ESTATE NOTICES.

Notice is hereby given, pursuant to the Statute in that behalf, that all persons having claims against the estate of the Reverend John Shuttleworth, in his lifetime of the City of Toronto, in the County of York, clergyman, now deceased, who died on or about the 18th day of March, 1898, are required to deliver or send by post prepaid to Edward Buckingham Shuttleworth of Toronto aforesaid, professor, the administrator of the said estate, or to the undersigned, their Christian and surnames, addresses and descriptions and a statement of their respective claims and particulars thereof duly verified and the nature of the securities (if any) held by them.

And further, take notice that after the 30th day of July, 1898, the said administrator will proceed to distribute the said assets of the deceased among the persons entitled thereto, having regard only to those claims of which he then shall have notice, and the said administrator will not be liable for the said estate or any part thereof or to any person or persons of whose claim or claims he shall not then have had notice.

Dated at Toronto this 27th day of April, 1898.

A BIG WAR EAGLE DIVIDEND

Shareholders to Get One and One-Half Per Cent. Per Month.

Or Eighteen Per Cent. Per Annum on Their Holdings—This Announcement Will Likely Be Made To-Day—This Dividend to Be Doubled Shortly.

The tip got out yesterday that the War Eagle Consolidated Gold Mining Co. is about to begin paying a monthly dividend of 1½ per cent., equal to 18 per cent. per annum on its stock. It is understood that the first dividend will be declared at a meeting of the company's directors to be held at eleven o'clock this morning, and that the same will be paid to all registered shareholders about the 10th of June. The word "registered" is used advisedly, for it is stated that in order to draw the dividend holders must have their holdings duly certified by the secretary.

The tip got out among some of the brokers yesterday and the result was that there was quite a rush to procure stock. Very little, however, changed hands during the day. In the forenoon a couple of 100-share blocks changed hands at $1.50, but later in the day on the Toronto Stock Exchange it sold up to $1.68 It is thought in some quarters that War Eagle will touch the $2 mark in the next two or three days.

It is understood by The World that the company expect within three or four months to about double the amount of the monthly dividend. The amount of ore now shipped is 100 tons per day to the smelter, and after September the shipments will be about doubled, when the profits should rise proportionately. On a 3 per cent. per month or 36 per cent. per annum basis the stock would undoubtedly sell at a much higher price than it does to-day.

ELECTRICITY AT ROSSLAND.

Power Brought to the Camp from 31 Miles Away.

The West Kootenay Power and Light Co. is rapidly completing its power plant at Bennington Falls. The poles are set and two wires are stretched between the falls and Rossland, a distance of 31 miles. The line goes into Rossland over the Monte Cristo Mountain and it is the intention of the company to stretch another wire to that in case of accident there will be no interruption of the current. The first cost of the plant is placed at $125,000; but it is said that the expenditure upon it will be extended to half a million.

THE MOTHER LODE.

Scientific Attempt to Find Source of All Klondike's Wealth.

Vancouver, B.C., May 25.—A great deal of attention has been attracted in Coast mining circles during the past few days by the advent of one Prof. C. F. Conrad, who heads an expedition to the Klondike country for the avowed purpose of making the first scientific attempt to locate, by purely geological indications, the supposed great mother lode which has enriched the vast placer deposits of that region. In conversation the professor outlined his theory.

For many years he has made a special study of the composition, line of travel and original location of material found in placer drift. The geological periods to which the various boulders and gravel belong are classified with relation to their original position. The line of travel is determined, not so much by the present conformation of the country topographically, but more with a consideration of the more easily eroded formations which lie between the present drift and the first available point at which the value-bearing strata of the drift can be located in original geological position. At this point many things are to be considered. Chief of these in all of this northwestern country is the influence of glacial action. It has already been demonstrated by recent discoveries in the Copper River district that the work of glaciers has been largely instrumental in forming the majority of the Alaskan deposits. Prof. Conrad will not only seek the mother lode, but by special arrangement will furnish the Dominion Government with a quantity of much needed scientific data concerning the geological conditions of that new and unexplored section.

East End Wedding.

A very pretty wedding took place at 12 o'clock noon yesterday at the Woodgreen Methodist Tabernacle, when Mr. F. De Long, an employe of W. R. Brock & Co., and son of Isaiah De Long, a U.E. Loyalist of the P.O. Department, was married to Miss S. L. Peake, daughter of Mrs. Peake of this city. The ceremony was performed by the Rev. Mr. W. L. Hill, Methodist minister, after which a large number of warm friends of the bride and groom, who had come from Peterboro, Belleville, Lindsay, Pickering and Markham, gathered in the parlors of the church, where a grand reception was held. After the reception the company partook of an excellent repast, furnished by Caterer McConkey, during which the toast to the bride was proposed and responded to by Rev. W. L. Hill, and that of the groom by Mr. Knox of Belleville, in very flattering terms.

