ADVERTISER GIRLS IN A GOOD WORK

Took Part in Entertainment on S. S. Empress of Ireland for Sailors' Home.

The programme of an entertainment given on board the Empress of Ireland on July 8, in which the ladies of the European Travel Club took part, has been received by The Advertiser.

Sir Frederick Borden presided, and the funds were devoted to the Liverpool Seamen's Orphan Institution.

Miss Vera B. Hewer gave a recitation; Miss Anderson, of Wyoming, sang "Damon," Miss Katie McLaughlin sang "Good-bye," and Miss Edna Calhoun rendered a solo in excellent voice.

The Advertiser ladies were tendered a vote of thanks and were highly complimented on their musical abilities.

The programme was:

Programme of Entertainment.

In aid of the Liverpool Seamen's Orphan Institution, on board R. M. S. "Empress of Ireland," Thursday, July 8, 1909 at 8:45 p.m., Sir Frederick Borden, K.C.M.G., chairman.

Part I.

Pianoforte solo ....Mrs. Edwin Gray
Duet ..Messrs. E. B. and P. B. Zeisler
Song—"Silent Noon" .....
.....Miss Faith Gray
Recitation ..... Miss Vera B. Hewer
Song—(selected) Major F. W. Schofield
Song—"Damon" ..... Miss Anderson

Part II.

Song—"Good-Bye" .....
..... Miss Katherine McLaughlin
Song—(selected) ..... Miss Calhoun
Humorous song—"Killiecrankie" ...
..... H. Tunstall
Song—"Somerset Folk Songs".....
..... Miss Faith Gray
Song—"A Border Ballad".....
..... Mr. G. A. Gates
"National Anthems."
Accompanist ..... Mrs. Edwin Gray

CANADIAN APPLES HAVE GOOD CHANCE

There Is Likely To Be a Shortage in the English Apple Crop.

Ottawa, Aug. 7.—While Canadian exporters of hay to Newfoundland are holding their own, advices to the trade and commerce department from the Canadian trade agent in Newfoundland state that the imports from the United States are decreasing. The hay harvest in that colony is described as excellent.

The Canadian commercial agent at Leeds, in a report to the trade and commerce department, tells of experiments which are being carried on by Professor Biffin, of the British department of agriculture, with the object of improving the milling quality of British-grown wheat. Canadian red Fife wheat is being used in the experiments, and Professor Biffin hopes to combine the milling qualities of the Canadian wheat with the growing qualities of the British article. He expects by his experiments to increase the value of wheat from 2 to 5 shillings on every eight bushels.

The Leeds agent reports that there is likely to be a considerable shortage in the English apple crop.

WALTER BLYTHE IS WELL AND CHEERFUL

Doesn't Seem Depressed as He Waits for Death or Commutation of His Sentence.

Toronto, Aug. 6.—Rumor had it this morning that Mr. T. C. Robinette, K.C., had received a message from Ottawa that conveyed some bad news for Walter Blythe, the condemned murderer, now lying in the jail awaiting the result of the appeal in his case, that is to be tried on September 20.

"Not a word of truth in it," said Mr. Robinette when seen by a reporter this morning.

"I don't expect to hear from the Government until the minister of justice returns," continued he. "The case is to be reheard before the court of appeal about the middle of September, and I am busy collecting evidence now. The longer I work in this case the more hopeful I am of being successful in gaining my point."

"Have you seen Blythe lately?" asked the reporter.

"Yes. I was down there yesterday, and he was looking extremely well, and seems to be feeling cheerful and happy. He is very hopeful, too, but, of course, does not say much about it."

ANDERSON PLEADS GUILTY

Admits Getting Money by Fraudulently Marked Checks.

Toronto, Aug. 6.—Through his solicitor, T. C. Robinette, K.C., in this morning's police court, John A. G. Anderson, the former Bank of Montreal ledger keeper, who got money by forged and also by fraudulently-marked checks, pleaded guilty and was remanded for a week.

