RESIGNATION OF MR. H. O. EAMAN

Secretary of Y. M. C. A. Boys' Department Decides to Leave London Work.

Mr. Howard O. Eaman has tendered his resignation as secretary of the boys' department of the Y. M. C. A., and in the course of the next month will take up junior work elsewhere. The principal reason for Mr. Eaman

Mr. Howard O. Eaman

leaving London is a desire on his part to secure a place where he can confine himself entirely to the junior department, instead of assisting in other branches, as he is called upon to do here. Mr. Eaman is now corresponding with Mr. E. M. Robinson, of New York, international boys' secretary, and expects to have another charge shortly.

Mr. Eaman came to London from Ottawa in September, 1903, and became very popular among the juniors, who have heard of his resignation with regret.

TALKED LOUD AND LOOKED WICKED

Young Man's Quarrel With Lee Kin Over Laundry Check Cost the Youth $5.

A row over a laundry check terminated in police court proceedings this morning. Two Celestials and a young laborer named Joseph Anderson were the interested parties. The Chinamen claimed that Anderson assaulted one of them, and the magistrate took their story in preference to that of the accused man, and fined the latter $5.

Lee Kin, who keeps a shop on Dundas street east, laid the information and told his story of how the dispute had occurred. Anderson came into the store on Saturday night and asked for his laundry. He did not bring a check and Lee Kin refused to let him have the clothes. Then Anderson jumped on the counter and "talk belly bad word and bang fist on counter." He was ordered out, and instead of complying with the order he struck Lee in the eye marking him so that he still had the scratch when he came into court. After this he had turned and run out of the shop.

The next witness called was Wong Que, partner of the man who laid the charge. He could not speak English, and so the court consented to Lee Kin acting as interpreter. The Chinaman practically told the same story, and even corroborated his fellow-countryman in the statement that he had heard Anderson swear.

"How would he know Anderson was swearing if he could not understand English?" asked the magistrate.

Lee Kin put the question in Chinese, and a minute after replied that Wong had heard him talk loud and look wicked and he knew that he was swearing.

Anderson was called upon to give his story, and he stated that he was struck first, and had been chased out of the store by the two Chinamen with chairs in their hands. He could get witnesses to prove his statements, he said.

The magistrate thought that the story of the two Celestials was the most credible, so he found Anderson guilty and fined him as stated.

Richard Johnson was up on two charges. The first, that of being drunk and disorderly, was laid by a policeman, and to it Johnson pleaded not guilty, being remanded for a week. The second charge was laid by Johnson's wife, who took the witness box and stated that her husband had been drunk since Friday night, and that he had come home and behaved in a brutal manner. First he had slapped her in the face, and then struck her on the head and neck with a heavy stick used in wringing clothes. He had also thrown a bottle at her; then, with a small axe in his hand, he had chased his eldest daughter out of the house and nailed the door. He had threatened to kill witness before the day was over, stating that he would cut her head off. Mrs. Johnson thought that her husband knew what he was doing, but that he had an uncontrollable temper.

Johnson was found guilty, having no defense to make, and was remanded for a week for sentence.

Two drunks were discharged, and another sent down for a week.

CLOSING HOURS OF THE CAMPAIGN

Mr. G. C. Gibbons, K.C., Defends G. T. P. at Listowel.

MR. BORDEN'S COLD RECEPTION

Nova Scotia Conservatives Indifferent—Closing Meetings in the West—Situation in the Lambtons.

Listowel, Oct. 31. — Mr. G. C. Gibbons, K. C., of London, was the principal speaker at a great demonstration in the Liberal interests here this evening, and his thoroughly plain speaking and businesslike explanation of the Grand Trunk Pacific project was thoroughly satisfactory. His address was a telling argument against government handling of an enterprise demanding experts, and he made quite a hit in his remark that if the road would not pay there would be Government ownership for sure. The road had to be built; if we did not build east and west other people would build one north and south, and the biggest and richest part of our country would be lost to us forever. Mr. Gibbons' speech was courteous and convincing, and was well received. He was preceded by the chairman, Mr. J. N. Hay, president of the association; Messrs. George Bray, B. A., secretary, and J. R. Macdonald, of Stratford, who made excellent speeches in favor of the Government of Sir Wilfrid Laurier. The meeting closed with cheers for his majesty, for the Premier and for the candidate, Mr. J. P. Mabee, K. C., a man of cabinet rank, whose success is assured.