The bride was dressed in cream cashmere and carried a bunch of roses, being attended by Miss Blanchard, as bridesmaid. Mr. Peake, brother of the bride, acted as groomsman. At 2 p.m. the bride and groom left by train to the east for their bridal tour.

The wedding presents were many and beautiful, amongst which were a gold watch and easy chair, the gifts of Mr. and Mrs. De Long to the bride.

Signals of Danger—Have you lost your apetite? Have you a coated tongue? Have you an unpleasant taste in the mouth? Does your head ache and have you dizziness? If so your stomach is out of order and you need medicine. But you do not like medicine. He that prefers sickness to medicine must suffer, but under the circumstances the wise man would procure a box of Parmelee's Vegetable Pills and speedily get himself in health and try to keep so.

Parliamentary Visitors.

Judge Finkle, R. A. Campbell, M.L.A., and George A. Dana, ex-M.L.A., called at the Attorney-General's office yesterday morning.

RAILWAY NEWS.

There are no new developments in the rate war, and from present talk around the Union Station it looks as though it will last all summer. The Grand Trunk has reduced the rates to the towns as far east as Cobourg to meet the rates of the steamer Garden City. Following are the new rates: To Cobourg, $1.75; Port Hope, $1.65; Newcastle, $1.25; Bowmanville, $1.15; Darlington, $1.05; Oshawa, Whitby Junction and Pickering, $1.

The Grand Trunk will not put their new time-table on the southern division until June 5.

After Sunday next the C.P.R. will add an extra train to the Hamilton route.

C.P.R. Trainmaster Hassard of Smith's Falls was a visitor at the Union Station yesterday.

Yesterday Signal Engineer Hobson of the G.T.R. was engaged in making improvements to the interlocking system of the C.P.R. at Don Station.

Grand Trunk Passenger Agent M. C. Dickson paid a visit to Guelph yesterday.

Yesterday the G.T.R. made arrangements with Col. Otter whereby the troops will be transported by this road to the annual camp to be held next month.

COLLEGE CULLINGS.

The examination strain is over at Varsity; the students are free again, with the exception that they are in mental hot water till the results are published on June 10. Those students who did not spend the 24th at home attended the races, and forgot their own sorrows in the enjoyment of the fascinating sport.

About a score of boys are remaining in Residence till Convocation; but, generally speaking, Toronto's student population has vanished, to return on June 10, and then to depart till Oct. 1.

The senate meets on Friday night to pass upon the dozen men who have written theses for the M.A. degree, and to transact other routine business.

Cephas Allin, B.A., '91, is in town renewing college acquaintances.

George M. Jones, B.A., '95, of Whitby, spent the 24th in the city.

The University is open from 9 a.m. till 5 p.m., and those desiring to be shown over the building will be taken care of by the dignified beadle or the obliging janitor.

Cut Rates on the Steamboats.

Following were the arrivals in Toronto harbor yesterday: Schooners St. Joseph, Oliver Mowat and E. Rogers, from Oswego, and Reindeer, S. Dow, Lilly and Maud S., from the lake shore.

The steamers Modjeska, White Star and Greyhound were laid up yesterday till Saturday.

The steamer Garden City cleared for Cobourg yesterday, and took out a moonlight excursion from that port last evening.

The rate war has now turned to the boats plying to Hamilton and Montreal. Yesterday Manager Bishop issued an order that the fare to Hamilton had been reduced to 25c. The Richelieu and Ontario Navigation Co. have also reduced their fare to Montreal to $4.50, including berths and meals.

Commodore Williams of the Toronto Ferry Company stated yesterday that the company's fleet carried about 22,000 people to the Island on Queen's Birthday.

New Public Schools.

The Property Committee held a short session yesterday afternoon. Trustee Hodgson submitted a motion to have the tenders for new schools advertised for as soon as the Superintendent of Buildings is ready, and after a short discussion the resolution carried. It was decided to build a shed in connection with Palmerston-avenue school to relieve the overcrowding. The request of Superintendent Bishop that he be allowed to engage two draughtsmen temporarily to prepare plans for new schools was granted. Accounts totalling $73 were passed.

Wild Attraction for Niagara Falls.

