THE SCIENCE OF CURLING.

Manitoba Would Increase It by Elimination of Large Circle.

Winnipeg, Nov. 30.—The annual meeting of the Manitoba Branch of the Royal Caledonian Curling Club was a notable gathering in many respects, and particularly as regards the large number of delegates present from the outside clubs. The retiring president, George E. Bryan, made reference to the necessity for increased rink accommodation if the bonspiel should again be pulled off successfully, and in a reasonable time. The date for the commencing of the bonspiel was set for Feb. 10, with the semi-annual meeting for the previous evening.

In accordance with a previous notice of motion, W. H. Rourke brought up the matter of reducing the size of the outside ring on the curling ice from 14 feet to 12. This provoked a rather interesting discussion in which both sides of the question received full argument. The general consensus of opinion was that by reducing the size of the head, the game of curling would not be affected to any extent, but the science would rather be increased, while in many of the rinks there would be extra sheets of ice available.

The motion was passed with the understanding that it would not be compulsory for it to go into effect this year.

The election of officers resulted in the following:

Patron—Mark Fortune; president, Dr. Glassford, of the Thistle Club; first vice-president, J. A. Rochon, Fort William Club; second vice-president, C. M. Griggs, Moulin Rouge; secretary-treasurer, J. P. Robertson; chaplain, Rev. J. W. Madonald, of St. Andrew's Church, Winnipeg. Executive Council—R. C. Irving, R. D. Waugh, W. H. Rourke, Thomas Black, W. P. Payne, and W. L. Dr. Shoop's Rheumatic Cure

Costs Nothing if it Fails.

Any honest person who suffers from Rheumatism is welcome to this offer. For years I searched everywhere to find a specific for Rheumatism. For nearly 20 years I worked to this end. At last, in Germany, my search was rewarded. I found a costly chemical that did not disappoint me as other Rheumatic prescriptions had disappointed physicians everywhere.

I do not mean that Dr. Shoop's Rheumatic Cure can turn bony joints into flesh again. That is impossible. But it will drive from the blood the poison that causes pain and swelling, and then that is the end of Rheumatism. I know this so well that I will furnish for a full month my Rheumatic Cure on trial. I cannot cure all cases within a month. It would be unreasonable to expect that. But most cases will yield within 30 days. This trial treatment will convince you that Dr. Shoop's Rheumatic Cure is a power against Rheumatism—a potent force against disease that is irresistible.

My offer is made to convince you of my faith. My faith is but the outcome of experience—of actual knowledge. I know what it can do. And I know this so well that I will furnish my remedy on trial. Simply write me a postal for my book on Rheumatism. I will then arrange with a druggist in your vicinity so that you can secure six bottles of Dr. Shoop's Rheumatic Cure to make the test. You may take it a full month on trial. If it succeeds the cost to you is $5.50. If it fails the loss is mine and mine alone. It will be left entirely to you. I mean that exactly. If you say the trial is not satisfactory I don't expect a penny from you.

I have no samples. Any mere sample that can affect chronic Rheumatism must be drugged to the verge of danger. I use no such drugs for it is dangerous to take them. You must get the disease out of the blood. My remedy does that even in the most difficult, obstinate cases. It has cured the oldest cases that I ever met, and in all of my experience, in all of my 2000 tests, I never found another remedy that would cure one chronic case in ten.

Write me and I will send you the book. Try my remedy for a month, for it can't harm you anyway. If it fails the loss is mine.

Address, Dr. Shoop, Box 21, Racine, Wis.

Mild cases not chronic are often cured by one or two bottles. At all druggists.

Buffalo's Worry.

The following from The Courier shows how some horsemen are worrying over the expected clash of racing dates:

It is said that Hamilton, Ont., will buck against Kenilworth Park, Buffalo, and give a June running meeting. Well, let 'em fight, us trotting horsemen don't keer. We're all going down to Tonawanda, where Col. Billy McGrady will "rein" triumphantly at the half-mile track.

More Records for Dan Patch.

Macon, Ga., Nov. 30.—To-day in the face of a cold and driving rain and a temperature of 47 degrees, Dan Patch broke two world's pacing records. To a high-wheel sulky he lowered Direct's record of 2.08 to 2.04¾. Twenty-five minutes later, to the usual track sulky, he went two miles in 4.11, lowering Nervola's record of 4.19 by two seconds flat.

Intermediate Too Slow for Prescott.

