MEDICAL.

CONSUMPTION
CAN BE CURED.

Ontario Pulmonary Institute
135 Church street, (opposite Metropolitan church), TORONTO, ONT.
M. HILTON WILLIAMS, M. D.,
Graduate of Victoria College, Toronto, and member of the College of Physicians and Surgeons of Ontario.
Proprietor.
The only Institute of the kind in the Dominion of Canada.

Permanently established for the cure of all the various diseases of the Head, Throat and Chest, viz: Catarrh, Throat Diseases, Bronchitis, Asthma, Consumption, Catarrhal Ophthalmia (Sore Eyes), and Catarrhal Deafness. Also Diseases of the Heart. Nearly 40,000 cases successfully treated during the past 16 years by our new system of Medicated Inhalation, combined with proper constitutional remedies for the blood, etc.

CHRONIC LARYNGITIS.

Laryngitis, like nearly all affections of the throat and nose, usually begins with a severe cold, and is must always attended with hoarseness. It is more frequent a mere extension of catarrh of sore throat than an original disease, the irritation escaping down and fixing itself upon the delicate organism of this part, and then gradually journeying onward to the lungs. When it occurs as a consequence of catarrh or sore throat the symptoms are comparatively mild. There may be pain, but it is more common to find only a sense of tickling, which provokes cough. Many complain of a sensation as of "something tickling there," to get rid of which they keep up a r sping effort to clear the windpipe. The voice is always more or less affected, being rough in the early stage, but more feeble after the disease is established. There is often a slight tenderness over that prominence of the neck known as the "Apple of Adam" (Pomum Adum), a hoarseness, a sense of tightness, and frequently some slight difficulty in swallowing.

In this form the disease is simple and readily removed in a few weeks. In all cases it must be treated by the direct application of astringents and alternatives by inhalation to the affected parts. Like catarrh and granular sore throat, it is a local affection and can only be cured by local treatment. There is no use of torturing the unoffending stomach for an inflamed condition of the vocal chords of the larynx. Change of air is equally unavailing, for there is no climate without dust and draughts of air sufficient to feed and keep the disease alive. The inhaling instrument charged with such sedative, alternative and astringent medicine as may be indicated by the stage of disease must be used morning and evening and every night before going to bed, and the larynx fumigated by warm, sedative vapors. Treated by these means there are few cases of Chronic Laryngitis which are not readily curable.

Inhalation is the only system which will cure these diseases, and yet the treatment of the two are entirely different. In the one we must allay the irritation, while in the other we must stimulate a healthy action.

This will convince us of the necessity of fully understanding the system of Medicated Inalation in the treatment of the various diseases of the pulmonary organs, for when properly applied there is no system of medicine to be compared to it.

Those who desire treatment should spend no time in writing; if you can come to the Institute this month or this week it may be of the greatest possible value to you; it may be the turning point of your disease for fatality or recovery. Later in the season probably you cannot come more conveniently nor as well.

Consultation free, and prices within the reach of all.

The very best of references given from those already cured. If impossible to call personally at the Intitute, write for a "List of Questions," and "Medical Treatise." Address

THE EASTERN TROUBLE.

RUMORED TURKO-RUSSIAN ALLIANCE AGAINST ENGLAND.

The Porte to Protect Egypt Against English invasion—Departure of Transports for Ismalia—The Conflict Expected Shortly.

ALEXANDRIA, Aug. 18.—The whole expedition is on board the ships ready to start in the morning. The destination is still uncertain.

CONDITION OF THE REBEL CAMP.

The condition of the wounded in Arabi's lines, as described by a deserter, arises from a scarcity of doctors. The rebel camp is in a bad sanitary condition.

DEPARTURE OF TRANSPORTS FOR ISMALIA.

The transports Orient, Copella, Palmyra and Heria left the harbor here to-day, also another steamer with railway wagons, rails and engines for Ismalia. The men and horses landed to-day from the Orontes.

THE ABOUKIR DIVISION.

The Aboukir division will consist of about 6000 men. In case of necessity it will be reinforced by 2000 from the naval brigade.

ARABI'S SURRENDER RUMORED.

LONDON, Aug. 18—On the stock exchange there were rumors to-day that Arabi has actually surrendered. The rumors are discredited, but the Egyptian securities sharply advanced under their influence.