Frost for Borden.

Antigonish, N. S., Oct. 31. — Mr. R. L. Borden passed through from Halifax for Sydney today. On the arrival of the train he alighted to greet his friends. This constituency was represented by the late Sir John Thompson when Premier of Canada, yet there was not a cheer, nor a greeting, nor a Godspeed. This is a sample of the lack of enthusiasm manifested towards a Conservative chief and leader that Liberals respect as much as Conservatives.

Le Journal Sued.

Montreal, Oct. 31. — Mr. Robert Bickerdike, Liberal candidate in the St. Lawrence division of Montreal, has entered suit against Le Journal for $10,000. In today's issue Le Journal charges him with having used his influence at the harbor board to have the contract for the inspection of the permanent sheds material given to the Canadian Inspection Company, although that company were the highest tenderers. The article adds that Mr. Bickerdike's son, Mr. F. A. C. Bickerdike, and his son-in-law, Mr. Percy C. Ryan, are both members of this company, and it asks the electors whether under these circumstances he is a fit person to represent them in Parliament. Le Journal further defies Mr. Bickerdike to deny the fact that he used his influence as above-mentioned.

Mr. Thomas S. Griffiths, president of the company, has made an affidavit to the effect that neither of the persons mentioned is in any way connected with the concern, and that Le Journal's charge is absolutely false.

Backs the Government.

Montreal, Oct. 31. — (G. N. W. Press Dispatch). — It was announced at the board of trade today that James Caruthers bet $1,000 to $500 of Senator Forget's that the Liberals will win the election.

In the West.

Winnipeg, Oct. 31. — Many closing meetings in the election campaign were held throughout the west tonight. At Brandon, Mr. Sifton addressed a large meeting, to which he had invited Mr. R. L. Richardson, his opponent. Premier Roblin spoke at Rat Portage for the Conservatives, and Premier Haultain and Walter Scott crossed swords at Moose Jaw.

Campaign in Lambtons.

Sarnia, Oct. 31. — The friends of Dr. Johnston, ex-M. P., continue confident of his re-election. A number of meetings in his behalf have been largely attended, and, although the supporters of Mr. James Clancy have been equally active, there is every reason to predict Dr. Johnston's return by a safe majority, despite the addition by redistribution of the Conservative townships of Dawn and Sombra.

Mr. John Cowan, K. C., the Liberal candidate in East Lambton, is putting up a splendid fight, and has thrown himself into the contest with an amount of energy that has thoroughly inspired the Liberal workers. The election of Mr. Cowan by a good majority would be a forgone conclusion but for the uncertainty as to how the oil section, Enniskillen and Petrolea, will go. Mr. Armstrong's majority of 550 over Mr. Charles Jenkins at last winter's bye-election cannot be taken as a criterion, as oil producers generally are now satisfied with the Liberals' position on the oil question.

Are You Doing All You Can For Your Boy?

Haven't you been thinking for some time you ought to get something for your boy? He don't look well nor sleep well nor eat right. He often complains of feeling tired and out of sorts, his face is flushed and skin hot. Sometimes he is sick at the stomach, wants to vomit, has headache and often is feverish. Perhaps you feel that way yourself. If you do, you have dyspepsia and catarrh of the stomach. This may be your boy's case. Don't neglect your boy any longer. Don't let him suffer and grow thin and lose his bright, boyish ways, and right now take care of your own health. Let father and son as well as mother and the girls use Smith's Triple Cure at once. This great remedy makes rich, red blood, drives out catarrh, cures dyspepsia and gives life and energy to tired nerves. Smith's Triple Cure will bring you around all right. You don't need to employ a doctor, for Smith's Triple Cure will do all that a doctor can do, and more. It strikes right the first time. It goes right to work making pure, rich blood and toning up the nerves, stomach and digestive organs. Smith's Triple Cure is a positive cure for all forms of catarrh, dyspepsia and blood troubles. Every package contains four separate preparations, a grand new system, price only 50 cents a full two weeks' treatment, the greatest value for the money ever offered. If your druggist won't supply you, send us 25 two-cent stamps and we will promptly send it postpaid and guarantee safe delivery. Address W. F. Smith Co., 185 St. James St., Montreal.