Prescott, Ont., Nov. 30.—The annual meeting of the Prescott Hockey Club was held this evening in the Council Chamber, and was the most enthusiastic in the history of the club. Prescott found the intermediates last season too slow and decided to enter the Senior O.H.A., and feels confident it can make the group. Mr. J. B. White was appointed delegate to Saturday's meeting. The finances of the club are in excellent condition, and a fair balance to start with, thanks to the unifying efforts of resigning President W. P. McCarthy. Dr Reid, J. P. Wiser, E. F. Wiser, G. T. Howard, D. J. McCarthy, J. Dubrule, jr., F. Bennett, F. B. Benjamin, George Reid, patrons; J. B. White, president; B. C. Hughes, vice-president; J. D. Mills, secretary; F. E. Evanson, treasurer; Wm. McAskin, manager; Executive Committee, A. M. Halliday, W. F. Stott and E. McNally. The colors are orange and black, the same as last year. The players are determined to go to the cup win. Last season they had only one defeat and this year will have none, or there will be some warm hockey. Prescott Seniors prefer being grouped with Cornwall, Morrisburg, Iroquois and Aberdeens. The juniors, winners of the St. Lawrence League, hold their meeting in a few days and are considering the advisability of entering the Intermediate O.H.A., providing other nearby towns do so.

S. Johnson will be the skipper for the team. This will be the first of a series of four home and homes games.

Swimming.

The third of the Central Y.M.C.A. swimming contests will be held on Wednesday, Dec. 2, this being the last contest before the annual tournament on New Year's morning. The competition is expected to be very keen, as all the men are trying to get into shape. The events:

St. Georges for Port Hope.

The St. Georges have completed arrangements for their trip to Port Hope on Christmas Day. They will take their strongest senior team to the town that Colonsay holds so dear, and a great game is expected. It will be Port Hope's opening game and the new rink should be well filled, as two teams like Port Hope and the St. Georges will make a game that is well worth seeing.

Basketball.

The City Senior League Basketball game this evening at Central Y. M. C. A. between the Central Gymnasium team and the School of Practical Science five promises to be a fast one. The contest will commence at 9.30.

Football Kicks.

The Toronto Scots' Seniors will hold a meeting at the Crown Hotel, 75 Bay-street, this evening at 7.45 sharp. All please attend.

The Alerts of the Toronto Junior League defeated the Alps in an exhibition game by the score of two to one. It was a fast game. The Alps were much heavier than the Alerts. In spite of all the Alerts pulled thru to victory. The Alerts would like to arrange a game with the Gutta Percha Rubber Co. for Saturday. Apply to James Dalzell, 15 Thompson-street.

The Junior Scots played the fast Gutta Percha Rubber Co. team an exhibition game of football on Saturday afternoon, the score ending a tie. For the Rubberite, Dowling (Varsity), at full back, and Charles Holmes (Scots' Inter), in goal, saved time and time again, while Bert Bongard and Art. Hodden did well on the forward line. For the Scots it would be unfair to single out anyone person as having played better than another, as all did well, the combination work of the whole forward line being at times exceptionally brilliant, while Ledger, Beatty and Gordon as half backs were unpassable. The Scots will play Shamrocks a double-header on Saturday next.

Champion Young Corbett and Eddie Hanlon, the California featherweight, will meet in the ring at Frisco on the night of December 29. Final conditions for the match were arranged last week, when the principals got together and signed articles.

Hockey Teams at Practice.

Practice was continued yesterday in the Mutual-street rink.

The Marlboros had a good workout, Philps, the speedy eastern player, was in uniform for the first time and upheld his reputation. He will be a very strong acquisition to the Marlboro forward line. The other senior men on the ice were Birmingham, C. Earls, Ferguson, Bert Brown, Tod Reid and H. Anderson. Geroux was in goal. Brennan Miller, Atkinson and Daymond of Fenelon Falls were also out. To-night both teams will hold an extra practice from 10 to 11 and all players are requested to be on hand. The K. George's had another good practice last night, when 28 men were in uniform. They were sent out two teams at a time. The seniors and juniors played a practice game and lined up as follows:

Goal, Nesmith; no'nt, McDougal; cover-point, Irving; forwards, Hynes, Gillies, Young and Webster.

Goal, J. B. McArthur; point, Perram; cover, Moody; forwards, Burley, J. Carmichael, L. Carmichael and "Duke" Cotton.

The fearture of this tabulation is that it shows the serious casualties particularly were confined to the untrained players. No member of any of the first-class elevens was killed or permanently disabled. One Yale player and one Harvard player suffered a broken leg.

No player in any of the teams of the "Big Nine" in the west was injured to any hurt worse than a wrenched shoulder, a bruised head, a sprained knee, or a turned ankle.

In consequence of the injuries sustained by their players several of the minor schools have forbidden the game of football. Two towns, Columbus Junction, Pa., and Greenfield, Ohio, have stopped the game as the result of petitions circulated by parents.

Two Drowned While Skating.

Syracuse, Nov. 30.—George H. Clark, aged 17, and Charles Stewart, aged 12, sons of well-to-do people, were drowned in the Jamesville Reservoir to-day. Stewart with a companion of the same age was skating when the ice broke. Clark, who was on the bank, jumped in and saved one boy, but became exhausted before reaching the shore with Stewart, and both perished.

