A Fairyland Of Furs.....

Quality may be bought at a reasonable price, but it is never offered for sale on the bargain counter.—Dineen.

We've been experimenting: We have imported from Paris some rare stoles and muffs in Royal Ermine, Mole Skin, Russian Sable and combinations of these furs of such finish, quality and fashion that they are positively unique to Canada. That's the experiment—we want to see if Toronto ladies wish to have such fashions as are worn by the exclusively elite of Paris.

Our show rooms are today a fairyland of Furs. We want you to call and walk through and get an idea of what is new and proper in the kingdom of fashions.

PUBLIC AMUSEMENTS.

At Shea's Theatre next week Mahon's Watermelon Girls, an act new here, will be a head-liner. One scene in particular shown is that of an old time Mississippi River boat, with the moon shining overhead, coming down that famous river under a full head of steam with her cabins filled with passengers. The whole act is one that has earned a wide popularity. Among others next week will also be the great Everard.

James W. Morrissey, who will be remembered in Toronto as the manager who introduced to Toronto Emma Abbott, Lillian Russell, Mlle. Rhea and Fanny Davenport, and also Charles Wyndham, is at the Queen's in the interest of Madame Adelina Patti (the Baroness Cederstrom), who is to give her positively last farewell concert at Massey Music Hall on Thursday evening, Dec. 3. The same suite of apartments occupied at the Queen's ten years ago have been reserved for the Baroness and Baron.

"The Jolly Grass Widows" will please the crowds at the Star Theatre during the week beginning Monday matinee, Nov. 9. The chief feature of the program is a two-act musical farce styled "One Night and Gone," with the first scene a fashionable hotel and the second the gun-deck of a man-of-war. Both scenes are staged in magnificent fashion, while a host of handsome women weave in and out of the action of the play, the newest songs are sung and the brightest jokes are told. The roster of the company includes a large array of prominent entertainers, among them Joseph E. Howard, song-writer and comedian; Nat Fields, the bulky German jester; Alex. Carr, the noted Jewish humorist; Guy Ragson, Irish fun-maker; Marie Theresa, California singer; May Hilliard, soubret; Ruth Everett, "the mechanical doll"; Butler and Montrose, novelty dancers, and the San Francisco Four.

When James A. Herne wrote his play of "Hearts of Oak" it was said by many that he was ahead of the times. In the face of fierce opposition, the author upset all stage traditions. He gave to the stage "real" men, women and children. He used no makeshift and stage properties where it was possible to present the genuine article. "Hearts of Oak" will be seen at the Majestic Theatre next week, commencing with a matinee Monday. During the week a matinee will be given every day. The prices will be the popular scale.

Al. H. Wilson, the popular German comedian and singer, will open a week's engagement in "The Prince of Tatters" at the Grand with a matinee on Monday, the King's birthday. Among the new songs introduced are "The Jolly Rover," "The Winding of the Yarn," "Schnitzelbank," "Whispering Breeze," "Memory" and "My Old Pipe." The usual matinees will be given.

The plan for the Creatore concerts on Wednesday and Thursday of next week opens at Massey Hall this morning. There promises to be a very large demand for seats.

Sale of Horses at Grand's.

The sale of trotters, pacers and drivers at Grand's Repository yesterday was well attended, many prominent horsemen of the province being present. Prices were not high for the quality of stock offered. Looking Glass, the ice king of Canada, which was on the list to be sold, was withdrawn with a bid of $650 on him. Among the best-known horses sold were: Tombstone, 2:29 1-2, $187.50; Recorder, $145; Maud, $155; Vic Brino, $172.50; Prince Michael, 2:34 3-4, $117.50. About 20 other horses were sold at figures ranging from $125 to $200.

Memorial Window.

The second of the series of windows which, it is hoped, will in course of time illustrate the descent of the church in Canada from the Day of Pentecost, has now been placed in position at St. James' Cathedral. Its subject is the conversion of St. Paul. The inscription is: "To the glory of God, and in memory of Augusta Anne Strachan, born 1825, died 1900, who during her whole life worshipped God in this church and served Him in this parish, this window is given by many of her friends and fellow-worshippers."