The charge against Anderson was the passing of two worthless checks on the T. Eaton Company, one for $75 and the other for $50. Anderson admitted that these charges were correct, and also told Detective Murray of passing checks at other places. It is likely that when Anderson appears next week there will be several more charges against him. Anderson's father and brother from Newcastle were in court, and it was rumored that full restitution would be made to all whom the youth defrauded.

MYSTERIOUS ILLNESS.

Chatham, Aug. 7.—Miss Delia Haule, a young girl from Dover, was stricken with a mysterious malady here yesterday. It appears to be a poisoning case, although the doctors are not quite certain as to its nature. She may not recover.

PLENTY OF TIME.

Toronto, Aug. 6.—Sir James Whitney has issued a reply to those critics who complain that no time is given would-be buyers of timber berths an opportunity to inspect these berths, owing to the short interval between advertising and sale, Sir James says the timber limits have been carefully surveyed by Government officials, and every information for purchasers can easily be had.

M'CURDY AEROPLANE MAY GO TO ENGLAND

If Baddeck No. 1 Is Successful She Will Be Taken Across Atlantic.

Petawawa Camp, Ont., Aug. 7.—Should the Baddeck No. 1 prove successful in her trials here, it is probable, according to Mr. J. A. D. McCurdy that she will be taken to England. He did not say whether the British war office would witness demonstrations.

Mr. Baldwin, who has not been in camp since the accident, was over yesterday afternoon and made a hasty examination of the machine, and was highly pleased with it.

Col. Morrison, of Ottawa, on behalf of the Canadian Artillery Association, placed their bungalow at the disposal of the newspaper reporters.

Asked if the Government was contributing to the expense of the trials, Mr. McCurdy replied: "None whatever, the finances all come from private sources."

Military experts will arrive on Tuesday from Ottawa, Kingston, Toronto and Montreal, and will be in attendance at the official tests.

It is rumored that Lieut. G. E. Perrin will be the government's observer.

FRENCH TO BREAK LOOSE FROM ORDER

Will Establish a Separate Wing of the Catholic Order of Foresters.

Montreal, Aug. 7.—A project which has been quite frankly discussed among the members of the Catholic Order of Foresters during the convention which closed here last night, and seems to be regarded in many quarters as an inevitable and not undesirable arrangement, would separate the French-speaking Canadian element from the rest of the order and establish them as a separate organization.

The movement is a result of the question of the proposed increase in rates. That this increase was not effective is ascribed very largely to the strong opposition of the Canadians, and particularly of the French-speaking element, from this Province. It is thought that the next convention will be held in an American city, and will bring about the increase in rates, and this will have the effect of bringing the division to a head.

The new order will take over all the branches of the old in the French settlements in the New England States, as well as in Ontario.

AUBE IS MISSING

Important Witness in Montreal Civil Inquiry Can't Be Found.

Montreal, Aug. 7.—Francois Xavier Aube, the contractor, who was one of the star witnesses before the royal commission, and who, it is understood, was to have been heard when the commission resumed its hearings on Tuesday next, is missing. Aube's name figured prominently in the inquiry on the erection of No. 12 and No. 13 police stations. Aube, it is said, allowed his name to be used as tenderer by Mr. Oscar Proulx, a brother of Ald. Proulx. Though he contracted for stone work, the cotract was really Ald. Proulx's. Mrs. Aube, who is still in the city, declares that she does not know where her husband is. He left her five weeks ago, she says, and she has not heard from him since.

THE PHARMACY COUNCIL

Only One Change Made — List of the Members.

Toronto, Aug. 7. — The results of the elections of councillors of the Ontario College of Pharmacy were announced by Registrar R. H. Graham yesterday.