CHINESE IMMIGRATION

The $500 Poll Tax Proves Successful in Excluding Them.

Ottawa, Oct. 31. — The act imposing $500 upon every Chinaman entering Canada has had a prohibitive effect. Since January 1 not a single Celestial has come to this country, with the exception of two, who escaped from steamships. In each of these cases, however, the steamship company had to pay the poll tax of $500. The exclusion of Chinamen has deprived the Province of British Columbia of a handsome revenue. Last year British Columbia received $225,000, and the year before $258,000 from the poll tax.

MORLEY AT TORONTO

Speaks On Home Rule, Preference and Imperial Unity.

Toronto, Nov. 1.—Right Hon. John Morley entertained as large an audience as could crowd into the dining-room at McConkey's yesterday, when, as guest of the Canadian Club, he gave a short address strongly tinctured with Liberalism and Home Rule.

Mr. Morley is not a particularly fluent speaker, but he has a pleasing manner and a genial under-current of humor.

He emphasized the supreme duty of Canadians to attend to the peaceful development of this country, and avoid becoming entangled in the troubles of the old world.

He hoped within the next three or four months to see three general elections, one in this country, one across the border and one at home. He was assured that the first two were foregone conclusions, and he was almost prepared to say that the third was also. (Applause.)

He compared the French-Canadians to the Irish, and suggested how different would have been the results if the British Government had pursued the same generous policy with Ireland as had been accorded to French Canada. He touched briefly on the preferential tariff, and intimated his belief that the mother country was not to be weaned away from her free trade principles.

Referring to the Home Rule question, he pointed out that the measure of relief accorded in the Irish land bill did not solve the Home Rule question.

He urged that there were no two opinions about the preservation of imperial union. The whole difference was, would that be best preserved by free relations or artificial and mechanical bonds?

"NANNIE" LEITER TO WED

Lord Curzon's Sister-in-Law May Marry an Argyll.

London, Nov. 1. — Miss Nancy Leiter, Lady Curzon's youngest sister, hurried with their mother thousands of miles across land and sea to arrive here before, as they dreaded, Lady Curzon should breathe her last.

The Viceroine of India will recover soon, unless her learned physicians are all mistaken.

There is to be, probably, even a happier denouement of Miss Nancy's home voyage.

It is rumored here that she will marry Capt. Colin Campbell before Lord Curzon and his wife return to India. Miss "Nannie" as her mother and sisters call the charming youngest member of the family, met Capt. Campbell in India, where she, Miss Daisy Leiter and their mother graced the durbar, where the native princes, in glittering pomp, received the announcement that Edward VII. had succeeded as their monarch, which was the most glorious pageant of any age.

In India Miss Nannie and her sister, Miss Daisy Leiter, were during the winter the guests, of course, of their sister at Government House, or at Simla in the summer season. Both unmarried "Leiter girls" became famous as horsewomen and at Delhi both took brave parts in a boar hunt.

Agra, Benares and Lucknow were visited by these young women, who won admirers wherever they went.

There were repeated reports that Miss Daisy was engaged to marry the Earl of Suffolk, and that Miss Nancy had rejected the proposal of Capt. Colin Campbel, a son of the House of Argyll, whose present head married Princess Louise, Queen Victoria's daughter. It was reported, too, that Mrs. Leiter opposed the match until Lady Curzon won her over.

CESARINI ESCAPES

Famous Cutthroat Returns to France to Terrorize People.

Toulon, Nov. 1. — The announcement that Cesarini, the famous Corsican brigand, has succeeded in escaping from New Caledonia, and has secretly returned to France, has caused the greatest excitement in this city, where the bandit has committed most of his crimes. The police authorities have already arranged a special service, with the object of recapturing the desperate brigand, who has recently been seen near this city.

In 1900, having returned from the colonies and found his betrothed had married another man, he resolved to revenge himself on Dr. Barnier, her father, who had consented to the marriage. Three times in succession he succeeded in gaining access to the doctor's residence, and on each occasion, he stabbed him repeatedly with a knife.