ARE YOU PLAGUED WITH POOR DIGESTION?

Don't Suffer Any Longer—Follow the Advice of Others Whose Experience Proves That Ferrozone Cures Permanently Indigestion and Dyspepsia.

Mr. Louis Meehan, familiar to everyone in his native city of Peterboro, writes: "About three years ago I had La Grippe, which left me in a run-down condition. My stomach got out of order, and I suffered considerably from indigestion and dyspepsia. I was only able to eat a few things, and had a craving for acid foods. I had to give up treating with doctors, because they didn't help me. On the advice of a friend, I used Ferrozone, which not only cured my dyspepsia and biliousness, but built up my strength. I can recommend Ferrozone, as an ideal remedy for the digestion."

DENTS DEFEAT ST. MICHAELS.

Play Arts on Wednesday—Final for Mulock Cup.

The Dents have entered the finals for the Mulock Cup. At Varsity Athletic Field yesterday they defeated St. Michael's College by a score of 16 to 15. It was a very close game and the Dents owe their victory to an excellent run made by Tappin. He started at centre, ran clean around the St. Michael's end and hurdled their back, scoring a touchdown. The Dents and Arts play the final game for the Mulock trophy on Wednesday. The teams lined up as follows:

Dents (16): Back, McDonald; halves, Elliott, Lappin and Brown; quarter, Kenny; centre, Kelly; wings, Reid, New, Hamilton, Watson, Steel and Hogan.

St. Michael's (15): Back, Foster; halves, Dooley, Casey (captain) and W. Cogswell; quarter, F. Cogswell; centre, Davin; wings, McAuley, Egan, Nixon, Boyle, Burns and McMinnemee.

Football Casualty List.

Chicago, Nov. 30.—Nineteen lives were lost on the football field during the season of 1903. One boy was seventeen passed from injuries. Thirteen players were severely injured, some of them being disabled for life. The number of minor but painful accidents goes into the hundreds, and the list of the severely injured necessarily also is incomplete.

The feature of this tabulation is that it shows the serious casualties particularly were confined to the untrained players. No member of any of the first-class elevens was killed or permanently disabled. One Yale player and one Harvard player suffered a broken leg.

No player in any of the teams of the "Big Nine" in the west was injured to any hurt worse than a wrenched shoulder, a bruised head, a sprained knee, or a turned ankle.

In consequence of the injuries sustained by their players several of the minor schools have forbidden the game of football. Two towns, Columbus Junction, Pa., and Greenfield, Ohio, have stopped the game as the result of petitions circulated by parents.

LOVE OF KING AND COUNTRY

Continued From Page 1.

joyed the splendid repast, for only the night before he had emerged from the bush and felt the need of a stimulant for his overstrained system. This was the first time he had enjoyed the hospitality of the Toronto society, but the Scotchmen of Canada were so numerous and their hospitality so great that it had been hard for him to choose with whom he should enjoy the pleasures of St. Andrew's Day. However, he had enjoyed the haggis, and was glad he had been able to be with them. They had many things to be proud of, and in his travels thruout the world he had invariably found the Scot at the top of the tree. The keen blood of the Highlandmen, the dour sense of the Lowlander and the book learning of the Borderer had combined to form an irresistible force. The history of Scotland was very stirring. It was a country of hills and glens which inspired the people with a spirit that fails in a country of plains. But it was not only the country but its history that had brought forth so many heroes from a small and poor people, comparatively. Scotland had always held her own and never had been conquered; she had preserved not only her independence, but her individuality. She had sent out great men, historians, warriors and poets, and they had gone far to honor in forming the history of the country.

His Honor the Lieutenant-Governor said he would have felt much more at ease if he had been allowed to come in and greet his friends as of old. He was embarrassed at being the recipient of so much honor, but was proud to think that he was the first native of Scotland to enjoy his position. He dwelt upon the characters of the citizens of the different parts of Scotland and illuminated a scholarly address with numerous stories of Scotch humor which he related in inimitable style. The Lieutenant-Governor closed with a beautiful selection of Scottish poetry and received very enthusiastic plaudits.

Army and Navy Forever.

The next toast was the Army, Navy and Volunteers, to which Col. Otter was first asked to respond. He was sensible of the honor done him, as he had had much experience of the British army in recent years and could testify to the bravery, endurance and good humor of Tommy Atkins. He had noticed recently the growth of a strong national feeling in Canada. They had something to fight for and were going to fight for it. If this were to be lasting, it was necessary to encourage the militia of the country, which he was glad to say was being done. The grant made by the Dominion parliament was being put in with the idea for the militia had the country been invaded. The country, and wit hopportunity and encouragement, the militia would prove itself equal to any call made by the country.

Commander Law responded on behalf of the Navy, for the support of which he said there was nothing being done in Canada compared with other countries. Even Newfoundland was paying a large sum for the creation of a naval reserve,