Niagara Falls, N.Y., May 25.—Niagara Falls is to have a new and wild attraction as a result of the success and popularity of the Gorge road. Ellicott Evans of Buffalo has conceived the idea of carrying passengers through the Devil's Hole Rapids and thence to Lewiston in canoes, which are to be handled by Chippewa Indians. The trip will be about two miles long and will furnish all the excitement that can be desired by those who have the nerve to make it.

Guardian of McNamee's Cut Fish.

Chief Game Warden Tinsley, when asked by The World what he was going to do about the report that gill nets were being used in McNamee's cut, said that the matter did not come under his jurisdiction, but was manipulated by the Dominion. He said Mr. O. B. Sheppard was the gentleman whose duty it was to guard the fish in the cut. This will be so until the case now before the Privy Council re Ontario's fisheries is decided in favor of the province.

The Protector of Plover.

Chief Game Warden Tinsley has instructed his corps of deputies to watch carefully the nests of plovers and other birds to prevent their molestation or destruction. He deplores the havoc created among these birds by egg-gatherers in times past, and calls a special crusade against the small boy who robs game birds' nests.

Inspector of the Sanitorium.

Dr. P. H. Bryce and Mr. Avern Pardoe left yesterday to inspect the Sanitorium for Consumptives at Gravenhurst. This institution now receives a special grant from the Ontario Government, but desires added aid. The deputation will make examination and report to the Government the advisability or otherwise of granting the request.

Flower Day at Wellesley School.

A most commendable program was given in Wellesley school on Monday in commemoration of flower day. Essays, recitations and songs relating to flowers composed most of the program. The features were a fancy march by the little ones of Miss Scott's class, and the piano solo by Beatrice Dent. Mr. Cobban acted as accompanist.

Farmers' Loan Affair.

Notices have been sent to each of the holders of unpaid stock in the defunct Farmers' Loan and Savings Company calling for the amount of money subscribed. The Master-in-Ordinary will decide to-day whether to allow the claims against the directors to go for trial.

HE WAS A PREACHER.

Remarkable Discovery in Regard to the Late A. M. R. Gordon.

Montreal, Que., May 25.—(Special.)—Mr. W. Drysdale, the book dealer here who interested himself in securing a decent burial for the remains of A. M. R. Gordon, the well-known newspaper man, has made a wonderful discovery relative to deceased's early life. The man known throughout Australia, Canada and the United States as A. M. R. Gordon was no other than Rev. A. McGregor Rose, a Free Church minister of Banffshire, Scotland, who on account of domestic troubles left home and friends 20 years ago and entered the journalistic profession to cover a good part of the world under an assumed name. Mr. Drysdale is in communication with a brother of the deceased, S. W. Innes Rose, of Manchester, England.

AT THE POLICE COURT.

Kate Papineau, the old timer, who mashed the bookmaker who had $3027, was fined $10 and costs or 60 days.

Newton Bennington, the horseman, was acquitted of stealing $500 from F. R. Coulson at Windsor in 1894. The dispute is over a bookmaking deal.

Richard H. Cowan was fined $5 and costs for disorderly conduct on a street car.

Elizabeth Malone, who was recently acquitted of a charge of murdering an infant, charges her husband with refusing to support her. The case will be heard June 1.

Alex Watson of the Green Bush, York-street, was fined $30 and costs or 60 days for having liquor for sale without being licensed.

Riding their bicycles on Lee-avenue and Queen-street east sidewalks cost Charles Bell, Kenneth Stephens and Alfred Jones each $2 in the afternoon Police Court. A similar fine was imposed on Thomas Hayes and Thomas Renton for allowing their live stock to run at large. Margaret Walker was fined $10 and costs for smashing windows belonging to Margaret Hanley.

THE DISTRESSFUL CASE.

Rev. Messrs. Ockley and Rowe desire thankfully to acknowledge the following amounts received for the maintenance at the Muskoka Sanitorium of a deserving woman, "suffering from consumption": $175 is required: Previously acknowledged, $126.50; "A Friend," Cornwall Centre, $1; T. W. Locke, Red Deer, Alberta, $1; J. E. B., $1; "A Friend," $1; Mrs. M. Hunt, Talbotville, $5; "A Friend," Talbotville, $1; J. L. Russell, Lethbridge, 50c; Mrs. F. Marshall, Westbrooke, 25c; "M.," $1; total, $138.25.

Holidaying Inland.