REPLACING TROOPS IN IRELAND.

Six hundred of the army reserve have been ordered to Ireland to replace the troops sent to Egypt.

PRESS CENSORSHIP.

The correspondent of the News at Alexandria says he has reason to believe that the censorship of the press telegrams has been changed for the German system of making correspondents personally responsible and allowing them to send what they wish.

THE REBEL FORCE.

The enemy seems content with their entrenchments, doing little or nothing to improve them. Rebel official returns state their forces number 36,000 regulars, 38,000 militia and 50,000 armed Bedouins. They claim to have 25,000 at Esfr el Dwar. These numbers are greatly exaggerated, but show the tone of confidence adopted by the native party.

GERMAN CLAIMS.

BERLIN, Aug. 18—The Germans who suffered loss by the bombardment of Alexandria have petitioned the German government to claim compensation for their losses from England.

TURKISH TROOPS COUNTERMANDED.

NEW YORK, Aug. 18.—A Constantinople despatch says it is now announced that the porte has declared its intention to send no troops to Egypt, and has issued instructions countermanding all preparations in that direction.

THE PORTE'S PROTEST.

The sultan is preparing a formal protest for presentation to Earl Dufferin and the conference, in which he energetically opposes the occupation of Egypt by the British troops.

THE SULTAN AND ARABI.

The proclamation declaring Arabi a rebel has not been promulgated, and there is no likelihood of the decree being carried out. The forthcoming protest against the English occupation creates a profound sentation.

RUSSIA CONCENTRATING AN ARMY.

PARIS, Aug. 18.—It is no secret that Russia is concentrating a formidable army in the Caucasus, which is estimated to number seventy-eight thousand.

ST. PETERSBURG, Aug. 18.—The reports relative to the concentration of troops in the Caucausus are officially denied.

A SINISTER RUSSIAN MOVEMENT.

ERZEROUM, Armenia, Aug. 18.—It is believed that Russia is about to occupy the whole of Asia Minor to the Bosphorus. Owing to the undefended state of that part of Turkey the Russians could easily do this without much bloodshed.

RUMORED TURKO-RUSSIAN ALLIANCE.

CONSTANTINOPLE, Aug. 18.—It is reported that the porte will not only refuse to declare Arabi a rebel but will also refuse to send Turkish troops to act in accord with the British troops in Egypt, but will send a large Turkish army to Egypt to act independantly of Great Britain and if need be as a check to British occupation. It is rumored that the porte has reached a satisfactory understanding with Russia, and that Lord Dufferin has informed the home office that the porte will in the future rely on Russian support for Turkey's independent attitude in Egypt.

A MISCHIEF-MAKER AT LARGE.

The porte fears if the Kurdish chief Oberdallah, who has disappeared, succeeds in regaining his tribe, unpleasantness between Turkey and Persia will ensue. The Russians have been requested to watch the frontiers for the sheik.

THE MILITARY CONVENTION

Lord Dufferin was interviewed to-day and said he understood he was authorized to make concessions if necessary with regard to some of the terms of the military convention, without altering the leading principle of the agreement.

RIAZ PASHA ON THE SITUATION.

MARSEILLES, Aug. 18.—Riaz Pasha, before leaving for Alexandria, expressed his desire to remain in private life. He said he did not wish to be mixed up in political intrigues. He had perfect confidence that England would re-establish order in Egypt.

RAILWAY NOTES

Passenger traffic is heavy just now, owing to cheap rates to the seaside.

The Grand Trunk express, due at 11 a.m. yesterday was four hours late. Cause—disabled engine.

There was a large excursion of railway employees from London to Toronto yesterday. Return tickets were placed at the extraordinary low figure of thirty-five cents.

There is a rumor among railway men that since the fusion between the Grand Trunk and Great Western railways has been brought about, a general cutting in salaries will be made on the monopolized system.

Outrages by Apaches.

TUCSON, Aug. 18—Several advices say the Apaches are committing frightful atrocities in the Sahuahuapa district. A large force of Mexicans are in close pursuit of the redskins. At Taratuc ranche the Apaches killed a number of men, also eleven women. They outraged the women in a most brutal manner and then put them to death by torture.

The Regicide at Work.