The council is as follows: District 1, Henry Watters, Ottawa; district 2, E. W. Case, Picton; district 3, J. H. H. Jury, Bowmanville; district 4, J. F. Taylor, Toronto; district 5, John Hargreaves, Toronto; district 6, C. J. Adams, Sault Ste. Marie; district 7, Alex. Stewart, Guelph; district 8, H. Southcott, St. Catharines; district 9, R. A. Harrison, Dunnville; district 10, W. A. Karn, Woodstock; district 11, J. F. Roberts, Parkhill; district 12, E. R. Wigle, Wiarton, and district 13, A. J. Johnston, Sarnia.

There is only one new name on the list, that of C. J. Adams, of Sault Ste. Marie. There were contests in only four districts.

CRACK SHOTS ARE NEARING MONTREAL

Morris Says He Was Beaten by Better Man—Praise Ross Rifle.

Quebec, Aug. 7.—The Allan liner Tunisian, that passed through Quebec yesterday morning, had on board five members of the Canadian Bisley team, Major Mercer, Sergt. Morris and Sergt. Russell, Major Jones and Pte. Gougeon.

The five Canadian crack shots were interviewed by your correspondent, and they spoke very enthusiastically of the Ross rifle, but not so of the paper whose articles caused a protest to be registered against the Canadian team at Bisley.

Sergt. Morris, who was third in the contest for the King's prize, and who carried the shield of the empire, when questioned on the contest, in a very sportsmanlike way said: "I have nothing to say against the two who came before me. They were better shots than I."

TRIALS POSTPONED.

Ottawa, Aug. 6.—The expected airship trials did not take place at Petawawa this morning. It was found necessary to do some more adjusting to the machine, and the earliest a flight can be made is this evening, and probably not until Saturday morning.

THE VARSITY LOAN.

Toronto, Aug. 6.—The Government is in no way connected with the $300,000 additional loan that Toronto University is floating, it is estimated. This sum is to be used to complete the new general hospital. The last loan of the university was for $400,000. Friends of the institution predict that this additional flotation will not be devoid of difficulty. It is said that the provincial treasury has received no application from the university authorities to guarantee the loan.

RESULTS ISSUED IN EDUCATIONAL EXAMS.

How the Candidates From the Various Counties Figured in the Final Test.

Toronto, Aug. 7.—The following list contains the names of candidates who have passed on one or more parts of the examination for entrance into the faculties of education. The examination passed is indicated after each name. The word (teachers) indicates that the candidate is qualifying under section 5 (2) of circular 19.

The certificates of those who passed, and the statements of marks of those who failed, will be mailed to the principals and inspectors at once. As in the other examinations, no appeal can be allowed to candidates whose papers are stamped as having been reread. In other cases of failure appeals will not be refused if made before Sept. 1, and accompanied by the fee of $2. In view of all the precautions taken, however, it is unlikely that such appeals would be successful.

DECLARE A DIVIDEND.

Toronto, Aug. 6.—At the meeting of the Rio de Janeiro Tramway, Power and Light Company, held here at noon today, Mr. William MacKenzie announced that a dividend would be paid shortly of not less than four per cent. Dr. Pearson, of New York, delivered an address in defence of the policy of the management. The report was adopted and the old directors were re-elected. No opposition developed at the meeting.

RUSSELL LOCATED.

Toronto, Aug. 6.—William Lockhart Russell, against whom there are several warrants out, charging him with conspiracy to defraud in connection with some cases over which Frank Law was sent to jail, is living at his home in Lima, Ohio. The Ontario attorney-general does not seem to be stirring in the matter of the arrest of the accused.

MINARD'S LINIMENT RELIEVES NEURALGIA.

LORD KITCHENER TO HEAD GRAND ARMY OF EMPIRE

Succeeds Connaught as Inspector-General and Later Will Assume Supreme Command of the Imperial Forces of All Kinds.

London, Aug. 6.—Lord Kitchener, commander of the British forces in India, has been appointed to succeed the Duke of Connaught as inspector-general of the Mediterranean forces, which post the duke recently resigned on the ground of "the ineffective nature of the work and the useless expense to the nation involved therein."