Escaping the police, he took to the woods near the city, and for a long time he was the terror of the neighborhood. Escaping from Guiana after his arrest, he came here again and killed the man who had caused his capture, and was at last arrested again and sent to New Caledonia, from where he has just escaped again.

A Hallowe'en Tragedy.

Chicago, Nov. 1.—As a climax for a hallowe'en prank, William Sears, 33 years old, was mistaken for a thief early today and was shot in the back and instantly killed by Policeman Nicholas Smith. Sears and Frank McKune, while carrying a basket were ordered by the policeman to halt. They paid no heed to him. After repeated calls Smith fired and Sears fell, while his companion disappeared down the alley.

British soldiers are provided with boiled water for drinking. The water is first clarified by a kind of rough filtration through charcoal containing a certain amount of potassium permanganate and then "sterilized" either by filtration or by heat, after which it is distributed to the troops by means of water carts reserved for "safe" water only.

The value of artificial and chemical fertilizers annually used in Italy is estimated at $8,250,000.

RUSSIAN FLEET SAILS FROM VIGO

Garrison at Gibraltar Receives Significant Order.

PROTEST BALFOUR'S WORDS

Russia Refuses Invitation of Britain to Send a Representative to the Hull Inquiry.

Gibraltar, Nov. 1. — It is reported that the garrison is being held in readiness to take up its appointed positions on the Rock at a moment's notice.

Russian Fleet Sails.

London, Nov. 1. — A dispatch from Vigo says the Russian fleet sailed from here at 9 o'clock this morning.

London, Oct. 31.—Foreign Secretary Lansdowne and Count Benckendorff, the Russian ambassador, further discussed the composition of the international commission, which will inquire into the North Sea incident. Subsequently there was a meeting of the cabinet. It is understood that Ambassador Benckendorff complained of Premier Balfour's attack on Vice-Admiral Rojestvensky during his speech at Southampton, Friday. The foreign secretary, however, declined to consider the matter, as not coming within his province. Mr. Balfour had an hour's audience with King Edward.

The convention being arranged between Great Britain and Russia with the view of the establishment of an international commission to investigate the facts in the North Sea incident was the principal subject of discussion by the ministry, the precedure, scope and powers, and especially the action to be taken on the findings of the commission being carefully considered. But it is hoped the convention will be signed within the briefest period. Delegates representing Great Britain and Russia will argue their respective cases before the commission, producing the necessary witnesses, who will be liable to cross-examination.

The foreign office stated this evening that the Anglo-Russian negotiations were proceeding quite satisfactorily. The personnel, date and place of meeting of the international commission are under discussion, but nothing has been definitely decided.

The Russian Inquiry.

St. Petersburg, Oct. 31, 6:40 p.m. — Russia has declined to send a representative to the English inquiry at Hull, and has also decided not to hold a Russian inquiry at Vigo. The admiralty formally states that only seven torpedo boats, not eight, as reported, were with the Russian squadron, and adds that they have all been accounted for. Nothing is known here of the report that the Russian warships fired on and hit each other or of the report that the hand of a priest on board the Russian flagship had to be amputated. The admiralty claims that Rojestvensky can prove that all his torpedo boats were 50 to 100 miles ahead of the squadron when the North Sea incident occurred. There is more disposition now at the admiralty than within the past few days to suspend judgment until all the facts are established by the commission.

Vigo, Spain, Oct. 31.—Two Russian officers left Vigo for Madrid today. Presumably they are conveying detailed reports of the North Sea incident, and will confer with the Russian ambassador to Spain. Three Russian officers have also gone to Paris with official reports. Admiral Rojestvensky is busily engaged in getting up a digest of evidence in the North Sea incident. The Russian officers here expect the squadron to remain at Vigo fifteen days.

The ships will keep naval drills, making short trips along the coast of Galicia, engaging in target firing and practicing signaling at night.

Berlin, Oct. 31.—The German Government has presented to Russia a request from the owner of the German fishing vessel Sonntag, recently fired on by ships belonging to the Russian Pacific squadron for indemnity as the result of damage to his nets and loss of time.