TRIESTE, Aug. 18—The Lloyd steamer that arrived to-day from Venice had on board a box which was opened by the police and found to contain bombs and petards, also documents proving that the torchlight procession last night in celebration of the emperor's birthday was intended to be made the occasion for further outrages. Previous to opening the box the consignee was arrested.

THE LATE SENATOR HILL.

Extensive Preparations for His Funeral—Sketch of His Career.

ATLANTA, Aug. 18—The body of Senator Hill is lying in state at his late residence. Hundreds of people have viewed the remains. A mass meeting of citizens was held at the State House at noon, when speeches were made and resolutions of sorrow and condolence adopted. The senate committee, and Sergeant Bright are expected to-night. The casket is pure bronze and cost $1000. It is a duplicate of the one in which the remains of President Garfield were encased.

SENATOR HILL'S CAREER.

He was born in Jasper county, Georgia, Sept. 14, 1823. He received a classical education, graduating at the University of Georgia, Athens, in 1844, with the highest honors of his class. He studied law and served in both branches of the legislature of his state.

Ben Hill came upon the national political arena in 1856 and became active in uniting the fragments of the whig party into the American or Know Nothing party. He kept alive the old Southern style of oratory. He was a bitter anti-secessionist and made speeches ridiculing and sneering at the enthusiastic advocates thereof, suggesting for the meditation of the proud Georgians the spectacle of Georgia going out of the union at the tail of South Carolina. He, however, joined the war party as soon as his state seceded and his flop over was so violent that it carried him into Jeff Davis' cabinet.

He was a senator from Georgia in the confederate congress. He was arrested in 1865 and imprisoned in Fort Lafayette. He was elected to the Forty-fourth congress, and was re-elected to the Forty-fifth congress, but resigned, having been elected United States Senator from Georgia.

Smallpox in Cape Town.

CAPE TOWN, Aug. 18.—Smallpox is rapidly spreading here. The Malay population resist isolation treatment.

The Dublin Police

DUBLIN, Aug. 18—The Dublin Metropolitan police have petitioned the committee which considered the claims of the Royal Irish constabulary to also inquire into their grievances.

Evil Results of the Fusion.

LONDON, Aug. 18—A leading furniture dealer to-day complained that where as he only paid $3.30 to bring six sets of frames before the fusion, he now has to pay $5.72 for five sets, the rate having increased from 35 to 44 cents per hundred.

Poisoned at a Picnic.

HALIFAX, Aug. 18.—The little son of Charles Baggness, who was poisoned by eating cake given him by a stranger at the Rosebud band of hope picnic two weeks ago, died this morning. He was confined to bed for fifteen days, unable to eat anything the greater part of the time, and suffered frightful agony.

A Mysterious Murder

BOSTON, Aug. 18—The headless body of a man was found yesterday hanging by his knees from one of the string piers under the New England railroad bridge. The head, which was missing, was severed from the trunk by a sharp instrument, and there were five knife wounds on the back and breast. The case is certainly mysterious.

Fatal Baby Farming.

SYRACUSE, N.Y., Aug. 18—Under contract with the county, Mrs. Freeland receives pauper babies and also takes children for young woman who don't want to be bothered with them. A child which recently died on her hands was found to have been left out in the woodshed all night while fatally ill, with other babies in her keeping in a starved and pitiable condition. Mrs. Freeland says she is not paid enough to keep them properly.

Wholesale Murder in Ireland.

LONDON, Aug. 18—A man named Joyce and his entire family were murdered last evening in their own house near Congin, county Galway. The family consisted of Joyce, his wife, mother and daughter. They were fired at and killed by a party of men. Two boys were also wounded. It is believed in the locality that the Joyces gave information relative to the murder of the bailiffs of Lord Ardilann, whose bodies were found bound together in lake Congin.

A Narrow Escape.

PITTSBURG, Aug. 18.—At Alligrippa on the Pittsburg and Lake Errie railroad yesterday, there was a picnic attended by a thousand men, women and children, filling half a dozen cars. On the return from Alligrippa the train ran rapidly, and just before entering the first trestle the engineer discovered a large beam across the track just in time to enable him to stop the train. Had the train struck the beam it would have been precipitated to the ground below, forty feet, and there would have been a terrible loss of life. It is not known who put the obstruction on the track. The discovery of the obstruction caused much excitement among the passengers.