Lord Kitchener will take the rank of field marshal, and also become a member of the committee of imperial defence. The inspector-general has command of the garrisons of Malta and Gibraltar, and all the British troops in Egypt, the Soudan and Cyprus.

The appointment of Lord Kitchener is coincident with added importance being attached to the post. The Duke of Connaught in an official announcement, said:

"In view of new developments in the organization, the Mediterranean command assumes increased importance, and will be taken up by Lord Kitchener with the object of giving it its proper place in the scheme of imperial defence."

It is understood that as a result of the imperial defence conference, which is now sitting, it is intended to coordinate all the military forces of the Empire, and place Lord Kitchener at the head of an organization having the imperial army for its special care.

As a preparation for this work, for which he has gained valuable experience in India, on vacating the Indian command in September, Lord Kitchener will go to Japan to represent Great Britain at the Japanese grand manoeuvres in November, and afterwards make a tour of Canada, Australia and New Zealand to study the military organizations and consult with the colonial governments concerning them.

Lord Kitchener, who became 59 years old, in June, is the youngest field marshal in the history of Great Britain. Lord Roberts was 60 years old when he was raised to the rank, and Lord Wolseley 62.

FARMERS UP IN ARMS AGAINST THE COMMISSION

Declare They Are Being Served With Illegal Documents to Frighten Them Into Submission.

Hamilton, Aug. 6.—The Times tonight says: A sensation is developing in connection with the hydro-electric commission's methods of obtaining easements from farmers in this locality.

The plain, blunt statement is made by Wentworth farmers, on high legal authority, that fraud is being practised. They also declare that illegal documents are being served upon farmers for the purpose of frightening them into accepting terms which are little better than the confiscation of their land.

A few weeks ago agents of the commission went through Glanford Township endeavoring to get easements. They asserted their right, the farmers declare, to take the easements whether the owners wanted to give them or not, and told the farmers that they had no say in the price—they must accept $60 for a thirty-year easement. That is at the rate of $2 a year per pole, with no account taken of the great danger from the high voltage line, and the commission's men to have the right to go on the land, at any time, through standing crops, without even having to ask permission.

Believing that they could do nothing else, some of the farmers signed. Some did not. Two well-known men of the township came to this city and too the advice of one firm of lawpers Others came in and consulted other lawyers. Having been posted they returned home, and when the agents called again, told them they would not sign, and positively would not allow them on their lands. What followed in the particular cases which came under notice should be an object lesson to all landowners. The price offered, $60, was increased to $200. Still the owners refused. Then they were served with arbitration notices—illegal notices, their solicitors afterwards assured them, for the act makes no such provision. So the $200 was firmly refused. On the next visit it was $600, and still refused. Finally $850 was offered and accepted. The owners even at that figure consider themselves badly treated. They valued what they were giving up at $1,500, but accepted $850 rather than have any further trouble.

In the meantime Mr. Lewis went to Toronto, and in the interest of Messrs. Wesley Smith and Samuel Isaac Hannon, interviewed Hon. J. J. Foy, attorney-general, asking for a flat to enable his clients to apply for an injunction to prevent the hydro-electric commission's agents from going on or taking possession of their lands. He was put off, has not yet received the fiat, and does not expect it.

Mr. George S. Kerr, K. C., who has been consulted by a number of the farmers, also asked for a flat, but has been able to get no satisfaction.

GREAT STORM IN WEST

Flooded the Cellars of Winnipeg and Damaged the Crops.

