BOY'S FOOT BADLY SCALDED

MOTHER SAYS ZAM-BUK ACTED LIKE MAGIC!

Mrs. E. Capell 31 Sydney Street, Hamilton, tells how beneficial Zam-Buk proved in her family. She writes: "My little boy, aged one and a half years, put his foot into a pot of boiling water. The foot was so badly scalded that the skin came off with his stocking, and he had a shocking scald, from instep to toes.

"I at once sent for a supply of Zam-Buk, and as soon as this was applied, it seemed to act like magic and gave him ease. It was good to tell that Zam-Buk stopped the pain, because up to applying it I had to nurse the child all the time, but soon after I applied Zam-Buk he was anxious to get on the floor and go on with his play

"I only used four boxes of Zam-Buk, and the scald was then entirely healed; so I consider this the best investment I ever made. I believe Zam-Buk would have cured the scald even more quickly had the boy been lying down all the time, but after beginning with Zam-Buk, it made the sore so easy that he was soon on his feet and playing about again.

"I might also tell you that my next boy to him, aged five years, had some bad broken chilblains. We used Zam-Buk on these also, and it cured them. For sores of any kind I shall in future use only Zam-Buk."

Housekeepers everywhere speak similarly of Zam-Buk. It is a sure cure for eczema, rashes, ringworm, chapped hands, scurvy, heat rashes, cuts, burns, ulcers, discharging sores, abscesses, piles, inflammation, festering and all skin injuries and diseases. 50c. box, all druggists and stores, or Zam-Buk Co., Toronto, for price. For skin diseases use also Zam-Buk Soap, 25c. tablet.

MOTHERSILL'S, after thorough tests, is now officially adopted by practically all the Great Lakes and New York Steamship Companies running south and many Transcontinental lines.

REPORTS AND DISASTERS.

Montreal, Oct. 27.—Among the passengers on the Teutonic which reached here from Liverpool today is Robert Worthington, who has come out in connection with the project of establishing a steamship service between Galway, St. Jolm's, Nfld., and Halifax. He will proceed east immediately.

Halifax, Oct. 28.—Up to last night there had been no word received at the Furness offices of the Ripon which left Liverpool on the 10th of October and has not yet reached St. John's, Nfld. The Ripon is beamy and not fast in head winds, so that her delay is explained by the heavy gales.

WIRELESS REPORTS.

Halifax, Oct. 28.—The new Plant liner Evangeline will reach Halifax tomorow afternoon after making her way across the Atlantic in heavy weather that delayed her considerably

The first wireless from her was received last evening from R. H. Humphreys, local agent, and was as follows:
Steamship Evangeline, via Cape Race, Sunday evening, eight o'clock;
'Weather moderated, 500 miles from Halifax; arriving Tuesday afternoon. Telephone Starr; cable Glasgow.
"HATFIELD, Master."

MARINE NOTES

STR BORNU COMING HERE.

The Elder-Dempster Mexico liner Bornu arrived at Halifax last Sunday from Montreal and after taking on board some freight will come to St. John to finish loading for Nassau, Havana, and Mexican ports. From now forward the Bornu will, in conjunction with the Sokoto, now bound north from Progreso, conduct a monthly winter port service between Canada and Mexico, with Halifax and St. John as the northern terminals after navigation closes in the St. Lawrence, while Progreso, Mexico, will be the other extremity of the route.

TUG PEJEPSCOT INSPECTED.

The tug Pejepscot was inspected at Bath last week by Supervising Inspector J. B. Sloane of New York and J. Trevett of Portland. Inspector Sloane is supplying in Maine while Inspector Thompson is enjoying a vacation. The steamer will resume her towing of pulp wood barges to Bath, Me., from Little Salmon River, N. B. Capt. Swett is in command of the Pejepscot.

GOING ON DRY DOCK.

Coal steamer Astarte arrived at Halifax last Sunday to go on the dry dock for repairs having grounded at Parrsboro, N. S., before reported, about two weeks ago.

ROUGH PASSAGE OF KANAWHA.

Furness line steamer Kanawha arrived at Halifax Saturday afternoon from London, anchoring in the stream below the dockyard. The Kanawha after discharging a quantity of explosives will haul into her berth at the terminal piers to unload general freight. Captain Kellman reports exceptionally bad weather existing on the North Atlantic, and that in consequence his ship's progress was much hampered.

SOME GRAIN MOVING.

Twenty-two vessels, capable of carrying three million bushels of grain, were waiting their turn at Fort William elevator recently.

LAST TRIP TO ST. LAWRENCE.

The Allan R. M. S. Victorian, Capt. Outram, left Liverpool yesterday afternoon for Quebec and Montreal, with passengers and general cargo. This will be her last trip to the St. Lawrence this season.

HAD STORMY PASSAGE.

The C.P.R. R.M.S. Empress of Ireland, Lieut. Forster, R.N.R., from Liverpool, with passengers and general cargo, arrived at Quebec at 11.15 o'clock last night and moored at the Breakwater. She brought out 151 first 442 second and 788 third class passengers., the mails and a general cargo. The vessel encountered very heavy weather on the Atlantic as well as coming up the gulf and river.

NORTH SHORE PULP BUSINESS.

Last Saturday's Portland Argus says: "The steamer Newport News arrived here yesterday afternoon from Dalhousie, N. B., with a cargo of pulp wood for the International Paper Co. [illegible] six days in making the run, the unusually long trip being occasioned by the dense fog encountered on the last part of the passage. She arrived outside this port on Wednesday evening, but on account of the fog Capt. Smith did not attempt to come in and run off shore, backing and filling between the Cape Elizabeth lightship and Seguin. On Thursday the fog lifted partially and the steamer succeeded in getting near the lightship and remained in that vicinity until piloted in Friday. It is expected that the three steamers which have been coming here regularly with pulp wood since last spring, the Newport News, Caterina and Progress III., will each make two additional trips before the season closes. Following her withdrawal from this route the latter steamer has been chartered for one trans-Atlantic trip, destination not stated, with November-December loading.