Bradstreet Weekly Report.

NEW YORK, Aug. 18—Special telegrams to Bradstreet Journal from leading trade centres in the United States indicate that general business continues prosperous. There has been too much rain in the cotton region. Harvesting is going on in the Northwest. Rains have not interfered in that region. There were 148 failures in the United States reported to Bradstreet Journal during the past week, 53 more than in the previous week and 74 more than in the corresponding week last year. From Canada there were reported nine, decrease one. The labor situation is practically as last given.

New York Firemen's Tournament.

CHARLOTTE, N.Y., Aug. 18—At the State firemen's tournament at Charlotte yesterday the Eaton Rapids company won first prize in the steamer contest, throwing water 209 feet with 120 pounds of steam; the Charlotte was second, throwing water 208 feet 5 inches with 90 pounds of pressure. In the hand engine contests Marshall was first, throwing a stream of 212 feet 7 inches high, the St. Louis scoring second, with an altitude of 211 feet 4½ inches. In the hose-reel contest for the State championship the Protection, of Muskegon, made a record of 43¼ seconds; Union, of Battle Creek, 44½; Young Alerts, of Big Rapids Hydrant, 26½; and the Complet, 41⅜, winning the first money, $125, and the champion belt valued at $100; the Union of Battle Creek, winning the second prize of $75. The band contest prizes were awarded to the German band of Battle Creek, 276 points, first prize, $100; Pollerville, with 186 points, gaining the second prize of $50. A. Chas. Putnam, of Nashville, was passing through on business he stopped off to see the tournament, and was robbed of $50.

THE SENTENCE OF GRAY.

GROWING FEELING IN FAVOR OF HIS CONDUCT.

Judge Lawson Denounced—The Fine to be Paid by Public Subscriptions Forthwith.

LONDON, Aug. 18—The Pall Mall Gazette says Gray's sentence looks worse to-day than yesterday. It is now a question whether Gray as a journalist has not been instrumental in unearthing a grave scandal. We do not believe that there is a single journalist who would not have called attention to such a report as that spoken of by Gray. That he should be in jail is a scandal of the first magnitude.

JUDGE LAWSON DENOUNCED.

DUBLIN, Aug. 18—It is stated that the speeches delivered at the banquet given to Mr. Parnell after the conviction of Gray have been submitted to the law officers for their decision as to whether any action should be taken upon them. O'Gorman Mahon in his speech on that occasion compared Judge Lawson to Judge Jefferies and pointed that the former had narrowly escaped being torn to pieces by the indignant people. Healy denounced Judge Lawson with similar violence.

THE GRAY FINE FUND.

Subscriptions are flowing in towards the fund for the payment of Gray's fine. The list is headed by the names of the Catholic bishops.

HEALY TO BE PROSECUTED.

It is stated that the attorney-general of Ireland intends to prosecute Healy for the statement made in his speech at the Parnell banquet, that Judge Lawson had done in the case of Gray what might have been expected of a salaried official.

DILLON'S MANSION HOUSE SPEECH

Dillon's speech at the Mansion house yesterday, in which he referred with considerable feeling to the action of certain landlords whom he named, is under consideration by the law officers.

THE SPORTING WORLD.

Glidelia has broken down and her destination is the stud farm.

The Oshawa Driving park association hold their inaugural meeting on Aug. 22nd and 23rd.

The entries for the English Derby of 1884 have closed with 203 nominations, a slight falling off from previous years.

It is announced from Halifax that the report that a race had been arranged between Warren Smith and Albert Hamm, is incorrect.

At a late sale of blood stock held at Newmarket, Eng., Sir John Willoughby paid $18,000 for a yearling filly by the great Hermit, dam Adelaide, the dam of Peregrin.

A game of baseball was played at Forest, Ont., yesterday between the Foresters of that place and the Actives of Parkhill, resulting in a score of 19 to 8 in favor of Parkhill.

A lacrosse match was played on Tuesday last at St. Thomas, on the occasion of the A.O.U.W. excursion from Milton, between the Olympics of Milton and Royals of Guelph resulting in an easy victory for the Olympics in three straight games; time of each game 6½, 14 and 12 minutes respectively. The quick and concentrated play of the Olympics home was very much admired as well the play of the Guelph's goal. A very noticeable feature of the match was the absence of rough play.