Winnipeg, Aug. 7.—The storm which swept over Winnipeg Thursday afternoon was accompanied by the heaviest rain in thirty years. The precipitation was 2.92 inches, which has not been equalled since 1879. Fortunately the storm was local in its intensity, or the damage throughout the country would have been great. Hail fell mainly in Winnipeg and immediate vicinity, but thousands of dollars of damage was done through sewers backing up and flooding basements and cellars. With reports from the country so incomplete it is difficult to give a correct estimate of the damage by hail, but the competent authorities agree that the report sent of the aggregate loss or damage of a million acres is likely to be very near the mark, and rather under than over It. Around Hanley the loss is estimated at twenty-five per cent of the total crop, and Borden section also suffered very severely.

During the time when the storm was at its height a city teamster, who had been out to the powder magazine of the hardware firm at Middle Church for a load, took refuge in the building, as also did several children. While they were in there the magazine was struck by a bolt and several of the inmates were stunned, but fortunately the powder was not exploded.

O'HARA SAILS.

Ottawa, Aug. 6.—The trade and commerce department was notified today that Capt. F. C. T. O'Hara, the deputy minister, has sailed from Liverpool for home, after inspecting the trade methods in the United Kingdom.

SARNIA'S BIG PICNIC AT LAKE HURON PARK

Grocers' Outing on August 18—Price of a New School Site Is Settled.

[Special to The Advertiser.]

Sarnia, Aug. 6.—As a result of information received by the local customs authorities, Collector Ellis has placed Customs Officer Andrew Murray in charge of the Sarnia Automobile and Bus Company's premises on Christina street, pending a settlement regarding auto tires, on which the duty has not been paid.

Raspberries are fairly plentiful on the local market this week, and the fruit is of excellent quality. The retail price is 12½ cents per box. A few black currants are also being offered at the same price.

The arbitration court held on the McDonald property at the corner of George street and College avenue, which is desired by the board of education for school purposes, have made their award and value the house and lot at the price offered by the trustees.

At a meeting of local grocers held at the Belchamber House, it was decided to hold the annual grocers' picnic on Wednesday, Aug. 18, at Lake Huron Park. Some classy ball games, foot races and other sports have been arranged for and in addition the management have decided to hold a four-mile road race and give a valuable cup to be competed for annually.

A number of local Knights Templar will attend the annual meeting of the Canadian Great Priory of Knights Templar at Halifax, N. S., next week.

The engagement is announced of Miss Ethel Holbrook, of this town, to Mr. Walter Coolridge, of the steamer Saronic. The wedding will take place on Aug. 30, at the residence of Mrs. Wallace, Victoria street.

The schooner Azov unloaded a cargo of lumber this week for the E. A. LeBel Lumber Company.

The Huronic is expected in today (Friday) from Duluth and Port Arthur and will leave at 5 o'clock p.m. on Saturday on her return trip up the lakes.

The steamer Omar D. Conger carried a large party of excursionists on her regular weekly trip to Wallaceburg on Thursday.

The Shenandoah and barge passed down the river on Thursday afternoon.

It is expected that a large crowd from Sarnia and vicinity will take in the Barnum & Bailey show, which comes to Port Huron on Monday next.

A. E. Crockett, of Pittsburg, Pa., is here this week on business.

Mr. William Miller has accepted a position as clerk at Mills Bros.' dry-goods store.

Mrs. W. Brown, of London, is the guest of Mrs. Knowles, London road.

Mrs. F. M. George and son, of Des Moines, Iowa, are visiting Mr. and Mrs. Corrick, George street.

A. J. Nixon, of the Grand Trunk Railway, was a Sarnia visitor on Thursday.

Mr. Bert Allaire, of Trenton, Ont., is the guest of relatives here.

Charles E. Jackson, of Springfield, Ohio, was here today on business.

F. W. Slater, of Topeka, Kansas, has been appointed to the position of United States consul here, to succeed Mr. Neil McMillan, who recently resigned. Mr. Slater paid Sarnia a brief business visit on Wednesday.

Mr. and Mrs. Marshall Wright and family have returned from a three-weeks' holiday at Corunna.

Mr. and Mrs. Cowan, of London, are holidaying at Woodrowe Beach.

