RIDEAU FARM JERSEYS

Producers has been our aim. A few Bull calves for sale. One specially good youngster, 19 months old, ready for service. A good one. $50 takes him. No fancy prices but quick sales is our motto.

RIDEAU FARM
Cumming's Bridge, Ont.

the small stocks in existence here unsold, which are in very strong hands, and are not being offered at all freely. The prices quoted range from 11½c to 12c a lb., according to quality and make. It is impossible to say just what quantity remains to be sold as it is spread around in various hands, but af any rate the quantity is small, much smaller than at this time last year. Advices both from Great Britain and from New Zealand are encouraging and indicate a winter season of high prices. The low prices of the past summer have tended to increase the consumption of cheese in England, and stocks of Canadian and home made cheese are being rapidly depleted and as the make of cheese in New Zealand will not as expected show an increase over last year, it is very likely that there will be barely enough cheese to supply the increased demand this winter. There is a good demand this week for immediate shipment and several thousands of boxes are being shipped forward on the steamers sailing from St. John and Portland.

The butter market is firm on held goods, which are quoted at from 25½c to 26c for choicest Junes and Septembers, but there is a slow demand for the offerings of fresh butter which are rather heavy. Dealers find them slow to move and prices have been reduced somewhat to help the sale. Good fresh made creamery can be bought at 24½c to 25c a lb. There is a good demand from the West and something like 10 cars have been shipped to the Coast this week.

GOSSIP

"STADACONA" STUD AND HERDS

We wish to call the attention of Farm and Dairy readers to the advertisement of Mr. Gus. A. Langelier, of "Stadacona Farm," Cap Rouge, Que., in this issue. This property has been purchased by the Federal Government for an experimental farm. The splendid lot of Clydesdales, Ayrshires and Yorkshires are to be disposed of at an early date by private sale. Already the Clydesdale mares have been sold, a number of the Ayrshires and a few of the brood sows. There still remains, however, the aged Clydesdale stallion "Gartly Edward," 16125 (Imp.) foaled May 12, 1904. This horse is a splendid type of a Clydesdale and has been a great prize winner. There are several young stallions of one and two years sired by this horse and from good dams.

About 20 Ayrshires are for sale, among them the noted bull, "Morton Mains Penryn," (Imp.) 26563. We hear it is the intention to keep a herd of French-Canadian cattle at this farm in future and only one breed will be kept. A large number of young Yorkshire pigs are offered. All this stock must be sold within a few weeks, and is being offered at reduced prices.

ZORA LODGE HOLSTEINS

Mr. G. Bollert, Zora Lodge Farm, Tavistock, Ont., is establishing a herd of choice Holstein cattle on the fertile soil of Oxford Co. He is a son of F. Bollert, Cassel, Ont., of Holstein fame, and like his father has a natural liking for Holstein cattle. Being a student under his father when those 14,000 cows were bred, gives him a chance that not many have and bespeaks for him success.

The farm, Zora Lodge, was purchased in 1909, and the present herd established. The buildings are not up to date but time will rectify this. The soil is a rich clay loam and thoroughly underdrained.

Among the animals worthy of mention is Maple Grove Minnie, a two year old of great promise, and her mother and daughter. She is in the yearly record of performance and promises to make a fine record. Maple Grove Laura, whose dam won first prize at Guelph last year, giving 86 lbs. a day, is another of the herd. Nellie Dewdrop is a handsome, smooth cow of the correct type, and one that will be heard from later. The females are all carrying calves to Tidy Abbekerk De Kol whose dam made 27.32 lbs. butter in 7 days. We noticed also four fine young bulls, whose breeding cannot be beaten and good enough to make herd headers. These are offered for sale at reasonable prices.

To accommodate increased exhibits at the Eastern Live Stock and Poultry Show, Ottawa, January 15-20, an addition has been made to the Howick Pavilion. The new building is 125 x 40 feet. The fair buildings will now accommodate 125 horses, 200 cattle, 200 sheep, 200 hogs and 4,000 fowls. All interested in live stock should visit this show.

CRUMB'S IMPROVED WARRINER STANCHION
