Macon, a friend of mine, advised me to try Doan's Kidney Pills as they had helped him wonderfully. I therefore got a box of the pills from Spackman's drug store, No. 1 Market Square. After taking them for four days I commenced to get better and thenceforward my improvement was rapid. I have had no pain or difficulty in getting around all summer and my health generally is better than it has been for a long time. I took just two boxes, and I assure you that they proved a great remedy for me. Should I ever become afflicted with the terrible pains of sciatica again I shall very promptly resort to the use of this marvelous medicine. (Signed) George Schumacher, Hamilton, Ont."