THREATEN CAPITAL

Promoter of the Constitution Proclamation Says Skevket Pacha Is Misusing Position.

Constantinople, Aug. 7.—Since last night most alarming news has been in circulation here. The government, it is stated, has received a number of telegrams from Monastir, among others one from Niaga Bey, the promoter of the proclamation of the constitution, asking Hilmi Pacha to call upon the Generalissimo, Skevket Pacha, to hand in his resignation.

The reason given was that he is using his powers as a dictator to prevent the formation of a ministry chosen from the ranks of deputies, as desired by the nation, and, further, that he is prolonging the state of siege to force parliament to execute his orders.

It is rumored that Niaza Bey threatens the Grand Vizier that if Skevket Pacha will not consent to this he (Niazi Bey) will march upon Constantinople with an armed force composed principally of Albanians, his compatriots. He adds that the army corps stationed in Monastir no longer recognizes the authority of the Generalissimo.

The August meteors, according to a leading astronomer, form a stream so broad that the earth, though it travels faster than eighteen miles a second, takes seven weeks to cross it.

This Receipt Book Free

(⅔ ACTUAL SIZE)

This receipt book is a little treasure. Over sixty new and most delicious cold drinks and desserts—ice creams—sherbets—water ices—frappé—fruit drinks—mousses—puddings—pies—cakes.

If you and your family like good things, write for this book. We'll send it promptly, free.

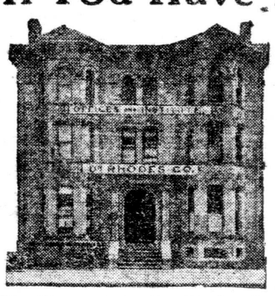
If You Have Blood Poison



The Home of the Dr. Rhodes Co. 61 Fort St. W., Detroit, Mich.

LACK OF MANHOOD, VARICOCELE OR URINARY DISORDERS

Let us help you. Let us do for you what we have done for thousands of others in your condition. Let us demonstrate by proofs in our office that when we say we can cure you of any ailment in our special line QUICKER AND SAFER than the average specialist, that the statements are borne out by indisputable facts. You should not go through the short space of time allotter to man with a yoke upon you, in the form of some private disease, making you a "walking sick man." It is your duty to get all out of life there is in it, and your privilege to be a man among men.

READ WHAT MR. DEVEREAUX SAYS:

Romeo, Mich., July 14, 1909.

DR. RHODES CO., Detroit, Mich.:

Gentlemen,—When I started treatment with you the 16th day of February last, I was nothing more than a living skeleton. I was troubled with Kidney Troubles and Ulcers, caused from Blood Poison, coming back after fifteen years, and I had been doctoring with four other doctors for the last five years. The last doctor I took treatment with gave me up—he said there was "no help for me," but a friend of mine came to see me one day and urged me to go and see the DR. RHODES CO. I was then so weak that I could hardly walk four blocks to take the car, as I only weighed 128 pounds. After taking TWO MONTHS' treatment with you I gained 20 pounds—and now I weigh 160 pounds, the most I ever weighed in my life before, and I feel as good as I ever did, and am working every day. I want to thank you for what you have done for me—JUST AS YOU CLAIMED YOU WOULD.

If you wish to use this letter as a testimonial, you are welcome to do so, as I wish to see every man cured that is suffering the way I was, and from a disease that is counted incurable. Yours truly,

EDE J. DEVEREAUX, Box 401, Romeo, Mich.

Young Men, Middle Aged Men & Old Men

If you get up in the morning feeling as though you had had no rest, languid and listless, gloomy and despondent, nervous, debilitated, run down; if your blood is impoverished from the effects of contracted blood poison; if you are lacking in manhood, strength and vitality and not the man you should be, come to our office and let us examine you and talk over your case. This will cost you nothing, and we will advise you as one honest man should advise another. If we can do you no good we will promptly and plainly tell you so. We will convince you by proofs in our office that we are the most successful specialists in the treatment of men's diseases in this city or in the west, and have the largest practice in pelvic diseases. We will handle your case on any plan, cash payments or when cured, which ever best suits your convenience. If you cannot call at our office write us in strict confidence. No business address on our envelopes or packages.