BASEBALL GAEMES YESTERDAY.

At Boston—Buffalo 8, Boston 9.

At Worcester—Worcester 7, Cleveland 22.

At Philadelphia—Troy 1, Philadelphia 6.

At New York—Metropolitans 4, Chicago 0.

The 2 20 class purse $2000, Driver 3 5 5 5, Fred Douglas 2 4 4 3, Fannie Witherspoon 4 1 2 2, Humboldt 5 3 3 4, J. P. Morris 1 2 1 1, time 2 26¼, 2 20, 2 24¼, 2 24¼.

A HUNDRED YEARS AGO.

(To the Editor of The World.)

SIR: I came across a curiosity of literature to-day. It is in the shape of a newspaper. It is evidently very ancient, printed on faded red paper and although the date is given as "17th August, 1882," there is internal evidence to show that this is a misprint for 1782. The following verbatim quotation demonstrates this: "There is not much danger in the practice of administering slight corporal punishment to the more juvenile of the girls employed in factories for offences against the authority of the forewoman. Girls of fifteen won't mind the gentle chastisement of the forewoman half as much as dismissal and probably a much more severe punishment when they get home." As we find in the same paragraph that similar practices are resorted to towards girls in the schools of that joyous period we cannot be wrong in giving the date at least as far back as 1782. Today such practices in factories or schools constitute an assault and are legally punishable. Indeed law in this age affords some protection to the young, even in their homes, against the brutality of parents. There have been instances in the past where young girls were tied up by the hands to a beam in the roof till they could only touch the floor with their toes and left in that position for an hour, but if this were done by a father towards his child in this age, and proven, he would find himself in the hands of the law, would probably be fined or imprisoned or have to find bail for his future good behavior. And yet only a hundred years ago such things were probably permitted to be done in factories and workshops with perfect impunity. How grateful our youth should be that they live in a civilized and christian country!!!

ANOTHER BIG FIRE AT QUEBEC.

St Rochs Visited This Morning By a $40,000 Blaze.

QUEBEC, Aug. 19.—The fire in St Rochs originated shortly after midnight in Arago street in the packing case manufactory of Councillor F. W. Roy. The cause is unknown. Despite the exertions of the brigade the flames quickly burnt all before them destroying timber, and Mr. Roy's soap and candle factory, containing expensive machinery and stock. The factory of Mr. Richards, manufacturer of leather tips, packing cases, etc., was also destroyed, as well as the residences of Messrs. Chevret, Roofer, Drolet and Cote, shoemakers. The amount of damage will exceed $40,000. Roy's loss $30,000, insurance only $7000.

LAKE NAVIGATION.

Marked Increase of Steamers on the Lakes.

DETROIT, Aug. 18.—A review of the progress of steam navigation on the lakes shows that up to 1830 there had been built steamers measuring 2,123 tons. The steamer Ontario (231 tons), built at Sackett's harber in 1816, was the first steamer on the American side. The Frontenac was launched about the same time on the Canadian side. The next steamers were the Sapha, of 47 tons, at Sackett's harbor, in 1818, and the Walk-in-the-Water, at Black Rock in the same year. Down to 1820 there were only three steamers on the northern lakes, measuring 523 tons. In 1822 the Superior, 346 tons, was built at Buffalo. The following year the Martha Ogden, 48 tons, was launched at Black Rock, and the Pioneer, 124 tons, in 1825, and Buffalo, followed in 1826 by the Niagara, 150 tons, the Henry Clay of 301 tons and the Enterprise at Cleveland of 219 tons. This was the first steamer built at Cleveland. The William Penn, 214 tons, came out this year. The Erie, a small steamer, 93 tons, completes the list for that decade, making eight steamers, 1505.13 tons. The next decade there were built 59 steamers, 14,705 tons; in 1832 there were built at Erie, one at Cleveland in 1833, one at Oswegatchie, four at Detroit, one at Sandusky, and one at Sackett's harbor. In 1834, one at Oswego, one at Erie, five at Detroit, two at Sandusky, two at Cleveland. In 1836, one at Oswego, one at Detroit. In 1837, one at Detroit, one at Miami, Toledo, one at Sandusky, three at Cleveland. In 1838, five at Detroit, two at Miami. In 1