CITY CATTLE MARKET.

Receipts of live stock at the City Market were 94 cars, 1310 cattle, 2348 sheep and lambs, 2326 hogs and 67 calves.

The quality of fat cattle was generally speaking only medium, there being several loads of eastern feeders and stockers, which, altho not as interior as they are sometimes, were not good, but common.

The best load offered as exporters, which averaged 1220 lbs. each, were sold for short-keep feeders at $4.15 per cwt.

The butchers' cattle, which were nearly all common class, sold at easier prices. The few good to choice cattle held their own as regards prices fairly well. But the market for fat cattle was dull and slow, drovers in many instances finding it difficult to cash their cattle at any prices, let alone making any money.

The market for feeders was dull, on account of several of the heavy dealers having confined their purchases.

The run of stockers was greater than the demand, and, with the exception of a few lots of choice breeding, sold at lower quotations, as will be seen by the many sales given below.

Milch cows and springers sold the best of all, the demand being greater than the supply. About 20 were offered and sold at $32 to $70 each.

The market for veal calves remained steady at prices quoted.

Deliveries of sheep and lambs were large, which had the effect of causing the market to be slow and dull, with easier quotations.

The run of hogs was again large, 2326, which were bought by Mr. Harris at unchanged quotations, $5.40 for selects and $5.15 for lights and fats.

The market closed weak, with prospects for lower prices.

Montreal, Nov. 5.—About 350 head of cattle, 50 calves and 500 sheep and lambs were offered for sale at the East End Abattoir to-day. The snow and rain helped to make a dull market more dull, and the butchers, having bought about all the cattle they required yesterday, very few sales of cattle were made to-day, and the highest price paid was 3½c per lb. for ordinary medium cattle. A good many of the common cattle will be held over for next week's market. Two of the best calves on the market to-day will be sold for $14, and from that down to about $3 each for "bobs." Most of the buyers did not want to pay over ten cents for cheese, but it is reported that nearly all was sold on the street at 10¼c, and Fraser for T. S. Williamson, was the heaviest buyer. There were eight buyers present, Mellac, McGregor, Wegar, Fraser, Pitt, Denning, Welsh and Bennett.

WHAT IT MEANS.

Sydney, Nov. 5.—The opening of three mines by the Dominion Coal Company will mean an increase of 50 per cent. in the number of Dominion Coal Company collieries. Manager Donkin estimates that the output should be increased by 40 per cent. This is no doubt a conservative estimate, and there seems no reason to doubt that the next two or three years will see the company's output run up to the 5,000,000 ton mark. It would seem, therefore, that the Cape Breton boom is by no means at an end, as the opening of the new mines will mean a corresponding increase of miners and laborers; a growth in shipping and transportation facilities, and the probable formation of three new mining settlements of equal extent to that at Dominion No. 2.

CIDER AT $4 A QUART.

Chicago, Nov. 5.—A restaurant which caters to first-class trade has been selling for $4 a quart "champagne" manufactured on the north side for 20 cents a gallon. A cider-press, carbonic acid gas and counterfeit labels accomplished the work. The "champagne" man was formerly manager for a French wine company. The restaurateur was offered 1000 gallons at 20 cents a gallon, and it is said he succumbed to the tempter, and sold much of it to his patrons at $2 a pint.

LEFT $39,620.

JUST WHAT SAMUEL WANTS THE FREEDOM OF PANAMA

Now the Canal Project Can Go Thru Without Attempts at Blackmail.

New York Sun: The swift progress of the revolutionary movement in Panama denotes a state of public opinion there which will not tolerate the further subjection of the Isthmus' interests to the blackmailing policy of Bogota.

The Colombian government forfeited something more than the friendly regard of the United States when it tried to turn an unexampled opportunity into extortionate profit. It threw away, likewise, all claim to the respect and loyalty of a state which has been intermittently attached to the Colombian system by somewhat loose political bonds. If there was ever a time when the people of a state were warranted in morals in assuming the mastery of their own destinies, that right belongs to-day to the State of Panama.

