Wall-street Gossip.

NEW YORK, Sept. 14.—*[Special to Cox & Co.]*—Most of the traders were taking bullish last night and higher prices for the market generally were looked for. The buying of Canada Southern, which was one of the features of the forenoon, was largely on European orders, although it was currently reported that a new pool in stocks had been formed by the Kuhns Loeb following.

The meeting of anthracite coal interests to-day will, it is said, accomplish more than street looks for. Most of the companies favor a 10 per cent advance, but it is expected that the sizes egg and broken will be put up about 15 cents, all that is anticipated at any date will be fixed for further advancing of prices.

Conservative brokers accounted for the new rise in Central by stating that since Jones, Sloane, Cormick & Kennett sold this stock around 108 and covered around 112 other bears have been putting out new lines of shorts on every advance. The uncovered interest was estimated at 25,000 shares, and the stock loans freely at 1 per cent., while nearly everything else is offered at 2 to 3 per cent. Mr. Goulds friends maintain that he has only a limited interest in present speculation. He is a bull and takes no stock in rumors of a 10 per cent. or even higher money market. He says that with present improvement in business circles the indications favor a comparative ease in loanable funds. This party is not interested in the U. P. and Russell Sage maintains that he is not a bull on any of Boston properties. He is not selling any calls on Other Mr. or Her. The Thomas Iron Co., a people who bulls both on stock market, iron and steel. They say that business with them and other concerns is very flourishing. Phelps Dodge and others on the books which will carry them well into the spring of 1887. The result of yesterday's business in St. Paul and D. & R. G. was stimulated by fact that dividends on both will be declared this month. Chicago operators were inclined to realize, but after selling some few thousand shares of grangers and coalers they found a ready demand for their lines and immediately withdrew the balance of their orders. The professional schedule who follow western movements commenced to cover and helped the bulls close the market up strong, and thought that day's improvement would be reflected in early London cables this morning.

"Man's work's from sun to sun;
Woman's work is never done."

—Work is a necessity to all, but, upon how many, women especially, does it fall with the burden of the "last straw," and this, because their peculiarly delicate constitutions are so liable to functional derangement. We cannot lessen your toil, ladies, but we can make it easier for you by making you stronger and better able to do it. Dr. Pierce's "Favorite Prescription" will relieve you of nervous and other weaknesses, and all the many ills peculiar to your sex.

The friends of Mary Anderson reluctantly admit that the Blue Grass pride is growing stout. It is estimated that she lunches between the acts. That is where the weight usually comes in.

—No one need fear cholera or any summer complaint if they have a bottle of Dr. J. D. Kellogg's Dysentery Cordial ready for use. It corrects all looseness of the bowels promptly and causes a healthy and natural action. This is a medicine adapted for the young and old, rich and poor, and is rapidly becoming the most popular medicine for cholera, dysentery, etc., in the market.

There was one friendly criticism of Sarah Bernhardt, made by a Chicago dramatic critic, that incensed that lady very much. The enthusiastic gentleman said that Sarah was "all wool and a yard wide."

—Messrs. Mitchell & Platt, druggists, London, Ont., write Dec., 1881: We have sold Dr. Thomas' Eclectric Oil since its first introduction, and we can safely say, no medicine on our shelves has had a larger sale, or gives better satisfaction. We always feel safe in recommending it to our customers.

—West's Cough Syrup, a sure cure for coughs, colds and all diseases of the throat and lungs. 25c., 50c. and $1.00 per bottle. All druggists. d

An inquirer wants to know how the constellations travel through the heavens. We will merely say there is a popular impression that stars have legs, and that a great deal depends upon them.

—Cholera morbus, cramps and kindred complaints annually make their appearance at the same time as the hot weather, green fruit, cucumbers, melons, etc., and many persons are debarred from eating these tempting fruits, but they need not abstain if they have Dr. J. D. Kellogg's Dysentery Cordial, and take a few drops in water. It cures the cramps and cholera in a remarkable manner, and is sure to check every disturbance of the bowels.

Mrs. Langtry walks eighteen miles every day. She will be in excellent practice should her company ever have to travel on the ties.

—The world's best West's Liver Pills, the never failing cure for liver complaint, dyspepsia, indigestion and sick headache. 30 pills 25c. All druggists. d

"Standing room only" is considered a good sign for managers; but it looks like hard luck for late arrivals.

—For the thorough and speedy cure of all blood diseases and eruptions of the skin, take Northrop & Lyman's Vegetable Discovery. Mrs. B. Forbes, Detroit, had a running sore on her leg for a long time; commenced using Northrop & Lyman's Vegetable Discovery, and she is now completely cured. Her husband thinks there is nothing equal to it for ague or any low fever.

The best place for young physicians to study the circulation of the blood is at the stage entrance to the theatre.

—Mother Graves' Worm Exterminator is pleasant to take; sure and effectual in destroying worms. Many have tried it with best results.

—Pain cannot exist after the patient has taken a single dose of West's Pain King; the magic cure. Do not be induced to take a substitute, but insist upon having West's Pain King. Genuine sold by all druggists. d

There is one occasion upon which an actor never forgets his lines, that is when he is going fishing.

—Why go limping and whining about your corns, when a 25 cent bottle of Holloway's Corn Cure will remove them? Give it a trial, and you will not regret it.

A woman like Ellen Terry could make famous a much worse actor than Henry Irving is.

—"I say aunt Chloe, you is getting around right smart." "Yes, indeed I is, honey. I was pestered and sick abed with rheumatism for six years and done tried this West's World's Wonder or Family Liniment the people are talking so much about, and I was sure enough cured. It done saved this old nigger's life." Price 25c and 50c per bottle. Sold by all druggists.

Important.

—When you visit or leave New York City save baggage expressage and $3 carriage hire and stop at the **Grand Union Hotel**, opposite the Grand Central Depot.

Elegant rooms fitted up at a cost of one million dollars, $1 and upwards per day. European plan. Elevators. Restaurant supplied with the best. Horse cars, stages and elevated railroad to all depots. Families can live better for less money at the Grand Union Hotel than at any other first-class hotel in the city. cd

—West's Pain King will never disappoint you. It is always ready and costs but 25c. It is indeed a friend in need. Purchase a bottle at your druggist's and you will never be without it. It cures cholera and all bowel difficulties. d

When I say cure I do not mean merely to stop them for a time and then they have them return again. I mean a radical cure. I have made the disease of FITS, EPILEPSY or FALLING SICKNESS a life long study. I warrant my remedy to cure the Worst cases. Because others have failed is no reason for not now receiving a cure. Send at once for a treatise and a Free Bottle of my infallible remedy. Give Express and Post Office. It costs you nothing for a trial, and I will cure you. Address DR. H. G. GRATEFUL—COMFORTING.
EPPS'S COCOA.
BREAKFAST.
"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—*Civil Service Gazette.*