With the opening of navigation those who usually take their outing in the summer are debating the question of learning rates by the different steamer lines on our lakes and rivers. Barlow Cumberland, 72 Yonge-street, Toronto, will be very glad to give full particulars of rates for the single or return trips by the different steamers to Niagara Falls, Buffalo, New York, Boston. The lines down the River St. Lawrence to Montreal, Quebec, through the Gulf to the Lower Provinces and on the lakes to Cleveland, Detroit, Mackinac, Port Arthur and Duluth.

A party of about fifty Pittsburgers will arrive in Toronto the early part of July; from here they go north to Penetanguishene and Parry Sound. The Penetanguishene Hotel is to be their headquarters during their stay in Canada.

Congratulations to Sir James.

At the usual board meeting, held yesterday, of the Imperial Life Assurance Company of Canada, with the Hon. Sir Oliver Mowat, president of the company, in the chair, the members passed a resolution of congratulation to their fellow-director, the Hon. Sir James D. Edgar, Q.C., M.P., P.C., upon the honor just bestowed upon him by Her Majesty the Queen, by conferring upon him the title "Knight Commander of the order of St. Michael and St. George," and also extended to Sir James their best wishes, and the hope that he may long live to enjoy the esteem of his fellow subjects.

A Master Mechanic Speaks.

James O'Connell, general master mechanic of the Machinists' International Association, spent yesterday in the city, the guest of Mr. A. W. Holmes; president of the Local Council. Mr. O'Connell is on his way to his home in Chicago, after an official visit to the Eastern States and the Eastern Provinces.

To The World Mr. O'Connell said that trade prospects were never brighter in Canada and the United States than they are now. He had no doubt that additional impetus had been given to the improvement of the iron trade by reason of the "little difficulty" between Uncle Sam and Spain.

Steamer White Star.

The new palace steamer White Star will commence daily trips from Yonge-street wharf June 25th for Grimsby and Long Branch. Excursion parties wishing good dates should make application at once to A. B. Davison, 47 Scott-street.

Face One Running Sore.

Bad enough to have sores on various parts of the body, but when they disfigure the face, as well as undermine the health, a cure is eagerly sought.

No remedy has the powerful healing, soothing, blood-cleansing properties that Burdock Blood Bitters possess.

Mrs. Bessie Odell, Upham Station, N.B., gives a history of her case as follows:—

"B.B.B. has completely cured me after all else failed. I had scrofula so badly that **my face was all one running sore.** I consulted two of our most skillful doctors who gave me some acid to apply to the sores, but I regret to say the application only made them worse. I could get no ease. At last I tried Burdock Blood Bitters, and before I had used two bottles I was nearly cured. I kept on until I had used six bottles and am now completely cured. You may use my name as a reference, as I think others should know of the merits of B.B.B."

Burdock BLOOD BITTERS

FOR IMPOTENCY, LAME BACK, NIGHT LOSSES, DRAINS, VARICOCELE and all effects of YOUTHFUL ERRORS there is but one sure cure.....
ELECTRICITY
Properly applied. Why not be up with the times? In ten years electricity will be the treatment supreme. With my world-famed ELECTRIC BELT and Supporting Suspensory I cured last year 5000 weak men, young and old. Book, "Three Classes of Men," explaining all, sent sealed free upon request, or drop in and consult me free of charge.

DR. C. T. SANDEN,
140 YONGE-STREET, . . TORONTO.

White Pass and... Yukon Railway.

The British Yukon Company are actively engaged in the construction of their line of railway from Skaguay through the White Pass to Lake Bennett and onward to Fort Selkirk. The portion of the line between Skaguay and Lake Bennett will be completed and in operation not later than the first day of September.

The United States Congress has passed a law extending bonding privileges to Canadian goods shipped into the Yukon district via Skaguay, and, as soon as the railway from Skaguay to Lake Bennett is opened, Canadian goods can be shipped through in bond without payment of American duties.

Shippers and travelers may rely upon this route being opened as stated, and will find it the shortest and cheapest way of reaching the valley of the Yukon. For further particulars address Messrs. Chrysler & Bethune, Solicitors for the Company, Ottawa.

Food or Seed?
Much of the stuff sold as bird seed, both loose and in packets, is really unfit for bird food. Quite a difference between "food" and "seed"! Every grain of COTTAM Seed is carefully selected, wholesome and nourishing food, adapted for birds. (140)
NOTICE BART. COTTAM & CO. LONDON, on label. Contents, manufactured under 6 patents, sell separately—BIRD BREAD, 10c.; PERCH HOLDER, 5c.; SEED, 10c. With COTTAMS SEED you get this 25c. worth for 10c. Three times the value of any other seed. Sold everywhere. Read COTTAMS illustrated BIRD BOOK, 96 pages—post free 25c.