Events are marching rapidly in that part of the hemisphere. It is only five days since the Colombian Congress adjourned, having contemptuously rejected the liberal terms of the agreement previously negotiated with this government, and having indicated its disposition to levy blackmail to the amount of $10,000,000 on the French company and to the amount of $20,000,000 on the United States, besides the yearly rental of the canal strip. On Monday the withdrawal of Minister Beaupre from Bogota was announced as a mark of our own government's displeasure.

Late Tuesday night an independent republic was proclaimed at Panama, and in expectation of trouble American naval vessels were ordered to the Isthmus, both on the Atlantic side and on the Pacific. Yesterday Colombia began coercive operations by throwing shells into Panama from a gunboat in the harbor. By direction from Washington the Bogota party was promptly warned that the bombardment of that unfortified town must stop, both on account of ordinary reasons of humanity and because of the danger to the terminal property of the railroad which it is one of the duties of Washington to protect. The Administration is preparing for the full performance of this government's functions under the treaty of 1846.

If fighting continues on the Isthmus, the course of the United States government is clearly marked by treaty obligations and by practical precedents. If Panama establishes and maintains her independence, our obligation to safeguard free transit from sea to sea becomes an obligation due to the new Republic of Panama, whose sovereignty succeeds in that territory the sovereignty of the Republic of Colombia, just as the sovereignty of Colombia replaced in 1863 that of the original party to the convention, the Republic of New Granada.

Our guarantee to Colombia of the perfect neutrality of transit and of the rights of sovereignty and property applies to attack from without, not to successful revolution within the Isthmian territory. The responsibility continues altho the style of the protected government changes again. It has already changed once since the treaty was written. It is not part of the duty of the United States to suppress this revolution or to conquer Panama and hand her back to the blackmailers at Bogota.

POLITICAL NOTES.

Ward One Conservative Association will meet next Tuesday, Nov. 10, at 8 p.m., in Dingman's Hall, East Queen-street and Broadview-avenue. The annual election of officers will take place at this meeting.

Before Justice Osler at Osgoode Hall yesterday morning a motion was made for an order setting the dates of election trials in the three norths, North Grey, North Perth and North Norfolk. The matter was adjourned.

The petition against T. L. Thompson in North Grey in the Dominion House will be tried at Owen Sound on Saturday, Nov. 14, before Justice MacMahon, and the protest against George Grant in North Ontario will be tried at Whitby on the same date before Justice Street.

The annual meeting of Ward Three Conservatives will be held in St. George's Hall on Monday evening next.

The convention of the Liberal party for the south riding of Wellington will be held in the City Hall, Guelph, on Saturday next. The convention is called for the purpose of nominating a candidate for the next Dominion elections. This will be the first convention held under the new division of the county, whereby Wellington is given two members instead of three, as formerly.

The North Toronto Liberal Club met last night in Cumberland Hall. The subject of debate was "Chamberlainism," which was introduced by Henry Dickenson. He said the proposed 5 per cent. duty on foreign wheat would mean on the present output of Canadian wheat at least $8,000,000, which he regarded as a substantial preference. The proposed tax on foreign meats and dairy products he thought would give fresh impetus to Canadian products, and altogether the proposals were viewed in a favorable light. Others who spoke were Messrs. Donaldson, Brown, Livingstone, Dr. Ferguson and Thompson. The election of officers resulted as follows: President, Daniel Rose; first vice-president, John Donaldson; second vice-president, R. Hickenson; third vice-president, Charles A. Staunton; secretary, M. A. Brown; treasurer, D. W. Livingstone; executive, F. C. Wilson, Kenneth MacKenzie, R. Hutchinson, A. C. Thompson, H. Dickenson and J. D. Bannerman.

Dennis Murphy, M.L.A. for Ottawa, who was in Toronto yesterday, said he had it from reliable sources that there would be another session of the Dominion parliament before the general election. As to Ontario affairs North Renfrew would surely return a supporter of Mr. Whitney, he said. The feeling against the Ross government was growing stronger every day and there was nothing surer than Mr. Dunlop would carry the constituency.

William F. McCreary, M.P. for Selkirk, went to Ottawa last night. He has been in Scranton, Pa., and New York since the session ended.

Politicus.