DR. RHODES CO., 61 Fort St. W., Opposite Postoffice, Detroit, Mich.

361f-xt

MAN KILLS WIFE AND THEN SUICIDES

He Returns Home Fearing She Would Convict Him of Murder, It Is Believed.

Houghton, Mich., Aug. 6.—Fearing, it is believed, his wife would divulge a secret that might mean a life sentence in the penitentiary for him for murder, Joseph Hensler, who returned this noon from Chicago, where he has been since separating from his wife last Christmas, went to the farmhouse, four miles south of Houghton, where his wife lived with her five children and two adopted children, and foully murdered her by slashing her throat with a razor, almost before the eyes of her son. Then he ran through the field to a clump of bushes and ended his own life by severing his jugular vein.

Both died almost instantly.

Hensler, who was 42 years old, married the woman about eight years ago, shortly after her first husband had died under peculiar circumstances.

Mertos was killed at his farm by being crushed to death under a heavy press. Suspicion rested upon Hensler, but he was never charged with the crime, although it was known that he had been intimate with Mrs. Mertos. It is believed that Mrs. Hensler knew of the crime, and threatened to inform the officers, the past year.

Hensler and his wife quarrelled frequently, and in December they separated, Hensler going to Chicago. He returned to Houghton three months ago, but after threatening the woman was driven out of town.

At noon today he again went to the farmhouse during the absence of his wife. Upon returning at about 5 o'clock he found her alone, although a son and chore boy were outside. Entering the house, Hensler asked the woman for a photograph of himself, which she was unable to find. There were a few words, not discernible outside, and just as the son entered the house Hensler dashed out with a bloody razor in his hand, and Mrs. Hensler dropped to the floor, with a gaping hole in her throat. She died in her son's arms.

Hensler, as he left the house, threatened the boy, who allowed him to get away. The murderer when about a hundred yards away from the house, drew the razor across his own throat, and then staggered to a clump of bushes, where he died a few minutes later.

SHACKLETON'S FEAT HAS COST HIM MUCH

Explorer Who Holds Antarctic Record Pledged to Pay $70,000.

New York, Aug. 7.—Lieut. E. H. Shackleton, of the British army, and recently become famous for his penetration of the Antarctic to a new record, has a still more difficult voyage of discovery before him, he thinks. The young explorer now seeks a way to pay a debt of $70,000 which he is said to have incurred in undertaking his recent expedition to the South Pole.

When Shackleton planned his expedition to the pole, he had at his back the financial assistance among others of a small group of Americans. It appeared when he was absolutely pledged to the enterprise, and had encouraged costs, ther befell the financial crisis which brought ruin upon so many. Among them were the American backers of the new Antarctic expedition. In these disheartening circumstances, Shackleton approached a London bank, and upon his own personal guarantee and that of the members of his own and his wife's family, raised a loan of £20,000 ($100,000), by which means his great achievement was won. On his return from the Antarctic the Australian Legislature voted a sum of £5,000 ($25,000), as a contribution to the expenses of the expedition. New Zealand supplemented this by another £1,000 ($5,000), but the British treasury declined to contribute to the fund, and Shackleton was saddled with the responsibility for £14,000 ($70,000), left, to meet the charge out of his own resources.

INQUIRY INTO DEATH.

Barrie, Ont., Aug. 7.—The jury which inquired into the death of Alice Millett, killed on the second concession of Oro on Sunday afternoon, Aug. 1, found that the girl was killed by the train but were unable to say whether there was any neglect on the part of the train crew. The inquest was held by Coroner Evans last night.
